

Independence when his country needed it.

"That men make the times is a saying we used to hear, while it more frequently now is said that 'the times make men.' I wish to say that it is a mixture of both that makes for success."

"Character" was a second element which he said counted for success and must always be present. The riches of a Croesus, he declared, faded into insignificance in history when compared with the character of a Lincoln, of a Jefferson, or the character of a Peery, who snatched a victory from defeat by moving his column to a new ship when one was sunk in battle.

DR. PARK'S PICTURE.

An interesting feature not on the program was introduced at the close of President Snow's address, the presentation of a portrait of Dr. John R. Park, former president of the university. President Young of the alumni made the presentation address, stating that because of their love for Dr. Park the alumni had chosen this means to honor him, and that the portrait presented had been painted by a former student, whose every stroke was touched with a deep love for the subject.

President Kingsbury in accepting the portrait, declared that it would be a privilege to receive it and care for it as long as the university should remain.

In closing the exercises President Kingsbury made a report showing the growth and development of the past year. A musical number "A Ballade" was rendered before the giving out of degrees commenced, by Squire Coop, Horace Ensign, Miss Edna Evans, and the University choir. In receiving the degrees the lines of students formed in the audience, marched to the stand and back to their places with their sheepskins in the case of college graduates, and certificates in the case of the University students. The caps and gowns of the college men and women added much to the effect of pageantry given to the day by the formal college parade.

Tonight the graduates will be welcomed into the Alumni association at a banquet in Ogden hall, and tomorrow they will leave for their homes after an outing at Lagoons. Over half of the 56 graduates live outside of Salt Lake county.

At the close of commencement exercises the senior class met and elected officers: Adam Bennion, president; David Lyons, vice president; Clara Latimer, secretary and treasurer; Howard Alston, treasurer; and Clara Latimer, secretary.

Announcement was made during the exercises that Theodore P. Howard of the University of Oregon had been awarded the Col. E. A. Wall research scholarship.

STATE NORMAL SCHOOL

The Kindergarten certificate is awarded to the following students:

Clara Ann Anderson, Salt Lake City; Mabel Gardner, Fruita, Salt Lake City; Helen Davis, Salt Lake City; Ethel Woodward, Fruita, Salt Lake City; Bessie Denison Jones, Salt Lake City; Marian McEwan, Salt Lake City; Clara Palmer, Salt Lake City; Phyllis Parry, Salt Lake City; Edith Scherer, Salt Lake City; Irene Seemiller, Salt Lake City; Nellie Sherman, Salt Lake City; Cecelia Smith, Salt Lake City; Mae Stockdale, Salt Lake City; Cora Mae Sutherland, Salt Lake City; Mabel Thorpe, Salt Lake City; Gertrude DeLore, Wood, Park City; Edna Alley, Salt Lake City.

The normal certificate is awarded to the following students:

Florence Alt, Salt Lake City; Anna G. Anderson, Toquerville; Rachel Bannan, Salt Lake City; Myron Carl, Brevard, Woods Cross; Violet Bath, Salt Lake City; Eva Berry, Springville; Myrtle Brann, Salt Lake City; Belle Branch, Price; Irene Branch, Price; Ada Brann, Salt Lake City; Stella Brown, Salt Lake City; Dora Calder, Salt Lake City; Beatrice Camp, Salt Lake City; Emma Caroline Carlson, Salt Lake City; Nellie Carter, Salt Lake City; Lillian Clark, Salt Lake City; Carrie Christensen, Salt Lake City; Corinne Christensen, Salt Lake City; Luella Christensen, Salt Lake City; Ruby Genevieve Christensen, Salt Lake City; Lillian Clark, Coalville; Mabel Clark, Ogden; Effie Clayton, Salt Lake City; Dora Coffman, Springville; Mattie Collins, Monroe; Mabel Cook, Taylorville; Effie Cooper, Salt Lake City; Edna Crandall, American Fork; Zilla Drake, Salt Lake City; Vera Davis, Salt Lake City; Elsie DeGroot, Salt Lake City; Emma Deyman, Mercur; Morgan E. Edwards, Salt Lake City; May Galbraith, Salt Lake City; Sadie Gardner, Salt Lake City; Lucille Glimmer, Wells, Nev.; Emma Goffe, Salt Lake City; Lillie Gotberg, Salt Lake City; Edna Gray, Murray; Eleanor Guymann, Parowan; Alice Margaret Hale, Salt Lake City; Elizabeth Halstead, Salt Lake City; Charles F. Hanson, Leeds; Margaret Harrison, Salt Lake City; Ethel M. Harvey, Salt Lake City; Kate Hatch, Heber City; Edith Hawkes, Salt Lake City; Ethel Hayward, Salt Lake City; Ada M. Hennrichsen, Holladay; Allen E. Hennrichsen, Holladay; James A. Henrie, Panguitch; Rose B. Hoggan, Salt Lake City; Genevieve Horne, Salt Lake City; Theresa Horne, Salt Lake City; Nora Ingram, Kayville; Hyrum Inson, Panguitch; Helen Idaho, Salt Lake City; Margaret Johnson, Salt Lake City; Ann Jones, Cedar City; Flora Jones, Salt Lake City; Myrtle Kelsey, Salt Lake City; Edna Kelsey, Farmington; Mabel Kelsey, Farmington; Viola Knowlton; Carolyn Cecelia Koch, Cecilia; Margaret Latimer, Nephi; Mina Latimer, Nephi; Evelyn Lowry, Ferron; Clara McAlister, Kanab; Helen Elizabeth McGhie, Murray; Leroy McGhie, Murray; Alice Mackay, Calder's Station; Rose Mae

