A MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE

CHICAGO, ROCK ISLAND & PACIFIC R. R.

IS THE GREAT CONNECTING LINK BETWEEN THE EAST & THE WEST!

Its main line runs from Chicago to Council Bluffs, passing through Joliet, Ottawa, La Salle, Geneseo, Moline, Rock Island, Davenport, West Liberty, Iowa City, Marengo, Brooklyn, Grinnell, Des Moines (the capital of Iowa), Stuart, Atlantic, and Avoca; with branches from Bureau Junction to Peoria; Wilton Junction to Muscatine, Washington, Fairfield, Eldon, Belknap, Centreville, Princeton, Trenton, Lathrop, Cameron, Leavenworth, Atchison, and Kansas City; Washington to Sigourney, Oskaloosa, and Knoxville; Keokuk to Farmington, Bonaparte, Bentonsport, Independent, Eldon, Ottumwa, Eddyville, Oskaloosa, Pella, Monroe, and Des Moines; Newton to Monroe; Des Moines to Indianola and Winterset; Atlantic to Lewis and Audubon; and Avoca to Harlan. This is positively the only Railroad, which owns, and operates a through line from Chicago into the State of Kansas.

Through Express Passenger Trains, with Pullman Palace Cars attached, are run each way daily between CHICAGO AND PEORIA, KANSAS CITY, COUNCIL BLUFFS, LEAVENWORTH and ATCHISON. Through cars are also run between Minneapolis and St. Paul and Kansas City, via the "Milwaukee and Rock Island Short Line."

The "Great Rock Island" is magnificently equipped. Its road bed is simply perfect, and its track is laid with steel rails.

What will please you most will be the pleasure of enjoying your meals, while passing over the beautiful prairies of Illinois and Iowa, in one of our magnificent Dining Cars that accompany all Through Express Trains. You get an "entire meal, as good as is served in any first-class hotel, for seventy-five cents.

Appreciating the fact that a majority of the people prefer separate apartments for different purposes (and the immense passenger business of this line warranting it), we are pleased to announce that this Company runs *Pullman Palace Sleeping Cars* for sleeping purposes, and *Palace Dining Cars* for eating purposes only. One other great feature of our Palace Cars is a SMOKING SALOON where you can enjoy your "Havana" at all hours of the day.

Magnificent Iron Bridges span the Mississippi and Missouri rivers at all points crossed by our line, and transfers are avoided at Council Bluffs, Kansas City, Leavenworth, and Atchison connecting directly made in Union Depots.

At CHICAGO, with all diverging lines for the East and South.

A Paying Collision.

BOSTON, 14.—Charles E. Worthen, who sued the Grand Trunk Railway Company for damages received by a collision owing to the carelessness of the Company's servants in 1876, received a verdict yesterday for $15,000. On the first trial he was awarded $1,000, and on the second $26,000.

Indulgence Asked.

NEW YORK, 14.—At the Cotton Exchange to-day, Dodge, Potter & Co. notified the Board that in consequence of the decline in cotton and the delay of their customers in putting up margins, they were compelled to ask the indulgence of their creditors for a few days.

Hotel Man Dead.

Gen. James L. Mitchell, chief proprietor of the Brunswick, died suddenly to-night under circumstances indicating suicide. The hotel employes are very reticent about the cause of death and refused all information. He was proprietor for 30 years.

Massachusetts Republicans.

WORCESTER, 14.—The Republican State Convention, for the choice of four delegates to Chicago, meets here to-morrow. It is evident Edmunds' friends have a majority of the convention and the delegates will undoubtedly be in his favor.

FOREIGN.

GREAT BRITAIN.

Foreign Notes.

LONDON, 14.—Otero was executed at half-past 3. The authorities usually present on such occasions were on the scaffold, in the front of which a large crowd had assembled. Perfect order was maintained. The final visit was made Otero by Duke Desexto, Grand Chamberlain, who remained 20 minutes with him. It is not known whether the prisoner made any disclosures.

The crowd at the execution numbered 50,000, mostly women, and was very noisy.

In the Spanish Congress to-day, Carvajal urged the ministry to advise the King to use his progressive mercy in favor of persons condemned to death, and dwelt upon the sad spectacle the scaffold presented. The Minister of the Interior replied that the sight of persons assassinated was still sadder.

The Newmarket handicap was won by Lorillard's Wallestein; Hwald Dance, 2d; Simba, 3d; ten starters.

Betting at the start was 100 to eight against Wallenstein, 11 to two against Sword Dance, and 100 to eight against Simla. Jockey Weston rode Wallenstein. A start was effected in a blinding storm of rain. Almost as soon as the jockey's colors were discernable, Wallenstein on the highest ground showed in front of Sword Dance, Prologue and Simla. These at three-fourths of a mile from home were a long way clear of the rest. About two furlongs from the winning post, Prologue, Simla and Fashion were beaten, and Wallenstein striding away from Sword Dance won on a canter by three lengths. Simla was third, Rothschild's Fashion, who was a favorite in betting at five to two, came in fourth.

