

WAR WITH CHINA IS NOW IN SIGHT

Germany Probably Will be the First Involved.

CONDITIONS GROW WORSE.

Count Von Waldersee Will Formally Declare War—Uncle Sam Well Out of It.

London, Sept. 26, 3:50 a. m.—The news from China indicates that events are rapidly drifting in the direction of war between China and Germany. "There is the best reason for believing," says the Shanghai correspondent of the Morning Post, "that Count Von Waldersee, on arriving at Taku, will present an ultimatum demanding the surrender of five leaders of the anti-foreign uprising. After a few hours' grace, he will formally declare war, and, taking advantage of Germany's position as a belligerent, he will proceed to seize everything available with the German forces and fleet."

FIRST ACT OF WAR.

"It is expected that Germany will take the Wu Sung forts and the Kiang-an arsenal, thus dominating Shanghai. It is also believed that she will attack the Kiang Win forts on the Yangtze from the land side and endeavor to seize the Chinese fleet, including the valuable new cruisers. Failing this, she will at least occupy all the provinces of Kiang Su north of the Yangtze."

"The French will support Germany. This is not a rumor. Reliable information from the foreign office, confirmed by the French press, indicates that the French government has decided to support Germany in the event of a serious crisis. The French government has decided to support Germany in the event of a serious crisis. The French government has decided to support Germany in the event of a serious crisis."

CHINESE DETERMINED.

The Shanghai correspondent of the Standard, telegraphing Monday, says: "Chinese officials report that Prince Tuan has issued a secret edict in the name of the emperor, directing the effect that the imperial court has decided to continue the war against the powers at whatever cost. The edict threatens that any official failing to support the Manchus will be beheaded as a traitor, his whole family executed, and the tombs of his ancestors demolished."

NEWS IS ALARMING.

Berlin, Sept. 25.—Alarming news from China has reached the German government, but it will not be published now, as Germany intends to use it during the conference in Peking. Von Waldersee has called Emperor William direct that he has found the general situation much more dangerous than he had expected, as it has grown worse during the last fortnight, and the consuls in central and southern China are expecting a general uprising. Advice from Dr. Mumm von Schwartzstein, the German minister in China, are of a similar tenor. Rear-Admiral von Benckendorff has repeatedly called that the situation along the Yangtze-Kiang is very critical and also expressing fear concerning the safety of Kiao-Chow.

THINK UNITED STATES MISTAKEN.

The German foreign office has received official information of the appointment of Prince Tuan as grand secretary. In reply to an inquiry as to whether this indicated a serious turn of affairs, a high official of the foreign office said: "Undoubtedly it does for those powers that want to begin peace negotiations. The appointment means that Tuan is now at the helm and shows to what lengths the Chinese government will go in defying the powers. The official advisers of Germany are undoubtedly no bitterness over the answer of the United States, although she regards it as embodying a mistaken policy toward China. There has been no further change in the attitude of the subject between Berlin and Washington since the reception of the American reply. Mumm von Schwartzstein will go to Tien Tsin tomorrow."

WANT EMPRESS CONTROLLED.

The report is confirmed here that Germany has assured Lord Salisbury that she is not opposed to the empress retaining power, provided she retains it under the control of the powers, thereby preserving the harmony of the powers.

Private Russian advice say that official news has been received at St. Petersburg confirming the report that neither the emperor nor empress will return to Peking until the foreign troops have left Chinese territory.

A special cable from the London Agent from Peking says that the emperor and empress have separated, and that the former is now located in Ta Tung. Other dispatches say the Germans took the La Tai forts without serious resistance.

Roosevelt in Denver.

