

# LONE DEMOCRAT FROM ILLINOIS.

Mr. Rainey Makes a Speech  
Against the Alleged Iniquities  
Of the Tariff.

ATTACKS THE WATCH TRUST.

say Real Leaders of Republican Party  
Are the McCarthys, Mcalls  
And Hamiltons.

Washington, April 6.—Mr. Rainey (Ill.), immediately after the house met and the journal had been approved, resumed his speech on the alleged iniquities of the protective tariff. Using the watch trust as an object lesson to show how protection works in behalf of monopolies, the lone Democrat from Illinois in the national legislature set up a "kindergarten school for standard Republicans."

Mr. Rainey displayed a number of watches of American make, which he said had been bought abroad and are now being resold in the United States. "Why does the gentleman continue to speak of the watch trust?" asked Mr. Gardner (Mass.). "I am a stockholder in the Waltham company and I have no knowledge that they are in a trust."

"You may have to show that before the ways and means committee," retorted Mr. Rainey. Mr. Rainey read a letter from the speaker to a friend in the west, in which he stated that "tariff revision would come in the not distant future."

"How can it come if the speaker does not want it?" asked Mr. Sulzner (N. Y.). "It will come because the next house will be Democratic," responded Mr. Rainey, which brought a round of applause from the Democratic side. Mr. Rainey said in 1889 there were 17 watch factories in the United States. Now there are but 13. He said there are 15 per cent more men employed in the watch movement factories now than in 1889. But there are 600 per cent more women employed and 200 per cent more children, which Mr. Rainey thought, for the perpetuity of the race this condition ought to be investigated. Mr. Rainey asked the Republicans if he had been sufficiently explicit regarding the watch trust, whether he satisfied the chairman of the committee on ways and means. He charged Mr. Payne (N. Y.) with having gone about the chamber yesterday and would Republicans not to ask any questions.

"You must have been a mind reader," replied Mr. Payne. "There are no leaders on the majority side of this house," continued Mr. Rainey. "The real leaders of the Republican party are the McCarthys, Mcalls and Hamiltons—the Rockefeller, who skulk behind stone walls, to resist service—they are the real leaders of the Republican party."

Mr. Murdoch (Kas.) then spoke in favor of the bill denaturing alcohol. Mr. McCarthys (Ill.) spoke in behalf of better facilities for the Chicago post-office.

Mr. W. W. Kitchen (N. C.) opposed the special subsidy for railway mail facilities from Washington to Atlanta and New Orleans and from Kansas City, Mo. to Newton, Kan. He said these special appropriations were among the very first to be recommended for discontinuance by the postmaster general.

TO HELP RECLAMATION.

Washington, April 6.—The house committee on irrigation of arid lands today agreed to report a bill providing an administration for the reclamation service. It creates the office of secretary of reclamation bureau in the interior department at a salary of \$6,000 a year. Each year this office is to file a statement of the work to be done the coming year.

THE MOTHER BROKE DOWN.

When She Identified the Clothing of Her Murdered Little Boy.

Honolulu, March 31, via San Francisco, April 6.—The trial of the case of Frank Johnson, charged with the murder of five-year-old Simeon Wharton, has been before Judge Robinson for the past week and has been marked by remarkable dramatic scenes. The mother of the alleged victim was called as a witness and compelled to identify her boy's garments which were found soaked with blood. Several times she broke down in attempting to describe her search for Simeon, and the day of his disappearance, and the final discovery of his body, which had been cut to pieces and covered over with weeds and dirt.

CHARGED WITH BIGAMY.

Los Angeles, Cal., April 6.—James R. Wylie, once a minister of Methodist church South in New York, later a mining operator in Phoenix, Arizona, and more recently a carpenter in Los Angeles, has left his home at 535 Winston street in this city, and a warrant charging bigamy has been issued for his arrest. Mrs. Maude Wylie, who arrived here today from the east, says she is the man's lawful wife and swears to the charge of bigamy. Wylie, accompanied by the woman to whom he was married in this city Aug. 28, 1905, left here yesterday for New Mexico. Mrs. Wylie claims she and her husband were married in the east several years ago.

GEO. C. EASTON HANGED.

Sacramento, Cal., April 6.—George C. Easton was hanged at Folsom state prison today for the murder of Charles Horgan at Dixon, Solano county, November 2, 1904. Easton ascended the gallows with assistance and betrayed no fear of death. Before the black cap was adjusted, he thanked the guards and prison officials for their kind treatment.

GAMBLERS EXECUTED.

Warsaw, April 6.—Eight armed men today boarded the river steamer Wawel, plying between Warsaw and Plock, and when the vessel was in midstream ordered five gamblers who were playing in the cabin to go on deck, where the men then shot the gamblers, killing three and mortally wounding two. The men then ordered the captain of the Wawel to stop the steamer at a way station, where they landed and disappeared in the woods.

THE WINNING STROKE

If more than ordinary skill in playing brings the honors of the game to the winning player, so exceptional merit in a remedy ensures the commendation of the well informed, and as a reasonable amount of outdoor life and recreation is conducive to the health and strength, so does a perfect laxative tend to one's improvement in cases of constipation, biliousness, headaches, etc. It is all-important, however, in selecting a laxative, to choose one of known quality and excellence, like the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., a laxative which sweetens and cleanses the system effectually, when a laxative is needed, without any unpleasant after effects, as it acts naturally and gently on the internal organs, simply assisting nature when nature needs assistance, without griping, irritating, or debilitating the internal organs in any way. As the plants which are combined with the figs in the manufacture of Syrup of Figs are known to physicians to act most beneficially upon the system, the remedy has met with their general approval as a family laxative, a fact well worth considering in making purchases.

It is because of the fact that SYRUP OF FIGS is a remedy of known quality and excellence, and approved by physicians that has led to its use by so many millions of well informed people, who would not use any remedy of uncertain quality or inferior reputation. Every family should have a bottle of the genuine on hand at all times, to use when a laxative remedy is required. Please to remember that the genuine Syrup of Figs is for sale in bottles of one size only, by all reputable druggists and that full name of the company—California Fig Syrup Co., is plainly printed on the front of every package. Regular price, 50c per bottle.
