AMERICAN.

Depravity and Disaster.

SAN FRANCISCO, 6.—In a quarrel last night at San Leandro, Wm. Scottard drew a revolver and shot Aleck Dilltrishen, a saloon keeper, dead. When Scottard's father was told the news, he exclaimed, "My God, can this be?" and fell dead.

Chicago, 6.—El Paso special: News has just reached here of a terrible accident yesterday at Preteeas mines, Sonora. Only the most meagre details are yet known, but it is known that 20 men were buried in a shaft, which is said to have caved in without a moment's warning. None of the bodies are yet recovered. There is no hope sustained that any of the unfortunate miners at work in the shaft at the time of the accident may yet be left alive, as the cave-in was so instantaneous and complete as to cut off every chance of escape or any preparation on the part of the miners to protect themselves until they could be taken out. The greatest excitement prevails here, pending the receipt of the names of those known to have been at work in the shaft when the accident occurred.

New York, 6.—A. L. Towne, member of the Oil City and New York petroleum exchanges, has failed, and 100,000 barrels have been closed on his account at Oil City. The failures of Rice & Ryden and A. F. Hemings are also announced at the National Petroleum Exchange. The oil market is weak and demoralized.

Pittsburg, 6.—Two small failures here and the inability of Arthur Lawery, one of the heaviest dealers in Oil City, to meet his contracts, and the subsequent selling out of 50,000 barrels of his oil under the rule, unsettled the oil market to-day, and created a panicky feeling.

New York, 6.—Robert Stobb & Co., dealers in provisions and grain, were posted in the produce exchange this afternoon as unable to meet their contracts.

Sullivan the Slugger Secures Another Scalp.

SAN FRANCISCO, 6.—Fifteen thousand people were inside the pavilion this evening to witness the Sullivan-Robinson match, and it is estimated that as many more were turned away. The receipts from the sale of tickets was close on $20,000. Tickets sold at $15. The hall arrangements, under Coyle, were perfect. A hundred police were distributed in the audience to preserve order. Sullivan made the first appearance in the ring at 9:50, in first class form, and was greeted enthusiastically. A few seconds later he was followed by Robinson, whose condition was unfavorably commented on by the audience. The former weighed 204, the latter 170. The announcement that the police disallowed the use of three ounce gloves was hissed; eight ounce gloves were used. Thomas Chandler was referee, and Hiram B. Cook timekeeper for Robison, William Muldoon for Sullivan. Robinson was knocked down 8 times in the first round, going down at each of Sullivan's blows to avoid punishment. The second round was an exact repetition of the first, except that Robinson fell down 14 times in rapid succession. The third round showed the same maneuvers on the part of Robinson, who, however, did not succeed so well in avoiding punishment, getting several severe blows, none of which appeared to take the starch out of him. In this round a claim of foul was made on the part of Sulivan's time-keeper, that Robinson fell without being struck by Sullivan. The claim was not noticed by the referee. In the fourth round Robinson's trick of falling without echange of blows was too evident for the referee to allow it to pass, and the round was unfinished. The match was given to Sullivan on the foul specified above.

Robinson escaped without apparent punishment, though Sullivan planted several left-handed undercuts on his face when in the act of falling. Robinson's conduct was severely censured by the spectators, and Sullivan was loudly cheered.

FOREIGN.

The Egyptian Question.

LONDON, 6.—In the Commons, Hartington, Secretary of State for war, moved an appropriation of £380,000 to cover the cost of the Soudan expedition. Stanley, Conservative, criticised severely the government's Egyptian policy. Gladstone replied that the expedition to Assouan involved no change of policy. It was, he asserted, a necessary precaution to prevent excitement from spreading. The government would adhere to its determination to pay no heed to remarks from foreign newspapers and had no intention of assuming the government of Egypt. Such an act would be a gross breach of the public law of Europe. (Cheers). The troops will be withdrawn at the earliest moment possible. Henry Labouchere, radical, moved to reduce the appropriation to £100,000.

General Graham is ordered to disperse rebels within ten miles of Suakim, but not to operate at a great distance from the city. When these have been dispersed, it is believed the tribes will become friendly.

Earl Granville announced in the House of Lords this afternoon the receipt of an Egyptian dispatch, which reported 1,000 men, who were marching from El Obeid upon Khartoum, had been defeated by tribes friendly to Gen. Gordon.