Denver, Colo., Sept. 25.—The heavy special train of Gov. Roosevelt's party, to which was added today the private car of Senator Wolcott, accompanied by Senator Henry Cabot Lodge, and Mrs. Lodge of Massachusetts, arrived in Denver at 5 o'clock this afternoon. At the station the New York governor was met by about a hundred veterans of the Spanish-American war in uniform and mounted, and was escorted to the Brown Palace hotel, where supper was provided. There were many other guests and a large number of people who joined the procession to the hotel. Three evening meetings had been arranged for, the first at the Coliseum hall, the second at the Broadway theater, and the third at the Capitol grounds. On account of the rain the open-air meeting was abandoned. The Rev. Thomas Uzzell presided at the Coliseum meeting and Gen. Irving Hale presided at the Broadway theater. After the meeting, Senator Wolcott took Gov. Roosevelt in charge and conducted him to Wolhurst, his country seat, twelve miles from Denver, where the Rio Grande railroad, where Senator Lodge and Mrs. Lodge were also taken, and where they remained for the night.

Miner States His Situation.

Saratoga, Pa., Sept. 26.—"Men, you all know me around here. You know the truth of what I say. I repeat it to you to remind you of our common lot of misery and suffering which has made us combine to cry out for a better order of things."

"When I was six years and four months old I went to work in the breaker of the Pancoast Coal company. I have worked nineteen years, every day I could get. I have never been on an excursion in my life. I have never

THEORIES ABOUT FOOD.

Also a Few Facts on the Same Subject.

We hear much nowadays about health foods and hygienic living, about vegetarianism and many other fads along the same line.

Restaurants may be found in the larger cities where no meat, pastry or coffee is served and the food cranks in his glory, and arguments and theories galore advanced to prove that meat was never intended for human stomachs, and almost make us believe that our sturdy ancestors who lived four score years in robust health on root beer, pork and sausage must have been grossly ignorant of the laws of health.

Our forefathers had other things to do than formulate theories about the food they ate. A warm welcome was extended to any kind from bacon to acorns.

A healthy appetite and common sense are excellent guides to follow in matters of diet, and a mixed diet of grains, fruits and meats is undoubtedly the best.

As compared with grains and vegetables, meat furnishes the most nutriment in a highly concentrated form and is digested and assimilated more quickly than vegetables and grains.

Dr. Julius Remmon on this subject says: "Nervous persons, people run down in health and of low vitality should eat meat and plenty of it. If the digestion is too feeble at first it may be easily corrected by the regular use of Stuart's Dyspepsia Tablets after each meal. Two of these excellent tablets taken after dinner will digest several thousand grains of meat, eggs or other animal food in three hours, and no matter how weak the stomach may be, no trouble will be experienced. In fact, the practice is made of using Stuart's Dyspepsia Tablets because they supply the pepsin and diastase necessary to perfect digestion, and every form of indigestion will be overcome by their use."

That large class of people who come under the head of nervous dyspepsia should eat plenty of meat and insure his proper digestion by the daily use of a safe, harmless medicine like Stuart's Dyspepsia Tablets composed of the natural digestive principles, pepsin, diastase, fruit acids and salts, which actually perform the work of the stomach and pancreas, thus insuring proper digestion under the name of dyspepsia cures are useless for indigestion as they have absolutely no effect upon the actual digestion of food.

Dyspepsia in its many forms is simply a failure of the stomach to digest food and the sensible way to solve the riddle and cure the dyspepsia is to make daily use at meal time of a preparation like Stuart's Dyspepsia Tablets, which is endorsed by the medical profession and known to contain active digestive principles.

All druggists sell Stuart's Dyspepsia Tablets at 5c for full treatment.

A little booklet on cause and cure of stomach trouble mailed free by addressing F. A. Stuart Co., Marshall, Mich.

Train Robbery Frustrated.

Denver, Sept. 25.—What is regarded as an attempt to rob Denver & Rio Grande passenger train No. 16 was frustrated by the courage of brakeman Ross Miller. When the train stopped at the point where the Rio Grande crosses the Santa Fe road near Florence, Miller was ordered by a man who had a revolver leveled at him, to hold up his hands. Instead of complying, Miller struck the fellow on the head with his lantern. The would-be robber shot at the brakeman just as he jumped back into the car. Miller then procured a revolver and fired several shots at the desperado as he disappeared in the high weeds which lined the track.

