

EPWORTH LEAGUE TOURISTS HERE.

Over Six Hundred Come in Twenty-four Hours.

SPECIAL TRAINS GALORE.

Forerunners of the Big Invasion Listened to an Organ Recital and Visited Various Resorts.

The vanguard of the invading hosts of Epworth Leaguers arrived in this city over the Rio Grande Western this afternoon accompanied by members of the local committee who went down to Thistle to meet them. Last night one sleeper came in on No. 3 with fifty-five Leaguers from Newton, Iowa, on board. This car came over the Rock Island to Denver, which road by the way carries the official train. It left for the west on No. 5 this morning.

Today both No. 1 and No. 5 came in in two sections and from this time on all westbound trains over the Western will come in in several sections. Today's delegation consisted of a New York party. Tomorrow the Pennsylvanians will arrive, and on Saturday the Leaguers will take possession of the town with contingents from Chicago, the Thorpe New York special, the Kansas, Colorado, Wisconsin, Indiana and the Davis New Jersey special.

On Sunday there will be one additional special from Chicago, two from New York, one each from Ohio, New England and St. Louis, and four special trains from Philadelphia. After that time there will be a let up on the heavy travel. Under existing circumstances every wheel of the Rio Grande Western passenger rolling stock has been kept revolving.

By noon today there were close upon 600 strangers in the city, a percentage of which were bona fide Epworth League tourists. The restaurants and resorts did a thriving business and Prof. McClellan gave a free organ recital in the Tabernacle for their special benefit.

SURVEYORS AT GARFIELD.

Southern Pacific Engineers Return from the Desert South of Lake.

The Southern Pacific surveyors who have been working on the cut-off round the south end of the lake have returned from striking another line across the desert and are now camped on the site of the salt works, twenty-one miles out of Salt Lake and beyond Garfield. At this spot there is quite a busy scene with the graders camps and the engineer outfits. The Short Line will shortly put in a spur to the salt works which will have the effect of compelling the San Pedro main line to cross several tracks at this narrow pass.

With the Southern Pacific surveyors working toward Salt Lake things from a railroad standpoint are assuming a rosy hue.

New Lumber Tariff.

The O. R. & N. has issued a special lumber tariff to points on the Nevada branch of the Short Line, effective July 20. Heretofore through rates applied only to three points on the branch—Lund, Modena and Nevada. The new stations and rates are as follows: Spokane and Portland to Upton, Thermo, Nada, Latimer, Sulphur Well and Lund, lumber and long timber, 72 cents; shingles and mining timber, 55 cents per 100 pounds; Cuyena, Sahara, Beryl, Escalante, Modena, Searl and Nevada, 74 and 57 cents, respectively.—Spokane Spokesman-Review.

CAMPBELL IN FRISCO.

Important Meeting of Hardman Traffic Officials to Take Place.

San Francisco, July 10.—An important conference between the traffic officials of the Southern Pacific and the Oregon Railroad & Navigation Company will be held at the general offices of the Southern Pacific in this city during the next few days. The conference will begin tomorrow. B. F. Campbell, traffic manager of the Oregon Railroad & Navigation, arrived from Portland today. He will be joined tomorrow by A. L. Craig, general passenger agent of the company. C. H. Markham, general freight and passenger agent of the Southern Pacific lines in Oregon, is also here from the north. The purpose of the gathering is not made entirely clear, and it has provoked some disquieting rumors concerning possible changes and consolidations in coast agencies. Incidentally, the officials of the two lines

will discuss a number of matters pertaining to the eastbound soldier traffic, the Epworth League movement and other matters of mutual interest concerning freight and passenger traffic. There has been some talk of late that the new relationship established between the Southern Pacific, Union Pacific, Oregon Railroad & Navigation Company and the Oregon Short Line might make it advisable in the estimation of the traffic officials of the several lines to bring about a consolidation of agencies throughout the country. It has even been suggested that the Union Pacific and the Oregon Railroad & Navigation agencies in this city might be closed, or at least brought under the domination and control of the Southern Pacific. This was a matter, however, on which Traffic Manager Campbell professed to be entirely ignorant.

According to recent dispatches from Portland, there is likely to be a consolidation of Southern Pacific, Union Pacific and Oregon Railroad & Navigation interests in the Northwest. Richard Kiebler, manager of the Southern Pacific lines in Oregon, is expected to retire shortly, and it is said that the Oregon lines will either be added to the Pacific system of the company under the management of J. H. Hinchey, or else that A. L. Mohler, president of the Oregon Railroad & Navigation, will be made general manager of the consolidated Hardman system in Oregon, in which event C. H. Markham will be tendered the position of general freight agent of the lines under Mohler.

