

REPUBLICANS NOW TALKING IT OVER

Critchlow's Committee Loosens Flood Gates of Informal Discussion.

CALL FOR STATE CONVENTION

Resolution Asks That It Be Made Broad Enough to Include Consideration of Every Problem.

And this is how reliable the prognostications of rival political organs are when it comes to reporting political meetings that are not in their own camps.

According to the Democratic organ what is styled the "Smoot crowd" was whipped to a finish, with blood drawn in red ink headlines by the "insurgent" crowd, at Critchlow's committee meeting Saturday afternoon and evening. The "American" organ has the result exactly reversed, with machine made gore spilled in abundance. The real outcome of the meeting was this resolution:

"Resolved, That a sub-committee of seven be selected by the chairman to request the state Republican committee in issuing its call for a convention to choose delegates to the national Republican-convention to be held at Chicago to make its call broad enough to permit of the consideration and discussion of any question or issue which is now confronting this Republican party of the State of Utah, and that said sub-committee report back to the committee (the committee of 15), within 10 days' time."

AS TO DELEGATION.

The resolution means that some members of the Republican party want to talk things over before convention time on account of the alarm that is in their hearts for the outcome of an election this fall with the "American" party active in this county, and the Democratic activity in the state as a whole. Some think it would be a wise move to send six delegates to the Chicago convention direct from the people. Others feel that with an "American" party contesting delegates it would be wiser to send the Congressional delegation on account of their acquaintanceship in the east, and their familiarity with the problems which the Chicago meeting will most largely consider.

COMMITTEE OF SEVEN.

To have a chance to discuss this specific problem before opinion sets one way or the other is apparently the immediate aim of the committee of 15, and the sub-committee of seven, which was called for by the resolution is as follows:

A. B. Irvine, Salt Lake.
George Lawrence, Salt Lake.
James Devine, Salt Lake.
John Q. Critchlow, Salt Lake.
Alma Eldridge, Coalville.
David Mattson, Ogden.
Jesse M. Smith, Layton.
Willis Johnson, Circleville.

WHO WERE PRESENT.

The list of those present at the meeting in the Wilson, where matters were talked over to a final conclusion, was as follows:

Alma Eldridge, Coalville.
Jesse M. Smith, Layton.
E. M. Robinson, Logan.
David Mattson, Ogden.
Willis Johnson, Richfield.
James Devine, Salt Lake City.
Leroy Armstrong, Salt Lake City.
A. B. Irvine, Salt Lake City.
James Luebbertson, Salt Lake City.
Daniel Harrington, secretary, Salt Lake City.
John Q. Critchlow, chairman, Salt Lake City.
Stephen H. Love, Salt Lake City.
George N. Lawrence, Salt Lake City.
Senator Love and Senator Lawrence filled in on proxies owing to the absence of two members, John James being out of the city, and Wesley K. Walton failing to appear. The committee's definite line of action being to bring politics in the Republican party down to a definite form with a basis for discussion during the next month. The net result of this preliminary weighing of matters and consequent discussion will make itself felt in the summer conventions and fall platform.

YOUNG MEN'S CLUB.

Calvin Buckwalter is now president of the Young Men's Republican club, vice Jake Greenwald, whose term has expired. This club will probably be active from now on as all the other departments of political machinery seem to be speeding up. Those will be first the judicial convention to handle, then the Chicago matter to take up in another convention, and finally the state ticket to choose and a policy to work out in favor of Taft or Hughes or Cannon or whatever other national candidate is finally selected as the party's choice.

KOOYMAN AGAIN IN TROUBLE.

John Kooymann, head of the notorious Kooymann family, is again under arrest. He was taken into custody last night on the charge of battery upon his wife. The battery occurred several days ago but Mrs. Kooymann did not complain against the man until yesterday and then she did so, it is said, because Kooymann persisted in calling upon Mrs. Eggen, who has figured prominently in the Kooymann family troubles.

UTAH LIGHT CO. SUED FOR \$50,000

Administrators of Lindeman Estate Renew Action for Heavy Damages.

NEGLIGENCE IS ALLEGED.

Case Was In Court Once Before but Was Dismissed Without Prejudice.