The Kindergarten-Normal diploma is awarded to the following students:

Beulah Bacon, Borek; Jennie Gray, Salt Lake City; Mattie Hunter, Cedar City; Lena Ellen Myers, Salt Lake City.

SCHOOL OF ARTS AND SCIENCES

The degree of bachelor of arts is conferred upon the following students:

Christian Henry Anderson, Fillmore; Adam Bennion, Taylorville; Alfred Bennion, Murray; Wallace Calder, Vernal; Thelma Mae Chilcott, Salt Lake City; Harriet Ivy Cleghorn, Salt Lake City; Bernice Eleanor Day, Salt Lake City; Howard Rocco Driggs, Salt Lake City; Ferdinand Fris Hintze, Big Cottonwood; A. Royal H. Hintze, Big Cottonwood; Frank E. Holman, Salt Lake City; Ira Owen Horsfall, Salt Lake City; Thomas Willard Jones, Cedar City; Ovella Larson, Salt Lake City; Clara Anne Latimer, Salt Lake City; Blanche Victoria Miller, Salt Lake City; Joseph Mills, Salt Lake City; Cora Claudine Mulgrave, Murray; Will Howard O'Brien, Salt Lake City; Samuel Pickett, Taylorville; Hyrum Ernest Smith, Sandy; Jay H. Stockman, Salt Lake City; Ramona Stevenson Wilcox, Salt Lake City; Georgia Young, Salt Lake City.

The normal high school diploma is conferred upon the following students:

Christian Henry Anderson, Fillmore; Thelma Mae Chilcott, Salt Lake City; Harriet Ivy Cleghorn, Salt Lake City; Bernice Eleanor Day, Salt Lake City; Howard Rocco Driggs, Salt Lake City; Ferdinand Fris Hintze, Big Cottonwood; A. Royal H. Hintze, Big Cottonwood; Frank E. Holman, Salt Lake City; Ira Owen Horsfall, Salt Lake City; Thomas Willard Jones, Cedar City; Ovella Larson, Salt Lake City; Clara Anne Latimer, Salt Lake City; Blanche Victoria Miller, Salt Lake City; Joseph Mills, Salt Lake City; Cora Claudine Mulgrave, Murray; Will Howard O'Brien, Salt Lake City; Samuel Pickett, Taylorville; Hyrum Ernest Smith, Sandy; Jay H. Stockman, Salt Lake City; Ramona Stevenson Wilcox, Salt Lake City.

SCHOOL OF MINES

The degree of bachelor of science in mining engineering is conferred upon the following students:

George Marcus Allen, Salt Lake City; Ernest Snyder Bowman, Ogden; Reuben Charles Meyer, Salt Lake City; Heber Allan Gardner, Sandy.

Henry Earl Havenor, Salt Lake City; Verner Bernard Herbst, New York; Joseph Jensen, Salt Lake City; Henry Charles Meyer, Salt Lake City; H. E. Moore, Salt Lake City; Seba M. Parmley, Hales; Leo A. Snow, St. George; John R. Stewart, Provo; W. E. Sutton, Park City; Richard Cornelius Fowler, Murray; Ralph Ruml Woolley, Ogden.

The degree of bachelor of science in civil engineering is conferred upon the following students:

Clarence W. Cornell, Salt Lake City; Alonzo Leaker Cook, Fish Haven, Idaho.

