Heed the Red Flag of Danger.

Red Minples, blotches, bolls, sores are danger signals of torpid liver, poisoned blood. Cascarets Candy Cathartic will save you. All druggists 10c, 25c, 50c.

Thousands suffer with torpid liver, producing great depression of spirits, indigestion, constipation, headache, etc. HERBINE will stimulate the liver, keep the bowels regular, and restore a healthful buoyancy of spirits. Price, 60 cents. Z. C. M. I. Drug Dept.

Take life as it comes, and make the most of all circumstances, but for a bad cough or cold, take BALLARD'S HOREHOUND SYRUP, the best known remedy for quick relief and sure cure. Price 50 cents, Z. C. M. I. Drug Dent Dept.

MACAZINES, Old Books, Music and Magazines. Put

them in strong new covers for preser-vation. Many records of value can be saved by having them bound. The day night from the Jesse Ewing can-yon. He has been directing the work in the Ex (the old Jesse Ewing tunnel). News bindery can do the work in any form at any price.

form at any price. WHITE'S CREAM VERMIFUGE is essentially the child's tonic. It im-proves the digestion and assimilation of food, strengthening the nervous system and restoring them to the health, vigor and restoring them to the health, vigor and elasticity of spirits natural to child-hood. Price, 25 cents. Z. C. M. I. Drug Dept.

MINING IN THE SOUTH. Favorable in the Buckskin District - Activity at Bunkerville. Joe Price came up from his mine in the Buckskin district Monday on his way to Salt Lake City, says the Dixie About twenty-five men were laid off at the Godiva today. The main work-ing shaft will be sunk considerably deeper and as soon as possible the working force will be increased to its

Falcon. He reports the outlook favor-able to considerable activity in that district. He has given Dr. J. C. E. Kane, one of the late lessees of the Apex mine, an option of sixty days upon usual standard. his property there. The mine, which is but very little developed, has a good The following Bull Valley items are showing of 44 per cent copper. About the first of October it is expected that taken from the Dixle Falcon The Vulture mine has five feet of ore in the face of the new tunnel, which assays \$12,00 in gold per ton. The own-ers will not resume work until Decemtwenty men will be put to work upon the property. The ore will be worked by the sulphurous acid process in Salt Lake City. Considerable mining activity is beper, when good results can be looked

ing seen in the vicinity of Bunkerville. The Surprise mine is working three shifts 200 feet. Water has been struck The Pickadilly mine has just made a shipment of silver-lead ore to Salt Lake, the returns of which have not in the mine and there is talk of a steam yet been received the ores of this mine carry values averaging 40 per cent lead, 35 ounces in silver and \$10.00 in hoist being put in soon. George Adams, of Eureka, and S. L. Adams, of Provo, who had been looking after mining property, left for their Marr & Co., of Mercur, have some promising prospects on the West Fork. The Violet mine has three feel of gold milling ore that goes \$25.00 in gold and 7 ounces in sliver per ton. The owners

homes Sunday. The smelter of the St. George Min-ing Company closed down Wednesday after a short run. Nineteen tons of bullion was the result.

ITEMS FROM VERNAL.

Copper Summit Smelter Doing Well

- Copper Prospects in Wyoming. Manager Sawyer, of the Uintah Copper Summit company, was in Ver-nal Sunday. From him we learned that the smelter has turned out over 109 tons of copper buillon since it was started up in July. They have had some difficulty in keeping the furnace 2214

Miner Entombed.

develop it into a good mine.

are now on the way from Salt Lake to

The Bonanza mine has had two men

at exploratory work for the past month and have now decided on running a

tunnel to tap the vein at a depth of one hundred fifty feet. This mine lies im-mediately North of the Vulture in the same vein, and all it needs is work to develop it into a most refer

work

Spokane, Wash., Sept. 12.-Barney Connelly, who was entombed for sixty working because the ore that was put in the bins at the smelter last summer hours in the Park tunnel above Mullan Idaho, by a cave-in, has been rescued was not sampled with sufficient care. The hands also had to become accus-He was so weak and so badly injured that it was impossible to bring him tomed to their various tasks, and Supt Short had to learn by experience some down the mountain to-Mulian, but he f the minor details in the handling of he smelter. The average run per day, will recover.

Profits of Mining.

including stops, has been 6,000 pounds of copper builton, though on several occasions they have put out six and as high as seven tons per day. They expect to make a daily average of six According to the tables published in According to the tholes published in the Engineering and Mining Journal, the dividends pald by American mining companies in August amounted to 83,-066,154,and forthe seven months ending August 31st to \$27,195,530. Although great pains has been taken to extend the dividend list and to obtain informatons from now on. They will be able to run continuously for several months with the exception of occasional stops to reline the furnace, as the brick linthe dividend list and to obtain informa-tion wherever possible with regard to ing burns out about every ten days. The mme is still looking well. They are uncovering small bodies of high grade ore occasionally but the locasuch payments, and although many of-ficers of companies have given aid by furnishing the necessary reports, the total given in the table falls very far tion of the mother lode is still un-known, though the management confi-dently expect to find it long before the rich perkets that they now have are below the actual profits paid by ameri-can mines to their owners. There are many mines held by private owners, and many more which are close corpor-ations and will not give information E. J. Longhurst has returned from an extended visit among relatives in Bear Late county, Idaho, and Rich county, Utah. While away he became interas to their operations and payments. The lists are much larger than any ever

published before, but it is believed that they represent less than half the real ested in a number of promising copper prospects near Woodruff, Rich county, mining profits distributed. However, the prospects are located over the line into Wyoming about fif-

The Brownstone Quarries.

een tailes from Alma, the ill fated coal Col. S. T. Pearson came up from the dt. Nebo Brownstone quarries last camp. The copper lays in a lime for-mation, and it has never been pros-protect to any extent. The croppings Mt. evening, where he has been superinpected to any extent. The croppings are very promising, samples of the ore evening, where he has been superin-tending operations for the past two weeks. The colonel reports the abip-ments of rock this year greatly in ex-cess of last year's output. At present having assayed as high as 64 per cent. The present owners are hadness men in Randolph and Woodruff, having had no experience in mining. They have no experience in mining. They have turned the properties over to Mr. twenty men are employed with pros-pects of their being continued until Longhurst to dispose of, James Hacking returned last Satur, snow flies, at which time the high altiwill make it imperative to quit for the season.

Nome Law Suits.

A dispatch from Seattle, Wash., says that already almost boundless numbers of lawsuits over Nome creek claims was on August 20th increased by the filing of still another action by H. L. Blake, Chris Kimber and F. L. Porter against J. L. Hagelin, John Boynetson, N. O. Holtberg and E. O. Lindblom. The suit involves practically all the developed have seen the mine since the strike, involves practically all the developed
