TO THE MERCHANTS OF UTAH!**A. T. GREEN,**

Successor to

JAMES LINFORTH,

Commission Merchant,

3 FRONT STREET, near Market,

SAN FRANCISCO, CAL.

MERCHANDISE and MACHINERY of all descriptions purchased or imported for UTAH TRADERS on the most favorable terms and at lowest current rates.

The near approach of the CENTRAL PACIFIC RAILROAD to the principal business points in Utah, affords an opportunity to merchants to quickly and frequently replenish their stocks at any season of the year.

Many articles of general consumption, both of Foreign production and California manufacture, can be obtained at less cost from San Francisco than elsewhere.

California and Oregon-made Woolen Goods, Blankets, Cassimeres and Clothing, such as underwear and Hosiery, are superior to anything imported and intrinsically cheaper.

HOME ITEMS

POLICE.—Here is a batch for a cold, frosty morning.

Henry Roddy, a transient, was brought up on a charge of grossly insulting a couple of ladies after a style not unfashionable in many localities where "civilization" prevails. The charge having been sustained, he paid a fine of \$100.

Peter Gunderson, Ole Hanson and A. Bertelson, having indulged in a "free fight" upon economic principles, were brought before Alderman Clinton, Thursday afternoon, when Gunderson was fined \$10, Hanson \$5, and Bertelson \$15, as a gentle reminder that pugilism is not viewed with a favorable eye by our municipal authorities.

W. P. Fisher, for being drunk and disorderly, was fined \$10 yesterday morning.

Samuel Stewart, who paid \$10 a couple of days before for being drunk, had a similar fine assessed yesterday morning for the same offence.

A. J. Bevins, for being drunk and disturbing the peace, was fined \$10.

Webb Clifton was found in a state of inebriation last night, and this morning paid \$10 for the offence.

George W. Hess, for being drunk and disturbing the peace, paid \$10.

Rodham Williams was fined in \$10 for the same offence.

T. C. Brown was also a "drunk" and paid \$10 for being so.

NEPHI.—By letter from Elder Samuel Pitchforth, dated Nephi, 27th inst., we learn that things are moving along prosperously at that place. The Co-operative Store was doing a good business and had proved a success.

Elder Pitchforth had just returned from a trip to Levan where he had organized a branch of the Church, over which he had been appointed to preside. Sunday schools were also organized at Levan and Chicken Creek.

TENTH WARD LECTURES.—Elder R. L. Campbell, on Tuesday evening, gave some interesting information in his lecture upon "English Composition," at the 10th Ward school house. In pointing out the many common errors of speech and composition, he laid a foundation to elucidate a systematic style for use in pulpit, correspondence and every-day conversation. Bro. C. has but just composed this lecture and his intention is so to improve the same that it shall be fit for directing the means of communicating the thoughts and ideas of all that may wish to improve themselves on the above subject.

Elder W. Woodruff also benefitted the audience by pertinent remarks upon the same subject, introducing some striking incidents and events in the lives of the Prophet Joseph Smith and Brigham Young. The short time Bro. W. occupied was filled by observations in his happiest style.

On Tuesday evening, the 19th inst., Elder H. W. Naisbitt delivered a well-studied lecture upon "Education based upon the Primary Forces of Organization." His reasonings were deep and well-deduced, demonstrating that education should not be confined to book-learning, but be a component part of our nature, in all its spheres, from the cradle to the grave. A report of this lecture was mislaid at the time. Elder N. is an unassuming laborer for good, and we would like to hear of every Ward giving him a "call" for this lecture, upon education.

MAN SHOT.—Last night a couple of soldiers were returning from the city to Camp Douglas, when between the city and Butchertown they saw a man on horseback—a Mexican who is engaged in the butchering business—halted by the side of the road, who told them there was a man killed. They examined the body and finding it warm carried it to camp, thinking the man, who was hospital steward at camp, named O'Brien, was only dead drunk. On examination it was found that he had been shot through the heart and had bled internally. He was dead when they reached camp. A soldier named Foster, mail carrier for the Post, is under arrest on suspicion of having killed him, it being known that the two had had a quarrel previously.

THE CALIFORNIA THEATRE.—The Alta of the 19th has a lengthy description of the opening of Messrs. Barrett & McCullough's new theatre, in San Francisco, a notice of which we published lately with the names of the company. On the first rising of the curtain, Mr. Barrett delivered a poetic address, written for the occasion by Frank Bret Harte, poet and elocutionist, being greeted with the warmest applause. The comedy of "Money" followed, which was mounted in most elegant style and capably played. Messrs. Barrett & McCullough were called out, and each had to gratify the audience with a speech. Congratulatory dispatches were received from a number of theatres in the principal eastern cities. The scenery, act drop and appointments are spoken of in the highest terms. There were 2,479 persons present in the theatre, bringing \$2,135 in coin to the treasury; and so excellent were the arrangements for egress that the parquette was cleared in two minutes and a half, and the lights were out in three minutes and a half from the close of the entertainment.