BRIEF TELEGRAMS.

Columbia, S. C., 6.—The Governor has offered a reward of $500 for the arrest of W. B. Cash, who shot Town Marshal Richards at Cheraw.

Washington, 5.—President Arthur, this evening, gave a state dinner to 37 Senators and Representatives, who are bachelors or unaccompanied at the capitol by their wives. The marine band was in attendance and seven wine glasses stood at each plate.

Washington, 6.—Mr. Finerty presented a petition in the House, to-day, signed by citizens of Chicago, asking for a more vigorous enforcement of the Chinese law, and some amendments, so as to make it more effective. Referred to the committee on foreign affairs.

Several banks in New York and elsewhere have notified Treasurer Wyman that in case they cannot receive United States one and two dollar notes in exchange for national bank notes sent to the treasury for redemption, they will accept standard dollars. This action has caused a slight movement in that coin.

Mexico, 6.—The northern and southern divisions of the central railway are within eight miles of the junction. Preparations have been made for compiething that distance in one day. This will be done Saturday. Through traffic commences immediately. Arrangements are completed for bringing foreign goods overland, competing with the Mexico and Vera Cruz railway.

Chicago, 6.—Mrs. Langtry has finally decided not to go to Australia this year, as she feels she is not in strong enough health to stand such a journey. After her San Francisco engagement, which begins at Baldwin's Theatre on June 16th and closes June 28th, she will return to New York and sail for England.

Berlin, 6.—The National Liberals decide not to raise a discussion over the Lasker incident in the Reichstag until the matter can be internationally disposed of.

LEGISLATURE.

COUNCIL.

Thursday, March 6th, 1884.

Council met at 2 p. m., President Cluff in the chair.

Minutes of previous session were read and approved.

The chief clerk read a communication from the House, notifying the Council of the passage and amendation of C. F. No. 41, amending the charter of Payson City, and the rejection of C. F. No. 42, in relation to corporations for the purpose of raising and dealing in live stock. Read and bill tabled to come up in order.

C. F. 41, amending the charter of Payson City, was taken up to consider House amendments. The amendments were concurred in.

Mr. F. S. Richards presented a petition from Hyrum Belnap, collector of Weber County, praying for an appropriation of $45.90 Referred, without reading, to the committee on claims and public accounts.

Mr. F. S. Richards presented a report from the committee on judiciary in reference to H. F. No. 71, with amendments, recommending its passage. Read and bill tabled to come up in order.

Mr. Grant reported, for the committee on printing, C. F. No. 60, with one hundred printed copies.

Mr. Woolley presented a report from the committee on mines and mining, referring to C. F. No. 40. The committee enclosed a bill which they recommended as a substitute. Read and substitute tabled to be further dealt with.

Mr. Page, for the committee on rules, submitted a report on H. R. No. 28, amended, in relation to the introduction of bills. Read, amendments adopted, and resolution tabled to be further dealt with.

Mr. Grover brought up a report from the committee on municipal corporations and towns referring to H. F. Nos. 50, 64, 65 and 63. Received, and bills laid on the table to be dealt with in their order.

Mr. Grover also presented, from the committee on agriculture, H. F. No. 24, amending an act for the disposal of estray animals. The committee advised that the bill be rejected. Read and recommendation adopted.

Mr. F. S. Richards submitted a report from the committee on judiciary in regard to C. F. No. 54, without amendment, recommending its passage. Accepted and bill laid on the table to come up in its order.

Mr. Hammond, from the committee on education, reported adversely on H. F. No. 30, presenting a substitute therefor. Read and substitute tabled to be further dealt with.

H. R. No. 28, providing for the nonmanufacture of bills in either branch of the Legislature after the 10th inst., unless with the unanimous consent of the House in which they are introduced, was next considered. Much discussion ensued relative to the utility of the measure, its opponents considering that its effect would be too arbitrary, and that the two-thirds vote now in force was amply sufficient for the purpose. The prevailing opinion, however, appeared to be that it would act as a check on the introduction of private bills, and counteract undue pressure at the close of the session. Resolution adopted.

C. F. No. 65, a substitute bill for C. F. No. 40, relating to the location and recording of mining claims, was next considered. The substitute was adopted, read twice by title, and referred to the committee on mines and mining.

