All last night hundreds of them were roaming the streets or lying in spots where the fire hud not touched, every place of shelter in the village being filled with women and children. A large number of peo-ple, were brought to this city, where they had friends to care for them. It is impossible to correctly picture the scenes of yesterday afternoon and last night. Strong men weretweeping and women and children crying as they realized that everything they possessed was being swept away. People thrown out of employment, with everthing they had destroyed, will have to suffer un-less assistance is rendered. New York, 21.—A Trioune Atlanta, Ga., special says: Last week a man of apparently 60 years of age registered at the Litchnield House as K. W. Wilson, Commissioner from California te the World's Exposition at New Orleans. Inquiries made by him among the old residents led to the discovery of his own son working on Capt. O'Neal's plantation. Wilson says that 34 years ago he married a charming young wo-man of Atlanta, Ga., and that two weeks after the birth of the first child they quarreled. The husband joined the gold-hunters in California, and a few months later he was reported dead. Wilson says he had resolved not to commutate with his wife until he could return with money. He was un-successful until the bonanza excite-ment in Nevada, whea he became a millionaire. The opening of the New Orleans Exposition he seized upon as a good time to resume his family ties. Thus it was that he made his appear-ance here. His son is the father of a family which will now return to Cali-fornia with Wilson, and be the sole his of his wealth. Wilson's visit also disclosed the fact thatome Edward Halpin, who left at the same time, and who has been supposed to be dead, is still alive and rich. <u>The Histore Beem</u>. d117 6m The Blaine Boom.

Blaine was everywhere received with the most enthusiastic demonstrations. At each place he spoke briefly upon the importance of a protective tariff. Twas about 4 o'clock when the train arrived at Indianapolis. Blaine made a long speech. From the park Blaine was driven to the residence of Senator Harrison, where he dined in company with sev-eral gentlemen invited to meet him. After dinner a deputation of German-American citizens called upon him and presented an address, to which Blaine replied briefly, thanking them, etc. A large delegation of clergymen call-ed upon Bislae and presented an address, for which he returned his sincere thanks. Village Burned. Quebec, 21.—News from Gaspe has just reached here that a fire started by people clearing brush land, spread during last night to the village of Chlorydormie, destroying all the houses and boats of the place, rendering 20 families homeless. The people at first took shelter in the woods, but were soon surrounded by fire and obliged to fiee to the sea coast, where they are utterly destitute and have not had any food to eat to-day. Immediate as-sistance is necessary, but the fishing along the coast having been very poor this season, the neighboring villages ean render but scanty ald to the un-fortunate sufferers. One family is re-ported missing. Poor people saved nothing, and their sufferings will be very great unless assistance reaches about half way between Montane and Gaspe. Commenced on Saturday morning, Oct. 17th, at 10 a.m.

On the stand were George Teasdale of the Quorum of the Twelve; Prest. Wm. Paxman and Counselors; Bishops of the several Wards of the Stake, and members of the High Council. Open-