Colorado Snowstorm.

Denver, Colo., Sept. 25.—Dispatches from various points in the Rocky Mountains show that there has been a heavy snow fall.

At Red Mountain, near Ouray, the snow is reported three feet deep.

At Leadville there are about two inches of snow on the level. The snow was accompanied by a high wind which made the weather decidedly disagreeable. A cold rain is falling tonight east of the mountains.

THE CITY'S FINANCES.

Report of Auditor Reiser for Months of June, July and August.

At last evening's session of the City Council Auditor Reiser submitted a report showing the financial condition of the city for the months of June, July and August. The June report showed receipts of \$18,764.27 and expenditures of \$17,868.58. The July receipts were \$25,077.30, and expenditures, \$24,124.77. The August statement shows as follows:

Receipts—
Liquor licenses \$4,005.00
Merchants' and other licenses 4,504.50
Water rates 15,740.25
Sale of water certificates 2,034.93
Sewer extensions 4,239.08
Plumbing and other 8,322.00
Miscellaneous sources 2,314.49
Total \$54,727.65

Expenditures—

Street department \$2,180.95
Irrigation department 1,022.78
Street sprinkling 4,706.65
Waterworks department 2,378.16
Police department 3,878.75
Health department 1,232.95
Engineering department 2,454.88
Department special accounts 2,566.81
Water system improvements 28,470.61
Public library 857.21
Cemetery department 1,101.82
Liberary Park 654.07
Plant and equipments 706.40
Parley's canyon land and water purchases 23,894.60
Street lighting 5,082.57
Interest on bonds 10,000.00
City and county building expenses 508.16
Miscellaneous 3,647.95
Total \$98,510.65

The total receipts for the three months were \$78,632.22, and the total expenditures, \$79,544.10; excess of expenditures over receipts, \$1,911.88. The probabilities are this ratio will be maintained until the taxes begin to come in in November.

Large sun spots, astronomers say, caused the extreme heat this summer, and doctors declare nearly all the great troubles were induced by disorders of the stomach. Good health follows good digestion. Kodol Dyspepsia Cure digests what you eat. If you have indigestion or dyspepsia it will quickly relieve and permanently cure you. F. C. Schramm.

FORECAST OF THE EXPOSITION.

Everything Will be in Readiness by Saturday Night.

NOTABLE CATTLE DISPLAY.

Almost Double the Amount of Cattle of That of Any Other Year—Woman's Department Good.

Mechanics, electricians, directors and general roustabouts are in a whirl of dust and noise down at the Exposition building, all working to one end. That end is the completion by next Saturday night of all the preparations that are required for the fair. After next Monday morning there will not be the sound of a hammer or a saw, everything will be in its place and at high noon the next day the greatest, richest, most elaborate fair Utah has ever had will be opened amid music and oratory.

One of the foremost features of the exposition will be the stock display. In that department there are 554 entries, or nearly double the number that has been made in any previous fair held in Utah. An adequate amount of hay has been ordered to feed the stock and large loads of straw with which to bed them.

The agricultural display will occupy the lower floor of the south wing, while the upper floor will be utilized for the educational exhibit. The Agricultural college, whose display will be one of the most creditable at the fair, will occupy the West room above the entrance, which was used last year for the Philippine exhibit. The lower floor of the main building will be the most attractive yet on record.

One of the most regrettable features connected with the fair is the fact that the companies to the part of the implement display will be a record breaker.

One display that will attract much attention is the floral exhibit. This display promises to be one of the most beautiful of its kind ever held in Utah. Some special effort has been put forth in getting up the fruit exhibit and it also bids fair of being a record breaker.

WOMAN'S DEPARTMENT.

Most of these features represent fields in which men figure more prominently, but the women have not been idle by any means. Under the most able management of Mrs. Bertha Bamberger, Mrs. Fox and others is going to be such as to reflect immense credit upon the female contingent of the fair. The display will occupy the same place that it did last year, but it will be more elaborate. Laces and lace making will be one of the most prominent features in the department, and there will be the usual fine display of fancy work, painting, decorating, etc.