C. F. No. 62, a substitute for H. F. No. 30, a bill providing for the establishment and support of district schools was adopted, read twice by title, and tabled to come up in its order.

H. F. No. 71, providing for the payment of jurors, amended, was next taken up. The amendments of the committee were concurred in, and the bill read the third time and passed.

The chief clerk read a communication from the House notifying the Council of the passage of H. F. Nos. 45, 77, and 76; and their concurrence in Council amendments to H. F. No. 66, relating to innkeepers, hotel-keepers, etc. Read, and bills proceeded with.

H. F. No. 48, providing for the health and safety of persons employed in coal mines, was read twice by its title, and referred to the committee on mines.

H. F. No. 77, a bill for an act incorporating Salt Lake City, was read twice by its title, and referred to the committee on municipal corporations and towns.

H. F. No. 76, changing the boundaries of Kane, Iron and Washington Counties, and creating Garfield County, was read twice by its title, and referred to the committee on counties.

H. F. No. 64, granting Lehi City certain powers relating to water rights, location of railway tracks, etc., amended, was taken up on its third reading. The amendments were concurred in and the bill passed.

There being no objections, Mr. Grant introduced C. F. No. 63, a bill relating to fire insurance companies. The measure was read twice by its title, and referred to the committee on private corporations.

H. F. No. 29, relating to the branding, herding and care of cattle, pending its third reading, was recommitted.

H. F. No. 53, a bill to amend the charter of Spanish Fork City, was read the third time and passed.

H. F. No. 65, granting to American Fork City certain powers, amended, was next taken up on its third reading. The amendments were adopted, and the bill read the third time and passed.

Council adjourned until 2 p. m. tomorrow.

HOUSE.

2 p. m., March 6th, 1884.

A communication was received from the Council giving notice of the passage of H. F. 49, incorporating Spanish Fork City, and H. F. 66, an act for the protection of hotels, boarding houses, etc., and C. F. 51, relative to telephone companies.

C. F. No. 51, a bill to provide for the organization of telephone companies, was read the first and second times, ordered printed and referred to the committee on private corporations.

H. F. 60, relative to civil procedure, was made a special order for Friday, at 2 p.m.

H. F. 48, a bill for the protection of persons employed in coal mines, was read the third time and passed; ayes 23, nays 0.

Mr. Dusenberry presented a petition from Myron Tanner, asking remuneration for services rendered as a director for the Utah Penitentiary. Referred to the committee on claims and public accounts.

Mr. Hatch, for the committee on judiciary, to whom was referred C. F. 58, amending sections 495 and 948 of the Compiled Laws of Utah, reported same back with amendments and recommended that it be referred to the committee on private corporations. Adopted.

Mr. Hatch, for committee on judiciary, reported back C. F. 47, in relation to mortgages on personal property; without recommendation.

The committee on counties to whom was referred the petition of citizens of Garfield and from Counties in relation to the boundary line, offered a bill regarding the same, and recommended its passage. Adopted.

Mr. Anderson, for the committee on highways, to whom was referred the petition of citizens of Spanish Fork, asking for an appropriation of $4,000 for building a road through Spanish Fork cañon, recommended that $2,000 be allowed. Adopted, and the appropriation committee so instructed.

H. F. No. 76, a bill to amend an act changing the boundary line of Kane, Iron and Garfield counties, was read the first time and placed on file.

Mr. Clark presented H. F. No. 77, a bill amending an act incorporating Salt Lake City. Read the first time, and the second time by its title, and upon suspension of the rules it was read the third time and passed unanimously.

H. F. No. 76, relative to boundary line of Kane, Iron and Washington counties, was read the second time, and under the suspension of the rules, read the third time and passed unanimously.

H. F. No. 70, a bill regulating the building and operating of smelters, was read the third time and passed. Ayes 16, nays 5.

H. F. 62, a bill for the support of paupers was read the third time and passed. Ayes 13, nays 6.

H. F. 56, a bill for the protection of animals from injury from barbed wire fence, was read the third time and passed. Ayes 15, nays 6.

H. F. 68, a bill to prevent the importation or running at large of any domestic animal infected with any contagious disease, was read the third time and passed unanimously.

H. F. 75, a bill regulating the right to and distribution of water for domestic irrigation, was read the third time and disposition of same made a special order for Friday.

