TALK OF THE TOWN.

Ex-Governor Emery is among us again. Attend your fast meetings to-morrow.

The Home Missionaries meet to-night at 7.30.

Another company of the Sixth Infantry arrived last night.

Two companies of Infantry came up from the south this morning.

The Bishops hold their regular semi-monthly meeting to-morrow night.

The Woman's Exponent for September 1st, is out a day ahead of time.

The Priesthood meeting of this State convenes at 11 a.m. on Saturday next.

The telegraph to-day brings particulars of great disasters on land and sea.

A new porch and platform have been put down in front of the Church offices.

There is a message at the Western Union Telegraph office for Alexander Kershaw.

The ladies of Cache State hold a conference on Saturday and Sunday next at Logan.

The Salt Lake Grocer and Trade Journal for September 1st, is out, and worth reading.

A cow belonging to Mrs. Dr. Shipp has strayed. A reward is offered for its return.

Dixie grapes are selling at one a pound in Beaver. We pay 20c for the California product.

Messrs. Dillon, Clark and Kimball, of the U. P. R. R., accompanied by Bishop Sharp and Hon. Wm. Jennings went north yesterday.

The entire sidewalk, from the Eagle Emporium one block west, has been taken up prior to being replaced with asphaltum.

A span of large, dark sorrel horses, with halters on, strayed from the Z. C. M. I. corral last evening. A reward is offered for their recovery.

The old Clawson homestead on First South Street, has been removed. Mr. H. B. Clawson will erect a new building on the old site, for business purposes.

Since his unfortunate accident in Emigration Canyon, on Sunday, Mr. Thomas Latimer has been confined to his bed. The horses fell over an embankment 10 feet deep, and Mr. L. was under the wagon. The other men were not hurt.

As a cure for the cancerous disease prevalent in some places among cattle, Bishop Tanner, of Payson, says the *Enquirer*, recommends the swabbing of the throat with blue vitriol, the application of a handful of salt to the root of the tongue, and the bathing of the head, between the horns, freely with turpentine. This remedy has been applied in two or three cases in Payson, and has given the most satisfactory results.

LOCAL AND OTHER MATTERS.

The President's Tour.—The First Presidency and party held a meeting at Salem, yesterday, at 10 a. m., at which the speakers were Presidents Joseph F. Smith, George Q. Cannon and Wilford Woodruff, Elder George Reynolds and President John Taylor. At 4 p. m. a Payson congregation was addressed by Presidents Cannon, Smith, Woodruff and Taylor. The weather was lovely and the company in excellent health and spirits.

Annie Eva Fay.—Concerning the scientific exhibition to be given at the Theatre on Friday evening, the *New York Herald* says:

"It was a startling exhibition of some extraordinary power. It was the clothing scene, however, that was of the most sensational order. There were scenes that were very wonderful."

It will be remembered that Miss Fay utterly disclaims all communication with spirits or other supernatural agencies. Her mysterious phenomena, she claims, are produced in accordance with scientific principles.

More Special Fair Premiums.—S. C. Ewing, proprietor of the Cliff House, offers a premium of \$10, the object to be hereafter nominated.

Auerbach Brothers offer a prize of \$10, the object to be left to the discretion of the board of directors.

A. C. Braken, proprietor of the Valley House, offers a premium of \$10 on the best five bushels of peaches.

James Solomon will give \$10.00 for the best and largest exhibition of pigeons.

W. L. Price will give \$5.00 for the heaviest and fattest trio of turkeys, and \$5.00 for the best exhibition of wild game.

John Cutler offers \$5.00 for the best and largest five bunches of grapes.

Daynes and Coalter offer \$5 to the best player on an instrumental piece on the piano or organ, boy or girl, nine years old or under. Also \$5 to the best singer who plays his or her own accompaniment, boy or girl under nine years.

The Coming Concert.—The grand concert on Monday next, by the Carlees' Orchestral combination bids fair to eclipse any of this talented company's preceding efforts.

The orchestra, led by Mr. George Carlees, will first render the overture "Romantic," following which will be a flute solo, "Sleep Walk," by Mr. George Hedger. The waltz entitled "On the Beautiful Hudson," will then be played by the orchestra, after which Mr. B. B. Young will sing the cavatina from Faust, "Evening Breeze."

