EDITORIAL NOTES.

-----They had a large fire in Sierra Nevada, July 6. The Bonanza Company lost heavily; S,000 cords of wood, cut and piled, several million feet of lumber in the log, and 2,000 acres of pine forest were swept away, also a number of houses for woodcutters and lumbermen. Total loss not less than \$100,000. Supposed to be the work of an incendiary.
