PROVO.

COUNTY COMMISSIONERS SUED.

Thos. Boardman Begins Suit—Stolen Goods Found in Salt Lake—Notes.

Special Correspondence.

Provo, Oct. 30.—Suit has been commenced in the Fourth district court by Thomas Boardman against Utah county, County Commissioners Jos. T. McEwan, A. M. Davis and Wm. B. Hughes, and County Attorney Jacob Evans, for six thousand dollars' damages sustained by plaintiff by reason of defendants entering upon ground on which a spring, appropriated by plaintiff, was situated, and tunneling under the spring and diverting the water. Plaintiff alleges that he appropriated the waters of the spring in 1898 for irrigation and culinary purposes, and constructed a pipe line about 3,000 feet long to convey the water, and that, between January and June, 1900, the defendants committed the acts complained of; that he has presented a claim for damages to the board of county commissioners, which has been rejected.

The spring in question is situated in the Grand mountain east of the county infirmary, between Provo and Springville, and the tunnelling complained of was done by the county commissioners in order to obtain water for the infirmary.

STOLEN GOODS RECOVERED.

Mrs. Annie Jones Atkin of this city had several hundred dollars' worth of household effects stolen two or three years ago, while she lived in Salt Lake. Sheriff Storrs has succeeded in locating them, and he and Mrs. Atkin went to Salt Lake yesterday and made arrangement for their return. They were found with a family which had obtained them in a legitimate manner, and was not aware that they had been stolen.

RETURNED FROM THE EAST.

Assistant Manager Claytor of the Provo woolen mills has returned from a business trip to Chicago, Cleveland and other eastern points, where the company sells its goods.

GENERAL NEWS NOTES.

J. William Knight has come home from Uintah county, where he went in the interest of Knight & Sons on business connected with their mining properties.

There are five cases of varioloid in the city in addition to the cases in the Knight family. None of them are severe or considered at all dangerous.

Mrs. Margaret S. Ravlings has been appointed registration agent in the seventh voting district in place of Mrs. Lizzie Gillespie, whose home has been quarantined on account of some of the inmates suffering from "smallpox."

A son has been born to Bishop and Mrs. J. B. Keeler. All well.

Elder D. P. Thuesen, of the Fourth ward, will leave for Denmark as a missionary next week.

Marriage licenses have been issued to Lawrence Brems of Lehi aged 21, and Viola Peet of American Fork, aged 18; J. M. Argyle, aged 19, and Severn H. Barney, aged 18, both of Lake Shore.

Robert Skelton, of the Skelton Publishing Co., is confined to his bed through an attack of nervous prostration.

D. A. Morton, alias G. H. Garden, who was taken before Justice McNeill of American Fork, yesterday, on the charge of defrauding the American Fork hotel, demanded a jury trial. The case was set for Wednesday at 10 o'clock.

The Elders' quorum of the Third ward has been reorganized with the following officers: Thos. John, president; David Stagg and Orson Bird, first and second counselors, respectively; David Hartley, secretary. The quorum has been without a president since the death of the late George Choules, who held that position.

E. A. Bonelli et al have filed notices of location of the Pivot and the Golden Bluff mining claims, situated in Long or West canyon, near the boundary line between Utah and Tooele counties.

For sprains, swellings and lameness there is nothing so good as Chamberlain's Pain Balm. Try it.

SPANISH FORK.

Death of an Estimable Lady—An Elder Given a Social—Politics Galore.

Special Correspondence.

Spanish Fork, Oct. 29.—We have to record the final departure of another of the pioneers of Spanish Fork. The funeral of Sister Rhoda Barnes Snell was held in the meeting house of the First ward Sunday afternoon. Bishop Henry Gardner presiding. Sister Snell was born November 21st, 1814, in Westmorland Co., N. B.; was married to Cynus Snell in New Hampshire in 1832. Received the Gospel and was baptized in June, 1836, by Elder Thomas Henit. She, with her husband, emigrated to Utah, or made the start in 1855, visiting her father in Wisconsin, arriving in Salt Lake City, August, 1854. She is the mother of six sons and one daughter. She took an active part in the silk industry, was one of the first to engage in it, making silk for many years; the deceased was president of the first Relief Society organized in Spanish Fork, and during her whole life was engaged in every good work in the interest of her friends and humanity. he speakers at the meeting were: Elders Elias Lewis, Geo. W. Wilkins and Seymour B. Young.

