

VOTE FOR WALLACE AND FUSION

The Citizens'-Democratic Ticket

For Mayor:

Wm. R. WALLACE

Fusion Party Politics.

To comply with the law this will be headed "Democratic" party, with the Democratic party emblem on the official Ballots, but is the ticket agreed upon between the Representatives of the Citizens' party and those of the Democratic party.

In the effort to bring about Fusion for the purpose of meeting the emergency which exists in this city, the Democrats have yielded to every demand of the Citizens' party.

Upon the Democratic city ticket are three well known Republicans. Upon the Republican city ticket there is not a single Democrat.

Therefore a Vote for Wallace is a vote for Fusion.

Mr. Wallace has announced himself repeatedly as willing to retire from the two tickets, upon which he had been nominated in favor of harmony, but the combined judgment of representative men of the Citizens' and Democratic parties he was declared to be the man to make the race.

Remember that the Wallace ticket is the fusion ticket.

Its success means Salt Lake work for Salt Lake workmen with no political or religious test.

It means a strict regulation of the liquor traffic and the banishment of women and children from saloons.

It means the awarding of all contracts to the lowest responsible bidder.

It means that the taxpayers are to have the benefit of interest on all city funds.

It means that regular financial statements of the city's condition will be published.

It means reform in other lines not to be discussed with propriety. Any institution too bad to discuss is too bad to tolerate.

Remember that the WALLACE ticket is the Fusion ticket.

Municipal Politics.

THE man who, in a case of distress, considers his dignity rather than the needs of a fellow being, would not deserve to have his name in the list of desirable citizens.

The political party which, in a time of emergency, refuses to leave its shell of partisanship in response to the call of patriotism belongs in the same class.

"To recognize," says the Democratic platform in this campaign, "a growing tendency in progressive cities to eliminate party lines in city government in favor of business methods; and

we believe the time is ripe for the people of this city to turn their attention to a consideration of questions of municipal reform."

And Theodore Roosevelt, one of the leaders of the national Republican party and a hero of the local organization, said in one of his addresses:

"The worst evils that affect our local government arise from and are the inevitable results of the mixing up of city affairs with party politics of the nation and state. The lines upon which national parties divide have no neces-

sary connection with the business of the city. Such connections open the way to countless schemes of public plunder and civic corruption."

Let us eliminate this evil in this campaign.

Let us have a clean, business administration without a lot of ward heelers and party camp followers hanging around waiting for the plums that a victorious party is expected to shake from the well-grafted tree of public patronage.

Remember the words of Roosevelt:

Patriotism and Partisanism.

IN their city convention where the Democrats of Salt Lake met and endorsed the Citizens' ticket, the platform adopted contained the following declaration:

"We hold patriotism above partisanship and believe that one of the highest duties of citizenship is to secure an honest and efficient administration of public affairs."

In perfect good faith and for the good of the city the Democrats went into the Citizens' movement and fused with the welfare of the city made an appeal to

Republicans for the purposes of this campaign.

They nominated two Democrats and three Republicans on the general ticket and divided honors with the Republicans in all the municipal wards.

There is no ticket in the field on which are Democrats exclusively. To comply with the law this ticket will appear on the official ballot under the caption of the "Democratic Party," but it is the only fusion ticket in the field.

The fusion committee, anxious for concerted action and solicitors for the

patriotism of party leaders.

In the language of the committee's report the result was as follows:

"We invited the appointment by both the national parties of a conference committee to meet with a like committee from our party, with power to select from the candidates in the field or other suitable citizens, candidates for a fusion ticket. Numerous conferences were had, the Democratic party through its committee joining in the movement, but the Republican party, through its committee, failing to do so, finally determined to put a straight ticket in the field."

Further comment is unnecessary.

THIS IS THE ONLY FUSION TICKET IN THE FIELD

GOVERNOR NOEL

WELCOMES TAFT

For First Time in Its History Mississippi Receives a President At State Capital.

REFERS TO LAST CAMPAIGN.

Defeated Ones Know It Was by Best And Greatest Man in Ranks of Their Political Opponents.

Jackson, Miss., Nov. 1.—President Taft arrived here from New Orleans at 10 o'clock this morning, five minutes behind schedule. A reception committee headed by H. H. Henry escorted the president to the Edwards hotel, where a general reception committee of 200 Mississippians was awaiting him. Mr. Henry introduced the president, who thanked the members of the escort committee and then shook hands with all present. At 10 o'clock the parade was formed and President Taft and Gov. Noel in an automobile led the procession. The party proceeded to the agricultural buildings of the state fair where the president viewed the exhibits.

GOV. NOEL'S WELCOME.

At the rock track an immense throng was present. Flags were waved, bands played patriotic airs and the people cheered the president. He was introduced by Gov. Noel, who said: "Today for the first time in its history, Mississippi receives in the delightful opportunity of welcoming at its state capital, as its guests, the man whom our country as a whole honors by choosing as the head of our government, the greatest honor within the gift of any free people."

Gov. Noel here recounted events in the life of President Taft, as lawyer, governor and cabinet officer. He continued: "As to the great essential of good government, good people nearly all agree in demanding of those who seek the highest stations, unblemished honesty, skilled intelligence and proved efficiency. The questions of political management are points of less vital importance. Those of us who were against you, Mr. President, in last year's political

conflict, enjoy the satisfaction of knowing, as we were defeated, it was by the best and greatest man that could be found in the ranks of our political opponents; and our failure and your success proves that you and your policies most clearly reflected prevailing sentiment, and that you are clearly entitled to our loyal support in your discharge of the great powers with which you are invested, and we are entitled to, and I am sure will, receive all the benefits that flow from a just administration of the executive department of the federal government."

PRINCE ITO'S BODY RECEIVED IN TOKIO

Tokio, Nov. 1.—The body of Prince Ito, who was assassinated Oct. 25 by a Korean at Harbin, Manchuria, was received in this city this afternoon with honors commensurate with the distinguished career of the Japanese statesman.

The party of escort arrived at Yokosuka on board the warship Iwate just before 10 o'clock this morning and was met there by the family of the prince, a few of his most intimate friends including Count Inouye, Premier Katsura, and Admiral Baron M. Mori Saito and Baron Shigenori Goto, minister of communications. From Yokosuka a special train brought the party to Tokio. The scene at the railroad station here when the train arrived was remarkable. The platform was occupied by distinguished representatives of public and private life, including five princes. At Yokosuka, the privilege of guarding the casket had been relinquished by the navy and assumed by the army, and here it was placed in a carriage and drawn by troops through the streets to the Ito house. The route was lined with hundreds of thousands of mourners and from every house passed were displayed flags and crepe, the latter being of bright colors, as is the custom in Japan. The body will lie in state at the residence until Thursday, when the funeral will be held.