C. F. 47, relative to mortgages on personal property, was read the third time, and rejected. Ayes 8, nays 13.

Mr. Creer presented a claim of A. C. Emerson, clerk of First District Court. Referred to committee on claims and public accounts.

Adjourned at 4:40 p. m. till 2 p. m. Friday.

A MARK OF PROGRESS.

NEW THEATRE HALL AT AMERICAN FORK.

A MONUMENT OF THE ENTERPRISE OF THE YOUNG MEN.

THE DEDICATORY PROCEEDINGS AND INITIAL ENTERTAINMENT.

AMERICAN FORK, March 5th, 1884.

Editor Deseret News.

Our new hall or theatre house was thrown open to the public last evening for the first time. The occasion being the first night of our annual Sabbath school concerts. The house, although not entirely finished, was tastefully and comfortably arranged for the occasion, and was crowded to overflowing.

James Steele, the president of a board of directors, under whose auspices the building has been planned and executed, was the first to address the assembly, which he did in a few well chosen remarks. He thanked the inhabitants of American Fork generally for their kind and liberal patronage in assisting the Young Men's Mutual Improvement Association to build such a house—a credit to all concerned—and hoped that nothing would ever be permitted to enter within its walls that would have an immoral tendency, or bring the least regret or reproach on the institution, or the patrons thereof.

Bishop Bromley then appeared on the stage and offered the dedicatory prayer.

We think the building in question is a marvel of pluck and enterprise. It is only about a year ago since the first practical effort was made to build a new hall in this place—a thing that has long been needed. Our young men undertook the task, and appointed Brother Henry Steele, a young man of indomitable perserverance, to superintend the structure, which he has done manfully and at much personal sacrafice. It was deemed advisable to build the house on a joint stock principle, limiting shares to $10 each, so that all who wished might have a chance to invest. A good many who at first promised their support, waned and wavered before the magnitude of the enterprise, thinking it too big a project for such a small town, but, notwithstanding this, and many other obstacles, the stars and stripes wave yesterday majestically over the edifice, and declared that, a striking reality, which, but a twelvemonth ago, seemed only a myth in the midst of wonder and doubt.

And if the building itself is a marvel of perseverance and enterprise, and proves what persistence and application can accomplish, last night's entertainment within its spacious walls throws its weight and its name on the world's catalogue to prove the same thing. We were happily surprised to see and hear the performances of our young literary and musical students, and predict for them a very conspicuous place, some day, in the temple of fame. We feel it our duty to say that we have many bright young stars amongst us who will yet shine with dazzling lustre, and draw wondering eyes.

Of the adults who took parts in last evening's concert some deserve special notice. The Kirkham brothers from Lehi we place at the head of the list, because they came from a distance to assist us, and because they are able and accomplished instrumentalists and vocalists. We think their talents, as musicians are of a high order, and calculated to please the most fastidious. The American Fork choir, with Warren B. Smith, the talented leader, did excellent service during the evening, and fully sustained their well-known reputation.

The Grant family brought down the applause of the house with their musical selections, which reflected high credit on them. Miss Emily Hoggard, with spectacle-adorned optics, and with other airs befitting her for the occasion, gave a very interesting, laughable and lengthy recitation on Woman's Rights, which was well received. And we cannot close without making mention of Miss Sadie Robertson and her brother Edward, whose recitations proved them fully competent, and full of literary promise. Miss Martha Nelson acquitted herself to the entire satisfaction of the house, as did also the Misses Bromley, and Mrs. Mary Maria Evans fully sustained herself as a thoroughly competent vocalist.

J. CRYSTAL.

CORRESPONDENCE.

MISSIONARY MATTERS.

What the Elders are doing in Sweden and Finland.

The following is an extract from a letter written by Elder C. A. Ek, presiding in Stockholm Conference, to E. F. Branting, of this city. The communication is dated February 4th, 1884:

STATUS OF THE CONFERENCE.

On December 31st, 1883, the total number of members in the Church in Stockholm Conference was 1,150, divided into eight branches, viz: Stockholm 355, Upsala 234, Orebro 149, Eskelstuna 130, Wisby 88, Avesta 86, Sundsvall 84, Finland 33. Baptized during the year 218: emigrated, 97. There are 28 Elders constantly engaged in missionary labor, 13 from Utah and 15 local Elders, all young men. They travel from house to house, bearing testimony and preaching the Gospel wherever opportunity is given. We all observe the Word of Wisdom and are trying to keep the commandments of God. We practise what we preach, and try to show a good example to Saints and sinners wherever we go. We have especially endeavored to visit places where the Gospel have not been preached before.

