

ASSAULT WITH INTENT TO KILL

Charge is Made Against Attorney Tyson S. Dines of Denver.

HIS VICTIM IS AN OLD MAN.

The Trouble Arose Over the Use of a Two-Party Telephone Line.

Denver, July 30.—Atty. Tyson S. Dines was bound over to the criminal court today to answer a charge of assault with intent to kill upon John K. Mullen, a wealthy flour manufacturer, who he beat with a dog whip on Sunday. Mr. Mullen today instructed his lawyers to draw papers in a \$50,000 damage suit against Mr. Dines. Mr. Dines admits that he assaulted Mr. Mullen, but claims justification.

The trouble between the two men arose over the use of a two-party telephone line. Mr. Mullen desired to call a physician for a member of his family, and he says that Mr. Dines' daughter, Virginia, had been talking with a friend over 30 minutes when he told her that he had urgent need to telephone immediately. He refused to relinquish the line, and told Mr. Mullen, he says, that he was no gentleman. He replied, according to both his and her statements, that no gentleman or lady would refuse to allow him to use the telephone a few minutes on an important matter.

When informed by his daughter of what Mr. Mullen had said to her, Mr. Dines armed himself and went to Mullen's house to demand an apology. Mr. Mullen invited him to talk the matter over but without success. Mr. Dines struck Mr. Mullen repeatedly with the whip and his fist, knocking him down and continuing to strike him after he was down. Mr. Mullen says that Mr. Dines also drew his revolver and threatened to shoot him and his wife, who witnessed the assault, but Mr. Dines asserts that the revolver fell from his pocket and that he had no intention of using it.

Mr. Mullen is 60 years of age and Mr. Dines 47, and Mr. Dines is a much more powerful man than Mr. Mullen. Mr. Dines is an executor of the estate of the late W. S. Stratton, the millionaire Cripple Creek mine owner.

Miss Dines declares that she had been using the telephone only three minutes when Mr. Mullen attempted to take the line from her.

ARMS SENT TO FINLAND.

Berlin, July 30.—A dispatch to the Vossische Zeitung from Liebeck says that 767 cases of arms and ammunition were shipped from there to Finland during July upon false clearing papers.

LOST IN A CANYON.

Oroville, Cal., July 30.—J. F. Kusick, formerly a New York broker and the son of a prominent engineer connected with the Western Pacific railroad, has been lost for three days in the canyon of the Feather river. He had no provisions and searching parties have been unable to find him.

TOOLE, THE ACTOR, DEAD.

Brighton, England, July 30.—John Lawrence Toole, the comedian, died here this evening, aged 76 years. John Lawrence Toole started life as a wine merchant's clerk. At the age of 20, he was advised by Charles Dickens to adopt the stage as a profession, which he did, making his first appearance in 1835. He became the leading comedian of his day in England.

FLATHEAD INDIAN TRAGEDY.

Butte, Mont., July 30.—A Miner special from Missoula says: Reports have been received here of a tragedy among the Indians of the Flathead reservation yesterday afternoon. An Indian named Finley ran amuck after drinking up on liquor, and is said to have shot and killed another red man, and seriously wounded a third at the St. Ignace mission. No particulars were learned, but Finley was arrested and taken to the agency to await investigation.

EIGHT HOURS FOR MINERS.

Wallace, Ida., July 30.—Following close on the announcement a few days ago by big mining companies of Coeur d'Alene that men inside mines would be granted an eight-hour day on Aug. 1, the companies today announced that all men employed in mills would be granted an eight-hour day, also, a reduction of four hours, and that other outside men will be reduced from ten to nine hours; was scaled \$2, and \$3.50. Three thousand miners will be affected by the change Wednesday.

A THOUSAND THANKS TO CUTICURA REMEDIES

"For over thirty-five years I was a severe sufferer from eczema. The eruption was not confined to any one place. It was all over my body, limbs, and even on my head. I have taken all kinds of medicine and have spent large sums of money for doctors, without avail. A short time ago I decided to try the Cuticura Remedies, and after using two cakes of Cuticura Soap, two boxes of Cuticura Ointment, and two bottles of Cuticura Resolvent, and completely cured. COMPLAINTS BY ISLE OF PINES AMERICANS.

New Orleans, July 30.—Bearing complaints about the alleged ill-treatment of Americans on the Isle of Pines, a committee of two from that island arrived tonight at Mississippi river quarantine station on their way to Washington to lay the complaints before the state department. One complaint says that a lumberman whose home was formerly in Wisconsin was recently hauled before a justice and fined because he filed a hole in a pavement in front of his home. An appeal to the United States for annexation is among the documents in possession of the committee, which consists of Capt. Miller of Chicago who operates a steamboat line between the Isle of Pines and Cuba, and Mr. Simms, a Michigan man, with timber interests in the latter island. Their steamer will not be released from quarantine until Wednesday.

