NEW YORK.

A Clerical Lethargy—Funeral of Logan No. 2.—Departure of Minister Lowe.—Cuban News—Discharge and Escape of Caldwell—Big Land Sale—A Steam Tug Burned.

NEW YORK.—An extraordinary scandal agitated religious circles uptown. A prominent clergyman of this city disappeared on Saturday morning, in company with a young lady, one of the prettiest of his flock, belonging to wealthy and highly respectable family. The circumstances are such as to render it certain that a guilty intrigue exists between the parties. The reverend gentleman leaves behind him a distracted wife and two children. Yesterday his pulpit was occupied by the bishop of the diocese, and it was not till evening that the shocking intelligence reached the ears of the congregation, when the utmost excitement and grief prevailed in the circle where the parties have heretofore been known.

Logan No. 2 had a great funeral yesterday: a thousand men marched, in procession, headed by alderman Crocker, of the 18th Ward, and other well known politicians. A long line of carriages followed. The streets through which the funeral passed were so crowded as to be almost impassable. A handsome hearse and six nodding plumes, drawn by grey horses, bore the body to Calvary cemetery, where the last rites of the Roman Catholic church were celebrated.

Hon. F. T. Lowe, Minister to China, left this city on Saturday for San Francisco.

The Times Havana correspondent sends news from Silba by the last mail of very serious importance: The negroes of fifteen large plantations, in the district of Sagua La Grande had risen in rebellion. The event took place on the 30th of November. The military were shooting all who could be caught. He says nobody here believes the hopeful statements in the semi official journals, since facts continually belie their assertions. The Spanish Treasury is being perfectly exhausted, and the government can send no more money to Cuba. Gen. Caballero Derodas has to borrow six millions of piastres from the Havana merchants to provide for the war expenses.

A Montreal special says that Judge Courtin discharged Caldwell yesterday, and that he escaped before new papers could be served. He walked out of the courtroom, looking the door in the high constable's face, who was about to serve a warrant upon him.

Forty-eight thousand acres of land near Kansas city have been sold to the Atchison Scotch Emigration Association, Glasgow, for \$185,000. The men will leave in February or March.

A steam tug returning this morning from quarantine caught fire; the crew were forced to escape by the small boat. The tug was burned.

MAINE.

Peabody's Funeral Ceremony.—PORTLAND, Me.—It has been arranged that forty-eight hours shall elapse between the arrival of the Peabody fleet and the funeral ceremonies, during which time the body will lie in state at the City Hall, which will be draped in mourning. The day of their departure will be grand and impressive. Governor Chamberlain and staff will be present. Thornton, the British minister, is expected.

MISSOURI.

Tom Allen ready to Fight.—ST. LOUIS, 9.—It is announced that Tom Allen accepts Jim Mace's challenge to fight in Canada or Louisiana, and is waiting the articles of agreement promised by Mace.

TENNESSEE.

Telegraphers will not strike—Sympathy without Relief.—MEMPHIS.—The telegraph operators here have refused to strike. New Orleans is the only city in the South where they have struck, and operators from here and other points have gone there to take the places of the strikers. The Memphis Typographical Union has passed resolutions of sympathy with the strikers, but declined to adopt the suggestion of the Nashville Union to refuse to set up the Associated Press dispatches.

LOUISIANA.

Arrival of Chinese.—NEW ORLEANS.—About 250 Chinese arrived yesterday, and left immediately for Texas.

INDIANAPOLIS.

Democratic State Convention.

INDIANAPOLIS.—The Democratic State convention, yesterday, nominated four candidates for Supreme Court judges; also nominated Eddy, for Secretary of State, Bayle H. Hamer, for attorney general. The resolutions adopted oppose all approaches to a centralized despotism by Congress or the Executive; denounce the reconstruction acts as an invasion of the sovereign and sacred rights of the people and of all the States; denounce all measures calculated to destroy the powers of the Supreme court; favor a tariff for revenue only, and demand that such necessary articles as tea, coffee, sugar and salt be placed on the free list; they also declare the five-twenty bonds payable in greenbacks or their equivalent, favor the abolition of national banks and the issue of greenbacks instead of the demand for more currency; they favor the taxation of the national bonds and stock by the States, and of U. S. bonds by congress for national purposes; they denounce the last legislature for attempting to force the ratification of the 15th Amendment upon the people, and oppose any change in the naturalization laws by transferring naturalization to the federal courts.

ALABAMA.

Supreme Court Decision.

MONTGOMERY.—The Supreme Court of Alabama has decided that there has been no property in slaves since '63, and that every judgement given by any court in Alabama from 1861 to '65 is null and void; that all officers, courts and legislative men have been usurpers during that period.

ILLINOIS.

