TERMS IN ADVANCE.

Local and Other Matters.

FROM TUESDAY'S DAILY, OCT. 7.

Two Days' Meeting.—A two days' meeting will be held at Draperville, on Saturday and Sunday, October 18th and 19th, at 10 a.m. and 2 p.m. of each day.

Postponed.—The two days' meeting, appointed to be held at South Cottonwood, is postponed in consequence of the meeting-house of that ward being in course of repair.

Rains in Cache Valley.—Arrivals from Cache Valley state that that region has been visited with copious showers of rain for several days, and at last accounts it was still falling.

Rain at Last.—The "long sought come at last" descended upon the earth last night and is still threatening another shower. Rather cold for Conference, but it is welcome all the same.

The Foot Race.—The great foot race of 125 yards, on Washington Square yesterday afternoon, between Floyd and Stone, was won by the former in 12 seconds, he coming out about 18 inches ahead of his opponent.

District Court.—Proceedings, Monday afternoon, October 6, 1879. Chief Justice Hunter presiding.

James Hunter et al. vs. James Burnes et al; motion to admit certain testimony argued and submitted.

Matthew Monheim vs. Czarina Mining Co; motion to amend the record, disallowed. Permission given to file an agreed statement of facts.

Tuesday morning, October 7th.

James Hunter et al. vs. James Burnes et al; judgment that plaintiff take nothing by this suit and defendant recover costs. Exception. Twenty days stay allowed.

Joseph Silver vs. Emma Silver; motion of defendant for judgment on report of referee. Submitted.

Goodman Brothers vs. Siegel Brothers; on motion of plaintiff dismissed without prejudice at plaintiff's cost.

Kerosene Explosion.—On Sunday afternoon, Miss Ellen Ohlsen, daughter of Mr. Ohlsen, the tinner, started to light a fire in the stove. In order to facilitate the burning of the fire, the young lady poured some coal oil upon the fuel, and placed the oil can upon the stove hearth. She then proceeded to peel some potatoes, and while thus engaged, the oil within the can becoming heated, generated gas, which, communicating with the fire within the stove ignited, exploding the can, and enveloping Miss Ohlsen in flames. The young lady's brothers who were near by, immediately came to her assistance, and eventually succeeded in extinguishing the flames, though not before the poor girl was most frightfully burned about the limbs, body and face. The lady's brothers were also severely burned about the hands. Dr. Williams was sent for, who did all he could to alleviate her sufferings. At last accounts the patient was in a very dangerous condition, and great hopes for her recovery were not entertained. *—Junction.*

Good Stock.—One of the most interesting features of this year's fair was the fine exhibits of stock, some bred as well as imported; the improvement manifested in this respect, over past exhibitions, giving evidence that our farmers and stock raisers are interesting themselves in the im-

portant matter of introducing a finer breed of animals, to take the place of the "scrub" kinds that have been nearly our only stock and store for so many years. The horses, this season, made an especially good showing, though they were for the most part grades instead of thoroughbreds. Among the blooded importations, we noticed the thoroughbred stallion, "Young Percheron," whose pedigree is of the noted French stock reserved by that Government for breeding purposes, and whose foals are noted for their beauty, strength and adaptability to all farm purposes. This valuable horse is now on exhibition at Mulloy & Paul's stable, and is owned by Mr. C. E. Wallin, of this city.

Weather Report.—The courtesy of the Deseret Telegraph Company enables us to place the following before our readers:

Mt. Pleasant—Cloudy, cold and windy.

Santaquin—Cloudy, windy and cold.

Kanab—Very windy, clear and cold.

Bingham—Trying to snow, drizzling rain and snow.

Frisco—About as windy as the elements combined can make it.

Gunnison—Windy and dusty, some cloudy.

Cedar City—Strong south wind blowing and very cloudy.

Parowan—Windy and some clouds.

Ephraim—Cloudy and windy.

Nephi—Cloudy, windy, and looks like storming.

Fillmore—Wind blowing very hard and cloudy.

Cove Creek—Fine, but windy.

Sliver Reef—Clear and cloudless.

Pioche—Cold and very high wind, indications of a snowstorm.

Panaca—Cold and windy, looks like storming.

Juab—Very cloudy, looks like rain.

Beaver—Cloudy, and wind blowing.

Moreni—Had rain; cloudy now and windy; blowing very hard.

Glenwood—Blowing hard, some cloudy; looks some like a storm.

Richfield—Little cloudy, wind blowing very hard.

Salina—Wind blowing very hard.

Logan—Been raining hard all day; is clearing off; sun shining.