SPREAD OF CHOLERA.

Dr. Heyser Believes that it is Due to Flies.

Washington, July 30.—The outbreak of cholera in various parts of the Philippines is due to the unusual number of flies in the islands. According to advices received by the bureau of insular affairs, this is the opinion of Dr. Heyser, head of the bureau of health in the islands. Orders have been issued for the screening of all places where food stuffs are kept, and a general campaign against the flies has begun.

HUGE PANTHER KILLED.

Redding, Cal., July 30.—The largest panther ever seen in northern California was killed by Frank Lockhardt today near Gregory, where it has been creating havoc among sheep herds. The animal was caught in a bear trap and measured 11 feet 6 inches in length and weighed 29 pounds.

BURNED TO DEATH.

Spokane, Wash., July 30.—A Coeur d'Alene dispatch to the Spokesman-Review says Ernest Miles and J. B. Stroup, both aged 24, were burned to death this morning. They were asleep in a house which burned at the wharf. The bodies were not discovered to the side of the burning boat until Wednesday.

DEPUTY COLLECTORS.

President Intends to Appoint Them Through Civil Service Examination.

Washington, July 30.—Pursuant to President Roosevelt's announced intention of appointing deputy collectors of internal revenue through the medium of the civil service commission on competitive examination, it was announced today that examinations will be held at Asheville, Statesville, Salisbury, Charlotte and Winston, North Carolina, Aug. 29, for clerk and office deputy collectors, gaugers and division deputy collectors. It is the first time in the history of civil service that "raising deputies" must secure their appointment under civil service rules. If the plan proves successful civil service rules will be applied to all other internal revenue districts.

COOK'S BODY RECOVERED.

Butte, Mont., July 30.—A Miner special from Bozeman says: The body of Hiram Cook, the Northern Pacific civil engineer, who was drowned in the Yellowstone river below Livingston about a week ago, has been recovered from the river at a point 14 miles east of where he went in.

A WOMAN DEPORTED.

Mrs. Czarne Feirstein Who Fled in Terror From Russian Riots.

Chicago, July 31.—Four federal judges on their vacations, probably are responsible through their simultaneous absence from the city for the deportation today of Mrs. Czarne Feirstein and her eight-year-old twins to Russia, whence they fled in terror of the riots less than a year ago. The three had been admitted to the United States on the perjured affidavit of a man who claimed Mrs. Feirstein was his mother. As soon as the family passed at Ellis Island, he eloped with the eldest daughter and disappeared. This left the mother helpless, and she was traced to Chicago by the immigration authorities and arrested. Then Probation Officer Minnie Jacobs, who had become interested in the case, undertook to find a federal judge who could stay the summary deportation proceedings, a local society having indicated its willingness to give bonds guaranteeing that Mrs. Feirstein would not become a public charge. Courtrooms and chambers in the federal building were all closed and Miss Jacobs spent yesterday in an unsuccessful hunt for the absent judge at her home. An injunction alone could stop the authorities. She appealed for more time, but Immigration Inspector Schubert announced that he would have to start for New York with the family today. Then she decided to risk an early morning trip to Highland Park after Judge Grosscup, only to learn that he, too, was away in Cincinnati.

HAMBURG FIRE COMPANY REFUSES TO PAY CLAIMS.

San Francisco, July 31.—The Transatlantic Fire Insurance company of Hamburg, Germany, has refused to pay San Francisco insurance claims, approximately \$4,000,000. The following statement was given by the company: "The Transatlantic Fire Insurance company denies liability on the ground that the losses arose from an overwhelming fire, due to a violation of Providence, for indemnity against the consequences of which the policy never was intended to provide and does not provide. Moreover, the attitude of the reinsuring companies at home compels the Transatlantic to assume this position."

ROCKEFELLER TALKS.

Nothing Can Make Him Cease to Love His Country.

New York, July 31.—Today's World says: John D. Rockefeller never was in better humor than when he left Tarrytown for Cleveland at 5:15 o'clock last evening, after having given one of the longest interviews he is known to have uttered.

"Sometimes things that are said of me are cruel and they hurt, but I am never a pessimist," he said to a reporter who visited his Pocantico estate. "I believe in men and the brotherhood of man and an confident that everything will come out for the good of all in the end. You are just a young man, but you can take my word. I am older than you and have seen the world; you can always believe in real men."