A very pleasant social was held in the Third ward meeting house, the occasion being a farewell to Elder Niels Anthon, who leaves on the 5th of next month on a mission to Scandinavia, this being his second mission. Speeches, recitations and a bounteous picnic was indulged in. Many kind words and wishes were extended to Brother Anthon, who felt very grateful for the kindnesses shown him.

We are getting our share of what is known as politics nowadays. We get it from one side or the other nearly every night. We get it from all sources, and in every form. We have had it from Fitch, from Wells and from Moyle, from Mrs. Ellen J. Foster and from ex-Senator Frank J. Cannon. Last Saturday we had Mrs. Mattie Hughes Cannon, with Rose Young, and tonight is billed Hon. John Henry Smith. If we don't learn what prosperity means, expansion is and trusts do, what do we learn. If vox populi is nox der then the way we hear it on the streets makes one think that it is a very queer voice.

HARRISVILLE.

A Profitable Cheese Factory—Other Industries—Notes, Personals, Etc.

Special Correspondence.

Harrisville, Utah, Oct. 29.—In the fall of 1899 our people agitated the project of a cheese factory, which in the spring of 1900 culminated in an organized company of 155 stockholders, incorporated for $5,000 at $5.00 per share. The building is 28x56 feet with a lean 12x40 feet. The foundation is a solid rock wall 6½ feet deep. The rest of the walls is of brick. The curing room is 28x28 feet, 17 feet high. The machinery, received from Sharpless company, is of the most improved style, with a capacity of 1,500 pounds of milk per day.

The board are Pehr Agran, president; E. Shaw, vice president; L. S. Harris, secretary; George Chase, treasurer; Alfred Dixon, Fred Foy, J. T. McEntire, Newman Barker and John Dabb, directors. Much credit is due the board for sparing neither time nor means for its success. Mr. George Matteson, an experienced cheese maker from New York State, manipulates the cheese making, which began operations Oct. 1st, 1900, and from 100 pounds of milk turns out at least 11½ pounds of cured cheese. This is considered a large output. It is designed to give milk patrons a share of all the profits besides a stipulated price for butter fat, the stockholders being satisfied with 8 per cent per annum for their investments. And if cheese brings 12 cents per pound would give from 90 cents to $1.00 per cwt. for milk.

BRICK AND TILE CO.

Our brick yard, which has not run for some years past, started up this spring, with the title of Harrisville Brick and Tile Co., Thomas D. Dee president, Geo. Matson vice president, and after enormous outlay in putting the plant in first class condition, have turned out one million brick, giving employment to 12 or 15 hands, and if weather permits will run till Christmas.

BEET SUGAR AND TOMATO INDUSTRY.

The beet sugar industry has been another large source of benefit to the people, there having been shipped from here 850 tons of beets, with a possible 100 tons more to ship, thus placing about $4,000 in circulation for this product, which yields an average of 15 tons to the acre.

The tomato industry is also in a very flourishing condition, all of which furnish profitable labor for the children as well as the older people, who, we are pleased to say, with their older brethren are enthusiastic tithe payers, as was attested in a recent canvass of the Deacons' quorum and Primary association, when all were found to be tithe payers and observers of the Word of Wisdom.

The Y. M. M. I. A. was reorganized Sept. 23, 1900, by President John L. Herrick, with M. D. Harris as president, C. R. Swenson and W. J. Shurtliff as counselors, John Neal as musical director, and a goodly enrollment to start out the winter's work with.

MISSIONARIES ASSISTED.

Our missionaries are not forgotten when they leave, a reception being tendered each of them, and we have had as many as twelve Elders in the field at one time from this little ward of forty families of Latter-day Saints. One of these receptions was tendered on Monday, the 22nd, to Elder Howard A. Dabb, a worthy and highly respected young citizen; over $50 was voluntarily contributed within thirty minutes. He left Wednesday for the Northwestern States mission.