The degree of bachelor of science in civil engineering is conferred upon the following students:

Howard Vernon Alston, Salt Lake City; George Greenwood Hunter, American Fork; Scott Pense Stewart, Provo; T. Ross Wilson, Alta, Wyoming.

GENERAL FUNSTON HERE.

Commander of Department of California Visits With Major Young.

Brigadier General Frederick Funston, commander of the department of California, U. S. army, was a visitor in Salt Lake this morning. General Funston came here expressly to meet his old friend and comrade of many Philippine campaigns, Major Richard W. Young, formerly commander of the Utah batteries. At one o'clock after an hour's chat with Major Young in which they checked up their remembrance of campaign incidents, General Funston left for San Francisco.

Besides calling on Major Young, General Funston spent some time calling on other friends in Salt Lake. With Gen. C. S. Burton he called on former Gov. H. M. Wells, and at the Alta Club, General Funston spent some time with the friends of the late Gen. Burton, all of whom were friends he had known in insular campaigns or in Cuba.

General Funston attended the land drawing at Twin Falls, and came to Salt Lake in company with D. S. Spencer of the Oregon Short Line railroad.

THOMAS ROYLANCE LOSES BOTH LEGS

Well Known Springville Contractor
or is Run Down by An
Engine.

IS BROUGHT TO SALT LAKE.

Accident Happened on the Copper
Belt Road This Morning at Bing-
ham During Dense Fog.

(Special to the "News.")
Bingham Canyon, June 3.—Thomas Roylance of the Springville contracting firm of Roylance & Reynolds, had both legs severed by an engine this morning. About 10 o'clock he was standing on the track of the Utah Copper road, and owing to the dense fog did not see the approaching locomotive until it was upon him. The unfortunate man was knocked down and the wheels passed over both legs, completely severing them.

Mr. Roylance was taken on a special train to Salt Lake and placed in St. Mark's hospital. As he is about 50 years of age, the outcome of the case is looked upon with much apprehension by his friends. He is a brother of ex-Mayor Roylance of Provo.

RED HOT AT TWIN FALLS

Democrats and Dubois Factions Lock
Horns at Idaho State Con-
vention Today.

(Special to the "News.")
Twin Falls, Ida., May 3.—Twin Falls is the scene of intense activity today. Anti-Dubois delegates held a harmonious caucus this morning and will make a heroic effort to bring Democracy back to safe and sane Democratic principles. Dubois tools being in control, the state central committee met and over protest of other members arbitrarily and in advance of meeting of the convention ordered the Dubois delegates from Bingham county seated.

Opposed to them was a delegation chosen in regular primary. Duboisites were appointed by a self-appointed committee from that county. A strenuous fight will be made to undo this dirty work by a special appeal to the convention.

Anti-Dubois delegates have thorough organization and will fight every step of arbitrary and un-democratic proceeding of Dubois heels. It is impossible to tell the result at this time. It will be close owing to unexpected defection of some delegates from Kotenai and Blaine counties.

The anti-Dubois contingent named Judge Perky of Ada county for temporary chairman.

It is rumored that Dubois will bring a letter from Bryan to stampede the convention.

No man can reverse anti-Dubois people from a carefully mapped-out course.

Twin Falls, June 3.—The Democratic state convention, meets here this afternoon for the purpose of electing delegates to the national convention, both factions claim victory. Duboisites feel confident that they are in control of the situation and will carry out their plan while on the other hand the anti-Dubois people are equally emphatic in asserting that the unscrupulous would-be boss and dictator is already beaten.

The lines are rigidly drawn and so evenly are the delegations divided that a few votes in the uninstructed column will decide whether the suicidal anti-Mormon fight shall be kept up in the Gen state or not.

The Dubois faction, headed by himself, will resort to every known trick of chicanery and unfairness in order to win. In some counties regularly called and appointed delegates were held back because the delegates thus elected were not of the stamp and color to suit Dubois, the arbitrary method was employed of having delegates appointed to contest for seats in the Gen state or not.

The state committee is controlled by Dubois, and the plan is to endeavor to seat first the Bear Lake county Duboisites, then using that vote to knock out the regularly elected delegates, and so on until a majority has been secured.

Western and southwestern counties are against the scheme of Dubois, and in the arena he will meet such men as John E. Nugent, E. J. Docher, C. J. Pence and others, who will give him the fight of his life. In the counties listed as doubtful are men who are fairminded, and it is believed that among them will be found a sufficient number standing for justice and right to block the plans of the rule or ruin gang.

