LAST NIGHT'S DISPATCHES

EASTERN.

PROVIDENCE.—A fire at Birch hill, River Point to-day, burned Dike's planing mills, Brayton's furnace and two dwellings; loss $55,000, insured $20,000.

NEW YORK.—The Trustees of the New York *Times'* fund, for the poor children of this city, held a meeting yesterday, and decided to commence operations on the 21st inst. The first excursion to be given for the relief of the sick children will begin about the same time. The Trustees have now the sum of $3,488 on hand from last year, besides some fresh contributions recently received.

A hundred and thirty dealers in butter and cheese organized to-day, and voted to establish an exchange. They stated that their interests and annual transactions cover over $50,000,000.

It is reported that new indictments have been found by the grand jury against Tweed, ex-clerk, J. B. Young, of the supervisors; the Court House Commissioners and ex-Judge Garvin, late district attorney.

Thomas Mitchell, while drunk, beat and kicked his wife to death last night, at Green Point.

LITTLE ROCK, 4.—The Attorney General concluded his argument in the *quo warranto* case, against Governor Baxter, before the Supreme Court this a.m.; this evening the court met and four of the five judges decided that the court had no jurisdiction, Chief Justice McClure dissenting. The decision was received with the greatest satisfaction, and there is general rejoicing to-night. This is regarded as the end of all trouble, and hereafter Governor Baxter will be regarded as governor without a show of opposition.

WASHINGTON, 4.—The advisory board of the civil service met the President and Cabinet to-day, by invitation, and submitted their report, which had been maturely considered, proposing a modification of some of the present rules, and adding several new ones. These improvements are designed to make the civil service more efficient, being based on strict adherence to its principles, and will aid in remedying such defects as experience has shown to exist. One modification will serve to facilitate the filling of vacancies by a prompt examination of applicants. It is understood that the board has given careful consideration to the subject of an equitable distribution of office as regards locality. The views of the Cabinet, so far as expressed, are in accord with those of the board. The modified rules will not be promulgated by the President until after the next meeting of the Cabinet.

WASHINTON.—It is said by the highest military authorities that the Modocs could not surrender as prisoners of war in the sense known to nations, where war is declared in accordance with constituted forms, and not having been so received they are not entitled to consideration as prisoners of war. The orders issued to the commanding General, directly after the assassination of General Canby and Dr. Thomas, were not to exterminate the Modocs, but it is said that their conduct has been such that their extermination would be justifiable, thus leaving the matter to the discretion of General Davis, therefore, if he had ordered the killing of the Indians he would not be censured by superior authority. As to their final disposition, no one questions that they will be ultimately delivered to the government of Oregon for trial.

Private dispatches from Montgomery, Ala., say that Governor Lewis, republican, has appointed Robert C. Brickell, a democrat, chief justice of the supreme court of that State, vice Peck resigned.

The senate select committee on transportation has thus far gathered a large amount of statistical information, and within a week or ten days Senator Windom, chairman, will leave Washington for Baltimore, Philiadelphia, New York, Albany, Boston, Buffalo, Montreal and other cities to make preparation for facilitating the work of the committee.

ALBANY.—At the election of directors of the New York Central and Hudson River Railroad Co., to-day, the old officers were re-elected unanimously.

ST. LOUIS.—Joseph H. Fore, who shot and killed Munson Beach, his brother-in-law, in August 8th, and was some months subsequently tried and acquitted on the ground of emotional insanity, made a murderous assault on his wife at 1 o'clock this p.m., striking her three savage blows on the head with a hatchet, inflicting dangerous wounds. Fore recently returned from Natchez, and to-day met his wife, who has been supporting herself by working in a store, walking with a lady friend. He entered into conversation with her, trying to persuade her to live with him, which she refused to do unless he would quit drinking and go to work. He finally left her, but afterwards overtaking her asked her to shake hands and bid him a final farewell, and seizing her hand with one of his, with the other he drew a hatchet from under his coat and struck her as above recited. She lies in a critical condition. The lunatic husband was caught and jailed.

BOSTON, 4.—Warrants are said to be out for the arrest of four detectives, named Bangs, of New York, Carson, of Philadelphia, Loomis, of Pittsburg, and Elwell, of Boston, who are charged with arresting Mrs. Dudley, wife of the alleged mail robber, at her residence, at Mattapan, without legal authority, and also with compelling her to assign to them bonds and cash to a considerable amount. Ten thousand dollars damages are claimed against the detectives.

The annual meeting of the New England Press Association was held to-day at Young's Hotel. Mr. Danielson, of the Providence *Journal*, was in the chair. The old board of officers were re-elected unanimously.

