THE BAND OF BUTCHERS.

Excitement Over the Supposed Bender Arrest.

OMAHA, 3.—This morning quite a sensation was created here by the arrest of a party supposed to be Jno. Bender, Jr., and family. They had a gray horse and a bay mule and covered wagon. The man, wife and three children were sunburned and dark as gipsies. Upon investigation, however, they gave a good account of themselves. They said they came from Johnson City, Kansas, last year, crossed the Missouri River at Omaha and went to Minnesota, recently returned via Sioux City and Nebraska City and were now *en route* to Illinois. They and their outfit in many respects answered the description of young Bender's party and outfit. They were discharged and soon departed.

W. H. Riley, of this city, is positive that he saw the Bender party between Crescent and Council Bluffs last evening, as he was on his way home to this city. He informed Sheriff Guy, and to day Riley left for Crescent again to make search. It is generally thought that the young Benders are now in Western Iowa, within a radius of 40 or 50 miles of Council Bluffs.

A letter received here to-day would seem to lead to the conclusion that old Bender and wife had no one with them, and that their name is McGregor. The letter states: After all old Bender has not been captured, but that the prisoner's story that he happened to be sick at Bender's while the murders were going on may be true. The letter is as follows:

Clarksville, Neb., Aug. 3.

The old couple arrived at Fremont supposed to be the Bender butchers, of Kansas, passed here on the 12th of July on foot, going east. I did not see any others with them. The same couple passed up west through here, on foot, in May, 1879. They stopped at my house over night, and said they were going up the Northwest Nebraska to take up land claims. They said their name was McGregor. The old man called his woman Nancy McGregor. Yours, etc.,

J. S. DUNHAM.

It will be borne in mind that the old man has all along maintained that his name is McGregor, nevertheless, he has contradicted himself in many ways, and to-day the belief is stronger than ever that he is the original old Bender. He and the old woman will be given a most rigid examination. They are to have their pictures taken.

Tanner's Task.

NEW YORK, 3.—Dr. Tanner read his mail at 4 o'clock and over some queer letters had a good laugh. He then dozed until 6 o'clock when he vomited a small quantity of matter. Soon after he got up and went to get shaved, four watchers followed him to the barber shop. After an hour's absence the party returned to the hall and the doctor said he felt first rate. He looked much stronger than previously. At 7.45 in the evening he had another attack of nausea and vomited a small quantity of frothy liquid devoid of bile. He passed the time between this and 9 o'clock receiving visitors, all of whom were asked to retire as soon as they got a good look at him. He complained of the annoyance of being stared at. Between 8 and 9 o'clock he drank an ounce of spring water and entered into a discussi n as to the genuiness of Dr. Sims' cable from Paris which Dr. Hammon considers bogus. At nine o'clock he retired for the night. At midnight he was apparently in a sound sleep. He consumed about two-thirds of a pint of water during the twenty-four hours. He has exactly three and one-half days more to fast.

A Smuggling Marksman.

Colonel Bodin, of the American Rifle Team, arrived from England yesterday in the steamer *City of Chester*. He had with him a gun case, which being opened and examined by custom house officers, was found to contain a quantity of dutiable articles, such as six pair of ladies' silk hose, six ladies' silk scarfs, a large lot of four-buttoned kid gloves, new ivory comb and brush, and 134 yards of black silk. The case and contents were sent to the seizure room. The duty on the goods amounts to about $140. They are liable to forfeiture.

Receiver Appointed.

Mr. John A. Rice, of the Tremon House, Chicago, late of Baldwin's, San Francisco, has been appointed Receiver, by the request of all parties interested, of the Rockaway Beach Improvement Company, and proposes to open the hotel next week.

The American Rifle Association to-day formally thanked Col. Bodine and team for the unparalleled achievements at Dollymount.

Mining Exchange.

The *World* says: There was considerable improvement in the amount of business done at the New York Mining Stock exchange to-day, the sales amounting to 54,430 shares, against 41,000 yesterday. The market has been weak, and closes with loss for almost the entire list. Amie has been weak on news that a quorum was not obtained either to-day or yesterday at the directors' meeting, called to pass upon the question of a dividend. At the company's office it is stated that, however, that the funds in hand are sufficient.

Work on the Tunnel.

Work at the Hudson River Tunnel moves forward with aggravating slowness, the water being beyond the control of the two pumps now employed. This morning it had flooded the newly formed excavation up to the base of the rotary pumps which are intended to carry it away, making it impossible for the men to work. It is proposed to put up a third pump. The two now at work have a combined capacity of 1,600 gallons per minute.

Vagrant Cat Nuisance.

The aldermen have adopted a resolution providing for the capture and drowning of vagrant cats.

Washington News.

