THE LIVER AND ITS FUNCTIONS.

It has become a well established fact that the larger portion of diseases to which the human family is subject arise in the first place from some derangement of the Liver. This organ is not only the largest, but at the same time one of the most important. The young blood, on its return to the heart, passes through this organ, and in its passage the impurities, as also the secretions which are necessary for digestion as well as for a appetite to assist in that process of vegetable and animal life, are eliminated. From this it is easily seen that the Liver is liable to the most evil of either a greater or less extent, and when this occurs it is impossible for it to properly fulfil its office of retaining in the system those elements which should not allow it to pass through, carrying with it the poisons which it should have been relieved.

With impure blood the whole system becomes affected, and no organ can properly perform its functions unless it is in a healthy condition. Such is the case, and as a consequence

Entirely different from any other preparation, and for the cure of Diseases of the Liver, Kidneys, Stomach and Bowels, is a mild yet effective remedy. It is a sure cure for Dyspepsia, Indigestion, Biliousness, Jaundice, Sick Headache, Fever and Ague, Chronic Diseases of the Blood, Skin and Kidneys, Female Complaints, Nervousness, Rheumatism, Neuralgia, Piles, Dizziness, Sour Stomach, Loss of Appetite, Costiveness, Blotches, Humors, Boils, Tumors, Ulcers, Sore Eyes, Scrofula, Consumption, Erysipelas, Malaria, Chills and Fever, and all diseases arising from a disordered Liver, Stomach or Blood.

PRICKLY ASH BITTERS is a medicine of such a character that it can be used as a tonic, or, if necessary, as a stimulant, without any bad results. It is not used as a cure-all, but for derangements of the Liver, Kidneys, Stomach and Blood, it is a sure cure. Ask your druggist for PRICKLY ASH BITTERS, and take no other.

MODERN GARGANTUA.

MR. A. M. GIBSON'S DESCRIPTION OF ELI MURRAY.

THE RECORDS OF THE DEPARTMENT OF JUSTICE MUTILATED.—MURRAY AS MARSHAL, TERRITORIAL GOVERNOR, ETC.

The following is the full text of A. M. Gibson's letter to Chairman Springer, of the House Committee on Expenditures in the Department of Justice, which was called forth by the action of that committee in regard to the charges of misconduct against Eli H. Murray during his term of office as United States Marshal:

WASHINGTON, D. C., April 7, 1884.

Sir.—Eli H. Murray, late United States Marshal of Kentucky, and present Governor of Utah, was denounced by the Hon. John B. White, Representative from Kentucky, as a thief. The committee, of which you are chairman, acting upon the information obtained from Mr. White, called upon the Attorney General for any papers on file in the Department of Justice relating to the administration of the United States Marshal's office for the District of Kentucky during the incumbency of Eli H. Murray.

A bundle of papers, the result of an examination made by Geo. K. Chase, an officer of the Department of Justice, was sent to your committee. The examination covered a very short period and related only to certain specific charges made by a former subordinate of Marshal Murray. The charges were sustained by oral and documentary evidence. The officer directed to make the examination so reported to the Attorney General, who thereupon wrote to Marshal Murray demanding his resignation. In response thereto, John M. Harlan, then the attorney of Murray, now a Justice of the Supreme Court of the United States, came to Washington to save his client from disgrace.

The result of Mr. Harlan's visit was an arrangement by which Murray was allowed to resign as if of his own motion, and the letter of the Attorney General demanding his resignation was not only withdrawn, but the records of the Department of Justice were mutilated by cutting from the letter book the recorded copy thereof. It was also stipulated that the papers showing the result of the examination made by Chase should not be placed on file. The object of this extraordinary proceeding could have been none other than to shield an offender in whose interest powerful political influences had been brought to bear. The records of the Department of Justice are not mutilated and official papers kept off the files for trivial causes.

The papers sent to your committee were examined by Mr. Ballin, an expert of the Department of Justice, who testified that they disclosed irregularities in the accounts of Marshal Murray and frauds upon the United States. George K. Chase, the officer who investigated the charges against Murray, and who reported them sustained, appeared before your committee and testified that the evidence he obtained established Murray's guilt; that the Attorney General demanded Murray's resignation, which was received and accepted. He testified that the resignation was demanded because the examination he had made satisfied the Attorney General that Murray was guilty. This witness was superficially examined and did not give a satisfactory account of the attempted suppression of his report, of the withdrawal of the Attorney General's letter demanding Murray's resignation, nor of the mutilation of the records by removing the copy of the same.

Between the time the papers first came to your committee and the examination of Chase the most important one disappeared. It was the original warrant on which were indorsed in Murray's handwriting the illegal fees, amounting to more than $80, in the McCord case. It was among the papers when they first came from the Department of Justice. I saw and examined it carefully. I called the attention of the clerk of your committee to it.

The Hon. John B. White testified concerning many irregularities in the Marshal's office which had been reported to him. He gave an account of gross outrages perpetrated in his district solely for the purpose of swelling the emolument returns of Marshal Murray. He gave you the names of witnesses who had personal knowledge of irregularities and frauds, and asked that they should be subpœnaed and examined. This has not been done.

The Commissioner of Internal Revenue, who made grave charges against Murray, was "invited to appear before your committee and give his testimony, but declined for personal and political reasons, and was excused. Mr. Chase, who knew a great deal more than he was asked to tell in his first examination, has also been excused from giving further testimony. Wherefore this tenderness.