FROM WEDNESDAY'S DAILY, OCT. 8.

Salmon Eggs.—One hundred thousand California Salmon eggs, forwarded from McCloid River, California, by order of Professor Baird, United States Commissioner on Fish and Fisheries, were received this morning by Hon. A. P. Rockwood, Superintendent of Zion's Co-operative Fish Association. The hatch will be ready for distribution in the public waters, during the month of November.

Going to San Juan.—Elder Silas S. Smith called upon us this morning. He intends starting for his home in Paragonah to-morrow. He desires that all who intend accompanying him to the new colony on the San Juan, shall meet him at Potato Valley, up the Sevier from Pangwitch, not later than the 25th inst., as the intention of the company to take the route through Salina Pass has been changed. The reasons are that there is scarcely any feed along that way and the new plan of cutting through by a new road across the Colorado will shorten the distance about 200 miles.

Sudden Death.—Ernest I. Young, one of the seven litigant heirs in the suit recently compromised, was found dead in his bed, at home, this morning about 7 o'clock. Yesterday about 4 p.m., he was at the Warm Springs, apparently in usual health, with the exception of a severe pain in the head, which he said was so great he could hardly endure it. He returned home about half past six and retired at 8 o'clock, taking a slight dose of morphine to induce sleep, as he was intending to go up Cottonwood Canyon in the morning in company with a gentleman of this city. He was heard moving in his room, however, until

about 3 a.m. His little son, aged six years, slept with him, and arose this morning unconscious of his father's death, and it was not until his wife went to call him at 7 o'clock, that the truth was discovered. He was quite dead and cold, and his face and head discolored, giving every appearance of having died from apoplexy. Doctors Fowler and Benedict, as well as the Sexton, all agree in the verdict that This was the cause of his death, as the morphine he took was insufficient to produce death, and the eyes gave no evidence of it having come from such a cause. A coroner's inquest was held this morning, the verdict rendered harmonizing with the above particulars. Deceased was born in this city, was 28 years of age, and leaves a wife and four children.

FROM THURSDAY'S DAILY, OCT. 9.

Snow on the Mountains.—The Wasatch peaks have donned their "eternal" covering, and stand out as gray and solemn against the wintry sky as though they had never doffed their frosty coats for an instant.

"Juvenile Instructor."—No. 19 of the present volume contains much that is pleasing and instructive. The contents are "Joseph as a Dreamer," "Book of Mormon Sketches," "Biography of Joseph Smith," "A Trip Among the Yaqus," "Temples," "The Three Eras," "Curiosities of Human Food," "Geysers" and correspondence and other items of interest.

"Enquirer" Items.—Most of the business of the First District Court has been transacted.

Bishop Brigham, of Springville, is slowly recovering.

Dr. R. B. Sharp, dentist, residing temporarily at Provo, was badly injured about the face, last Saturday, by the explosion of an alcohol lamp.

The Pleasant Valley Railroad has stopped for the season, within a mile of the coal beds. The company will not, as expected, deliver coal at Springville short of \$6.50 or \$7 per ton. The *Enquirer* advises the people to haul it from the mines with wagons, before paying such a price.

Obsequies.—The funeral services over the remains of the late Ernest I. Young were held at the residence of his parents, 18th Ward, this morning between 10 and 11 o'clock. The family and near relatives and friends of the deceased were present, and consolatory and instructive remarks were made by President Joseph Young, Elders Moses Thatcher, Brigham Young and Feramor Little. The remains were afterwards consigned to the family cemetery on the hill. We extend our sincere sympathy to the family and to all those who are bereaved by the sudden departure of one of their number.

New Tabernacle.—We have been requested to publish the following notice for the benefit of those who were unable to be present at Conference, and if the response to the teachers is as unanimous as the vote in the meeting, we are assured by the committee that the work on the Tabernacle will be prosecuted with all possible dispatch, until completed for public use.

With a view to aiding the Bishops in raising funds for the completion of the New Tabernacle, at the Quarterly Conference last Sunday, October 5th, President Angus M. Cannon submitted the following proposition: That every man, woman and child, as members of the Church in this Stake of Zion, shall donate the amount of one day's labor, in the kind of pay they work for, or the proceeds of one day's income, to be paid within one month from date. When this proposition was put to vote, it was unanimously responded to by the uplifted hands of the congregation present. Prest. Cannon then expressed his pleasure at witnessing such a cheerful response and desired the Bishops to have their Teachers visit every family in their respective wards, to ascertain the kind and amount of means to come from each, so as to furnish

the committee, within one month, the funds necessary to hurry up the completion of the building. The Bishops are, therefore, requested to have this matter attended to immediately, so that the building may be fully prepared for use at our next quarterly Conference.