Besides electing delegates to the Denver convention, a national convention will be chosen. Delegates of both factions arrived in town last night, primed and ready for the fight, and never before has such excitement prevailed here.

IS NOW AFTER GUTCH.

Fred Silver Would Land Him and
Judge Diehl in County Jail.

Fred Silver, the man who was sentenced by Judge Diehl to 100 days on the chain gang for stealing money from Salvation Army contribution boxes last December, is still out on the trail of Judge Diehl and he has now concluded another on his list, namely, George M. Gutch, clerk of Judge Diehl's court.

When convicted of stealing from the boxes, Silver had in his possession something over \$25. This, by order of the court, was turned over to the Salt Lake Army. Since then, Silver has been trying to get the money back. He seemed to think that Judge Diehl should refund the amount, and repeatedly wrote threatening letters to him. Recently he told Judge Diehl he would put him in jail if the money was not returned to him.

"I will put you in jail, my boy," declared Silver, "because Sheriff Emery is my friend and mine."

Later Silver said he would not put Judge Diehl in the city jail because, he said, "that place is not clean and it is a crime to put anyone in there." He declared he would have his honor locked in the county jail.

It is presumed that he has included Gutch with Judge Diehl because the clerk followed out the orders of the court in turning the money over to the Army. Where Silver went and what he proposed doing to carry out his threats, is known only to him.

DAMAGE CASE STILL ON

Action in Which Katherine Porter
Seeks \$125,000 for Loss of An Arm
In a Railroad Accident.

The case of Katherine Porter vs. the Denver & Rio Grande Railway company, in which plaintiff seeks to recover \$125,000 damages for the loss of an arm suffered by plaintiff in an accident on the defendant's railroad line at Durango, Colorado, December 24, 1905, is dragging along in Judge Lewis' court. The case was begun on Monday, May 25, and the testimony of many witnesses, besides depositions of a number of witnesses who could not be present, have been taken. The case is largely of a technical character. It is probable the balance of the present week will be consumed in hearing the case, as each point is being closely watched and vigorously contested by both sides.

The plaintiff in the case is Miss Katherine Porter, an attractive young lady from the Centennial state. She entered the train of the company on the date named and in an accident she was thrown from one side of the car to the other and her arm forced between the car and the ties, by which it was so badly injured that amputation was necessary.

Allison, Van Cort & Riter are representing the railroad company in the case, while Powers & Marioneaux appear for the plaintiff. The calendar of Judge Lewis' division is now 17 days behind owing chiefly to the duration of the case against the railroad company.

JURY'S VERDICT IS "GUILTY."

Findings in Spencer Case Returned
After One Hour of Deliberation.

Samuel G. Spencer was yesterday found guilty of having induced and seduced a 15-year-old girl, Iva Wallace by the jury which has been trying his case for a week past in Judge Armstrong's court. The testimony in the case was heard in the afternoon and the attorneys concluded their arguments about 4 o'clock, when the judge charged the jury and it retired.

At about 5 o'clock, after deliberating for a little less than an hour, the jury returned a verdict of guilty. Spencer and his wife and two daughters sat in the courtroom when the jury brought in their verdict, and all of them remained in their composure when the verdict was announced.

Atty. Wedgwood, for the defense, asked for a stay of execution, and Thursday, June 11, was set for time of appeal. The jury will also be pronounced at that time. It is highly probable that the case will be appealed to the supreme court.

The maximum penalty for the crime charged is two years in the state prison and \$250 fine.

AN ODD DAMAGE SUIT.

Richard D. Millett complains in a suit in the city court that John A. Bagley moved his family, a lot of chickens and a cow to his place on May 25, and left without his consent, and he is therefore damaged in the sum of \$495.

Millett says in his complaint that Mr. Bagley came to him and secured the use of his place for a few days, and he then proceeded to move his household furniture into the house and move in and took possession, also bringing along his chickens and a cow, adding insult to injury by staking the cow out on the front lawn. The Bagleys moved in on May 25, and refused to vacate, according to Mr. Millett's story.

CAVANAUGH DIVORCED.

Judge Morse has granted a divorce to Mary E. Cavanaugh from her husband, Morgan E. Cavanaugh, on the ground that he is insane and incapable of cohabitation, failure to provide and infidelity, all of which charges French denies. Mr. French further says that when he moved from Denver to Salt Lake, he was with the case, but she refused, then and later. He came here to go into business, and has been so engaged since that time. He claims he has paid bills for his wife in Denver amounting to \$200, and carries insurance policies in his wife's favor for \$20,000, although he claims his salary is only \$100 per month. Mr. French asks that his wife's suit be dismissed.

