BREAKING GROUND FOR MILLING PLANT

Utah Copper Company Has Let Contract for Excavation and Concrete Work

CAMP IS NOW ESTABLISHED.

Pending Litigation Will Not Interfere With This Part of the Undertaking-Wbo Contractors Are.

Notwithstanding the litigation now pending in the courts in which Col. El. M. Wall is plaintiff and the Utah Copper company and its other officers are defendants, General Manager Jackting has received instructions from the executive offices of the company to procoed with the excavations for the proposed 2,500-ton concentrating mill on the site selected for it out near the location of the American Smelting & Re-

fining company's new copper plant.
On Saturday has the contract for the excavating and concrete work was let to Palmer & Tote of this city and the firm has its camp established and force is now busy breaking

A party connected with the contract-ing firm said during the day that there is nothing standing in the way of the company going ahead with the prelimcompany going ahead with the preliminary steps toward the construction of the plant, while it is hardly likely that the plant. While it is hardly likely that any other contracts will be let until a settlement of the controversy in the courts is arrived at, it has been deemed advisable to have the excavations doe and the foundations put in before the rigid weather of the winter season sets in carnest.

OPERATORS WERE VERY APPREHENSIVE

New York, Sept. 29.-A few gains were mingled with the pervailing losses at the opening of the stock market, and the volume of dealings was very much limited. Operations were conducted in the fear of a higher money rate today.

Apart from a quite general demonstration of weakness there was little feature to the first hours' business, and trading was the smallest of the week Chesapeake & Ohio surrendered all of its late gains of yesterday and a number of other stocks were down good fractions. Illinois Central, Union Paeific, C. & O., St. Louis, Southwestern preferred, Lake Erie & Western, Metropolitan Street railway, United States Rubber and Eric declined 1 to 14, and Sloss-Sheffield Steel preferred, 2.