A grand vocal selection from the same opera, by Miss Edith Clawson, supported by the full chorus and orchestra, will close the first part. The second will be as follows: Overture, "Guy Mannering," orchestra; piano solo, "Silver Spring," Mr. H. S. Kruse; selection, "Le Gard," Orchestra; song, "Waiting Heart," Mrs. L. Carlees; finale, "Soldier's Chorus," (from Faust) by the full chorus and orchestra. The entire concert will be under the direction of Mr. Geo. Carlees. Tickets are now being reserved, without extra charge at the Carlees' Music Store, where they may be secured up to the day of performance.

CITY COUNCIL.

Proceedings at the City Council on Tuesday evening, August 30th, 1881, Mayor Little presiding.

The committee on construction of Jordan and Salt Lake City Canal presented their report for July, 1881, showing that \$7,178.08 had been expended on the various accounts connected with said canal. Referred to the committee on finance.

The committee on streets and alleys to whom was referred a complaint of Judge Snow in relation to the grade of Second South Street, between East Temple and First East Streets, reported that they had visited the locality and carefully investigated the matter, and saw no cause for changing the grade of said walk from what was last determined by the supervisor, viz: To raise the sidewalk ten inches all the way from East Temple to First East Street higher than it was originally surveyed. The committee recommended that the grade be established in accordance with the above, and that the south end of Commercial Street be graded down at the intersection of Second South, and that the gutter be paved the same as on the north side of First South Street, between East Temple and First East Streets, which would correspond with the grade of the sidewalk on the south side of Second South Street. Adopted.

The assessment of property owners for improvement of certain sidewalks in the heart of the city, which subject was laid over at the last meeting of the Council, came up as unfinished business, and there being no persons having any complaint to offer in relation thereto, the assessment for improvement of sidewalks, as reported by the commissioners and since made by the city, was confirmed and the work ordered to be done.

An appropriation of \$183.33 was made to pay two assessments on a corporation note for \$10,000, at 8 per cent. per annum, said note having been renewed.

An appropriation of \$1,000 was made to street improvement account, to be drawn upon as directed by the supervisor of streets.

The city marshal was instructed to have an ash pit constructed in the City Hall yard for the reception of hot ashes for the city buildings.

The Council, upon adjourning its regular sitting, went into session as a board of equalization.

That Indecent Assault.—Last evening we noticed the fact that a case of indecent assault was before the Police Court yesterday, in which the parties were a young man and a woman of 75 years, and that the former had been fined \$50. The fellow's name is said to be Hamilton, a dishwasher at a restaurant on Main Street, and he is now in jail, having failed to find the money to pay his fine. An outline of the occurrence is furnished by a police officer as follows: Near the place where Hamilton was employed lived a Swedish family consisting of the aged woman mentioned, her son and his wife. This family has done the washing of towels and napkins for the eating house, and Hamilton, it appears, often went to their house for the purpose of getting the articles. About two weeks ago, he visited the place and finding the man and wife away from home, began to take indecent liberties with the aged woman, who being partially blind was scarcely able to distinguish her assailant. She struck at him two or three times, but he easily overpowered her and would doubtless have effected his diabolical purpose had he not been frightened away by the sound of approaching foot-steps. The old woman forbore to mention what had occurred to her son, and two weeks passed by. The wife one day had occasion to visit the kitchen of the restaurant, a privilege granted by the proprietors, for hot water or some such thing, when Hamilton took hold of her dress, remarking that it was a very nice one, or words of similar effect. She reproved him and told him to keep his hands off. After some little time she returned home, and was relating the circumstance to her husband, when her mother-in-law (the aged woman mentioned), overhearing what was said, told her to have nothing to do with Hamilton, as he was a very bad man. She was asked for an explanation, and after some hesitation, gave the particulars of the scandalous assault upon herself. The next time the married people left home they locked all the doors and windows, and leaving the old lady in the house, instructed her that if Hamilton came, to refuse him admittance therein. They then left, and soon afterward the dishwasher made his appearance. Failing to gain entrance, he kicked at the door two or three times and then went away. A few moments afterward, an old shoe or some such object was thrown through the window, and the glass scattered over the floor. The result was the arrest of Hamilton on the charge of indecent assault committed a fortnight before. It could not be proven positively that he broke the window, though circumstantial evidence indicated him as the offender. If the above account be reliable, it is a pity that such a brute should get off with a small fine of \$50. We give the statement made by the officer, our informant.