FROM MONDAY'S DAILY.

SABBATH MEETINGS. — Bishop Abram

Hatch, of Provo Valley, occupied the time in the morning, discoursing on various points connected with the gospel and the duties of the Saints.

In the afternoon Elder George Q. Cannon delivered a discourse on the union which obedience to the principles of the gospel always will produce, and the unchangeableness of the Almighty in His dealings with, and the revelations He bestows upon those who do His will.

FROM WEBER KANYON.—By Hon. Jos. A. Young, we learn that the smallest of the two tunnels in Weber canyon, was completed on Thursday night, except a little clearing off, which was to be done, and the tunnel ready for the rails on Saturday night. From Wednesday 20th, to Wednesday, 27th ult., 111 feet of rock, harder than granite, twelve feet high was taken out. All the work is now finished above Devil's Gate, except Pet Point a little above the large tunnel, and that which the company have undertaken to complete. Pet Point will be finished by Wednesday or Thursday next, which will give a clear track on Sharp & Young's contract down to Devil's Gate. By Saturday week there will be a clear track through Weber canyon. State Point, above the tunnels, where the locomotive has been detained, is expected to be finished by to-morrow, or next day, at farthest. Two or three men have been killed there lately and their bodies have been taken east, by rail for burial.

THAT BLAST.—Some unthinking mortals have expressed an opinion that the "Downward Blast," referred to last week as having been touched off on the contract of John W. Young, Esq., had failed to accomplish anything on this side of the planet before bursting through. Local begs to annihilate all such opinions with the fact that the blast contained thirty kegs of good powder. It shook and loosened the earth around at a tremendous rate; and made the turning of the frozen but shattered soil, to make the grade, an easy job. Call that nothing! besides going to China! Another trifle connected with it is: some folks hold that China is not the antipodes of Weber County, and consequently a hole could not have been made through. Allow us to state, that all drills are not driven perpendicularly. Some are driven vertically; some almost horizontally; so if it be found that the blast forced its way out on the other side in the middle of the great palace at Pekin, the exact bearing of the drill can be easily calculated. Besides, there is a point of south-western China which is just about the antipodes of Riverdale, the neighborhood of the great blast! This is a counterblast, though not that of King James.

STARTED.—This morning Governor Stanford left by the western stage, in company with the commission appointed to examine the line of railroad—Major General Warren, Colonel Williamson and Major Blickensdorfer. The gentlemen of the commission will commence their examination immediately.

LEVAN.—Br. James Wilson, writing from Levan, near Chicken Creek, on the 23rd, says: "This place was first settled last March, by a number of the old settlers from Chicken Creek, under the direction and counsel of Br. Erastus Snow. We have a beautiful location for a city. Good fruit raisers tell us we can raise all kinds of fruit here. Nearly all the settlers have put out fruit trees and they grow finely. There is an abundance of range for stock, timber is near by, and we have every facility for making a large and prosperous settlement. Br. Samuel Pitchforth, of Nephi, is our President. He is doing all he can to build up the place and invite good Latter-day Saints here. We have about twenty-five families here at present. The town is laid off in blocks 26 rods square, principal streets eight rods wide, cross streets six rods wide. Our farming land is below the town. We have a day school here, under the direction of one of our sisters; an evening school under the direction of Br. Isaac Pierce; and a Sunday school under the superintendence of Br. James Wilson and Br. Isaac Pierce. All is peace, and good feelings prevail in this settlement.

We feel the want of a Post Office very much. We cannot get our papers regularly; sometimes we get them when they are a week old and sometimes not at all."

NEW RAILROAD COMMISSION.—Several months ago two commissions were appointed, one to examine the line of the Union Pacific Railroad, and another to examine the line of the Central Pacific Railroad. A new commission has been recently appointed, consisting of Major General G. K. Warren and Major J. Blickensdorfer, of the former commission on the Union Pacific Railroad, and Lieutenant Colonel Williamson of that on the Central. Apparently the idea in appointing this new commission was to form it of those who had experience on both lines; and that the same minds and the same commission should examine and report on them.

These gentlemen are now in this city, and expect to start on their inspection sometime early next week. They will first examine the line between the ends of the tracks of the Union Pacific Railroad and Central Pacific Railroad, then proceed to San Francisco, and from that point inspect the whole line eastward.

We are sorry to say that General Warren is suffering somewhat at present from snow-blindness.