PUSHING INTO REMOTE PLACES.

Last May a young native Elder was sent to the north part of Sweden to labor in the northerly towns and villages of the country. In a short time he sold and distributed Church works (mostly pamphlets) to the value of five hundred kronor.

In October last a young Elder was sent to labor in the remote parts of the provinces of Gestrickland, Westmanland and Dalarna. He is doing a good work.

In January two Elders were sent to Wermland. The spirit of opposition has always been manifested in that part of the country. But we are trusting in the Lord, and will try to do our duty in warning the people. Elder L. F. Svalberg, of Gunnison, is laboring in Finland, where priest-craft and tradition is prevailing to a great extent. Still he has been able to obtain houses to hold meetings in, and few have been baptized of late.

FORMS OF OPPOSITION.

Occasionally in some places the priests and ecclesiastical councils have hindered us from having public meetings. In Eskelstuna proprietors of houses are prohibited by a fifty kronor fine to rent a hall to the Mormons. But it has had no effect to hinder the spread of the Gospel. When we are forbidden in one place we go to another, and when we cannot speak in public we do so in private, the Saints gathering together in private houses and inviting their friends.

LIBERTY TO PREACH.

In the city of Stockholm we enjoy perfect liberty to preach the gospel. Our meeting hall is filled with attentive peaceable people every Sunday, who listen to what we have to say, and occasionally some few join the Church. The people who embrace the Gospel are, as a general rule, of the working class, and their income is very small, but they are good and liberal, and do all in their power to promote the advancement of the kingdom of God, and spread the gospel among their fellow men. We have paid 3,519 kronor for rents of meeting halls for the last year. And the Saints have willingly donated to defray the expenses. Six hundred and ninety-one meetings were held in private houses, books, pamphlets and periodical publications were sold and distributed to the amount of 3,039 kronor.

We are preparing the ground and sowing the seed. We have had a mild winter, and nothing has hindered the Elders from traveling in the country. I have all I can do to perform the duties which I am called upon to do. They keep me busy all the time. My health is good and I am thankful to God for His goodness and blessing towards me. My desire is to work for the cause of truth, and preach the Gospel until I am released by the servants of God.

SPRING LAKE, March 5th, 1884.

Editor Deseret News:

This place has been in rather a cold and confused state for some time past, but it seems at last that light has begun to shine upon us and the Lord has set his hand to bless us. We have had no church organization for some time past, but we have recently been organized by the very kind and efficient labor of Bishop Joseph Tanner of Payson Ward under whose auspices we are now in a working condition. We are greatly blessed with the facilities of nature. We have more and better water than most sections, it being so plentiful that we can water once a week our gardens and tender plants. There is any amount of stone near-by and a fine sand bed at hand also a fine gravel bed. The land is rich and especially noted for its production in garden vegetables, etc.

With all of the above advantages there are some people here who want to go south. Natural, of course. So I would say to good Saints in quest of homes to call this way.

We have just now a kind of epidemic, which I would term mining fever, as quite a number of our townsfolk have been prospecting up in the hills near here, and from the reports they have found "the stuff" rich and plentiful. Messrs. Sam Peery, Tap Dotson and others have located a rich claim that is said to abound in gold and silver, and the said parties expect to begin shipping ore in a short time.

Yours, etc., A. B. T.

Oft in the stilly night, when mis'ry's chains have bound me, St. Jacobs Oil renews the light, of other days around me.

AYER'S Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lungs; none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay.

A Terrible Cough Cured.

"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me.

HORACE FAIRBROTHER."

Rockingham, Vt., July 15, 1882.

Croup.—A Mother's Tribute.

"While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? Sincerely yours,

MRS. EMMA GETHEW."

129 West 126th St., New York, May 16, 1882.

"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effectual remedy for coughs and colds we have ever tried.

A. J. CRANE."

Lake Crystal, Minn., March 13, 1882.

"I suffered for eight years from Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER'S CHERRY PECTORAL. JOSEPH WALDEN."

Byhalia, Miss., April 8, 1882.

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung trouble. E. BRADDON."

Palestine, Texas, April 22, 1882.

No form of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will always cure when the disease is not already beyond the control of medicine.
