SALT LAKE CITY, July 10, 1874.
Buying at \$1.00; Selling at \$1.12.

THE large excursion party, now in our city, whose names appear below, left Omaha, three or four days since, on a trip across the continent to the Pacific. Among their number are representatives of twenty-two of the States of the Union, also of Canada and Great Britain. Congress, the pulpit, press, bench and bar are well represented, and all things considered, this is probably the most distinguished body of excursionists that have ever visited our city.

Col. M. M. Jones, of Indianapolis, is Chaplain of the party. They travel in a train of handsome palace cars, and leave this city this afternoon to continue their journey westward. This morning the members of the party assembled in the Tabernacle, where an address of welcome was delivered by Mayor Wells, which was responded to on behalf of the excursionists by Mr. D. K. Tripp, of Chicago. They express great pleasure at their visit to Salt Lake, and at the kindness and courtesy with which all have treated them during their stay here.

THEATRE.—The entertainment at the Theatre to-night will consist of a very beautiful domestic drama, entitled "Fanchon the Cricketer," in which the role of "Fanchon" will be sustained by Mrs. Carrie Carter, who will be supported by an efficient cast.

SARAH MERTINOS.—The time at meeting, yesterday morning, was occupied by Elder Orson Pratt; in the afternoon the congregation was addressed by Elders H. S. Eldridge and Robert F. Nealen.

INFORMATION WANTED.—Mrs. Plant, of Fairfield, who is now in this city, would like to know of the whereabouts of Brother Butler, late of Rotherham, Yorkshire, England, who was in the company of emigrants which arrived last Wednesday evening. Brother R. will confer a favor by reporting himself to Bishop Hunter, or at this office.

AN ACCIDENT.—This morning, about half-past 7 o'clock, a lad, named James Buckley, aged fourteen years, had one of his ankles severely injured in the following manner: It appears that when the accident occurred the construction train of the Utah Southern R. R., was passing through the 8th Ward on its way north, having on board the railroad work hands, among whom was Buckley. Brother Edwin Pelt had been repairing the engine of his place in that ward, which is close to the line, and had left a loose post inclined to the track. Buckley's legs were caught over the side of the truck and as the train was passing the post the lower part of his leg and his foot was dashed against it. The boy was immediately taken home and medical assistance procured. We have not been informed with regard to the exact nature of the injuries, but understand they are severe.

APPOINTMENTS.—Elder David John is appointed to preside in the Glamorgan, Elder David Brinton in the London, Elder George F. Ward in the Manchester, Elder Oliver G. Snow in the Leeds, and Elder John L. Hart in the Durham and Newcastle Conference.—*Mill Star*, 27th.

A BRUTAL OUTRAGE.—Brother C. F. Williams, of the 4th Ward, called this morning and related the following incident: He had been out visiting last evening, accompanied by his wife and four children and his mother-in-law, the whole party being in a light one-horse wagon. About half-past seven, when returning home, and when in the vicinity of the house of Mr. C. B. Hawley, two men rode up on horseback, who appeared to be a little worse for liquor. One of them, a fellow wheeled his animal suddenly round and dashed with great force against the horse of Brother Williams, breaking one of the shafts and nearly upsetting the vehicle. The consequence caused by the collision was so great that Sister Williams and three of the children were thrown out, one of the latter being an infant in arms. The horse turned clear round, causing a wheel to pass twice over Sister W. and once over one of the children, and the infant was so completely stunned that at first fears were entertained that it was dead. It afterwards, however, revived. The occurrence was witnessed by several citizens and the fellow who committed the deed, cowardly act, and his companion were both arrested, and it is to be hoped that the contemptible fellow will now be with his just deserts. We have been informed that such tricks are old with this worthy, and that evening he tried the same thing with Mr. George Williams, and his team was some distance ahead of Brother Williams.

FACTS FOR HOUSEKEEPERS.—That DOOLEY'S YEAST POWDER will produce from twenty-five to forty pounds more bread from a barrel of flour than by the old-time tedious process of raising dough with Baker's or Hop Yeast. The economy of purchasing Dooley's Yeast Powder can readily be seen by all. It permits on waste of flour prepared with it, produces elegant, light, nutritious rolls, biscuits, or pastry, such as can be eaten and relished by invalids or the most confirmed dyspeptic. Put up in packages to suit the consumer, and sold by all grocers and dealers. Dooley's Yeast Powder, Manufacturers, 90 New Street, New York.

NEW REFORM.—The introduction of Soda Water and Sarsaparilla, by Day & Co., has done more in the way of a Temperance Reform than all the lectures that have been delivered in the country. The natural condition of man is a thirsty one, and it has long been an established fact that water will not quench thirst. The question then arises, can we find a substitute for water in its office, and more delicious in taste than anything yet discovered? We find it in Day & Co.'s Soda and Sarsaparilla. If every one would sign the pledge and drink nothing but this celebrated beverage, much degradation, misery, shame and crime would be prevented in the world. If any one doubts the truth of our remarks let them step into the first place they come to and try it. It will reach for itself. en 170 1m
