

# MINING, BUSINESS AND STOCKS.

## A LIGHT DAY ON EXCHANGE

Lower Mammoth the Star Stock in the Pit Today.

## TREND OF PRICES LOWER

Joe Bowers Weaker—Eagle and Blue Bell Sells at \$1.40—Daisy Practically Unchanged.

### TODAY'S METALS:

SILVER 59  
LEAD, \$4.45  
CASTING COPPER 15 1/2

Business was light on 'change today. The most agreeable view of the market is that the holidays are affecting the stock business, though there are some who do not take such a hopeful view of the situation, but believe that the departure of the holiday season will not see a very marked rise on the part of a number of stocks. Be that as it may with but few exceptions prices were weaker today than they were yesterday.

The most notable exception was Lower Mammoth, which from some unexplained cause, entered the race at 5 1/2 and closed at 6 1/2, when it was found that 6,000 shares had changed hands. Eagle and Blue Bell made transfers at 1.40, while Joe Bowers fell back to 1 1/2.

Aces sold a block at 30. Four Aces sold at 6 1/2, and Northern Light responded at 16. Daisy went at 13 1/2, while Ben Butler and Bunker Hill came out almost even; the former selling at 2 1/2 and the latter at 2 1/2.

Quotations were posted as follows:

## FEVERISHNESS KEEPS UP.

Lots of Scrambling in the Stocks on Wall Street.

Bond Market Under Pressure—London Collapses—Live Stock is Firm—Produce Quiet.

New York, Dec. 21.—The depression on the London stock exchange was reflected here at the opening in some sharp declines. The losses in the international were not fully down to the London parity, but in the Pacific and in a number of leading specialties, the losses extended from 1 to 1 1/2. People's gas was down 2. Brooklyn transit, after declining a point rallied 3. Sugar fell 1/2 and rallied a point. Pittsburg, C. & St. Louis preferred, was buoyant, with a rise of 3/4. The market immediately rallied after the opening.

Considerable upward progress was made by the principal stocks and New York air brake gained 5 and Pullman 4 points. Large blocks of Brooklyn transit were unloaded when 5 1/2 was reached, eventually breaking it to 6 1/2. Improvements elsewhere ceased, and declines from 1 to 2 points followed, but the pressure was largely concentrated against Brooklyn transit and sugar. International stock and the grangers were foremost in the reaction in the railroads. Purchases to cover short contracts brought about a substantial rally in the specialties. Brooklyn transit led off with a rise of 3. Con. gas was in demand, and 2 points better, and Brooklyn Union gas rose a point on rumors of a settlement of the local gas war. Realizing sales caused renewed weakness all around, and some of the prominent railways fell to the lowest. There was a good deal of feverishness in tobacco and sugar, both fluctuating several points with the tendency downward. Trading was much smaller than on recent days.

The bond market was under pressure, but business was not large.

### MONEY AND BONDS.

Money on call steady at 6 1/2 per cent. Prime mercantile paper 5 1/2 per cent. Sterling exchange steady with actual business in bankers' bills at 4 1/2 per cent for demand and at 4 1/2 per cent for 60 days; posted rates 4 1/2 per cent and 4 1/2 per cent; commercial bills 4 1/2 per cent. Silver certificates 59 1/2. Bar silver—59. Mexican dollars—47 1/2. Government bonds strong: 2s regular 10 1/2; 3s regular 10 1/2; 4s coupon 10 1/2; new 4s regular 10 1/2; new 4s coupon 10 1/2; old 4s regular 10 1/2; old 4s coupon 10 1/2; 5s regular 10 1/2; 5s coupon 10 1/2.

### THE DISCOUNT.

London, Dec. 21.—The Bank of England's discount rate remains unchanged at 6 per cent.

Native muttons, 4.30@4.65; western muttons, 4.00@4.35; stock sheep, 3.75@4.25; lambs, 4.25@5.50.

### SAN FRANCISCO MARKET.

San Francisco, Dec. 21.—Wheat firm; No sales of barley. Cash barley 50.