The Utah Light & Railway company was made defendant in a suit for \$50,000, filed in the district court Saturday by J. Boyd Gordon, administrator of the estate of S. S. Lindeman. The case was up once before and dismissed without prejudice. Mr. Lindeman was struck by a street car, May 17, 1907, on Second, South and Second West, and died from his injuries. The suit is founded on alleged negligence of the company, and excess of speed of the car that struck the deceased.

MAN IN THE CASE.

Nicholas Moller Claims Person Unnamed Alienated Wife's Affections.

Nicholas Moller has filed in the district court an answer to the divorce proceedings of his wife, Johanna Moller. He claims that he always treated the plaintiff with kindness and consideration, and he says that the trouble in his household was caused by a man, named in the answer, who entered the home as a friend and alienated the affections of Mrs. Moller from her husband. The charge is made by Moller that the man often visited the house during his absence and that Mr. Moller often went to places of amusement with the visitor and otherwise acted improperly and indiscreetly. Moller declares that his wife wants a divorce that she may marry the other man.

TWO DIVORCE SUITS.

Suit for divorce was filed by David W. Sorenson against Ida L. Sorenson. The defendant is accused of having deserted plaintiff May 1, 1907, the couple having been married March 30, 1904. The husband says in his complaint that his wife on the day named, while they were moving, became angry, declared she had no love for him, packed a few belongings in a trunk and departed. There is one child, which the father is willing the mother should have, and he agrees to pay \$10 a month for its support.

M. E. Tingley desires that the bonds of matrimony existing between himself and Florence Tingley be severed, according to a complaint filed in the district court. The couple married May 20, 1905, and the defendant is accused of having deserted plaintiff Jan. 20, 1907.

SLEUTH WILL SUE

Detective Coughlin Wants Harry J. Robinson's Check for Shadow Work.

Detective Coughlin of the Salt Lake Secret Service agency does not intend to allow Atty. Harry J. Robinson, who had signed a check for \$91 for shadow work, to escape the payment of his bill of \$91 for shadow work.

Prior to the charges intimating that Coughlin had used blackmail to collect the bill, he presented it to Robinson, who asked for an itemized statement, and got one showing that a reporter, Mr. Strong, "Doc" Landoner and others had been duly shadowed as per orders, and also that the bill for six days' work was \$91, whereas Robinson thought his man had a limit of \$38 per day for charges. After this altercation over the amount the bill was referred to Mr. McCornick, who Coughlin says, Robinson claimed to represent. It was rejected by Mr. McCornick, and now the bill is going to the courts in a suit to be played by Atty. Soren X. Christensen against Mr. Robinson. Coughlin is of Irish extraction and he says that he hopes to never live to see the day when his shadow work is not paid for when it was done for such a man as he feels to know that Robinson is a suit against the paper which published a story from Robinson to the effect that Coughlin's threat to turn the matter over to Mr. McCornick unless the bill was paid constituted blackmail, also among Mr. Coughlin's plans, but so far his attorneys have not decided whether a cause for action exists or not. The publication of Robinson's entry into the field of local sleuthing has caused considerable of a stir in Bingham, where he is a Republican politician with a following to keep in order against rival leaders.

FAVOR GAS FOR STREET LIGHTING

Residents of Canyon Road and Second Avenue Petition Council.

SAMPLES ON SECOND SOUTH

Gas Costs a Little More Per Light Than Electricity, but Illuminates Sidewalks as Well as Streets.

It is expected that the city council will tonight take up the resolution providing for the lighting of Canyon road and part of Second avenue with Welsbach incandescent gas lamps. The proposed lights will be similar to the ones now being used on Second South, placed there by the Utah Gas and Coke company to demonstrate the efficiency of the system. Many residents along the street last named are so impressed with gas for street lighting that they favor its use along the entire thoroughfare.

COSTS LITTLE MORE.

Gas lighting costs about \$50 an annum more for each block than does electricity. The lamps are placed along the curbing, on a 12 foot high, and illuminate the sidewalks as well as the streets. The petition to use gas for Canyon road and Second avenue is said to have the sanction of a majority of the residents there.