Fire and Loss of Life.—A large number from Nebraska, who had been invited to attend the Centennial Exposition at Chicago, were killed by a fire at Quincy, Ill., yesterday, destroyed two hotels on Fourth street, between Belmont and Broadway; also several stores, saloons, etc. Three firemen were hurt, one has since died and another will probably not recover. Meyer & Draff, proprietors of one of the hotels burned and their barkeeper have been arrested on suspicion of causing the fire. The loss is about \$25,000.

A recent census shows that the Indians in Nebraska number about six thousand; they are all satisfied and well provided for.

The Tribune's Atlanta special says the organization of the Georgia Legislature will proceed to-day, and may consume Monday and Tuesday. In view of the doubt concerning the exact scope of the disabling section and the recent action of Congress the Attorney General has submitted an elaborate opinion, embracing a long list of officers regarded as within the meaning of the law. Gen. Terry concurs in this exposition, which will rule out more than was anticipated. The working majority will be Republicans. The Democrats are dispirited and inclined to let things take their course.

A special from New York says it is rumored that the Tammany politicians are negotiating for the purchase of the Herald establishment, to remain in the hands of Bennett during his life, and then to be turned over to the purchasers; in the meanwhile to be run in the Tammany interest.

There was a private meeting of several financiers, at the Fifth Avenue Hotel last night, in reference to gold stock speculations. The opinion expressed was that gold would reach thirty within ten days.

Among the financial measures under consideration is one to provide more currency for the Pacific coast where it is generally admitted, currency must soon take the place of gold in general business. Some persons having investigated the matter think the South needs fifteen millions and the Pacific coast twenty-five millions more currency.

WASHINGTON.

World's Fair Meeting—San Domingo Annexation—Fast Steamships—Peace in Cuba.

WASHINGTON.—Several gaugers of Pennsylvania and Ohio have recently had their commissions revoked by Commissioner Delano for violation of duty, especially for failing to have stamps properly cancelled.

There was a public meeting last night, 3,000 present, for the furtherance of the proposed International Fair. Col. Forney, Gen. Garfield, General Howard and several others spoke. Great enthusiasm was manifested. Encouraging letters were read from the Governor of several States.

The treaty for the annexation of San Domingo was negotiated by President Bass and our commercial agent, Mr. Perry, at the city of San Domingo. This treaty, with the secret message to President Grant, was expected to be sent to the Senate on Monday, the 10th inst. Of the truth of this statement there is no doubt. Several Senators, who are cognizant of the particulars of the negotiation, privately assert that San Domingo is of as much importance to the United States as the island of Cuba, and that the acquisition of one will more easily lead to the possession of the other. Although the text of the treaty cannot be publicly made known, there is no doubt that it contains the following propositions:

First.—The United States stipulates to pay a million and a half.

Second.—This money is to be devoted to the liquidation of all the obligations of San Domingo, including the redemption of its currency, which is represented to be a comparatively small amount.

Third.—In case the obligations assumed by the United States exceed the before mentioned sum the public lands of San Domingo are pledged as security for the excess.

Fourth.—The liquidation of the obligations of the island is to be entrusted to commissioners appointed by each of the contracting parties.

The Post Master General has received a letter from the president of the Steamship company, stating that the construction of the first two of their vessels has been agreed upon: they expect to make twenty-five miles an hour in smooth water, across the ocean the average time will be eight days.

A dispatch received here from Havana, yesterday, gives the proclamation of the Captain General with regard to the past and present affairs of the Island, the gist of which is that peace is now fully established, and there is no place in the Island where the administration of public affairs by the action of the civil courts is not entirely recognized.

In consideration of the discharge of these obligations San Domingo cedes all her forts, docks, custom-houses and all other public buildings, arsenals, etc., and complete jurisdiction over her territory.

San Domingo is to be annexed or acquired as a Territory and not as a State, and is to be subject to the legislation of Congress in the same manner as other Territories.

The treaty will be valid to all intents and purposes, when satisfied by the vote of a majority of the citizens of San Domingo.

FOREIGN NEWS.

GREAT BRITAIN.

LONDON.—A Trade Union riot occurred at Thornecliffe colliery, near Sheffield, yesterday; much excitement prevailed at Sheffield and in the surrounding country.

SPAIN.

The Ministerial Crisis Over.

MADRID.—The Ministerial crisis has terminated. Senior Rivera president of the Cortes, has accepted the ministry of the Interior, Admiral Topete, that of marine, and Senior Sagoo the Department of State.

SOUTH CAROLINA.

A Theatrical Manager Arrested.

CHARLESTON.—John T. Ford, of Baltimore, lessee and manager of the academy of music, having refused admission to two colored persons holding reserved seats in the dress circle, was arrested, and charged with violating the State law, in refusing to carry out the provisions of the civil right bill. He gave bail to appear at the next term of the court.

FRANCE.

Address to the Magistrates and to Finance—Liberty Advancing.