WILL WITHDRAW RATES.

Santa Fe to Stop the Cut Scheduled for July 15.

New York, July 11.—The Tribune says: After the recent meeting of the directors of the Atchafalaya, Topeka & Santa Fe railroad in this city, it was announced that the Atchafalaya management had decided to withdraw its reduced rates for freight, which were listed to take effect on July 15. The withdrawal of the reduced rates, it was said, had been decided upon in the interests of peace, it being understood that other western railroads would stop rate cutting. One of the directors of the Atchafalaya, said as he was leaving the meeting:

"We understood that the question of freight rates is to be settled at a meeting of the Western Truck Line Freight association in Chicago on Friday. We never regarded the question as serious here."

Pension for J. A. Fillmore.

San Francisco, July 11.—The Examiner says: J. A. Fillmore, who has just resigned the position of manager of the Pacific system of the Southern Pacific railroad, will be paid \$1,000 a month by that company until the end of the year and after that \$500 a month as long as he lives. The corporation gives him a pension because of his long and meritorious service.

Mr. Fillmore's plans for the future are not known, but should he decide to engage in active work that will not affect his pension, it is quite possible he may undertake some important railroad work at the East.

SPIKE AND RAIL.

General Agent Coman, of the Short Line is in Butte. Judge Cornish will, in all probability, go East this evening.

One business on the Oregon Short Line north is extremely heavy.

The project of double-tracking the Rio Grande Western between Salt Lake and Bingham Junction has again been revived.

J. W. Trehela, of the Rock Island, is in town after spending nearly two months in Idaho and Wyoming on wool business.

The Oregon Short Line will handle several big parties of Macaebes from

Every Exertion a Task

There is failure of the strength to do and the power to endure; a feeling of weakness all over the body.

The vital functions are impaired, food does not nourish, and the whole system is run down.

A medicine that strengthens the stomach, perfects digestion, invigorates and tones is needed.

What Hood's Sarsaparilla did for Mrs. L. B. Garland, Shady, Tenn., is the same for others. She took it when she was all run down—without appetite, losing flesh, and unable to do her work. It restored her appetite, increased her weight, and made her well and strong. This is her own unsolicited statement.

Hood's Sarsaparilla

Promises to cure and keeps the promise. The earlier treatment is begun the better—begin it today.

Utah and Idaho points tomorrow on the occasion of the second annual field day at Salt Lake.

Boise Statesman: Herbert L. Dibble, one of the clerks at the freight depot, received a telegram Sunday, stating that his father was very ill in Salt Lake. He has gone there.

The Eagles will run an excursion to Mercur over the Oregon Short Line, July 14. The special train will leave Salt Lake at 10 a. m. and returning will leave Mercur about 11 p. m. The De Lamar Mercur mine will be open to excursionists for inspection on that date.

At the annual meeting of the Occidental & Oriental Steamship company in San Francisco yesterday, the following directors were elected for the ensuing year: Charles M. Hays, Horace G. Burt, H. E. Huntington, R. F. Schwerin and D. W. Hitchcock. The only change in the personnel of the board was made by the election of C. M. Hays in place of J. C. Stubbs.

ANOTHER ELOPEMENT.

Miss May Smith Astor's Parents and Friends by Clandestine Marriage.

Miss May Smith, daughter of John Y. Smith, of 256 east Seventh South street, accompanied her parents and friends yesterday when she announced that she had gone to Farmington the night before with Charles Johnson, a waiter at the California restaurant, where the two were married. It was an absolute surprise to her parents and not a pleasant surprise either.

BUSINESS AND REALTY.

There has been recorded with the county recorder the first deed of transfer of city property recently sold at auction. It was to F. Holland and F. M. Benedict, conveying lots 12 and 14, block 2, plat K, for a consideration of \$3,435.

Today marks the limit of time when persons who purchased city property at the auction must finish paying for the same.

A chattel mortgage on the property of B. L. O. and the company has been foreclosed by McCormick & Co., and the affairs of the concern are now in the hands of the bank. It is the intention of the bank to re-organize the company upon a better basis.

The bank clearings for Salt Lake today reached a total of \$791,743.23. The Salt Lake clearing for the same day last year was \$790,094.19.

A. B. Farley has taken a contract for the construction of a double terrace on the corner of 3rd and 4th streets. The building is to be of pressed brick and will cost \$20,000. C. D. Roberts is also erecting a five-room residence on Alameda avenue.

FIGHT IN JUNK SHOP.

Hammer and Fists Figure Prominently on State Street.