PHILADELPHIA.—The Democratic state committee met this afternoon and agreed upon August 27th as the time, and Wilkesbarre as the place, for holding the state convention. Samuel Randall presided. The chairman was directed to properly express, in his address to the people of the state, a sense of indignation at the course pursued by the administration in the Louisiana trouble.

NEW YORK.—A Vienna correspondent of the London *Times* says the second great settling day at the Vienna Exchange proved better than anticipated; the number of insolvents was increased by about half a hundred, though there might have been among those tolled out yesterday, a dozen who, a week ago were thought to be worth a million. They were without exception men who had been brought to the surface by the tide of fortune. There were men among whom who dated no more than four or five years back. This, in itself, is sufficient to set the present crisis in its true light. There had been gambling on the most extended scale, and for months past the Exchange had been flooded with a mass of new stocks, some of them utterly valueless, while the price of those stocks which had some value, was driven up to a fabulous height. The issue of some new stock, at less than 30 per cent. premium, was scarcely thought to be a stroke of business, while in many instances financial companies which were only beginning business, and had therefore not even a penny, commanded a premium of 50 per cent and even more.

RICHMOND, Va.—Jim Brown, the alleged murderer of the old ladies, Mrs. Johnson and Mrs. Dosier, was captured last night, and to-day he confessed to the sheriff that he beat his victims to death with a billett of wood, and then robbed the house. He also informed the sheriff where the stolen money was concealed. The feeling against him is intense, and it is probable that he will be lynched.

WASHINGTON, 4.—The Commissioner of Pensions, to-day, received a certificate of deposit by the sureties of Henry Barnes, formerly pension agent at Detroit, of $19,000, to meet his deficit, which occurred six years ago.

The pension bureau will, this week, issue the first certificate of pensions arising from the Modoc war, in favor of the widow of Lieut. Thomas.

NEW YORK.—The following dispatch has been received here:

"Bismarck, Dakota, 4.—The track of the Northern Pacific railroad has reached the Missouri river, connecting with this place to-day, and the entire division of 450 miles, from Duluth to Bismarck, is open to business. The people are celebrating the event. Connection is made here with the navigation of the upper and lower Missouri. A line of steamers is established between this point and Fort Benton, in Western Montana, and the shipments of both government and private freight are being made by this new route to the north-west".

The railroad surveying expedition with a military escort under the command of Gen. Stanley, will start west on the 16th instant with the intention of making a final and definite location of the line of the road from the crossing of the Missouri to the crossing of the Yellowstone, and along that river to Central Montana, this being the only portion of the route not yet determined. No serious opposition from the Indians is anticipated by those best able to judge.

BOSTON.—Rev. Dr. Paddock has sent a letter to the standing committee of the Diocese of Massachusetts, accepting the office of bishop, to which he has been elected.

The Massachussetts Medical Society, at its meeting to-day, voted to expel the homœopathic physicians whose trial had been recently chronicled, there being but one dissentient.

Robert L. Dudley, charged with receiving and disposing of checks, drafts, &c., stolen from the mails, was to-day held in $10,000 bonds, to await a requisition for his trial before the western Penna. district court, within which jurisdiction the alleged crime were committed.

BRUNSWICK.—The British bark *Monarch*, from Liverpool, was wrecked on Sunday last, off St. Andrew's bar; the captain, his wife, first mate and four seamen were lost.

SUMATRA.

PENANG, Straits of Malacca, 4.—A Dutch man-of-war, cruising off the coast of Sumatra, fired into three British merchant vessels, as they were leaving the harbor of Atcheen. The Atchinese have sent messages to this place asking assistance. The Coolies here are already enlisting in their service. If the Dutch persist in the war they will meet a stronger resistance than ever. The pepper plantations in the north of Sumatra are going to ruin in consequence of drafting laborers into the Atchinese army.

CANADA.

HAMILTON, Ont.—The propeller, *City of Chatham*, was burned at her dock last night with a cargo of 7,000 barrels of flour.

EUROPEAN.

PARIS.—Philippe Edward Boullatir, Count de Vernnie, an eminent naturalist and member of the Institute, died to-day.

Dispatches from the Spanish frontier report that a battle is in progress to-day, between the Carlists under Dorregaray, and a force of 1500 republican troops; the result is yet unknown.

MADRID, 4.—The Carlists, by continually interrupting communication between Pampe and Spain, and thus shattering it difficult to obtain authentic information, seek to make it appear that they have complete control of the frontier provinces, and on the creation of this false impression abroad they base their hopes of successfully launching a loan of $100,000,000. It should be understood that on their representations no faith can be placed in the markets of Europe.

LONDON, 4.—A dispatch from Shanghai says that no lives were lost by the wreck of the steamship *Drummond Castle*.