### LONDON MARKET COLLAPSE.

London, Dec. 21.—Business on the stock exchange today started steadier on the announcement that the bank rate was not raised. France sent buying orders, but sellers were too numerous. The market collapsed and the announcement of the rise of the French bank rate led to general disorganization and an avalanche of forced sales. Consols dropped 1/2 to 95 1/2 for the account and 95 for money.

### Mining Land Entry.

Final entry was made yesterday in the land office by the Fremont Mining company through its agent, Elias S. Smith, on the Victoria No. 2, Fremont and Parallel No. 2 claims, located in the Tintic district. The area contains 41,196 acres.

The last 1,000 of the beautiful book, "On to Manila," detailing the achievements of the Utah batteries in the Philippines, are now offered at 20 cents. Postage prepaid.

## DAISY SENDS IN A SHIPMENT.

The Mine is Said to be in First Class Condition.

## EXCHANGE WILL ADJOURN.

Mackintosh Sampler Machinery—Thomas Taylor Talks of Iron County—Conditions at Pentic.

The Daisy reported at the rooms of the Consolidated Kansas City Smelter and Refinery company today with a consignment of 150 pounds of gold cyanides. Chan Gardiner has come along with the shipment and reports the mine looking well. The new mill addition is being hurried to completion though, owing to some slight mistakes made in the iron foundry in the East, its completion will be all probably be delayed until the first of the year. One or two of the tanks are already rivetted and the mine and the mill give every indication of a prosperous new year for the Daisy. It is also stated that the Bank of Commerce has consented to a further extension of four months in the payment of its claims against the company.

### SAMPLER TROUBLE.

Mackintosh Sampler is Receiving New Machinery.

Rumors regarding the settlement of the sampler and smelter trouble are current. Mr. Mackintosh is installing some new machinery at the Park City mill as an experiment, but it is stated by that gentleman that no definite settlement has yet been reached.

Another gentleman, prominent in mining affairs, says that what he hopes is the end of the trouble has now been reached after numerous consultations with Manager Jones of the smelter company. The Park City sampler will continue to run through the Ontario ores. It is stated, as soon as the mill improvements are completed. Owing to the ore glut at the smelters in this valley, Mr. Jones intimates that shipments of the Ontario ores can be made more profitably to the East, where, owing to their nature, they are needed in smelting, and to ship them direct from the Park City mill is stated to be more economical to the smelter company.

### SALT LAKE MEN BUYERS.

Heavy Purchases of Utah Mining Stocks During Boston Slump.

It is stated that about 10,000 shares of Utah mining stocks were purchased during the recent slump at Boston by Salt Lake men. Some Utah Consolidated was bought in, some trading was done in Brigham Gold and Copper, but the heaviest purchases were made in Central-Eureka which sold down to \$20, but has since advanced several dollars a share.

### EXPECT AN ORE BODY.

Plenic Vein Gives Evidence that Pay Ore is Near.

Word was received from the Plenic today by Gill S. Peyton which says that the appearance of the vein has been improving so rapidly lately that the miners look for a large body of shipping ore to be disclosed with every shov.

### ADJOURNS TOMORROW.

Salt Lake Stock Exchange Will Have No Call for a Few Days.

It is possible that the Salt Lake Exchange will adjourn until after New Year's day. Some of the members of the governing board favor the matter, which will be presented to the members for action at tomorrow morning's call. In any case an adjournment will be taken on tomorrow, the only thing to be decided being the advisability of making the adjournment last until next Tuesday, or the day after New Year's.

### THOMAS TAYLOR SPEAKS.

Prospects for Iron County Brighter—Has Bonded His Property.

Mr. Thomas Taylor, of Cedar City, who probably owns more of that metal for which the world has the greatest need, iron, than any other one man in America, was in Beaver Monday on business, says the Beaver County Blade. Mr. Taylor, in an interview, stated that the cross purposes which have for so many years kept the railroads, the people and the manufacturers working on

## Given Up

to die several times, yet I am spared to tell how I was saved," writes Mrs. A. A. Stowe, 237 N. 4th St., San Jose, Cal. "I had valvular heart trouble so severe that I was pronounced 'gone' two different times. The valves of my heart failed to work properly, and circulation was so sluggish that the slightest exertion produced fainting. 'There is no hope,' said my physician, so I decided to try Dr. Miles' Heart Cure and the result I consider miraculous. I am satisfied it saved my life."