"As for Europe—well, it is nice, but I love my own country the best. Yes, all the hard things that one's own countrymen say of me can never be cruel enough to offset love of home and country."

After a moment, he added: "Now, remember, young man, I bear no ill will to any man. I am confident that there is more good than bad in the world, and I am full of the joy of living. I believe in the good of the world, and I am bound to see a good world to you. Be as persistent in all things as you have been in getting to me and you will always win."

PLUMBERS STRIKE.

New York, July 31.—The strike of Plumbers' union No. 2 against the Master Plumbers' association was declared off last night at a meeting of the union, pending negotiations for a settlement with the masters' association and local No. 480 of the United Association of Plumbers and Gasfitters of the United States and Canada. The strike has been in progress for about a month.

General Organizer Doolley of the United Association of Plumbers and Gasfitters has arrived here from Cincinnati and with other national officials will have a conference today with the officers of Plumbers' union No. 2 and local 480 with a view to an agreement between the two unions.

FOR A SCULPTOR'S HOME.

New York, July 31.—It was stated today that a wealthy friend of the movement started by the National Sculpture society to raise \$250,000 to build and endow a home for superannuated sculptors, architects and painters and had offered a valuable site on an exceedingly advantageous property. The property is on one of the most picturesque parts of the park and the valuable now, will be given to the society for the small amount it cost 20 years ago, \$500, provided an artist's home shall be erected thereon.

In addition to the \$10,000 given recently to the society in support of the movement, it is said that several of the most liberal patrons of art in this city will in the early fall make large contributions for the erection and endowment of the home.

TRIANGULAR TRUCE OF SHORT DURATION.

St. Petersburg, July 31.—As anticipated in these dispatches July 29 the triangular truce between Armenians, Tartars and the Russian troops before Shurba was of the briefest nature. The display of white flags and the naming of representatives of the warring forces to arrange a lasting truce, was but a prelude to the resumption of hostilities yesterday upon a larger and bloodier scale. The fighting is not only in full progress at Shusha itself (a town of 30,000 people) in the southeast of Tiflis, the Tartar quarter of which apparently is in flames, but it has spread to the surrounding country. There the Tartar population has risen and is striving to overwhelm the Armenians and the Russian troops. Gen. Neoloshchakov, in command of the Russian forces, has appealed urgently for reinforcements. A battalion of riflemen at Yelisevopol, the nearest point where there are soldiers, already has been dispatched to the scene. It is worthy of note that the Rus-

"DRUNKENNESS"

CIGARETTE AND TOBACCO HABITS CURED BY TRIB

Mr. Cliff Hockett, 1023 Fourth Ave., Seattle Wash., writes: "Until I took Trib I had been a hard tobacco user for twenty years. I have taken three other so-called cures, but never received a cure. Trib has completely cured me and I have no desire for tobacco. Do not believe I could use either liquor or tobacco if I wanted to. Before I took Trib I had a bad stomach, but now I feel like I could digest most anything."

slans, who in the disorders of last year, were accused of protecting the Tartars from Armenian attack are now themselves hard pressed by the Mohammedan hordes.

TUNNEL WORKERS GO OUT ON A STRIKE.

New York, July 31.—At a general conference last night of the United Tunnel Workers, affiliated with the International Brotherhood of Electrical Engineers, 500 tunnel workers employed by the United Engineering company at work upon tunnels under Manhattan from East Thirty-third street to West Thirty-first street were ordered out on strike. One thousand men employed at the Forty-second street and Thirty-third street East river tunnels, which will connect with Long Island city would, it was declared, strike at 7 o'clock this morning.

Demands are made by the electrical workers for 40 cents an hour and a uniform rate for all branches of tunnel industry. Steam drillers, firemen and caisson workers will strike in sympathy.

By tonight, unless the demands of the union are accepted, it is claimed by the men that all work on the tunnels under the Hudson and East rivers will be stopped. There was only one man at work under Manhattan last night, a negro, who refused to quit work when the other men went out at 10 o'clock.

Gustave Weinberger, chairman of the executive committee, issued a statement that the strike would be continued until a satisfactory arrangement on the scale of wages is outlined by the contracting company. Those affected by the demands of the workers are the United Engineering company, O'Rourke Construction company, New York Tunnel company and Pearson & Son.

At August Belmont an ultimatum was sent yesterday on behalf of the tunnel workers, who threaten a general strike in the new tunnel between Joralemon and Henry streets, Brooklyn and South Ferry. It stated that the tunnel workers desired arbitration of the union conditions in the tunnel and that considerable dissatisfaction existed concerning the open shop conditions introduced by the Crawford company subcontractors for the New York Tunnel company.
