**LOGAN.**

The largest social event of the week and one of the most enjoyable was the afternoon tea given on Wednesday afternoon by the Misses Hattie, Florence and Alice Smith complimentary to Mrs. James W. Langton and Mrs. Guy Thatcher. Refreshments were served on the lawn from small tables which were most charmingly decorated with a variety of flowers, the guests finding their places by small bouquets corresponding to the center piece of each table. Mrs. Le Roy Cardon, Miss Gretta Cardon and Miss Maughan assisted in serving. About 50 guests were entertained. Mrs. Langton and Mrs. Thatcher received each a dainty gift from the hostesses.

Miss Blanche Caine entertained on Thursday afternoon for Miss Alice Cox. Miss Ida Mitchell will entertain informally on Saturday evening for Mrs. Guy Thatcher.

Miss Julia Amussen is visiting friends in Logan.

Miss Sarah Huntman entertained a few friends most pleasantly on Friday afternoon for the Misses Kyle.

SASH AND HAIR RIBBON TO MATCH.

Very rich, heavy ribbon with a warp printed floral pattern has been used for this effective sash, and the hair bow is made of the same ribbon in narrower width. Both ribbons are richly arranged with a generous amount of ribbon, the sash having two loops and ends falling even below the bottom of the skirt; and the hair bow being very full. Ribbon trimmings are so simple that when they are used for a dressy toilette a sufficient quantity of handsome ribbon should be used to avoid any effect of skiminess.

**EUREKA.**

A farewell party was given Tuesday evening at the L. D. S. meeting-house in honor of Wilford W. Freckleton, who left the following day to fill a mission to Scotland. A splendid program was rendered, followed by refreshments, and a general good time was had by everyone who attended. The Eureka band turned out and rendered several selections in his honor. Mr. Freckleton having been a member of the band for several years.

Miss Lou Theriot of Salt Lake has been the guest of her brother, Frank Theriot, and family, this week.

Mrs. James Strang has returned from a visit with friends at Richfield. She was accompanied to Eureka by her sister, Miss Rinda Larsen, who will spend a visit here.

John M. O'Neil and family returned this week from an extended visit of several weeks in the east. During his absence from Eureka Mr. O'Neil made a trip into the Cobalt mining district of Canada.

Miss Nora McCabe was tendered a birthday surprise party at her home Friday evening of last week. There were present about 20 guests, who had a most delightful time. The program of the evening included games, music and a very fine lunch.

Mr. and Mrs. John Gately, who were

The men of the family will like sashes in one-half inch pieces, and fry in one and one-half teaspoonfuls of melted butter six minutes. Add one spoonful of finely-chopped parsley. Put the mixture in six shirred egg dishes and slip two uncooked eggs in each dish. Bake in a moderate oven until the eggs are set, and serve at once.

Stuffed eggs when made after the following fashion have an epicurean taste. Cook six eggs until hard-boiled, and when cold cut in halves crosswise. Remove the yolks and mash three. Season the mashed yolks with three anchovies finely chopped, two teaspoonfuls of tarragon vinegar, one teaspoonful of French mustard, one-half teaspoonful of finely chopped capers, one-half teaspoonful of paprika, and salt to taste. When thoroughly mixed, shape into the form of the original yolks, and refill the whites. Place each egg on a slice of tomato seasoned with French dressing, and arrange on crisp lettuce-leaves.

If cut flowers from the florist's or garden are placed as soon as possible in cold water in which a little mild soap has been dissolved, making suds, they will keep fresh much longer than usual, and will even freshen up wonderfully if they have already drooped. Also, if one wishes to keep roses and bud for some time, a soft thread should be tied snugly around the bud, and when ready for use, even though several days after picking, the rose will be found as snug a bud as when tied up, and, moreover, will not shatter as soon as ordinarily.

The sandwich is the picnic standby, of course, and usually good ones can be made by baking a pan of little round rolls, cutting the tops nearly off when they are cold, scooping out some of the crumb, and filling them with chicken chopped and reduced to a stiff paste with cream. They may be seasoned highly with salt and black pepper, and celery salt if liked.—Woman's Home Companion for July.

**REGINALD'S REASON.**

The father of Reginald is very much opposed to nicknames, and when he heard his offspring refer to another boy as Billy the stern parent remonstrated. "Why do you call your little playmate Billy?" demanded the father of Reginald. "You surely must know that Billy is not his proper name."

"Yes, sir," replied Reginald. "His right name is Bill, but we call him Billy for short."—New York Times.

COOL AND PRACTICAL TENNIS COSTUME.

This is a sensible get-up for all kinds of summer outing wear. The linen crash skirt buttons all the way down the front and may be opened and spread out flat on the ironing-board. This skirt is quite short, so that it may well escape the ground even when heelless tennis slippers are worn. The blouse is a simple, roomy garment of cross-barred lawn, the neat turn-back collar and cuffs of linen being particularly dainty and neat in effect. The collar is finished by a little pleated lawn tie—washable, like all the rest of this trim costume.

