Stephen J. P. Packard, United  
tes consul at Liverpool banquet-  
the masters of American ships  
this harbor, and others, last  
nt, in commemoration of Inde-  
ndence Day. Over 100 persons  
re present. The banquet was less  
a private celebration than usual,  
the Mayor of Liverpool, and other  
stabilities were present.  
The weather all over Ireland up  
the present has been most favor-  
le. It is expected that the pota-  
e crop will be enormous. It pro-  
ses to exceed anything seen in  
eland since the period anterior to  
e famine of '47. The root and  
real crops are also luxuriant.  
The report in regard to the assa-  
sination of Hassan Pasha, governor  
Nevi Bazar, is confirmed. It was  
outless an act of private venge-  
ce. The State of affairs in Bul-  
aria and East Roumelia has at-  
tracted the attention of the two  
overnments.

The popular vote in the Canton  
f a law for the separation of church  
and state resulted in the rejection of  
the measure, 9,306 votes being cast  
against it and 4,064 for it. The  
number of votes on the rolls of the  
anton is 17,451.

There has been a severe shock of  
earthquake in Crieg, Canton of Va-  
ais, and many buildings were in-  
tured.

The Powers have addressed an en-  
ergetic collective note to the govern-  
ment of Morocco demanding reli-  
gious liberty for all subjects of the  
Sultan.

The Sultan with his ministers  
have finally determined not to ac-  
cept the recommendations of the  
Berlin Conference.

LONDON, 7.—The chief points of  
Abeddin Pasha's scheme of reforms  
in Asia Minor are embodied in a  
note from the Porte to the Powers.  
Several Turkish ironclads, under  
the command of Hobart Pasha, start

ately to watch the coast.

It is stated that the Pope will not  
accept the resignation of Cardinal  
Nina, Papal Secretary of State.

The Belgian minister has left  
Rome for Brussels after removing  
the insignia of the legation.

Ex-Empress Eugenie left Cape-

#### EDITORIAL NOTES.

The Widow Van Cott, the female  
revivalist, recently boasted to an  
eastern reporter that she had con-  
verted 350 souls at Clyde, New  
York. Correct, no doubt. But how  
much had the Lord to do with the  
conversion?

Some papers seem to be troubled  
because General Hancock has not  
figured in public civil affairs. For  
our part, we think one of his great  
recommendations to public favor is  
that he is not a politician.

Austria is getting so alarmed over  
the great increase of emigration to  
this country among the Hungarians  
that the Vienna government pro-  
poses to give tracts of land to the  
more destitute. The tide of immi-  
gration towards the United States  
from all countries is really remark-  
able.

Reports continue to come of the  
great improvement in Palestine,  
the cleaning, lighting and watering  
of Jerusalem, the waking up of  
Bethlehem and Nazareth, and the  
rapid increase of Jewish residents in  
the land of their forefathers. "Now  
is the day of Israel."

The "Mormon Battalion" marched  
to Mexico to fight the battles of  
their country, but they must not  
march on the soil which they helped  
to conquer, on the day sacred to lib-  
erty, under the penalty of fine and  
imprisonment.

An Alabama editor, in concluding  
an article on the corn crop, said:  
"We have on exhibition, in our  
sanctum, a magnificent pair of ears."  
And he failed to see anything funny  
about it, next day, when his friends  
casually mentioned the matter in his  
presence.

You may celebrate the "Glorious  
Fourth" as imported officials dic-  
tate, but you must not walk in uni-

form to the sound of fife and drum,  
or shoulder a gun empty or loaded,  
on the day sacred to liberty and in-  
dependence. You are free to do as  
your would-be masters tell you.

Cincinnati has 6,000 manufactur-  
ing establishments, which employ  
70,000 hands. The annual produc-  
tion of these establishments is not  
less than \$150,000,000. It is esti-  
mated that they pay for labor every  
year, the princely sum of \$35,000,-  
000. It has several manufacturing  
concerns which are the largest of  
their kind in the world. When is  
Salt Lake going to take its place  
among the manufacturing centres of  
the country?

The Cincinnati Times is now  
amalgamated with the Star, and as  
the Times-Star is published in the  
eight-page form. We must confess  
that we do not admire the change,  
but if the double-named journal will  
only keep up the smartness, shrewd-  
ness, dignity and ability of the  
Times, which was always one of  
our favorite exchanges, we can put  
up with the small type and other  
departures from the newsy-looking  
and always interesting sheet, whose  
name is now rather awkwardly  
tacked on to another.
