

CHARGE DEATH TO FILTH AT DAIRY

Typhoid Claims One Victim and
Many Others Are
Sick.

ALL USED THE SAME MILK

Woods Cross Dealer Ordered to Sus-
pend Business Until His Prem-
ises Are Cleaned Up.

One death and eight cases of typhoid fever are attributed to the milk supply received from Moss Bros., dairy at Woods Cross by Dr. Samuel E. Paul, assistant health commissioner, and Walter J. Frazier, city food and dairy inspector. An investigation and dairy was made yesterday and it was found that the milk was supplied to the city by a single dealer, until Moss cleans up his premises and gets rid of the infection. The milk supply, he will not be allowed to sell milk in Salt Lake City. The victims, all of whom took milk from Moss, are as follows:

THE DEAD.

Caroline Emilia Jacobs, 658 Third street, who died Wednesday and was buried yesterday.

THE SICK.

Mrs. C. W. Pratt, 225 Third avenue, ill with typhoid fever.

C. V. Riese, 86 Canyon road, taken to Groves L. D. S. hospital suffering with typhoid fever.

L. V. Riese, boards at 155 west Third street, taken to St. Mark's hospital suffering with typhoid fever.

Ellen H. Barton, 157 B street, ill with typhoid fever.

James Bailey, 157 B street, ill with typhoid fever.

J. H. McMillan, 654 Third avenue, ill with typhoid fever, and wife taken to St. Mark's hospital yesterday.

M. A. Morrison, 158 west Third street, typhoid fever.

Mrs. David Moss is ill with typhoid fever at her home in Woods Cross.

According to Dr. A. S. Brown of Bountiful she had been ill for about two weeks before it was found out that she was suffering from typhoid fever.

INVESTIGATION IS BEGUN.

Four of these cases were reported to the city board of health and an investigation was immediately begun. When it was found that all the victims used milk from the same dairy, the milk supply was inquired into.

A bottle was taken off the shelf and each can for the last week and analyzed by the city chemist.

It is being made by City chemist Herman Harms. It is hardly possible that typhoid germs will be found in the milk, but if it is filthy it will be condemned.

David Moss and Steve Moss conduct the dairy, delivering milk in Salt Lake. David Moss milks ten cows and then takes the milk in an open wagon to his brother's farm where it is cooled and then shipped into the city.

Mr. Frazier will ask the city attorney this morning for a complaint to be issued against Moss.

"There is no doubt that Miss Jacobs' death can be traced to the milk supply," Dr. Paul said this morning.

Mrs. Pratt who lives two blocks away and Mrs. McMillan who lives next door have used the same milk and have typhoid fever. The other victims are consumers of Moss' milk and from the inspection yesterday I believe that the milk is responsible for the disease."

Do you use an atomizer in treating nasal catarrh? If so you will appreciate Ely's Liquid Cream Balm, the quickest and surest remedy for this disease. In all curative properties it is identical with the "old Cream Balm," which is so famous and successful in overcoming Catarrh, Hay Fever and Cold in the head. There is relief in the first dash of spray upon the heated sensitive air-passages. All druggists and leading spraying tube dealers sell Ely's Balm, 56 Warren St., New York.

SURPRISE VETERAN CHIEF.

Friend of George M. Ottlinger Slip to On Him Unaware.

A surprise party was sprung last evening on George M. Ottlinger, for many years chief of the Salt Lake fire department, father of the Utah National Guard, and for several years first general of Utah territory. Forty admiring friends, including old friends and their families, were present. The party gathered at the corner of Second avenue and E street, whence they marched to Chief Ottlinger's house at the corner of B street and Third avenue at 8 o'clock. The old veteran was enjoying a nap at the time, but was awakened by his wife and informed by the wife which he was astonished to find that he was the guest of friends.