WASHINGTON, 3.—Admiral Wyman, who recently proceeded to Santiago De Cuba to investigate alleged indignities offered the American flag, in Cuban waters, by the Spanish gunboat *Canto*, reached Washington this afternoon. After calling upon Commodore Jeffers, acting secretary of the Navy, the Admiral visited Secretary Evarts and explained to him in detail the position of the *Canto* at the time of the interception of the American schooners *Merritt* and *Newcombe*, as laid down upon the charts prepared by the officers of the *Canto*. Admiral Wyman reiterates the statement made in his report that the Spanish authorities made no secret of the matter, but freely extended to him the privilege of examining the report of the commander of the *Canto*, and unequivocally disavowed any intentional insult to our flag or commission of any act at variance with the usages of civilized countries.

The United States consul at Port Said says: The business depression in Canada would seem to result in an exodus of some of the best citizens. The emigrants who crossed over at that point alone during the year ending June 30th, 1880, and who declared their intentions of becoming permanent residents of the United States, numbered 77,059.

At a cabinet meeting to-day, the Spanish difficulties were referred to, but in consequence of a statement made by Commodore Jefferson, representing the Navy Department, that the arrival of Admiral Wyman was expected within the next 24 hours, with full details of his recent investigation, consideration of the subject was postponed.

GARFIELD'S DOINGS.

His Speech and Travels.

CLEVELAND, 3. — The Soldiers' Monument was dedicated to-day at Ashtabula, General Garfield and party assisting in the ceremonies. In a brief speech, Gen. Garfield said there had been a mistake made in announcing that he was to make a speech, but he could not look upon a great audience in Ashtabula County, recognizing so many old faces and old friends, without at least saying good bye before he left. "If I had time to stay here long enough," he continued, "the influence and presence of this audience, and the monument in the square, would force a speech from me. Ideas are the only things in this universe that are immortal. Some people think that soldiers are chiefly renowned for courage. That is one of the cheapest and commonest qualities. We share it with the brutes. The difference between them and us is this: they never hold reunions to celebrate their victories; they never build monuments over their slain comrades. Why? Because they have no ideas beyond their warfare. Our race has ideas, and because ideas are immortal, if they be true, we build monuments to them. The dead are past our help and past our praises. We can give to them no glory; we can give to them no immortality. They do not need us, but forever and ever more we need them. The glory that trailed in the clouds behind them after their sun had set falls with benediction on us who are living, and it is to commemorate the immortality of the ideas for which they fought that you assemble to-day and dedicate your monument that points up toward God who leads beyond."

After expressing the gratification and joy it afforded him to meet his neighbors and sharing with them the memories and inspiration the celebration caused, Gen. Garfield concluded by introducing Gen. Ben Harrison.

General Garfield left his home at Mentor this afternoon for the east. He was met at Geneva, Ohio, by Congressman Conger, of Michigan, B. R. Harrison and Orth, of Indiana, and General Straight, of Indiana. The party go to New York to attend a conference of the National republican committee and distinguished men of that party, including prominent journalists.

Erie, Pa., 3.—About 2,500 persons assembled at the depot to welcome General Garfield and party on their way to the Republican Conference at New York. Gen. Garfield merely thanked the crowd for its enthusiasm and introduced Hon. O. D. Conger and General Ben. H. Harrison, who made brief speeches. Harrison was interrupted by "all aboard," and said his speech making must be deferred as "General Garfield is a man who never gets left."

Philadelphia Notes.

PHILADELPHIA, 3.—During the progress of a fire in a mattress factory on North Second Street, this evening, Elizabeth Oglesby and Emma Barnes leaped from the third story window to the ground, the former sustaining injuries which will probably prove fatal. Miss Barnes escaped with a cut on the head and a few burns.

Rev. Thomas B. Miller was held in bonds of $2,000 to answer for his share in the alleged fraudulent practices of the Philadelphia University of Medicine and Surgery. The Court refused to reduce the bail, $4,000, of Dr. Chas. H. Kehnroth, of Buchanan Medical College.

Wool quiet and prices irregular; supply light. Oregon and California wools not quoted, there being none in the market. New Mexican and Colorado fine, 19 @ 25; medium 25 @ 28; coarse, carpet wool, 20 @ 22.

Nominations.

CARLISLE, Pa., 3.—The republican convention nominated for Congress Chas. J. Little, professor at Dickinson College.

Bay City, Mich., 3.—Rosswell G. Harr was to-day renominated by acclamation by the republicans of the 8th Michigan district.

Charleston, S. C., 3.—Representative O'Connor has been renominated for Congress by the democrats of the Second district.

Detroit, 3.—Hon. J. A. Hubbell was renominated to-day by the republicans of the Ninth Congressional district.

St. Louis, 3.—The democrats of the Third district in this city, nominated R. Graham Frost for Congress by acclamation.

Election.