Fred Rogowsky and M. M. Gallagher engaged in a heated fight with a hammer and two pairs of fists just before 2 o'clock this afternoon, and Gallagher now reclines in duress vile as a result. Rogowsky runs a junk store on State street, back of the jail. He happened to be in the back of the shop when he noticed Gallagher crawling along on hands and knees back of the counter. Yelling to the intruder to "clear out," he ran over and grabbed Gallagher by the collar. The latter seized a hammer which happened to be near at hand, and struck Rogowsky a sharp blow over the left eye. Rogowsky swung on him and they mixed it up beautifully until Officer Williams came to the rescue. He led them off still hurling epithets at each other, and vainly trying to get just one more blow in.

At the station Rogowsky told how he had caught Gallagher in the act of trying to steal something, and the Russian retorted with "How about my \$25?" From this it is evident that there is some deep, dark mystery back of the trouble. Gallagher was looked up as the cause of altercation and Rogowsky went back to his junk shop, muttering.

EMINENT PHYSICIAN DIES.

Brother of Well Known Salt Laker Passes Away in San Francisco.

San Francisco, July 10.—Dr. Harvey W. Harkness, a wealthy pioneer physician and a well-known authority on fungi, died here today, aged 80 years. Dr. Harkness leaves two relatives only, both in Utah, one Martin Harkness of Salt Lake, the other, Judge Harkness of Seofield.

The deceased is no relation to Judge Harkness, the old established attorney of this city, as many have supposed. But he was a brother of Martin Harkness, the well-known mining expert of this city. The old doctor also leaves a son, who is a justice of the peace in Seofield, the Judge Harkness spoken of in the dispatch.

DISTRESSING ACCIDENT.

Ernest E. Rich has His Thigh Broken by a Horse.

A serious and distressing accident happened to Ernest E. Rich, the 19-year-old son of E. E. Rich of the Pioneer Forwarding company, shortly after 1 o'clock today. One of the horses of the firm was tied out in front of the store eating his noon feed of oats, when a gust of wind blew some paper in his face, causing him to rear back. The nose around the animal's neck tightened about its throat and alarmed it more than ever. It then be-

gan to lunge and rear until it was almost choked down. Ernest ran to the animal's side and after working a few minutes succeeded in untangling it. As soon as it was free it fell back over Ernest's leg, which was thrown out from his body, and fractured it at the thigh. He was carried into the rear of the store and Dr. Beer and Benedict were called in to dress the injured member. They found that it was a severe fracture and it will be some time before Ernest will be around again.

EASTERN PARTY HERE.

Lot of German-American Visitors from New York.

Arriving at the Knutsford late this afternoon is a party of German-Americans, consisting of 150 members of the New York Independent Schouten, who are on their way to San Francisco to attend the national shooting tournament to be held at that place, and at which prizes aggregating \$100,000 will be distributed. The party is in charge of Weinmann's excursion agency, which two years ago conducted the Arion society across the country. The visitors will go to Yellowstone before returning and will go to Salt Lake this afternoon, attending an organ recital at the Tabernacle tomorrow morning, at which Prof. Goddard will assist Prof. McClellan.

AFTERNOON MINING CALL.

Daily-West Weaker—Northern Light Advances—Tetro Stronger.

A number of stocks participated in the trading this afternoon. Ajax sagged to \$1.55½, but closed stronger at \$1.60½, while Daly was traded in at \$2.25. Eagle and Blue Bell sold at 90. Lower Mammoth was traded in at \$3.75. Northern Light advanced to 5½. Joe Bowers was active at 6½. Ben Butler sold down to 12½, while Sunbeam released a small lot at 55. Tesora weakened to \$1.07½, but moved up to \$1.09½ again at the close. South Swansea was traded in around 5½, while Sacramento sold around 3½. Tetro sold up to 15. Star Con. hung around 46½. Uncle Sam was held at \$1.72½ with \$1.65 bid, while \$1.57 was bid for May Day. Dexter was offered at 80, with \$2 bid.

GREAT WOMAN COMING.

Mrs. May Wright Sewall Will Arrive in Salt Lake Tomorrow.

Mrs. May Wright Sewall, a great woman, will arrive in Salt Lake tomorrow afternoon and remain here until Tuesday, the guest of Mrs. A. W. McCune and other leading ladies of the city. A series of functions and other interesting diversions have been arranged for her pleasure while here. She will be met at the depot by a committee of ladies in carriages and escorted to the McCune home. Tomorrow evening Miss Ann M. Cannon will give a lawn party in honor of Mrs. Sewall at the home of her brother, George M. Cannon, in Forest Dale.

