

of Englebrecht et al. vs. Clinton et al., recently before the United States Supreme Court, originated in a proceeding of this kind.

It may be asked why are not all these matters decided and determined by the district and supreme courts of the Territory? Some of them have been; but nothing is determined or settled in Utah.

It is assumed in favor of an independent and separate judiciary, an independent military organization, that all the legislative acts tending to establish them have been submitted to Congress, and that Congress, never having disapproved of any of them, has by acquiescence approved them all, and a remark of Chief Justice Chase in the late case of Clinton et al. vs. Englebrecht et al. is relied on to support this assumption.

In conclusion, there being no grounds for a hope that the Legislature of Utah will change its policy so long and systematically pursued, the only remedy is with Congress, by disapproving all hostile, unrightful, and improvident legislation; and by positive legislation to bring order out of confusion and harmony out of disorder.

Memorial.

In view of the above facts, we, the undersigned, members of the legal profession, residing in the Territory of Utah, would respectfully memorialize the Senate and House of Representatives of the United States in Congress assembled for such legislation as will remove the evils we have pointed out.

We are not tenacious of the manner in which this shall be accomplished, but earnestly ask your honorable body to devise some means by which we may be relieved of the difficulties indicated.

Any legislation having in view the speedy correction of the evils we have presented would meet with our sincere approbation, and as in duty bound your memorialists will ever pray.

A SCHOOL girl was, a few days ago, being examined before a Committee of Investigation, when one of the astute members asked her if she knew what a newspaper reporter was. "Oh, yes," she replied, "He is a person who interviews you, and then goes and publishes that which you did not say; in other words, one who draws upon his imagination for his facts."

PROCESS OF

Curing Disease by Medicated Vapor

IS ONE THAT IS FAST AND DESERV- edly becoming popular, as hundreds of living witnesses can attest. Old chronic cases of years standing, and where all other medical aid had failed, are constantly being cured by it. The scales are falling from the eyes of an intelligent people, and the public daily being convinced of the fol- lies of keeping on in the old beaten track of purge, purge, where failures are so univer- sal. With this process no medicine is given, or applied, except in the form of vapor, which is received through the pores of the skin, and thus through the blood, which becomes purified by it, and without the slightest harm to the constitution.

LETTERS PATENT have been granted me, and any family with ordinary intelligence, can, by securing a family right to use the same, save themselves, in the course of a few years, hundreds of dollars. Below find a list of some of the diseases cured by the process:

RHEUMATISM, NEURALGIA, DROPSY, LIVER AND KIDNEY AFFECTIONS, DIABETES, BRONCHITIS, CHILLS, SORE EYES, EYRISPELAS, SCROFULOUS AFFEC- TIONS OF EVERY FORM AND CHARAC- TER, PAINS, CRAMPS, SALT RHEUM, TETTER, SCURVY, LEPROSY, FEVER- SORES, WHITE SWELLINGS, &c., &c., &c.

It removes the effects of all poisonous matters, Mercury, Lead, Arsenic, &c., and restores a healthful circulation throughout the system.

Family Rights can be obtained of J. Rees & Brother, at the REES BLOCK, First South Street, over the Oil Store.

Rooms are being nicely fitted up over their Store where patients can be received under treatment and furnished with Rooms and Board, comfortable as can be found in any Hotel in the city.