MARRIED.

We had two marriages celebrated in the Salt Lake Temple Oct. 10, 1900, the one being L. S. Harris, first counselor to Bishop L. J. Taylor, and a pioneer of Harrisville, for he was born and raised here on the homestead he now occupies. His wife was Sister Barlow of the Fifth ward of Ogden, and also a native of Utah. The other couple are Elder John J. Hutsly and Anna B. Quigley, both recent arrivals from Pennsylvania, and are worthy and desirable citizens.

Fine receptions by their friends and members of the ward were given on their return home.

The wife of Joseph Later presented him with a fine daughter on Monday, Oct. 15th, being the first grandchild of Bishop Levi J. Taylor and the tenth great-grandchild of Patriarch P. G. Taylor, who has just returned from a full visit to his host of children and their descendants in Idaho, and to whom a royal reception was given, over which he feels highly elated. They crowned him with honors which he says pleases him more than tongue can express.

Today, Oct. 28th, is the 58th birthday of Sister E. Later, wife of Peter Later, a lady whom we have reason to be very proud of.

Good Advice.

The most miserable beings in the world are those suffering from Dyspepsia and Liver Complaint. More than seventy-five per cent of the people in the United States are afflicted with these two diseases and their effects; such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heartburn, Waterbrash, Gnawing and Burning Pains at the Pit of the Stomach, Yellow Skin, Coated Tongue and Disagreeable Taste in the Mouth, Coming up of Food after Eating, Low Spirits, Etc. Go to your Druggist and get a bottle of August Flower for 75 cents. Two doses will relieve you. Try it. Get Green's Prize Almanac. For sale at A. C. Smith's Drug Store.

SPRINGVILLE.

Will the Independent Change Hands?—Beet Digging Checked—Personal.

Special Correspondence.

Springville, Oct. 29.—Readers of the local paper have been on the tiptoe of expectancy for some time past as a result of the frequent rumors as to a change of ownership or lessee. A Mr. Haines of Colorado was down a few weeks ago looking over the field with a view to buying the plant. He was said to have fully decided to buy, but for some reason the deal was not consummated. The next gentleman to drop in with an idea of locating was Mr. M. C. Crockett of Price. He, too, was favorably impressed and opened up negotiations with the owner, Mr. D. P. Felt of Salt Lake, with a view to leasing and "buying in the spring," and at this juncture the present lessee interposed a "30 day notice" claim, thus throwing Mr. Crockett to a standstill, as he had expected to take possession on Nov. 1st.

How it will terminate or who will be retained as editor of the local paper is not known, as it is now rumored that the present lessees, Messrs. W. F. Gibson and D. C. Johnson desire to hold the sheet until a sale is consummated, which it is whispered they intend to try to accomplish.

The beet crop is fully up to standard and were being rushed to the auxiliary sugar plant until stopped by the late storm.

Mr. Wm. F. Gibson, editor of the Independent, contemplates a visit to California within a few days, where he expects to meet one whom it is said he would like to induce to return to Utah in the role of his better half. This is understood to be a secret and readers are cautioned to not say anything about the matter.

Mr. M. C. Crocket of Price was in town Monday. POLLYCARP.

They're here in peerless variety. You'll not have to wait for it to be made, but just come in and put on one of our High Art Suits or Coats.

They are the same character, fit, finish and fashion as the highest class made-to-order garment.

From $15.00 to $30.00 we show some of the world's best productions, and values that you'll not find elsewhere in town.

We fit all shapes and sizes.

BYRON

Says: "There's naught so much the spirit calms, As Rum and true Religion."

But you don't have to believe him. Byron's a back number, anyway. Not so up-to-datish as Bill Nye, for instance. Besides, he wrote before the GLORY CHARTER OAK RANGE was made to benefit long-suffering mankind. What did he know about calming the spirit? A dove-like peacefulness settles on the house that has one of these world-famous Ranges. Indigestion is unknown there. Family jars are unheard of. All is quiet and penetrating bliss. Won't you buy one and be happy?
