ASSAULT CASE.

Mrs. Eliza Holly Thomas Files Sensational Suit Against Addison Cais.

BEMANDS DAMAGES OF \$5,000.

Defendant Denies the Charge and Says it is Made to Head Off Criminal Action.

Mrs. Eliza Holley Thomas has filed a sensational suit in the district court against Addison Cain, a well-known loan broker of this city, in which she asks damages in the sum of \$5,000 for as as damages in the sum of \$5,000 for an assault which she alleges Mr. Caln made upon her at her residence, 71 north State stret, on October 30. She alleges that Mr. Caln came to her home on the date mentioned and struck her with his fists, beat and choked her and then them has damestic damestic.

and then threw her downstairs.

By reason of said attack and assault she alleges that her head, neck, back and body were severely bruised, causing her great physical pain, and that the assault was made in the presence of members of her family and some friends; thus greatly humiliating her and causing her mental anguish. Be-cause of all said injuries she asks damages in the sum mentioned above.

WHAT MR. CAIN SAYS.

WHAT MR. CAIN SAYS.

Mr. Cain denies that he ever struck or touched Mrs. Thomas at all. He said that he held a mortgage ou Mrs. Thomas' furniture, and that he had placed a keeper in her house to take charge of the furniture under the mortgage and that in his absence Mrs. Thomas ejected the person. Upon his return he states that he simply reinstated the keeper he had placed in charg and did not touch Mrs. Thomas. He claims that the furniture did not belong to Mrs. Thomas and that she had no right to mortgage it at all, and had no right to mortgage it at all, and he believes that she is bringing this action against him in order to head off any criminal action against her for mortgaging property which does not belong to her.

MARTIAL LAW PROCLAIMED THROUGHOUT RUSSIAN POLAND

St. Petersburg, Nov. 13, 4:30 p. m The formal proclamation of martial law throughout Russian Poland and the promulgation of the government's intention to suppress the Polish movement to secure autonomy almost created a panic on the bourse today. Imperial 4s again fell to 86.

The city is full of rumors to the ef-fect that the imperial ukase was issued over Count Witte's head at the instigation of the reactionaries which is equivalent to the count's retirement, but is can be stated with positiveness that the action was taken upon the premier's advice. Count Witte fa-vored and impressed on his majes: the advisability of restoring Poland's constitution and reverse the policy of the Russification of the grand duchy but to surrender autonomy to Poland after all the old grievances of the Poles had been redressed and they had been placed upon an equality with Russians the count considered would only be a prelude to an attempt to se up the ancient kingdom as a separate entity and would involve ultimately either the dismemberment of the empire or the necessity for bloody sup-pression such as marked the revolu-tions of 1831 and 1863. It was re-garded as wise therefore to take the bull by the horns and let the Poles understand that the separate movement would not be tolerated and that until they came to their senses further efforts to place in operation the reform manifesto would be suspended.