SIXTY LIVES IN DANGER

IN QUEER TENEMENT FIRE

New York, March 15.—The lives of 60 persons in a tenement house at 623 Madison avenue were endangered early today by what is believed to have been an attempt of an incendiary to burn the building. Fortunately the flames were discovered and extinguished before they had spread from the basement, and all the occupants of the house were able to make their escape in safety. When the firemen went into the basement they found seven separate fires in progress and the whole house filled with smoke and naphtha fumes. Joseph Laschinsky, who was seen to leave the building a few minutes before the fires were discovered, was arrested.

SCHOOL FURNACE STARTS FIRE.

Little Falls, N. Y., March 15.—The Jefferson Street public school in this city was damaged by fire today to the extent of \$5,000. The fire started in the basement room just before the hour at which the pupils usually enter the building.

OSCAR STRAUSS TALKS

ABOUT IMMIGRATION LAW

Philadelphia, March 15.—Secy. of Commerce and Labor Oscar S. Strauss, who was in this city yesterday in an interview upon the immigration question, said that more than 65,000 applications for passage to the United States were selected at the agencies of the several steamship lines in European cities during the last fiscal year, for fear that the character of the applicants would be completed by the immigration authorities of this country to take them back to the port whence they would sail to this country.

The secretary spoke freely upon the immigration laws and contended that as they now exist they are so nearly perfect that but few if any amendments are necessary and the people should have no apprehension as to the result of their enforcement, which so far as lay in his power, would be energetic and prompt.

ODD STORY TOLD BY MILLIONAIRE

Edward H. Jack Says He Was Kept a Prisoner Two Weeks in Palmer House.

INSANITY IS ALLEGED.

Relatives Say He Has Suffered Derangement for Several Years—He Says His Property is All Lost.

Chicago, March 15.—Charges that he was confined in the Palmer House as a prisoner for two weeks last January have been made by Edward H. Jack, a millionaire of Peoria, whose children are fighting for his estate. It is also claimed by Mr. Jack that after he was released from the hotel he discovered that he was said to have signed a declaration of trust, conveying all of his property, personal and real to a Chicago trust company. This company is now asked for the appointment of a trustee with powers of a conservator.

Mrs. Anna Sawyer, 3337 Brand Boulevard, is one of the daughters who are aggressive in the fight. She was said last night to be in Peoria. She is a divorcee, as is her sister, Mrs. Minnie H. Young, of St. Louis.

A bill for a receiver was filed in the superior court on Jan. 22 by Mr. Young, Lily A. Howe, Mrs. Rose J. MacGonigle, Edward Roy Jack and Noel H. Jack.

ALLEGATION OF INSANITY.

At that time the petitioners stated that their father had been mentally deranged for several years.

It was agreed by the children that he should be taken to California for his health. Upon this agreement, it is said that "William Jack surreptitiously and by threats of violence, and with the aid of Edward Humphrey," who obtained a power of attorney over the father, took the father to California, and there secreted him. Judge McEwen heard the suit and appointed the trust company receiver.

This action is now being fought by the elder Jack, who says he was ignorant of signing a declaration of trust, which took the property rights away from him.

At the Palmer house there is no record that Mr. Jack or any members of his family have been guests there this year.

Mr. Jack at one time owned the land where the Chicago Board of Trade building now stands. He has been an extensive holder of real estate in Peoria.

FLORENCE NIGHTINGALE

HAS FREEDOM OF LONDON

London, March 15.—The freedom of the city of London was today bestowed upon Florence Nightingale, the organizer of the nursing in the Crimean war. The ceremony took place in the Guild hall in the presence of a large gathering, which included many doctors and nurses. The aged nurse—Miss Nightingale, is in her eighty-eighth year—was too infirm to attend and was represented by her nephew. The usual costly gold casket was omitted from the ceremony in accordance with Miss Nightingale's wish, and one of oak substituted, and at her request the \$500 usually expended for the golden casket will be given to charity. The lord mayor of London officiated and among those present were the directors of the general army and navy hospitals, representatives of the Red Cross society and deputations from several girls' schools.

Sir Joseph Dumas, the city chamberlain, in making the presentation explained that the city regretted, by the unexplained omission of a former generation, that Miss Nightingale had not been honored in this way half a century ago.