diverging lines appear to have adjusted themselves to parallels and all are pulling together for the development of the vast possibilities of that section. For years all appeals to the railroads for recognition were met by the reply: "Get your iron and coal mines opened up and your iron works established and we will build the railroad." Capitalists came back with the same discouraging reply to all approaches. "Get your railroad built and we will then talk to you." "I have always," Mr. Taylor continued, "advocated the Clear Creek and Beaver county route for the Rio Grande railroad, with whom I have been working for years on the proposition of a southern extension; but it seems that they have decided on the other route. As to our so-called boom, it is confined so far to talk and indications, but with prospects, as all agree, of something more substantial in the near future."

Asked as to his own property, Mr. Taylor said: "I recently bonded the most of my property to Salt Lake parties who are acting for English capitalists and I have every reason to think that they are acting in good faith and that the bond will be taken up."

### The Chicago and Bingham.

N. C. Christensen, who has been working at the Chicago and Bingham property, returned today from Bingham and reports the mine looking well. About 20 feet of work has been done during the past three weeks, besides other work of a preparatory nature. It is the intention of the company to put a force of men to work soon after the New Year.

### GRAND GULCH MINE BOOMS.

A New Strike is Reported at the Savannah Mine.

The Grand Gulch mine still continues to boom under the able management of Isaac Jennings, and ore is coming up quite fast at St. George, for Modena.

The Savannah mine has made a new strike and all the parties concerned are jubilant over their good luck.

### INVOLVES A BIG SUM.

Burdette O'Connor sues the Anaconda and Washoe Companies.

Burdette O'Connor yesterday commenced suit against the Anaconda Copper mining company and the Washoe Copper company to enjoin the defendants from trespassing in the Copper Trust lode claim and to recover the sum of \$200,000, alleged to be due for 200,000 tons of ore extracted by means of underground work from the Anaconda, St. Lawrence and Never Sweat mines. Plaintiff claims that the veins of ore apexing on his claim so far depart from a perpendicular as to pass beneath the surface of eight claims owned by the defendants. Judge Cheney has issued a temporary restraining order and order to show cause, and has made it returnable on Jan. 20. The suit promises to be greater than the famous suit of the Montana Ore Purchasing company vs the Boston & Montana company.

### MINING NOTES.

The Horn Silver marketed three cars of ore today.

Five cars of South Swansea ore were on the market today.

The Mammoth had three cars of ore on the market today.

The Conklin sampler reported three cars from Tintic today.

Two cars of ore were on the market today from the Dalton & Lark of Bingham.

R. G. Wilson left today for Denver on business in connection with one of Utah's big mines.

After an absence for some time the Petro reported on the market today with two cars of ore.

The assessment on the stock of the Hope Silver and Lead Mining company of Tintic becomes delinquent tomorrow.

The Taylor-Branton sampler receipts today were five cars of ore from Tintic, four from Bingham and three from Frisco.

Judge S. P. Shope of Chicago, who is heavily interested in the Lincoln car, is stated, were valued at \$3,500 day and left for the mine last evening.

A half interest in the Christmas mining claim at Tintic has been purchased by Dr. M. N. Buck, which now gives the doctor full possession of the property.

The first payment of \$5,000 on the New York group at Park City was in readiness today, but owing to the absence of one of the parties from town, it will not be made for a few days.

Attorney Edward McGurkin has filed 40 notices to claim and hold liens on the New Mammoth Mining company's property at Bingham for unpaid wages. The liens aggregate \$2,850.

A. L. Jacobs returned last evening from Bingham and reports a very encouraging sight in the Montezuma, where some excellent galena is being broken down. The last shipment of two cars of ore was valued at \$3,500 each, and contained \$25 a ton in gold.

A rich vein of copper and chloride of silver was recently encountered in the tunnel on Jesse Knight's property across the canyon from the Dyer, says a miner who recently reached town from Vernal. Some of the ore assayed 1,500 ounces in silver.

After a visit to the city of several days W. S. Brown left for his home in Fremont, Nebraska, today. Mr. Brown came out in the interest of the North Mountain property in Nevada, in which he is largely interested, and at which preparations are being made to start a force of men to work next spring.
