On Friday, February 16, 1917, in walking from the Temple to Valley House, a pair of black and white spotted dogs, one of which was named "Rover," were found by leaving at the Valley House.  
If you have a dog, please call on the undersigned at the Valley House, Salt Lake City.  
H. S. ELDREDGE, Supt.

The following named Elders will preach to-morrow in the Wards indicated, services commencing at two in the afternoon and six in the evening—  
Elder Orson Pratt in the Third Ward School-house in the afternoon.

Elder David McKenna in the Ninth Ward Meeting-house in the afternoon, and Elder Isaac Groo in the evening.  
Elder W. A. McMaster in the Eighteenth Ward, President Young's School-house, in the evening.  
Did Not Get In.—Charles Burton, missionary returning from Australia, did not reach home with Elder John Young yesterday, as stated, he having stopped over on the way, to visit friends.  
There will be a meeting of the Central Committee of the Young Men's Mutual Improvement Association to-morrow, at 4 p.m., in the Council House. All the members of the Committee are requested to attend.  
Committed to Jail.—The examination of Dr. Geron, on the charge of seduction, was concluded last evening, and Justice Pyper decided that he be held in \$500 bonds to await the action of the grand jury, in default of which he was committed to jail.  
A Northern Trip.—Bishop E. F. Sheets has just returned from a visit to the Bear Lake and Bear River Valley country, for which parts he left here two weeks ago to-day. He was met at Almy, near Evanston, by President C. C. Rich and Bishop William Budge, with whom he visited Randolph and Woodruff settlements, on Bear River, holding meetings at those places, and subsequently also meeting with the residents of Laketown, Fishhaven, Ovid, Liberty, Paris and St. Charles, and found everywhere a good feeling prevailing among the people, who have been rejoicing in the mildest winter ever experienced in that region since its settlement. Bishop Sheets examined the church stock, under his charge, and found the animals doing well, the winter thus far having been so favorable as to necessitate but little feeding comparatively.  
From Indian Territory.—We were pleased to receive a call to-day from Mr. Robert Lake, from Indian Territory. He is a young man, grandson of the Chief of the Kiowa tribe, is nearly white, being only part Indian, and speaks good English. The circumstances which led to his coming to this Territory are of a peculiarly interesting and rather remarkable character, as showing the inclination and direction of the minds of the aborigines of America to inquire after the gospel of Christ, as it existed among their forefathers, in precise fulfillment of the inspired utterance of the "Book of Mormon." Mr. Lake is dressed in Indian fashion. He is stopping at the residence of Brother D. Huntington, and came from Ogden to-day, accompanied by Brother George W. Hill.  
A Murderous Contrivance.—Complainant has been entered with Justice Pyper against a person named M. Edwards, resident of the 15th Ward, for setting a trap for the purpose of inflicting serious injury, it might be death, upon parties upon whom it might be sprung. The trap in question is alleged to have consisted of a loaded pistol placed in the newspaper box of the accused, adjacent to his residence. This weapon was so arranged, with a string appliance, that when the lid of the box was raised the pistol was discharged. Last evening a lad raised the lid of the box, probably with the intention of inserting a valentine, when off went the pistol, the bullet coming so uncomfortably close to him as to pass through his clothing. A gentleman named Le Baron, who happened to be near by at the time, approached the spot to see what the matter was, and he incautiously raised the lid also, when the deadly weapon was discharged a second time, but luckily he was unharmed. The last named gentleman then took the string attachment, took out the weapon and examined it sufficiently close to see that it was loaded with leaden bullets.  
Edwards has been arrested and will have an examination or trial before Justice Pyper. We have not learned whether he is likely to be tried under a municipal ordinance or whether the case will be a matter that will necessarily come under the supervision of the grand jury. Be this as it may, if the allegations should be substantiated as made, they will show in the accused a disposition the extreme reverse of amiable. A most detestable and by no means brave method, this trap business, of seeking revenge for real or imaginary grievances. This is the first instance of the kind we have ever heard of hereabouts, and we hope, for the sake of humanity, there are no further mortalities in this region capable of resorting to it.

CHICAGO, 17.—The Journal's Washington special says that the Senate, on learning the action of the House adjourned till Monday morning, but not until Senator Rogers had taken an extremely bitter and partisan speech, assailing the whole electoral commission, and Bradley in particular, of whom he said his name would go down to history as disgraced and steeped in infamy, and who never had been mentioned by good men without blushes.
