Police Court.—Tom Kernan,  
Evans, and Martin Coughlin, were  
fined ten dollars each for drunken-  
ness, profane swearing and distur-  
bing the peace. Evans deposited  
\$8.50 towards paying his fine, the  
others will work their portion out  
on the public highway.

Inclined to Hostility.—A little  
"pleasantness" happened late in  
the afternoon in Lannan's and  
Connolly's saloon, between a man  
named McGowan and Mr. Patrick,  
formerly U. S. marshal, now min-  
ing manager. Mr. Patrick went to  
his office and Mr. McGowan soon  
followed, accompanied by  
Mr. W. Appleby, and wanted an  
apology from Mr. Patrick, and it is  
said that a pistol and afterwards a  
knife were seen in the hands of  
McGowan. No great damages are  
reported, but the police have in-  
vaded their find Appleby and Mc-  
Gowan to-day.

Wolf at the Door.—A lady for-  
wards the following—  
"Editor Desert News:  
"Excuse the liberty I take,  
but this pressing of a certain party  
for assistance to power makes me  
think of the story of the wolf, who  
knocking at the door, was asked,  
"Who is there?" The wolf said,  
"A friend." "What do you want?"  
"I want to come in." "You can-  
not," "O, let me in, it rains and  
it blows and it snows; pray let one  
foot in." "Then he began  
begging, calling till he got another  
foot in. Then he begged for his  
head and so on till he got his whole  
body in, and what was the result?  
He turned to and ate them all up.  
This is a fable, but I think it very  
appropos to the case of the petiti-  
oners that we read of in the News."  
"ELIZABETH B."

Theatre.—"Oliver Twist" was  
presented last night in an able  
manner.  
For Mr. Herne's benefit this eve-  
ning an immense bill has been pre-  
pared, consisting of "Rip Van Win-  
kle," and "Donkey and Son." Mr.  
Herne appearing in his admirable  
personations of "Rip" and "Cap-  
tain Cuttle." This is an entertain-  
ment in character and excellence  
very seldom presented anywhere,  
and surely will be appreciated ac-  
cordingly by a large house. Mr.  
Herne is great in both characters,  
and a pleasing intellectual enter-  
tainment may be relied upon.  
To-morrow, a grand matinee, at  
which Mr. Herne will appear in  
"Donkey and Son" and "Handy An-  
dy." 441 ft.

Odorous Gaving.—Mr. C. F.  
Stoffer, who owns a three-story  
building on Olive Street, except  
ing Alley, or what the Dames  
would call Plattenberg, and occu-  
pied by Chinese in number too pe-  
dions to mention, had a well or pit  
dug on his premises, designed for a  
receptacle for waste water and  
night soil. Yesterday afternoon  
the pit, which by the way, was  
situated very close to an old water-  
closet, was nearly finished, and a  
man was boarding it up, when the  
bank gave way and the contents  
of the vaults of the adjoining  
premises, consisting of about fifty  
cart loads of "night soil," came in  
to the pit, completely burying the  
unfortunate man. Stoffer, assist-  
ed by some blacksmiths, finally  
succeeded, after considerable diffi-  
culty, in rescuing him from, if not  
a horrible, to say the least, an un-  
pleasant death. The man was  
nearly dead when taken out, but  
at last accounts he was likely soon  
to recover. It was fortunate that  
the wash-house were situated so  
near by, or both the rescued and  
liberators might have raised a  
"stink" that would not have been  
confined to so small a neighbor-  
hood as this was.

Denmark.—By letter to Elder  
Joseph F. Smith, from Elder G.  
Larsen, dated Copenhagen, Den-  
mark, December 24, 1873, we learn  
that a furious storm raged in Den-  
mark on the 19th and 24th of that  
month, nearly equal to the one  
which made such fearful destruc-  
tion of life and property there in  
November, 1871. The water rose  
six feet above high water mark  
in some places, which caused much  
destruction to property, besides  
causing a great many shipwrecks.  
By referring to the map of Den-  
mark, it will be observed that the  
belts or channels of water which  
surround the islands are in some  
places very narrow, and when the  
water rises in the Baltic sea, which  
it often does on account of the in-  
crease of the water shed from the  
many rivers which empty into it  
on the coasts of Sweden, Finland,  
Russia and Germany; and when  
this increased volume of water is  
further assisted by a furious storm,  
like the one mentioned, it causes  
the water to rise very high on the  
islands of Denmark and on the  
coast of the gulf at Stralsund and  
Lubeck, on account of the obstruc-  
tion it meets with before it can  
flow freely into the North Sea and  
the Atlantic.

We also learn from the afore-  
said letter that the Gospel is pro-  
gressing in the Scandinavian mission,  
and that many church publications  
are sold and circulated.

Habes Corpus.—Mr. McCabe,  
who has been in the Probate  
Court since the 1st of January, for  
the purpose of securing the return  
of the names of John, Samuel and  
Thomas A. Mycock.

Said bill (C. F. 15) "An act  
changing the names of John, Sam-  
uel and Thomas A. Mycock," was  
read the first time, and  
On motion of Mr. Mann was read  
the second time.  
Said bill was read the third time  
by its title, and

On motion of Mr. W. G. Smith  
the bill passed.  
Mr. Rockwell, Chairman of Com-  
mittee on Agriculture, Trade and  
Manufactures, to whom was re-  
ferred an act supplementary to "An  
act entitled an act pertaining to  
damages done by animals, &c." ap-  
proved Feb. 17, 1869, reported that  
said committee had taken the sub-  
ject into consideration and con-  
sidered it unnecessary to legislate  
thereon.

On motion of Mr. Farr, the re-  
port of said committee was adopted,  
and the committee discharged  
from the further consideration of  
the subject.

Mr. Rowberry presented Finan-  
cial Report of Tooele County from  
January 1, 1871, to January 1, 1873,  
which was read and referred to  
Committee on Revenue.

Schedule of Mails.

Brooklyn, Utah, 22.—A person  
from Dry Canyon, reports that the  
Chicago miners are on strike; they  
are said to have taken possession of  
the mine. The cause of the trouble  
is a reduction of wages.

From the Record of Jan. 16—  
A rumor was afloat yesterday  
that a body of rich ore had been  
struck in the Portland. How much  
truth there is in the report we are  
not prepared to say.

The markets of Pioche are boun-  
tifully supplied with meats, fish and  
game of all kinds, from the hind  
quarters of a frog to a steak from  
the tender joint of a turtle back  
from the forests of Utah.  
The Raymond and Ely made  
still another downward plunge yester-  
day, reaching a point lower than  
any other stock in the place, and  
after the ore body was struck in  
the Lighter shaft. If it be  
true that the stock will continue to  
fall, it will change hands with a  
wonderful rapidity, and the  
Raymond and Ely, and when the  
latter goes down, the former is cor-  
respondingly affected.