He warmly welcomed them, and while he talked covered the dining room table with a bounteous spread, a magnificent buffet furnished enjoyable to all. Chief Ottlinger was presented with a fine incense burner and box of tobacco, while to Mrs. Ottlinger was given a silver thimble with a gold band. Engineer Hulse Simpson of the present fire department made the presentation speeches, which were responded to in a happy vein. The happy spread then set down to the fire spread which was much enjoyed. After having Chief and Mrs. Ottlinger in a happy frame of mind. The chief began his career as a fireman many years ago when he came to Utah. He has a big fire department in the New York City, which he is very proud of. A former partner with engine company 25 of New York was one of last evening's party.

AMUSEMENTS.

Theater—The management reports that the advance sale for the theatrical concert to be given at the Theater tonight, in honor of Miss Edna Evans, has been very gratifying. The excellence of the program, and the popularity of Miss Evans have been the means of interesting a large number of local music lovers. Miss Evans leaves for Europe next Monday night with a party which also includes Miss Hazel Barnes. The ladies will go direct to Paris, where they will study under the best vocal teachers in that city. The program at the Salt Lake Theater tonight will begin at 8:15.

Orpheum—The orphans' matinee this afternoon is exciting a great deal of attention, and the outlook indicates a big gathering. Both of the orphans and of interested spectators.

Coliseum—"Texas" is in its closing nights and a big matinee is looked for tomorrow.

Grand—Mr. Mack and his players continue to do good work in "Soldiers of Fortune" and it is expected that "Standing Room" sign will be hung out on the outer walls tomorrow afternoon.

Bungalow—The Arlington Players wind up the week tomorrow night in "Taffies" and will be transferred to the Coliseum for a special engagement next week, to make room for Alfred G. Swenson who, with a special company gives a production of the farce comedy "Hello Bill" at the Bungalow.

PURE FOODS AND PURE MEDICINES.

mean better, healthier, happier people. It has been proved, however, that all medicines are not adulterated and worthless any more than are all food products. The wheat has been sifted from the chaff, and such medicines as Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs and complies with all conditions of the Pure Food and Drug Law, will continue to hold its place as the standard American remedy for female ills.

TO ENTERTAIN HAMMOND.

Utah Republican League to Welcome Him During President's Visit.

John Hays Hammond, president of the National League of Republican clubs, will be entertained when he arrives in this city by the Utah Republican league. Arrangements to this effect were made at a meeting of the executive committee of the league held in the court room of Judge G. G. Arnold, in the joint building last night. Mr. Hammond is expected to arrive in this city at about the time President Taft arrives here. A dispatch from Mr. Hammond stated that he was called to Arizona on important mining business and would not be able to accompany the president here, but that he hoped to meet the president in this city. In addition to the Salt Lake members of the committee present at the committee meeting last night, George H. Davis of Ogden was also present, as was Francis Merrill of Brigham City, Herbert E. Smyth of Mant and M. A. Boyden of Mt. Pleasant.

As soon as definite information is received of Mr. Hammond's arrival, a reception and banquet will be arranged for him by the Republican league. A sub-committee in charge of the arrangements was named, consisting of W. S. McCormick, Governor William Spry, Jesse F. Turner, William H. Pollard and Col. George E. Squires.

UNIVERSITY NEWS.

Yesterday was the first day of registration at the university, and 106 students came forward during the day, this being the highest number ever registered on the first day.

The secondary training school will be established at the university this year for the first time.

Thus far there have been fewer entrance examinations than usual, which is accounted for by the growth of the number of high schools which are able to give the subjects required for registration.

PRESSED HARD.

Coffee's Weight on Old Age.

When prominent men realize the injurious effects of coffee and the change in health that Postum can bring, they are glad to lend their testimony for the benefit of others.

A superintendent of public schools in North Carolina, says:

"My mother, since her early childhood, was an inveterate coffee drinker and had been troubled with her heart for a number of years, and complained of that 'weak all over' feeling and sick stomach."

"Some time ago, I was making an official visit to a distant part of the country and took dinner with one of the merchants of the place. I noticed a somewhat peculiar flavor of the coffee, and asked him concerning it. He replied that it was Postum."

