John Skurtz, a Typhoid Fever Patient Breaks Away From St. Mark's.

A typhoid fever patient named John Skurtz was brought from Sunnyside to St. Mark's hospital last night. Being delirious he soon began to make trouble for the attendants and before long he had succeeded in breaking out. A search was at once instituted for the missing man, but he could not be found. An hour later, however, he voluntarily appeared at the hospital and consented to be taken in. He was then put to bed where he will likely remain for some time.

FINE-WHITE ROMANCE.

Divorced Couple Become Reconciled and Reunite as Man and Wife.

Quite a unique little romance surrounds the marriage of William O. Fins and Miss Nettie A. White, which occurred in this city yesterday afternoon. A romance in which courtship, love, marriage, divorce, reconciliation and a second courtship and marriage between the two young people has occurred all within the space of three years. Mr. Fins, who is employed as a waiter in the Vienna cafe, came to this city about three years ago. In the course of time he met Miss Nettie A. White and a courtship ensued which resulted in their marriage. For a time all was happiness with the young couple, until

Mr. Fins decided to leave Salt Lake and go to Butte to open up a restaurant. It was arranged that he should go to the Montana city and establish a business and his wife would join him. It was here that the romance got energetic and in some manner the young wife received information which led her to suspect that her husband was untrue to her. She accused him of infidelity, which accusation he resented. A quarrel ensued and Mr. Fins closed out his business in Butte and disappeared. Nothing was heard from him by his Salt Lake friends for nearly a year. In the meantime Mrs. Fins was induced to bring suit for divorce. She was awarded a decree and her maiden name was restored to her. Mr. Fins drifted all over the west and finally returned to this city. He secured employment at the Vienna, and several months ago he accidentally met his former wife. The old feeling of affection was kindled anew and in a few days they met again, explanations were made and another courtship resulted in their reunion, which occurred yesterday afternoon. To add to the great joy of Mr. Fins he discovered upon his return here that his wife had borne him a son during his absence. The boy is now two years old and probably plays an important part in the reconciliation.

"I deem it my duty to add a word of praise for Chamberlain's Colic, Cholera and Diarrhoea Remedy," says J. Wiley Park, the well known merchant and post master at Wiley, Ky. "I have been selling it for three or four years and it gives complete satisfaction. Several of my customers tell me they would not be without it for anything. Very often, to my knowledge, one single dose has cured a severe attack of diarrhoea, and I positively know that it will cure the flu (influenza). You are at liberty to use this testimonial as you please." Sold by all druggists.

YOUNG GIRL'S SAD DEATH.

Only Daughter of J. S. Murdoch Succumbs to Operation for Appendicitis.

A sad death occurred at the Holy Cross hospital last night in the passing of Miss Vern Murdoch, the 18-year-old daughter of Mr. and Mrs. J. S. Murdoch of Beaver, following an operation for appendicitis. Miss Murdoch was visiting relatives here when she was seized with the disease which caused her death and despite the attention that was bestowed upon her condition had become such that the operation was performed that night. Her death robs the family of their only daughter and occurred four years to a day since the death of an older sister, the remains will likely be shipped home for burial.

I have sold Chamberlain's Cough Remedy for more than twenty years and it has given entire satisfaction. I have sold a pile of it and can recommend it highly.—Joseph McElhinney, Johnston, Mo. "I have found this remedy a good friend when troubled with a cough or cold. It always affords quick relief and is pleasant to take. For sale by all druggists."

OUR TOTAL POPULATION.

Including the Philippines, Porto Rico, Guam and Samoa.

The total population enumerated by the twelfth census was 76,308,387, but while the area of enumeration covered Alaska and Hawaii it did not include Porto Rico, the Philippines, Guam or Samoa. The population of these newly acquired islands has, however, been ascertained partly by estimates and partly by special censuses. Including these estimates, the total population of the United States and its outlying possessions in 1900 was as follows:

Area of enumeration	76,308,387
Philippine islands	6,961,329
Porto Rico	953,243
Guam	9,000
Samoa	6,100
Total	84,233,069

The only countries surpassing the United States in number of inhabitants are the Chinese empire, the British empire, the Russian empire, and probably France, with the inclusion of its African possessions.—From the Hon. W. B. Forbush's "Noteworthy Results of the Twelfth Census" in the September Century.

DR. DALBY'S FUNERAL.

Salt Lake Physician Laid to Rest With Impressive Ceremony.

The funeral yesterday afternoon of Dr. W. T. Dalby was probably the largest Masonic funeral ever held in this state, for over 300 Masons were in the procession, including members of the grand lodge, and the various subordinate lodges over the state, and nearly 1,000 appreciative friends were at the house and tomb to follow the casket for the high character of the deceased. The casket was hidden in a vast floral display and the general sense was that a valuable member of the community had gone.

Diminished Vitality.

Some people talk very flippantly about diminished vitality.

They do not stop to think that vitality is the principle of life—that it is that little understood something on which every function of their bodies depends.

Diminished vitality is early indicated by loss of appetite, strength and endurance, and Hood's Sarsaparilla is the greatest vitality.
