IDAHO GOING DRY.

If is confidently asserted by those competent to judge that, if local option elections were held in Idaho this fall, two-thirds of the counties of the state would vote "dry." Oneida county and Latah eounty have both gone "dry" under the old iaw, and these are two representative counties of the state, the former in the southern part and the latter in the northern part.

THIEVES BLOW UP SAFE.

Early Sunday morning a yeggman cut his way through the back door of a Main street saloon, "The Mint," and blew open the safe and carried off the money it contained. The robbers se-cured \$380 in cash, and no clue is left for the police to work upon. One sus-pect is now under arrest, but the police pect is now under arrest, but the police are not very hopeful of making any-thing out of him. Nitro-glycerine was used in blowing open the safe, and in an excessive quantity, it would appear, as the safe is completely demolished. Several people reported the following day as having heard the explosion; but did not imagine at the time it was the result of safe cracking.

. (Special Correspondence,) DRIGGS, July 26.—The towns of Pratt, Darbey and Driggs celebrated the 24th in grand style. A most interesting program was rendered in the forenoon and in the afternoon sports, such as horse racing, ball games, footracing, were indulged in.

The main event of the Gay was the ball game between Pratt and Driggs. The latter won by the one-sided score

of 25 to 8. The pacing race, best two out of three heats, between a Teton City horse, R. E. Grigg's pacer, and Ed Hammond's horse, was most interesting. R. E. Griggs' horse took two straight heats.