PORTSMOUTH, 3.—The municipal election in this city to-day resulted in a republican victory, Major W. H. Size being elected for a third term by 97 majority and a plurality of 102. The board of aldermen and common council stands the same as last year, six republicans and three democrats in the latter. The opposition candidate was Josiah H. Morrison, brother-in-law of Congressman Frank Jones.

Criminal News.

SAN FRANCISCO, 3.—Schroeder, who killed Dr. Lefevre in Oakland, was to-day held to answer without bail. Counsel gave notice of application to the Supreme Court for habeas corpus.

T. Ike, on his release yesterday from the penitentiary at San Quentin where he has been serving a three years' term for counterfeiting, was arrested on the charge of larceny of $10,000 worth of jewelry from J. Eates, of Davidson, Tennessee, and taken east on a requisition from the governor of Tennessee.

Gould's Energy.

CHICAGO, 3.—The *Inter-Ocean's* Washington special reports that Jay Gould is contemplating a severe blow at the Northern Pacific, by building a branch of the Union Pacific to Puget Sound, taking Cheyenne as a starting point. While he proposes to reach Puget Sound ahead of rivals, he expects to make a paying stopping place at the National Park, on the Yellowstone.

Honor to Charlotte Cushman.

BOSTON, 3.—In a few days, a monument will be erected in Mount Auburn, over the remains of Charlotte Cushman. It is an obelisk of Hallowell granite, the design being an exact production of Cleopatra's Needle as it stood at Heliopolis.

Salt Report.

BAY CITY, Mich., 3.—The report of the State Salt Inspector shows that for eight months of the season since December 1st last, the Michigan salt wells produced 1,498,461 barrels, being an increase of 397,403 over the same period last year.

Fire.

ST. LOUIS, 3. — The extensive works of the St. Louis Sewer Pipe Co., owned by Isaac L. Downes, situated on Austin Avenue, was partially burned to-night. Loss $35,000 to $40,000.

FOREIGN.

GREAT BRITAIN.

Foreign News.

LONDON, 3.—The *Times* has the following from Candahar, August 2nd: On the morning of July 27th, General Burrows engaged Ayoob Kahn's force of 12,000 (?) men and 29 guns, fifty miles beyond Candahar. After four hours severe fighting General Burrows was repulsed and forced to retreat to Candahar. The British loss was 20 officers, 1,000 Europeans and 800 natives killed and missing, most of the losses occurring in the retreat. Three horse artillery guns were abandoned. Preparations are making for siege in Candahar.

The *Times* says: The foregoing news was brought in by native messengers from Candahar and telegraphed from Kitta Abdulla post, 44 miles on the Candahar side of Quettah. We may assume that the messengers left Candaha on Saturday. We learn for the first time that General Burrows was the assailant, and as the Afghans do not take prisoners, we fear all the missing may be reckoned as killed. The upshot of the story is that out of 2,400 men, not more than half, some of whom are wounded, followed General Burrows into Candahar.

News is expected from General Primrose at Candahar by native runners in about two days. The government here can't spare any troops for reinforcements.

The *Post's* Berlin dispatch reports that the customs revenue is recovering from the long stagnation. The receipts for June exceeded by two million marks the receipts for the same month last year.

Gladstone passed a fair night. No increase in his local malady nor in the fever.

In the House of Commons the Marquis of Hartington announced the recall of Sir Bartle Frere. The Marquis and Earl Kimberly, in making the announcement, said the government took the step with regret, because while Sir Bartle Frere's views differ from the views of the ministers on important questions, the ministers fully recognize his high personal qualities and distinguished services.

The French Departmental Councils will help to elect senators, though they are greatly outnumbered in that capacity by the municipal delegates. The five members of the cabinet who were candidates, are all elected. Duke D'Aumale has been re-elected, Prince Charles Bonaparte retired from a hopeless contest in Corsica, Rouken retired on the ground of age. Admiral De La Rouciere Le Moury has to stand a second ballot, Brunet, former minister, is defeated. Peralde, Bonapartist Senator, is defeated in the Department of Gero.

Gladstone is progressing favorably.

In the House of Commons this afternoon, the Marquis of Hartington said the Government had no news from Candahar or from that line of frontier. Telegrams have been received to-day from the Viceroy, which referred to Cabul advices certainly as late as the 1st inst. It contained nothing about communications being interrupted and no alarming news whatever, and stated up to the 1st inst. negotiations with Abdurrahman Khan were proceeding.

The *Times* says the telegram from its correspondent at Candahar is in harmony with the statement that General Burrows' cavalry and artillery were enticed into an ambuscade. Putting the various scraps of intelligence together we are inclined to believe the Afghans tried to get into the rear of our forces. The fact that most of the losses are said to have occurred during what is euphemistically termed the retreat, is strong proof that the action ended in an utter route of the force. Though the brigade is not literally annihilated, it will, owing to wounds, exhaustion and demoralization for the present add very little to the general province's strength. The new preparations which are making for the siege are very bad and by no means satisfy the public craving for details.