**EGG BREAKER IS NOVEL.**

Device Makes Neat Circular Cut Just As Knife Does in Apple.

It is interesting to note the variety of inventions which have recently been brought forward to add to the comfort of diners and enhance the pleasure of the hours spent at the table. Pleasant as they already are to most of us.

A Colorado man has just introduced an egg breaker which reduces to a science the breaking of an egg and makes what was some times a painful operation an interesting bit of work. This device consists of an apparatus much like a pair of pincers, with wire handles and semi-circular jaws, each equipped with tiny teeth at the end. Above and below the jaws are conical springs, forming a receptacle and the hyaline of an egg.

The egg is placed in these springs and by gripping the handles of the device the jaws press upon it, cutting through the shell as neatly as a man might cut a piece of fruit with a knife. The egg is thus opened not only without soiling the cloth, but without burning the hands, which was the invariable experience in the old way.

**In Woman's World.**

Vegetarian Pies—Take any one of the flaked, ready-cooked breakfast foods, and mix with about half the quantity of rich cream, to form a moist paste. With this line a well-oiled pie-plate, molding it around the edges, to resemble ordinary pie-crust. Pour in a filling of custard, coconut, cream, lemon or apple, and bake in an ordinary pie-oven. While the filling is cooking, the crust will bake out dry and crisp, becoming firm enough to support the pie when it is taken from the pan. It forms a pastry as delicious as the lightest puff-paste, and has none of the indigestible qualities of the latter. A meringue should be placed on top, instead of an upper crust.

A Pretty Dessert—A pretty dessert served as a vegetarian dinner last summer was made by forming circles of boiled rice on little fruit-plates, piling up strawberries in the center of each, and pouring over it a ladleful of pineapple-juice well sweetened with sugar. All the ingredients were ice-cold, and the dish proved as refreshing as it was delicious.

"For the picnic luncheon-basket try Huntington eggs. Cut four hard-boiled eggs in halves crosswise, remove the yolks, and put the whites aside in pairs, otherwise you will make yourself extra work and trouble. Mash the yolks and add two tablespoonfuls of grated cheese, one tablespoonful of vinegar, one-fourth of a teaspoonful of mustard, and a few grains of cayenne, and salt to taste; then add enough melted butter to make the mixture of the right consistency to shape. Shape in the size of the original yolks, and refill the whites. Many prefer to omit the cheese and use in its stead finely-chopped chicken or ham or sardines separated into small pieces. Wrap each egg up separately in a square of fine paper of the correct size, and pack them in an egg-box (with the compartments), such as comes from the grocer.

Some one may have a pink cotton or linen dress all good, but badly faded. If so, put a piece of Turkey-red cheese-cloth in water, and boil till the color is right. The desired shade may be obtained by dipping a little of the dress. It will dry a bit lighter than when wet, and will leave an even color all over. One-eighth of a yard is more than enough for a dress. Navy-blue cheese-cloth may be used in the same manner to freshen the color of a light blue dress.

**Babies Defy Heat---Remedy FREE**

The summer is a very trying time for children. The child that is not robust becomes weaker still from the willing heat, while the full-blooded baby breaks out with sores and pimples because its blood is overheated. Then it also has to contend with the germs in food, water and fruit—the summer weather, such as eruptions, itchy skin, worms, diarrhea, summer complaint, etc., give it a dose of DR. CALDWELL'S SYRUP PEPSEN, tonight before putting it to bed. When the remedy acts, for it is a wonderful vegetable compound and in the opinion of thousands of mothers the best laxative tonic to be had, the child will quickly recover from its ailment. It will eat better and sleep better; it will want to play and not act peevish. Salts and purgative waters, tablets and pills are too violent for children. DR. CALDWELL'S SYRUP PEPSEN is not only pleasant to the taste, but it acts gently and without griping. A single bottle has often saved an entire family from serious sickness, for the basis of health is regular bowel movement and good digestion. A bottle of this remarkable cure can be had of any druggist at 50 cents or 25c. Thousands of families are never without it.

Those who have never yet used DR. CALDWELL'S SYRUP PEPSEN and would like to make a test of it before buying in the regular way of their druggist, can obtain a FREE SAMPLE BOTTLE either for themselves or any member of their family, by sending name and address to the doctor. The sample will be sent to your home free of charge. In this way you can find out what it will do without cost. Also, if you present difficulties that doctors and other remedies seem unable to overcome, write a letter to Dr. Caldwell explaining how the person suffers and he will give you his best advice. DR. CALDWELL'S SYRUP PEPSEN is based on half a century of experience in stomach, liver and bowel diseases, without charge. Women who have children should send for "SUMMER SUGGESTIONS TO MOTHERS," containing the doctor's advice on diet, hygiene, etc., in hot weather—a very important subject. The address is