One of the wisest provisions that has been made, and it is due largely to the efforts of Mrs. Bamberger and Mrs. Fox who have been unremitting in their work in preparing the woman's department for the fair, is that if there is any feature or display that merits a premium, and for which premiums have not been provided, it shall be awarded one anyway, special prizes having been provided.

One of the directors said today "If the elements will so arrange themselves as to give us clear sunshine and warm weather, we will have the biggest show yet."

THE SHEEP EXHIBIT.

Director John H. White, who has just returned from a trip through Cache county, says that he feels greatly encouraged in the prospects of the sheep display. There are ten varieties of sheep in the State of Utah, and Mr. White says that at least seven of them will be represented. The sheep are in condition to show and the prize winners this year will have to be in splendid form indeed.

ELGIN CREAMERY ROW.

Hearing on the Petition to Appoint a Receiver.

Hearing on petition of John A. Hobbs for the appointment of a receiver for the Elgin Creamery Co., was had before Judge Hiles yesterday afternoon. The petitioner was represented by E. B. Critchfield and the defendant by Krebs & Hoppaugh and C. W. Morse. The witnesses for petitioner, consisting of employees of the defendant company, testified that formaldehyde and "cream thickeners" were added to the cream, and that the chemicals were hidden away and placed out of the sight and reach of the food inspector.

Ross Savage, a 17 year old youth, said he was once made sick at the stomach by taking one swallow of the "doctored" cream.

The defense will have its innings on Friday afternoon, and Messrs. McCarrall and Vaisey say they can disprove every word of the testimony of petitioner Hobbs' witnesses.

Alleged Burglar Discharged.

A. S. Wishart, the young man jointly charged with James Wallace, who was yesterday sentenced to two and a half years' imprisonment, was discharged from custody yesterday, upon motion of the prosecutor, Van Cott, who thought he would be unable to make out a case against him.

CLIFTON PLEADS GUILTY.

Embezzler of Funds Belonging to Hanson Produce Co. Fined \$25.

H. H. Clifton, accused of embezzling the sum of \$11, belonging to the F. W. Hanson Produce company, appeared before Judge Norrell today and withdrew a former plea of not guilty to embezzlement, substituting it with a plea of guilty. He was fined \$25, which was promptly paid.

Clifton was last June before Judge Norrell, when he was charged with the crime of embezzlement. The defendant appeared and has since been out on a cash bond of \$100.

Excused Till Thursday.

All the jurors in Judge Norrell's court were today excused until 9:30 Thursday morning.

He Goes His Life to the Forethought of a Companion.

While on a camping trip in Weber county, Mr. S. L. Stump, of North Platte, W. Va., had a severe attack of bloody flux. He says, "I firmly believe that I owe my life to the forethought of one of the company who had taken along a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Moral—procure a bottle of this remedy before leaving home. It cannot be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the cars or steamship, and at such times and places it is most likely to be needed. The safe way is to have it with you. Thousands of travelers never leave home on a journey without it."

UMPIRE POSES AS A SLUGGER.

Ball Game at Brooklyn Enlivened by Hostilities.

BOSTON SECURES A COUPLE.

Beaneaters Whitewash New York in the First Game and Beat Them 8 to 1 in Second.

The feature of the National league game yesterday was a pugacious umpire at Brooklyn. The transgressor, in the person of Hurst, insisted in the continuation of the Brooklyn-Philadelphia game despite the fact that darkness was upon the land. Compliments were exchanged between the eccentric umpire and various players with the result that after time was called one of the Quakers named Dunn insinuated that the umpire was not as straight as the proverbial piece of string. For once the recognized order of affairs was reversed, and instead of the players indulging in the pastime of jumping all over the umpire, the latter endeavored to apportion the pacings of his trades. The other games played yesterday were of a more peaceable character, in which St. Louis beat Chicago by the tune of 8 to 1, before the stupendous crowd of 75 spectators. At Boston the Beaneaters whitewashed New York in the first game and nearly succeeded in duplicating the performance in the second. Following is the standing of the clubs:

