SAVE YOUR HAIR | TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health demand it, the customs of social etiquette require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the crowning crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S
KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Vale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, of which the following is

A FAIR SPECIMEN

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

Specie Resumption.

NEW YORK, 2.—Flags are flying everywhere because of resumption; yet there is nothing at the treasury, banks, nor at any of the exchanges to make the day different from ordinarily dull days. Special arrangements sufficient to meet any demand had been made at the subtreasury to pay out gold for legal tender notes. The clerks in charge of the new department expected to be very busy, but they have very little to do even to close up the day's business. Reports from the leading banks agree that the amount of gold coming in to them is larger than the amount going out. Neither the banks in domestic or foreign transactions, nor the foreign bankers, nor even the speculators make any difference to-day between gold and legal tender and national bank notes. In the gold room dealings in gold have given way to dealings in United States bonds, the latter being all the business now done in that hall.

The clearing house clearings were conducted without any distinction between gold and paper. At the stock exchange the gold department was abolished and any quotations for gold forbidden in the future. This afternoon, the gold deal which for so many years, has indicated the changes in gold premium, was taken down.

The *Tribune* says: The subtreasury has ceased to keep coin and currency accounts separate, and therefore will make no daily reports of the amount of coin paid out for interest and called bonds and received for customs.

Gen. Hillhouse, United States sub-treasurer, states that resumption, so far as the working of his office was concerned, had been attended by most gratifying success, and that there appeared to be no demand for coin, payments thereof in exchange for paper being very insignificant. Up to 2 o'clock the sub-treasury had received over $500,000 in gold in exchange for which was issued legal tenders and certificates of deposit, while on the other hand it was estimated that the disbursements of coin for the day would not amount to over $125,000.

Chicago, 2.—There is little in Chicago financial circles to mark the advent of resumption day. The principal event of importance at the sub-treasury has been the largely increased demand for 4 per cent. governments. The demand for gold is confined to very few cases, the majority of applicants preferring currency.

Washington, 2.—To meet the inconvenience to merchants caused by the discontinuance of the issuing of coin certificates, it has been determined to issue such certificates for the special purpose of paying customs duties until Congress can act upon the matter.

Providence, 2.—The resumption of specie payments caused not a ripple in the banks or in financial circles. Very few wanted checks paid in gold, and some banks received more gold on deposit than they paid out. In all general business transactions, bills were preferred. Even savings banks depositors took their interest in bills rather than gold.

Purchase of Silver Bullion.

WASHINGTON, 2.—The Secretary of the Treasury, to-day, purchased 400,000 ounces of silver bullion at satisfactory prices. The number of bidders was not so large as usual, but the quantities offered were greater than in previous bids.

The Eight Florin Gold Piece.

A circular issued by the Treasury Department, to-day, makes the eight-florin gold piece the monetary unit of Austria, instead of the silver florin, as heretofore. This will put an end to the trouble for some time existing, by which Austrian imports appear to have been considerably overvalued.

Daring Robbery.

To-day, between 11 and 1 o'clock, a thief entered the government printing office and, watching his opportunity, took from the safe of the disbursing clerk a package of currency containing $10,000 intended for paying off the employees and for the purchase of material, and made his escape without observation. Detectives were immediately put to work, and it is thought the money will soon be recovered.

Order for Standard Silver Dollars.

Orders for 82,000 standard silver dollars were received at the Treasury Department, to-day. They will be delivered free of cost under the circular that went into effect yesterday.

Copying Reports.

The few copying clerks of the Attorney-General's office have been busily engaged for several weeks past in copying the reports of the United States marshals and district attorneys in South Carolina and Louisiana, in regard to the alleged southern outrages. The copies were made to be transmitted to the Senate in reply to the resolution of that body adopted December 9th, on motion Cameron (Wisconsin), calling upon the President for copies of the reports of United States marshals and other officials, and such other correspondence as he may have relative to the recent election in the states of South Carolina and Louisiana. Since the adjournment of Congress for the holidays, the Teller investigating committee have passed a resolution, calling upon the President and Attorney-General for information upon the same subject, and the Attorney-General will probably forward to the Teller committee the copies already made to be sent in response to the Senate resolution.

Thurman Answers Teller.

The following letter is self-explanatory:

WASHINGTON, January 1.

Hon. H. M. Teller, Chairman Select Committee of Investigation:

Dear Sir:—I have the honor to acknowledge the receipt of yours of the 21st ult., enclosing a copy of the resolution adopted by your committee, requesting me to furnish in writing such facts and such evidence as may be in my possession touching the matter involved in the amendment made on my motion to the resolution under which the committee is acting. Of course the committee does not suppose that the matters embraced in that amendment are within my personal knowledge or that of any one man. They relate to elections in every part of the republic, and allegations are, for the most part, to be found in the opening of his speech in support of his resolution.