Mr. Murray appeared before your committee, last Friday, and consumed two hours in reading a statement abounding in tawdry rhetoric, mawkish invective, and wholly unsupported charges against gentlemen who had nothing whatever to do with the execution upon which he was found guilty by the Department of Justice, years ago. Undoubtedly he was surprised and amazed when the proofs of his delinquencies were found in the Department of Justice. He rested secure in the belief that they had been suppressed. His political friends had sufficient influence to induce an Attorney-General to mutilate the records of his office and to direct the evidence of guilt to be kept from the files. But Mr. Chase forgot to carry off the papers when he went out of office and they unexpectedly turned up as Murrays accusers. Like the ghost of the murdered Banquo, they return to plague all who were concerned in this nefarious business.

Your committee swallowed the "intolerable deal of sack" ladled out by this modern Falstaff, and graciously accepted the modicum of explanation he vouchsafed about the charges against him, as a complete vindication It was voted that you would take no more testimony. The mutilation of the records of the Department of Justice, the attempted suppression of the proofs of official misconduct, the abstraction of an important piece of documentary evidence after it had come into possession of your committee, the political thimble-rigging by which all these things were accomplished, are matters about which you will not waste your valuable time. Nero fiddled while Rome burned.

Murray placed the responsibility for all the shortcomings of himself upon a discharged deputy. The copies of his enrollment returns in your possession show that it was the rule of Marshal Murray to charge the government greater mileage than his deputies actually traveled, and for guards in attendance on prisoners when none were employed; to charge mileage and guards when arrests were not made, the accused persons having voluntarily appeared; to defraud the government by the fictitious accounts of negro janitors, to pilfer by the means of excessive stationery bills. These and many other instances of official misconduct this valorous and virtuous Gargantua shuffles off upon a discharged deputy who had not, and could not have had, lot or part in them. But your committee considers its time too valuable to waste in a search for trivialities like these! It will not summon the witnesses indicated by a member of the House of Representatives, who says they have personal knowledge of the facts and will prove the truth of his charges!

This Gargantual Governor of Utah ascribes to himself the sacred character of a great moral reformer, and would have the world believe that he like his Rabelian antetype, is persecuted because he has been "called to the faith of the Gospel and convinced with the certainty of evangelical truths." His organ in Salt Lake City, Mr. Chairman, terms you a Jack Mormon, whatever that may mean, and his mouthpieces here proclaim that you were bought by Mormon gold, and during a recent visit to Utah entered into a conspiracy with the Mormon leader to blacken and defame his lily-white character. I am accused of being paid by the Mormons to send abroad defamatory dispatches concerning the past official record of this champion Gentile of morals in Salt Lake City. With lofty Gargantuan rhetoric he describes me as "a bird of ill omen with an ocilar attachment."

If your committee will exercise the legal "attachment" provided by the House of Representatives, and permit me to examine the witnesses, I will undertake to prove to your entire satisfaction that while Marshal of Kentucky Eli H. Murray systematically defrauded the Government by charging illegal fees; that his emolument returns were invariably "crooked," and that he escaped merited disgrace and punishment nearly eight years ago by political thimble-rigging. I will undertake also to prove that he has prostituted his position as Governor of Utah to further the schemes of a ring of public plunderers; that he and the men whose subservient tool he is, exerted all their influence, official and otherwise, to bring the Edmunds law into disrepute, and to embarrass the Commissioners appointed to carry into effect its provisions. I will further undertake that his and their purpose was to make the law a failure in order that they might procure the passage of an act by Congress disfranchising the people of Utah and vesting in their hands the entire machinery of the Territory so that they might oppress and plunder at their sweet will. I will prove beyond peradventure that he has lent the use of his name as Governor to bolster almost every description of swindling corporations organized for the purpose of fleecing the public and putting money in the pockets of the projectors. I append hereto a list of these "snide" companies organized in one county of Utah in which Murray appeared as an officer and the holder of stock at the time of their organization to the amount of $1,120,000.

I will content myself with the history of one of the corporations—the Black Diamond Coal & Coke Co., organized July 12, 1880, Eli H. Murray, president and owner of 140,000 shares of stock, nominal value $5. The projectors of this swindle pretended to be owners of a large body of coal land, when in truth and in fact they had merely "filed" upon the lands, and thereby obtained only the privilege of becoming the owners within a year by complying with the terms of the law. They organized their company, made Eli H. Murray president, giving him 140,000 shares of stock of the nominal value of $700,000 for the use of his name, and then he and they disposed of their stock to a public confiding in the good character of the Governor of the Territory, the representative of the sovereignty of the United States. The title to the property was not perfected, and the stock of the company is not worth the paper it is printed on.

Very respectfully,
A. M. GIBSON.

To the Hon. Wm. M. Springer, chairman of the Committee on Expenditures in the Department of Justice.

TUTT'S PILLS

TORPID BOWELS and DISORDERED LIVER.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: **Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, a feeling of having neglected some duty, Dizziness, Flattering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION**, and demand the use of a remedy that acts directly on the Liver. As a Liver medicine **TUTT'S PILLS** have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "scavengers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. **TUTT'S PILLS** cause no nausea or griping nor interfere with daily work, and are a perfect