National League.

| | P. | W. | L. | P. C. |
|--------------|-----|----|----|-------|
| Brooklyn | 124 | 73 | 51 | .588 |
| Pittsburgh | 124 | 62 | 62 | .500 |
| Philadelphia | 123 | 66 | 57 | .536 |
| Boston | 124 | 63 | 61 | .508 |
| Chicago | 126 | 59 | 67 | .468 |
| St. Louis | 122 | 57 | 65 | .467 |
| Cincinnati | 126 | 49 | 77 | .389 |
| New York | 125 | 53 | 72 | .425 |

TODAY'S GAMES.

Cincinnati at Pittsburgh.
Chicago at St. Louis.
New York at Boston.
Philadelphia at Brooklyn.

YESTERDAY'S GAMES.

Boston, 8; New York, 6; first game.
Boston, 8; New York, 1; second game.
Brooklyn, 1; Philadelphia, 2.
St. Louis, 8; Chicago, 1.

Umpire in Fighting Trim.

Brooklyn, Sept. 25.—Today's game ended in another row. Hurst insisted on finishing nine innings, and it was so dark that when the Brooklynians came to bat they were unable to locate the ball. Dunn of Philadelphia said that Hurst was crooked, and when the game over the umpire made a bee line for the pitcher, who was in citizen's clothing. Delehanty and Flick rushed over and held him back, and it is said that Flick punched the official. President Ebbetts and a couple of policemen followed further trouble. Attendance, 2,700.

SCORE.

Philadelphia, .. R. H. E.
Brooklyn, .. 2 6 3
Batteries—Fraser and McFarland; Kennedy and McGuire. Umpire—Hurst.

Chicago Lacked Ginger.

St. Louis, Mo., Sept. 25.—Chicago plays a listless game today and never had a chance. Attendance, 75.

SCORE.

St. Louis, .. R. H. E.
Chicago, .. 1 6 6
Batteries—Sadler and Criger; Cunningham and Kling. Umpire—O'Day.

Beaneaters Take Two.

Boston, Sept. 25.—Boston won both games today. Attendance, 2,200.

SCORE—FIRST GAME.

Boston, .. R. H. E.
New York, .. 0 6 6
Batteries—Nichols and Clarke; Mercer and Grady. Umpire Snyder.

SCORE—SECOND GAME.

Boston, .. R. H. E.
New York, .. 1 8 4
Batteries—Lewis and Connor; Garrick and Grady. Umpire Snyder.

WORLD'S RECORD TUMBLES.

Two Marks Clipped on the Race Track at Terre Haute.

Terre Haute, Ind., Sept. 25.—Today saw two more world's records dangle at the belt of the four-cornered track at Terre Haute. The Abbott, driven by Goers, clipped another half-second from the world's fastest record of 2:03.94, already held by him, making a mile in 2:03.4.

Coney, owned by Ed Gaylord of Denver, went against time to beat the annual world's pacing record to a wagon, finishing a remarkable mile in 2:03.4. The quarters today were made in 31.4 seconds, 1:02.4 and 2:03.4. The quarter being done in 29.5 seconds. The mile by Coney was done in 2:03.4, 2:03.4, 1:02.4, 1:02.4, 2:03.4. Coney clipped a half-second from Free Bird's record, made in New York. The program races were far better than on the first day of the meeting. All the finishes were close.

LOCAL EVENTS.

HORSE RACES POSTPONED.

Calder's Park Meet Called Off on Account of Weather.

The four days' race meet at Calder's park has been postponed, owing to the unsettled condition of the weather. They will probably take place on Saturday, September 30, and Sunday, September 31. Two cardinals of trotters, pacers and runners arrived from Dillon, Mont., last evening, and were taken down to the park this morning. Three more loads of horses are expected to arrive from Colorado this afternoon. In the meantime, Ray Knight, of Provo, is in town with five horses and as many ropers who will enter the cowboy relay race.