"I was so pleased with it, that after the meal was over, I bought a package to carry home with me, and had wife prepare some for the next meal. The whole family liked it so well, that we discontinued coffee and used Postum entirely."

"I had really been at times very anxious concerning my mother's condition, but we noticed that after using Postum for a short time, she felt so much better than she did prior to its use, and had little trouble with her heart and no sick stomach; that the headaches were not so frequent, and her general condition much improved. This continued until she was as well and hearty as the rest of us."

"I know Postum has benefited myself and the other members of the family, but not to so marked degree as the case of my mother, as she was a victim of long standing."

CITY BEING PLAYED IN EAST MARK CLASS

Contractors Get More for Same Work
From City Than on Private
Contracts.

While the city is paying from 22 to 26 cents per square foot for sidewalks, the property owners on private contracts only pay seven cents a square foot for the same work. The private work is done under the direction of the city engineer and the inspection of the board of public works. In both cases the work is done under the same plans and specifications, and the work is of the same standard.

The North boulevard is being paved and gutters and sidewalks are being laid under a private contract. The actual cost is represented as follows: Labor, 25 cents per linear foot; cement, 14 cents per linear foot; sand and gravel, 8 cents per linear foot. Total estimated cost 7 cents per square foot. The concrete base for street paving is figured at 10 cents per cubic foot.

These figures are based on wages of \$5 a day for skilled labor and \$2.50 for unskilled labor. The wages paid are the highest paid in the city. This private work is also being done in the subdivisions and the property owners in the city are unable to understand why the city cannot secure the same prices on its public improvements.

SOCIAL AND PERSONAL.

Yesterday Mrs. Richard Keyes was hostess at a luncheon at the Alta club, the table having for a centerpiece a large basket of American beauty roses and loose ones scattered over the cloth. The place cards were done in the monogram of the hostess and covers were laid for 18 guests who afterwards with the hostess made up a party at the Orpheum.

Miss Stella Fabian entertained at a bridge tea yesterday for Mrs. Mark Lillard the decorations being in crystals, anthurums of various shades and seven tables played.

Miss Ramona King gives an Orpheum party this afternoon.

Miss May Arnold and Mr. W. F. Musser were married yesterday in the Temple and a wedding supper followed in the evening for the families and a few intimate friends, the rooms being prettily decorated in asters of various hues and Misses Elsie Arnold and Ruth Crawford assisting. Mr. and Mrs. Musser will leave Monday for Chicago where they will make their home.

Miss Rose McMillan is guest of honor at this afternoon at a luncheon given by Mrs. J. S. Campbell.

Tuesday night Miss May McGregor entertained at a delightful party previous to leaving for a stay in Oklahoma. The time was spent with music and games and a dainty supper served. The decorations were in potted plants and cut flowers and about 15 guests were present.

Miss Lucile Snow was guest of honor Wednesday at a card party given by Mrs. L. M. Meyer, the amusement being lawn 100 and an elaborate tea following. The rooms were decorated with wild rose branches loaded with their clusters of red berries, and the dining room table had a mound of pink asters and place cards done in cupids. About 25 guests were entertained.

Miss Uleta Smith and Henry W. Implex were married Wednesday at the home of the bride's mother Mrs. L. A. Smith, and later the bridal couple left for a trip to the northwest.

Among the weddings of yesterday was that of Miss Louise Falkner and Aurelius McDonald.

In honor of Miss Dorothy Doty of Wyoming, New Jersey, Mrs. James H. Brown gave a Kensington tea yesterday afternoon at her home on Lincoln avenue. Yellow flowers were used effectively throughout the rooms and the hostess was assisted in the dining room by the Misses Winifred Woodmansee, Lavinia and Lavinia Brown. The other invited guests were: The Misses Virginia Beatty, Beth Critchlow, Marjorie Brooks, Miriam Brooks, Margaret Dunn, Margaret Walker, Margaret Ledy, Ledy Woodruff, Shirley Palmer, Brian Houston, Griselle Houston, Lillian Lane, Norine Thompson, Hollister Hancock.