The Earl of Wemyss and March, father of Lord Elcho, died to-day, aged 84. Lord Elcho, who by the death of his father is transferred to the House of Lords, leaves a vacancy in the House of Commons for Huntingdonshire, from which he was returned by the Conservatives. A new election will be held and the Liberals now expect to win the seat.

The billiard match between Slosson and Vignaux continued in Paris to-night. Vignaux took up his run where he left it last night and added eighty points, making a total of 1,581 points without a miss, Slosson made great effort to restore his fortune and succeeded in achieving a run of 1,103 points, during which he was repeatedly cheered. Vignaux, however, scored 830 required for last night and won the match. In to-night's play Slosson scored 1,989 points, which added to his previous count, makes a total of 3,118. At the conclusion of the match Slosson asked Vignaux to give him his revenge. Vignaux has not agreed to do so yet, but it is probable the encounter will be resumed in a fortnight.

A Russian corps of observation will shortly be stationed in Turkistan, on the Chinese frontier, under the command of Kurapotekin, who was chief of General Skobeloff's staff during the Turkish war. Ten to fifteen vessels will go to the Chinese waters instead of at first announced, the whole Pacific fleet. They will be under Admiral Boutakoff, and will included the ironclad *Duke of Edinburg*.

The Moscow *Gazette* says: The reasons upon which China refuses to ratify the Kuldja treaty are that the mountain passes would remain in the possession of Russia, and 5,000,000 roubles might be better expended by China in military preparations.

Egypt has decided to occupy the Red Sea coast to Cape Gardafin, the entrance to the Arabian Gulf, and Ali Riza Pasha is appointed governor.

TURKEY.

An American Tried by Turkish Authorities.

CONSTANTINOPLE, 14.—The following are particulars of the conflict of jurisdiction between the United States Consul General and the Ottoman authorities, growing out of the arrest of American citizen for murder. The case comes directly before the American consulate, which involves a very important question of international right, and establishes a privileged position for American citizens. The treaty between the United States and Turkey stipulates that any American citizen having committed a penal offense must be delivered up to the American consulate for judgment. This is not the case with any other foreigners charged with a criminal offense. An Ottoman subject would be tried by an Ottoman judge and his case would be watched by the dragoman of his consulate. A month ago an American citizen established in business at Constantinople killed an Ottoman subject accidentally. He surrendered himself to the American consul after having remained hidden for a few days. Meantime the Turkish police seized everything in his warehouse in Galatl without having asked the assistance of the American consul. The accused is an importer of arms, and the minister of police forced a box of arms open and appropriated several revolvers, which example was followed by the other officials. Consul-general Heap, who is also charge d'affairs, was informed. After this act, and on the day previous to his surrender, he complained to Sawas Pasha, minister of foreign affairs, that the domicile of an American citizen had been violated and a robbery committed by police officials. On the surrender of the hostage, Heap informed the minister of police of the fact, stating, according to the stipulations between the United States and Turkey, he would himself try the prisoner. The minister of police has not appeared at the consulate, and Heap has informed Sawas Pasha that he will not surrender the prisoner to the Turkish tribunal, and that he expects evidence brought before the consular court.

Thus the case stands at present. If the prisoner is tried by Heap, other powers will claim similar privileges for their subjects.

A dispatch from Constantinople, cabled on the 10th and dated four days later than the above, says the prisoner had been tried, found guilty of manslaughter, and sentenced to two months' imprisonment, and that Heap declined to give him up to the Ottoman authorities.

The following dispatch was received from Constantinople to-night:

The American who was convicted of manslaughter before the consular court and sentenced to imprisonment for two months, has been sent to the American prison at Smyrna. He was conducted thither by Consul General Heap himself.

Fig. 1.

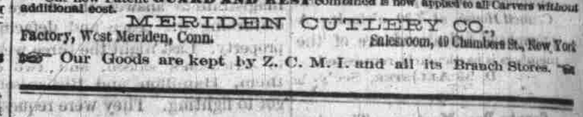

Fig. 2.

Is Superior for Hydraulic Mining, City Water Works, and all other purposes for which iron or wood is used to any pipe now manufactured. It combines

LIGHTNESS WITH STRENGTH

(Being from ⅓ to ¼ the weight of iron), and

CHEAPNESS WITH DURABILITY.

It is Made of the Best Oregon Pine, and is spirally Bound with Wrought Iron of Suitable Strength to Sustain any Required Pressure.

The whole Exterior is Completely Protected from Rust or Decay by a Thick Coating of Asphaltum, while the Interior being Constantly in contact with the water

WILL LAST FOR 50 YEARS.

It is from 50 to 75 per cent. Cheaper than the Iron Pipe, and will sustain a gravity head of 705 feet, or over 300 pounds pressure to the square inch.

It is already in use in many of the leading Cities of the Pacific Coast, and is rapidly taking the place of iron pipe along the lines of Western Railroads. It is used for Gas, Oil and Water. For full particulars, prices, Etc., address,