On December 11th the senator from Maine distinctly stated that the resolution was based on accounts given in the press. The press has teemed with statements which, if true, require the investigation proposed by my amendment, and I have no doubt members of the committee read the newspapers quite as diligently as I do. It is probable they know where to look for sources of information as fully as I do, and they are charged with the responsibility of making the investigation and I am not. I beg respectfully to say that I take no part of it upon my shoulders. Nevertheless, as the amendment was offered in perfect good faith and with the firm belief that the matters it embrace require investigation quite as much as the matters contained in the orginal resolution, it will be proper for me, especially since the committee has requested it, to furnish such information touching the subject as may from time to time come under my observation. I therefore send herewith installment No. 1, consisting of, first, an editorial article cut from this morning's Washington *Post*; second, a copy of a petition of sixty odd citizens of New York to the House of Representatives, complaining of the illegal and oppressive conduct of John T. Davenport and other federal officials at the late election in New York city; and I am authorized by Hon. Fernando Wood, who presented the petition, to say that its statements are proved by sundry affidavits in his hands, and that he will, if requested, furnish the names of affiants and other witnesses to the said facts; third, a copy of an opinion of Judge Feedman touching the rights of certain naturalized citizens of New York, which rights were grossly violated by said Davenport, as set forth in said petition; fourth, I respectfully refer you to that portion of the speech of Senator Wallace, one of your number, delivered in the Senate on December 17th, 1878, which relates to the last election in Pennsylvania (see *Congressional Record*, Dec. 18th, page 28.) I also beg leave to refer you to the published letter of Hon. Wm. D. Kelley, of Pennsylvania, showing the means employed by federal officials and others to defeat his nomination and election. You have, no doubt, seen the letter in newspapers, if not, I will have a copy prepared for you; fifth, an editorial article from the *Argus and Patrol*, a paper of Montpelier, Vt., touching the election at Bennington, that state; a copy of the President's civil service order of June 22d, 1877, and as showing what attention has been paid to it, also what means were resorted to by the republican congressional committee of 1878. I enclose a circular of that committee, signed by Geo. C. Gorham, its secretary. This circular, it is said, was sent to nearly every person in the civil service of government, and to public contractors and others having relations with the government.

I am, very respectfully, your obedient servant,

A. G. THURMAN.

Public Debt Statement.

WASHINGTON, 2.—The debt statement shows an increase of debt, for December, of $1,233,785 and the following balances in the treasury: Coin; $224,385,477; currency, $4,515,550, currency held for redemption of fractional currency, $10,000,000; special deposit for redemption of certificates of deposit, $34,515,000; coin and silver certificates, $24,076,830; outstanding legal tenders, $346,681,016; fractional currency, $16,108,154.

Scarlet Fever.

ST. PAUL, 2.—Scarlet fever is decimating the miners at Silver Islets in Lake Superior. Sixteen out of 160 died in a week.

The Greenback Party.

BOSTON, 2.—About 100 delegates of the greenback party, from the several New England States, met here, to-day. A resolution favoring the forming of some greenback organization in which all the New England States shall be represented, was adopted. Wendell Phillips made an address in which he said he had endeavored to form a labor party, and it could not be done and he was glad of it. The committee reported the following plan of organization: That committees, one from each congressional district, be appointed who, together with the chairman and secretary of the State central committees, shall constitute the executive committee of the Union; also that the name of the greenback labor party of New England be given to the organization. A resolution was adopted that the paramount issue on the greenback-labor movement is the immediate substitution of greenbacks for national bank currency. Adjourned.

Conflagrations.

ELGIN, Ill., 2.—A fire, this morning, broke out in Town's block, corner of Chicago street and Fountain square, which spread to Schultz & Tolson's dry goods store and, aided by a high west wind, swept the the entire south side of Chicago street, causing a total loss, estimated at $100,000; insurance, $75,000.

TEETERVILLE, Ont., 2.—The house of Robert Baine, Brandy Creek River, burned to-day. Two young children alone in the building, were burned to death.

Sherman Congratulated.

NEW YORK, 2.—The Chamber of Commerce adopted resolutions felicitating the community upon resumption, congratulating Secretary Sherman for the success of his policy, recognizing the action of the city banks in co-operating with the treasury and thanking congress for the establishment of a national banking law. A resolution was also adopted calling upon congress to avert the danger attending the adoption of silver as a measure of values, by amending the existing law so as to further limit the coinage of the silver dollar and its use as a legal tender.