DISMISS BROWN-TINTIC.

Because Mike Brown was said to have agreed to a settlement of his suit against the Tintic Mining company for \$40,000 for injuries received in a premature blast, the case was dismissed yesterday afternoon. Brown was injured in March last year. He lost his eye, his scalp was injured and three ribs broken. He was in the hospital for a year. Just how the case was settled is not known.

CHECK ON EXHIBIT.

Interesting Testimony in Federal
In Coal Land Cases.

A check for \$49,922.50 was an exhibit introduced by the prosecution in the coal land cases, on again before the master in chancery of the local federal courts today. S. A. Whitney and Clarence McCook of the McCook bank, acting company were called to identify the paper. Testimony was brought out to show this had been paid to the local office of the U. S. land office, and that the Pleasant Valley Coal company and the government contents it covered mineral lands taken up as agricultural lands.

CITY LIBRARIAN RENDERS REPORT

Favorable Growth in All Depart-
ments Shown For the
Fiscal Year.

SUCCESS IN SCHOOL WORK.

Provisions Made for References for
Students Brings Recommendation
That Four Libraries be Bought.

Miss Sprague, city librarian, filed her annual report yesterday afternoon, with the library board, covering 18 months of type written matter, for the 12 months ending May 31, 1908. Miss Sprague says: "I am glad to be able to report another year of increase in the circulation of our books, and of growth in the general interest in the use of the library. Notwithstanding limited funds, our circulation has shown every month an increase over the corresponding months of the previous year, and our total increase in circulation of this year over last is 14,954. Valuable additions have been made in such works as Historical History of the World, 25 volumes; Works of Henry Clay, federal edition, 10 volumes; Hunt's Political History of England; Lodge's History of Nations; 24 vols.; Savage's Genealogical Dictionary, Schaff's Creeds in Christendom, three volumes; Bailey's Encyclopedia of Horticulture, four volumes; Nelson's new Loose Leaf Encyclopedia, 12 volumes; the Catholic Encyclopedia. We have done more systematic work with the library than ever before, partly owing to the co-operation of the clubs themselves.

"The demand along the reference line is increasing rapidly, and bids fair to be one of the heaviest, as it is certainly one of the most important departments of our library work. We have added two libraries of 50 books each to our school collection during the year, there being now such libraries in each of seven schools in the city. The circulation of the books has been so satisfactory that I would recommend placing three or more collections next year, providing the funds permit. They certainly could not be better expended. The children's department continues a most attractive spot to the children and sometimes to their elders. The first library story hour was Oct. 5, 1907. Since then they have been open weekly, at times with an average attendance of 31. Ninety-three stories have been told, along the line of myth and fairy tales, and all with a view of interesting the children in a right line of reading.

FICTION DEPARTMENT.

"The fiction loan collection continues popular. During the year, we have taken from it and placed upon the free shelves 23 books, and have purchased for the children's department with surplus proceeds 380 books. The plan has passed the experimental stage, demonstrating itself an excellent method of utilizing for some of the everyday library uses. The library became, during the year, a member of the American Library association, and is thus in the way of keeping in touch with library progress and methods in other parts of the country.

The number of volumes acquired during the year was 2,817; lost during the year, 1,230, of which 628 were discarded. The number in the library June 1, 1908, was 31,558. The reference department includes 7,212 volumes; circulating department, 24,346 volumes; and the children's department, 6,667 volumes.

One of the volumes are in Spanish, seven in Italian, and 11 in Swedish. The total of periodicals was 212; maps, 20. Total membership June 1, 1908, 145, a gain of 1,125 over the previous year. A large number of cards, June 1, 1908, 250, a gain of 72; books loaned for home use, 152, 237; average daily loans, 50; total visitors estimated, 305,592. The disbursements for salaries, balance on hand, \$6,257.96. The receipts amounted to \$327.63.

IN FAVOR OF FOX.

A jury in Judge Ritchie's court this morning brought in a verdict in favor of the plaintiff in the case of Jesse M. Fox vs. August Matson, in which defendant claimed an interest in lots 33, 34, 35 and 36 in block 2 of Southlawn addition to Salt Lake City. The jury found that Fox was the owner of the land.

JONES DISCHARGED.

The case of Mary Taylor and W. McCullough, colored, charged with grand larceny, was this morning set by Judge Diehl for Friday, the 12th, for preliminary hearing.