Sporting Notes.

Young Utah, with the advent of cooler weather, is now industriously practicing football to the top of its kicking power. At the present time the various elevens have not been selected at the same time there is not a vacant lot in this city whereon the young

and rising generation does not disport itself in all the glories of shin guards and padded knickerbockers amid the cheer of mysterious signals. Undoubtedly football in all its moods and tenors has taken a strong hold upon young Utah and this season will be marked by great interest in the national winter games.

The football season will open at the Walker field on Friday afternoon when the first and second team of the High school will come together on the gridiron for the dedication of the public and their own good and practice. A small admission fee of 10 cents will be charged with the object in view of helping out the football treasury. The game will be called for 3:30 p. m.

The following is the Y. M. C. A. second football team as it stands at the present time: Victor Stewart, left end; Ben Trencham, left tackle; Nephi Thomas, left guard; Ras Tucker, center; Martin Royce, right guard; A. G. Richardson, right tackle; A. G. Chisholm, right end; J. W. Wade, captain, left half back; B. McMaster, right half back; Percy Clark, full back; Bert Rasmussen, quarterback. The team will average about 130 pounds.

The Y. M. C. A. pigskin wrestlers had about fifteen players out last night for practice and the way they mauled that poor dummy up in the gymnasium was absolutely terrifying. As yet the timbers for the first eleven has not been selected, as everyone will be given a chance to show his points before the final selection is made. One thing is certain, the muscular young Christians will do their utmost to secure a team that will obliterate the stain upon their escutcheon placed there by the High school boys last season. In the meantime the latter aggregation is saying nothing but saving word.

Arrangements are on foot to organize a basketball league comprising the Salt Lake, Ogden, Provo, Panguitch, D. S. Business college, All Hallows and the Y. M. C. A. teams. A meeting with this end in view will be held at the latter part of this week.

Physical Director Augustus, of the Y. M. C. A., last night lined up two teams in the gymnasium to play basketball with the idea of selecting the best timber to represent the institution in their match games in the future.

Two formidable football exponents will not play this season. Dana Smith, since last year, has joined the benefactors and his character as a player is such that she is not going to have Dana's beauty spoiled for all the glory to be captured upon the gridiron. Needless to remark Dana's classic six feet of thickness will not be seen henceforth in the thickets of the fray. Fred J. Leonard, who is an allround athlete, has been forbidden to indulge in the "brutal game" by his parents, so he also will have to witness the games from the ranks of the noble army of rosters.

Captain B. H. McMurrin, of the Grant School football team, announces the following line up for the school league season: Center, C. Loring; right guard, H. Brown; left guard, L. Haney; right tackle, P. Ansel; left tackle, H. Lamm; right end, C. Foster; right half, S. H. McMurrin; captain; left half, H. Thomas; fullback, H. Carless; quarterback, L. Smith; left end, R. Snarr.

The bicycle races which did not come off last night will be run off on Friday evening. The local exponents of speedy pedaling have placed themselves on record as saying that Hardy Downing and H. B. Freeman are regular Jonahs; so sooner did they strike the town than it rained. It will be recalled that the same conditions heralded their arrival in this city last fall.

Iver Lawson left last night for Los Angeles where he will remain for three days prior to going to San Francisco to take the boat for Australia. Chapman and Vaughan will leave here on Saturday and will meet Iver at the Golden Gate when all will set sail for the Antipodes. The local sports are very much disappointed at Iver leaving town so early, as they were in hopes of seeing a match race between the old rivals, Lawson and Downing.

Cuts and Bruises Quickly Healed.

Chamberlain's Pain Balm applied to a cut, bruise, burn, scald or like injury will instantly allay the pain and will heal the parts in less time than any other treatment. Unless the injury be very severe it will not leave a scar. Pain Balm also cures rheumatism, sprains, swellings and lameness.

To prevent consumption quickly cure throat and lung trouble with One Minute Cough Cure. F. C. Schramm.