Gen. Garfield and the Honest Money League.

CHICAGO, 2.—Gen. James A. Garfield, who for the past few days has been a guest of the Commercial Club of Chicago, was invited by the honest money league to deliver an address to-night on the occasion of the meeting to celebrate the resumption of specie payment. The weather was intensely cold, the thermometer ranging from 18 deg. to 20 deg. below zero; but despite this inpropitious fact, Farewell Hall was comfortably filled with business men, who listened carefully to an able address, which was frequently and heartily applauded. T. M. Nichol, upon the conclusion of the remarks, offered the following resolutions, which were unanimously adopted:

Resolved, That our thanks are hereby tendered to Hon. James A. Garfield for the able exposition of sound financial views, to which we have just listened, and we hope that such practical and enlightened statesmanship may be extended until the entire people are educated in questions of political economy, and until false and delusive theories are banished from our midst.

Resolved, By the citizens of Chicago here assembled, in behalf of the great northwest, that we congratulate Hon. John Sherman, secretary of the treasury, on the successful return to specie payments, in the accomplishment of which good work he has taken such a distinguished part.

Weather Report.

CHICAGO, 2.—The weather began growing cold last night, early in the evening, and the mercury rapidly dropped, until early this morning, it stood at 19° to 23°, according to the position of the thermometer. The cold continued steadily during the day, but late to-night seems moderating a trifle. Points west, south and north of Chicago seem to have experienced even greater severity of temperature.

Louisville, 2.—The weather is 31° colder within the last 24 hours; navigation has been suspended. Resumption produced no comment.

Cleveland, 2.—It is 7° below; rapid change; snowstorm this afternoon. Gold paid out in small quantities only for pocket pieces, as a rule.

Montreal, 2.—A terrible snowstorm prevailed all day and trains from all points are delayed.

New York, 2.—The mercury has fallen 25° since 5 o'clock, and is still falling. It is now 5° above zero.

Buffalo, 2.—The wind is blowing a gale and a light fall of snow today has drifted badly. Trains on the Buffalo, New York and Pennsylvania Railroad are again stalled at Ebenezer and on the Buffalo and Southwestern, at Elma. Passengers are taking refuge from the intense cold in farmhouses in the vicinity. Trains are reported abandoned on the Lake Shore road east of Cleveland.

Yankton, D. T., 2.—Twenty-five degrees below last night.

St. Paul, 2.—It was 26° to 30° below zero last night.

Springfield, Ills., 2.—It is 20° below here. The fruit crop is reported injured greatly in this vicinity.

PURIFY THE LIFE CURRENT.
SCOVILL'S
Blood AND Liver Syrup
A PEERLESS REMEDY FOR
Scrofula, White Swellings, Cancer, Erysipelas, Chronic Sore Eyes, Gout, Syphilis, Tumors, Carbuncles, Salt Rheum,
And all Diseases indicative of
IMPURE CONDITION of the BLOOD

Cutaneous eruptions upon the face or body do not necessarily indicate the taint of Scrofula, but whether the insidious poison of that dire malady is present in the system or not, certain it is that
Scovill's Blood & Liver Syrup
completely cures such disorders. It wells virtue of Scrofula does exist in the every this matchless purifier will root out be it vestige of it. No eruptive malady, e scrofulous or otherwise, can resist thoteni rifying action of this safe and poten remedy, which renders the skin
CLEAR, SOFT AND BEAUTIFUL,
when ordinary medicine utterly fail to arrest the progress of scrofulous and other eruptive disorders, the persistent use of this incomparable depurent secures the desired result. From
THE ARRAY OF PROOF
of its reliability in our possession, we make the two following condensed extracts:

Mr. Samuel H. Matthews, of Germany Accomac Co., Va., states that his child, when a month old, was attacked with an eruption which covered its face and body, and, as converting them into "scarf," by one small box, but that two and a half bottles of Scovill's Blood and Liver Syrup effected a complete cure, without a scar.

Martin Robbins, Jr., writes that he suffered from Scrofulous White Swelling with twelve running sores on his legs, from which more than 100 pieces of bone slough-ed away, but by the time he had finished the twenty-fourth bottle of the SYRUP he was completely cured.

THIS GRAND REMEDY
is a compound of vegetable extracts, the chief of which are
Sarsaparilla and Stillingia.
The cures effected by
Scovill's Blood and Liver Syrup
are *absolute*, and their record is undefaced by failures. For sale by all Druggists.
Price, $1.00 per bottle.