GEORGE GODDARD,
In behalf of Committee.

Releases and Appointments.—The following Elders are released to return home to Utah, October 18th, 1879:

Joseph Bull, from laboring in the printing department of the *Millennial Star* Office.

Walter J. Lewis, from laboring in the printing department of the *Millennial Star* Office, and being traveling Elder in the Liverpool Conference.

Wm. Bramall, from being President of the Nottingham Conference.

Andrew Watson, from being President of the Dundee Conference.

Thomas F. Howells, from being President of the Norwich Conference.

William Ball, from being traveling Elder in the London Conference.

George Openshaw, from being traveling Elder in the Manchester Conference.

George Meldrum, from being traveling Elder in Shetland Island, of the Dundee Conference.

David C. Dunbar, late traveling Elder in the Nottingham Conference, is appointed to succeed William Bramall, in the presidency of that Conference.

Henry Walsh, recently appointed a traveling Elder in the Birmingham Conference, is appointed to succeed Thomas F. Howells in the presidency of Norwich Conference.

Andrew Ferguson, late traveling Elder in the Dundee Conference, is appointed to succeed Andrew Watson in the presidency of that Conference.

W. B. Parkinson, late traveling Elder in the Sheffield Conference, is appointed a traveling Elder in the Leeds Conference, to labor under the direction of Elder Isaac Smith.

E. B. Snow is appointed a traveling Elder in the Sheffield Conference, to labor under the direction of Elder George R. Emery.

NOTICE.

In the Probate Court in and for Salt Lake County, Territory of Utah.

LORING R. KETCHAM, Plaintiff, vs. SARAH M. KETCHAM, Defendant.

The people of the Territory of Utah, to Sarah M. Ketcham defendant: Greeting:

YOU are hereby summoned to appear in an action brought against you by the above named Loring R. Ketcham, plaintiff in the Probate Court in and for the County of Salt Lake and Territory of Utah, and answer the complaint filed therein, within ten days (exclusive of the day of service) after the service on you of this summons, if served within this county; and if not within this county, but within the Third Judicial District of the Territory of Utah, within twenty days, otherwise within forty days.

This action is brought to obtain a decree from this Court dissolving the marriage contract existing between said plaintiff and you, and if you fail to appear or answer as by law provided, said plaintiff will apply to said court for the relief prayed for in his said complaint.

In witness whereof, I have hereunto set my hand and the seal of said Court, in Salt Lake City, this 10th day of October, A. D. 1879.

D. BOCKHOLT,
Clerk of the Probate Court, Salt Lake County.

NOTICE.

I hereby given by the undersigned Administrator of the Estate of Ole Olsen, deceased, to the creditors of and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within ten months after the first publication of this notice, to the said administrator, at his residence in Paragonah, Iron County, JESSE W. CROSBY, Jr., Administrator of the Estate of Ole Olsen, deceased.

Catarrhal POISON

Wei De Meyer's Treatise on Catarrh,

explains the following important facts:

1. That Catarrhal Colds become a poisonous infection, at first local, and finally constitutional.

2. That, being Constitutional, the infection is beyond the reach of mere local remedies.

3. That whatever impurities exist in the nostrils, are necessarily swallowed into the stomach and inhaled into the lungs, thus poisoning the digestive, the respiratory and the genito-urinary organs.

4. That Catarrhal virus follows the mucous membrane and causes Weak Eyes, Deafness, Dyspepsia, Chronic Diarrhoea, bronchitis, Leucorrhoea and Consumption.

5. That Smokes, Douches, Inhalations and Insoluble Snuffs, taken into the nostrils and throat, cannot possibly remove infectious inflammation from the organs named.

6. That an antidote for Catarrh must possess an inoculative affinity for, and the capacity of being absorbed by the purulent mucous wherever located.

Acting upon these theories, Dr. Wei De Meyer has found a remedy for Catarrhal diseases, which proves to be infallible. His Treatise, with overwhelming proofs and full explanations of the most important medicinal discovery since vaccination, is sent free and Post-paid to anybody. Wei De Meyer's Catarrh Cure is not yet in the hands of all Druggists. Where not thus procurable, it will be delivered to any address at \$1.50 a package. To Clubs, six packages for \$7.50. To the trade, liberal terms.

D. B. DAWNEY & Co., Ag'ts, 46 Dey St., N.Y.