PARIS.—Ollivier, in an address to the magistrates yesterday, said I will maintain intact the dignity of the magistracy, and above all will keep justice clear from politics, so that its decisions will have all the more weight.

M. Buffet, Minister of Finance, replying to an address from the great financial societies, declared that they must conform strictly to their status to avoid such a misfortune as a loss of credit. M. Ollivier informed them that the ministry of finance would not keep up relations, as heretofore, with the great financiers.

The ministry have decided that Algeria shall be represented in the Corps Legislatif by four deputies. Permission has been accorded for the sale of all journals in the streets; foreign journals, will hereafter be distributed without examination by the bureau of censorship.

ROME.

Doings in the Council, &c.

ROME, 8.—At a session of the Council to-day, notice was given of the nomination of Cardinal Bizzarri, as president of the committee on religious orders. The committee on dogmas has commenced its sittings. Several ultra Roman Catholics have resolved to present a petition to the Pope, praying his Holiness to present to the Council an opportunity for declaring the dogma of infallibility. It is evidently their design to force the holy Father into this precipitate policy, as they are doubtful about obtaining a sufficient number of adherents, unless he publicly commits himself in favor of the dogma. The report that the Pope will allow of no discussion on the question of infallibility in the Council, unless he is sure of the result, is confirmed, and if he receives such a petition as the above, it will be simply as an expression of homage to the Holy See.

LOCAL AND OTHER MATTERS.

LADIES, remember the Mass Meeting at ONE P. M. to-morrow.

HONOR TO WHOM IT BELONGS.—In our account of the Celebration, in yesterday's paper, we stated, in accordance with information we had received, that the last spike and the mallet with which it was driven, were the workmanship of Mr. J. Lawson; this was a little more than the truth. The last spike was formed by Bro. Lawson, the mallet was fixed up at the Public Works blacksmith shop, but the chasing and engraving on both hammer and spike were the work of Mr. Reis, metallurgist, of the 16th Ward.

COMPLIMENTARY BALL AND SUPPER.—A ball and supper was given, in the Theatre, last night, by the Utah Central Company, to the workmen who have labored in the construction of their road, and to the artillerymen who participated in the celebration on Monday. The guests present, ladies and gentlemen, numbered upwards of fifteen hundred. President Young and Wells and a number of the Twelve honored the occasion with their presence. Vice President Jennings, Superintendent Joseph A. Young and Directors F. Little and C. Layton, were also present. The supper was of the best quality, and was apparently enjoyed by all. Olsen's band made excellent music and dancing was kept up until after 4 o'clock this morning.

As on Monday evening the Theatre was tastefully decorated and presented a very brilliant appearance.

LADIES, remember the Mass Meeting at ONE P. M. to-morrow.

MASS MEETING OF LADIES.—Ladies of Salt Lake City, remember the Mass Meeting, for ladies only, to be held in the Tabernacle to-morrow at 1 o'clock, p.m.

STATE OF THE WEATHER received this morning per Desert Telegraph Line:

St. George, cloudy, heavy rain last night, thermometer 44. Cedar City, cold, one inch of snow. Panguitch, clear and pleasant, two inches of snow fell last night. Cove Creek, clear, but very cold, two inches of snow fell last night. Fillmore, snowed four inches last night, sun out, but cold. Solpio, snowed two inches last night, sun shining, but quite cold, looks like more storm. Mant, quite clear, snow about two inches. Springdale, snow 3 1/2 inches, sun now out and bright. Mount Pleasant, about three inches of snow, pleasant now. Nophi, snow fell three inches last night, beautiful and clear now.

Payson, clear and pleasant, snowed a very little last night. Smithfield, quite mild and pleasant, three inches of snow. Logan, clear and pleasant, snow two inches. Brigham City, quite mild, three inches of snow. Farmington, clear and pleasant. In Salt Lake City the weather is clear and bright, about two inches of snow fell yesterday afternoon.

CONVENTION.—In our notice of the Mass Meeting, to be held to-morrow, at the Tabernacle, it was stated that the meeting would convene at 10 o'clock. This was a mistake; it should have read 1 o'clock, p.m.

Mr. LORAIN ROGERS.—This morning we had a call from and a very pleasant chat with Mr. Lorain Rogers, the husband of the celebrated actress Charlotte Thompson. Mr. Rogers is late director of the New California Theatre, at which popular place of amusement, Miss Thompson has played a long, and, it is said, the most successful engagement ever played by any in the profession on the Pacific Coast. This lady owns a plantation in the South, which she formerly superintended herself, but for a few years past she has followed the dramatic profession. She belongs to the legitimate school of acting, and we think our citizens may depend upon witnessing some highly finished and artistic performances during her brief engagement, which commences on the evening of Monday next.

LADIES, remember the Mass Meeting at ONE P. M. to-morrow.
