September, 1878.

THEY had long been the best in the market - a fact which was well known to everyone - who used them. It was simplicity, it was economy, it was durability, it was the perfection of mechanism.

And now, we have the highest of achievement in Granite Ironware. - We do not have the ordinary granite ware, but the best of everything for our

machines in the world. Don't buy

DR. GRANT'S

GRANITE IRONWARE.

THE NEW

IMPROVEMENTS

Experiments in the VICTOR Sewing Machine have resulted in a series of valuable improvements supported by a host of valuable patents. These improvements have been so judiciously and so ingeniously combined that a remarkably reduced number of parts are required to make a complete machine. The result is a machine that is so beautifully finished, so compact, so strong, so simple, and so easy to run, that it has taken up the place of the old-fashioned and expensive machines in the homes of all the progressive and inventive seamstresses and housewives. The new Victor Sewing Machine is the only one that will give you the best results with the least expenditure of money.