A Serious Accident.—The *Enquirer* says a serious accident occurred on Saturday last to a little 4-year old son of Mr. Alma Brown, who resides near Provo Bridge. When Mr. Brown was about to start with a load of wheat from the field to Provo, the boy asked permission to go with him, and on his father refusing to take him, he said he would follow, but instead of doing so he lay down by the side of a ditch in the field not above a hundred feet from the threshers, and where Mr. Brown had been in the habit of crossing with his team. His father, who had been gone about two hours, returned by the same track in the field, and before he was aware of it he drove over the body of his sleeping boy. The little fellow was found by his left leg, above the knee, broken. After giving the boy into the charge of his brother William, who was among the threshers a short distance off, the father hurried to town and got Dr. Riggs to go out, under whose attendance, we understand, the little fellow is doing well.

Things from the White House to-day were a collection of any marked change in the President's condition. He seems to be holding his own and the physicians are still hopeful.

Personal.—We have a pleasant call to-day from S. H. Robbins, Esq., of Allentown, New Jersey, doing a broker's business in Philadelphia. He is on his way to California, Oregon and Washington Territory; much pleased and surprised at what he has seen among the "Mormons" and will write up his journey for a home paper.

Firemen's Excursion.—The Salt Lake fire brigade and their friends spent today at Lake Point, it being their second excursion of the current season. Last night the boys assembled at their Hall in full uniform, and about half past 8 o'clock began their torchlight parade through the principal streets of the city. They were headed by Croxall's silver band and presented a fine appearance. The music was excellent and the entire affair was a very creditable display.

Lithotomy.—Dr. J. M. Benedict, assisted by his brother F. D. Benedict and Doctors Thompson and Young, this morning performed a successful operation upon the person of Mr. George Lowe, a middle-aged gentleman, recently employed at Pascoe's Smelter. An egg-shaped stone weighing 4 ounces was taken from the patient's bladder. The operation took place in the presence of Drs. Fowler and Anderson. It was a delicate and difficult task, but was right skilfully executed, and the patient, it is thought, will get along all right. Death was the only alternative before, and the operation was rendered imperative.

THE most cogent reasons exist for the high esteem in which GLENN'S SULPHUR SOAP is held by the community at large. It has demonstrated beyond all peradventure that it is no mere palliative of local diseases of the skin but their most searching eradicator. No eruption can resist the operation of this safe and potent remedy. With the properties of a specific for diseases of the skin it combines the qualities of a most desirable toilet article and beautifier of the complexion. Ladies who have not yet availed themselves of this article, should lose no time in doing so, since it blanches the skin to a pearly whiteness and when blemishes upon its surface exist, speedily removes them. Cuts, bruises, sores, scalds and sprains are soon remedied by its application, and it is a reliable alleviator of the pains inflicted by rheumatism, and gout. For a trifling outlay it affords precisely the same benefits as Sulphur Baths. It removes dandruff and by keeping the scalp perfectly clean, cool and moist, prevents its return. Diseases originated by contact are prevented by it and it counteracts the action of such as exist in clothing and linen from the sick room. Articles of needlework, cotton linen and woolen fabrics are bleached to a snowy whiteness by its use. It is free from all deleterious ingredients, which is more than can be said of many of the ointments and salves in use, which not only soil the linen, but contain ingredients which are extremely irritating to the skin. There is a wide difference between such articles and GLENN'S SULPHUR SOAP, which is in every respect superior to them, being a safe, efficient and cleanly article. As it is a particularly prompt remedy for the cutaneous eruptions which children are more liable to contract than adults, parents will do well to keep it in the house. Travelers and emigrants will likewise find it a useful preservative of health of the article under unfavorable conditions. Sold by druggists. Price 25 cents per cake. 1 box (3 cakes) 75 cents, sent by mail prepaid on receipt of price. C. N. CRITTENDON, Prop'r, 115 Fulton Street, New York.

BOGUS CERTIFICATES. It is no vile drugged stuff, pretending to be made of wonderful foreign roots, barks, etc., and puffed up by long bogus certificates of pretended miraculous cures, but a simple, pure, effective medicine, made of well known valuable remedies, that furnishes its own certificates by its cures. We refer to Hop Bitters, the great and best of medicines. See in "Truths" and "Proverbs," in another column.