Benjamin Jones, arrested some time ago on the charge of threatening to murder his wife and two step-daughters, was given a hearing in the criminal division of the city court this morning. Jones was discharged. His wife and her home in the city were in a intoxicated condition on May 23 and swore he would get a revolver and shoot everybody in the house. The man promised to behave in the future and was permitted to go without bonds.

FROST PREDICTED.

Weather Man Says Tonight Will Be
Clear and Colder.

Arizona—Tonight fair, cooler in north portion; Thursday fair. Utah—Tonight clearing and cooler, with local frost; Thursday fair and warmer. Salt Lake—Rain or snow tonight or Thursday; colder tonight, warmer Thursday.

It may snow tomorrow and it may be warmer tomorrow. Salt Lake has received many combinations of weather phenomena but snow and a warm wave are something to be watched for; something to talk about for years. Two-tenths of an inch of precipitation has fallen already, although June is but 72 hours old. Seventy-seven hundredths is the average for June.

STRIKE A FLAT FAILURE

Men Who Went to Work in Rio Grande
Shops Now Have Perma-
nent Jobs.

It is opening an old wound to speak of the Rio Grande's shoppmen strike. This proved a flat failure for men, seeking employment beside the local shops and those in other cities. Full forces were made up long ago, however, so a half dozen new applicants are turned away every day. The strike was called when business was slack and thousands of eastern machinists were being thrown out of employment. As a result there was a rush, not of strike-breakers but men, with families to keep clothed and fed, who scrambled for the jobs thrown up by men dissatisfied at their lot. Every so often some unionist, traveling over the line to cheer those who went out, says the strike is soon to be ended. This statement is viewed with wonder by those who see the activity in the shops. The strike is ended; it was ended as far as the railroad company was concerned three days after it was declared for in less than a week all vacancies had been filled and workmen were accepted in positions with the understanding the work was permanent, not to last until the strike was broken, merely.

TRAFFIC RESUMED.

This cave-in which blocked the tunnel on the Park City branch of the Rio Grande has been repaired and through traffic is on as usual. The tunnel will undoubtedly be examined carefully and repaired throughout if appearing the least bit necessary.

ROCK ISLAND MOVE.

General Agency Now Occupies Quar-
ters in the Judge Building.

The Rock Island-Frisco lines are now in their offices in the Judge Railroad Exchange building. The offices of the Illinois Central-Colorado Midland offices on Third South. The quarters have been fitted up handsomely with mission finish furniture and fixtures throughout. The Rio Grande, which once used mahogany, the Midland and Illinois Central, oak so the Rock Island's dull dark furniture shows up by contrast and has the same effect upon the other offices on the Grand South. Those who have stopped to admire the immense painting of the world on the windows of the old West Temple offices of the Rock Island will find offices within a day or so as the whole window is to be removed and taken to the Judge building. This painting cost the Rock Island over \$30, but because the painter does nothing else than decorate Rock Island offices with the familiar sign. Local officers of the company and the Grand South, has been outside painters did the work. With the Rock Island occupying its offices the floor space of the new building is taken up and what railroads are yet to come will occupy the second floor and gradually go up.

POLICE ACCOMMODATE WIFE.

H. M. Black Arrested, It Is Said, On
Request of His Spouse.

H. M. Black was arrested last night on the charge of drunkenness and, according to the story told at police headquarters this morning, the arrest was brought about by Black's wife, who is said, is suing him for divorce. She notified the police that she did not want Black released until she had consulted with her attorney. The attorney Black was clamoring for a lawyer, as he wanted to get out of jail.

An officer communicated with Mrs. Black's attorney and they suggested that the man be released. He was given his liberty after 10 p.m.

Black is the man who was brought back to Denver several weeks ago with a man named Parsons. They were accused of obtaining, by means of a bad check, \$250 from Atty. J. D. Pardee. It was shown subsequently that Black was not the party to the offense. When arrested last night he appeared to be well supplied with money and was armed with a long revolver.

AMUSEMENTS.

Orpheum—The big closing bill this week is running to standing room nightly. Tomorrow the box office opens for the sale of seats for the engagement of Katharine Grey, which begins Monday night.

Grand—The play of "Nellie, the Beautiful Cook Model," is drawing good business. The customary matinee was given this afternoon.

Lyric—The Cameraphone continues to please large audiences afternoon and evening. The success of the far inclines the management to think that the house should be kept open all summer.

CAR STRIKES HORSEMAN.