Saturday Mrs. Sewall will be escorted to Salt Lake by a company of ninety ladies, the train to be furnished as a compliment from Mrs. Lorenzo Snow. In the evening a reception will be given in her honor at the home of Mrs. F. S. Richards, assisted by Mrs. Priscilla Jennings. On Monday evening Mrs. Sewall will deliver a lecture in the Assembly hall on "Current Tendencies in Education." She is a captivating speaker, with a brilliant wit and fine presence and her lectures will certainly be a treat.

AMUSEMENTS.

An entertainment somewhat out of the usual routine will be given at the Theater this evening, when Mr. Elith Reumert, an actor of the Royal Theater, Copenhagen, Denmark, will appear in recitations. The program will be varied by music and singing, by Prof. A. C. Lund, J. A. Anderson and C. Mollerup, the latter to give a cornet solo. The entertainment will conclude with a brief farce in which Mr. Reumert is the leading role, and is supported by local talent. The recitations and the play are in Danish, and very few who understand that language will be presumed, miss the treat in store for them. Mr. Reumert passed through here a few weeks ago on his way to San Francisco, and entertained his countrymen for one evening, and those who then heard him, will surely be pleased at this second opportunity.

At the Salt Palace "Pinafore" will run out the remainder of the week.

The La Verne brothers, mid-air performers and acrobats, are this week entertaining the audiences at Caldera. The violin and electrotony recital by Prof. Logan and Marie Bunnell will oc-

IMPERSONATED AN OFFICER

Two Alleged Grafters Gathered In By Police and Booked.

Complaints were sworn out shortly before three o'clock this afternoon charging Ed. Williams with unlawfully impersonating an officer and J. E. Carpenter with criminal conspiracy. Williams and Carpenter were arrested yesterday by Detectives Sheets and Janney as grafters and were booked with vengeance because all of the evidence wasn't in to charge them with anything else. Now they will have to answer to more serious charges. The police say they are grafters pure and simple, but the men aver innocence.

MALPRACTICE CHARGED.

Complaint for the Arrest of Dr. E. S. Payne Sworn to Today.

A complaint was sworn out this afternoon before Justice Kroeger charging Dr. Edward S. Payne with the grave crime of malpractice. The girl who swore to the document sets forth in her affidavit that on July 9 she went to the practitioner and told him that she was in trouble and that he told her he would for ten dollars procure an abortion. Accordingly she consented and at his instigation took certain drugs. Later Dr. Payne performed an operation upon her. As a consequence of his act complainant states that her health is in a very precarious condition. The name of the young girl is withheld for obvious reasons.

CASE OF TYPHOID.

A. M. Baddis, a lineman on the Union Light and Power company's force, came into police headquarters this morning, weak and ill with fever. He said that he hadn't had anything to eat for four days and that he could hardly stand up. Dr. King was sent for and pronouncing the case one of typhoid fever, ordered the man sent to the hospital.

DOUGLAS WHITE HERE.

Douglas White, once manager of the Walker House, and special war correspondent of the San Francisco Examiner during the Philippine war, came to town this morning, and made himself busy shaking hands with his many friends in the city. He is stopping at the Knutsford and will remain in town for a few days.

COWBOY PREACHER.

Man With Luxuriant Locks Holds Forth on Streets.

The original "Cowboy Preacher" and his eloquently free have once more invaded Salt Lake and their dulcet tones can now be heard upon the street corners asking for funds to help the good cause along. The latest exponent of the path of rectitude has lost his buckskin shirt since his last appearance here, but still retains his luxuriant locks and sombrero. His wife, is,

if anything, more eloquent than her husband, and this morning she entered a large crowd on the corner of Second South and East Temple streets with some of her experiences throughout the country. The couple, it will be recalled, had some trouble with the police here on the occasion of a previous visit here and left the city with more haste than dignity on December 10, 1896.

BESSIE JOHNSON MAY RECOVER.

Bessie Johnson, who was beaten on the head the other night by a female companion and her paramour, was much better today, and there now seems little doubt as to her recovery. Gary and Little Midget, the two concerned with the Johnson woman in the trouble, will be arraigned tomorrow. If the injured woman continues to improve as she has today, it is expected that she will be able at that time to attend court.

EAGLES' EXCURSION.

Mercur, Sunday, July 14.

Via the Oregon Short Line. Round trip rate only \$2.00. The De La Mar Mercur mines will be open to the excursionists for inspection.

Special train leaves Salt Lake at 10:00 a. m. and special leaves Mercur returning at about 11:00 p. m.

DIED.

DYET.—At her home in this city, of pneumonia, Jane Dyet, wife of Alexander Dyet, on July 11, at the age of 67 years.
