Salt Lake Boy Runs Away from Home -Dr. Gilbert's Lecture-William Herold Arrested for Forgery.

Yesterday Recorder D. W. Ellis received for record the biggest mortgage ever filed in the office of the county recorder. It was recorded at the request of Attorneys Marshall & Royle of Salt Lake, representing the Southern Pacific company and Central Pacific company as mortgagors, and covers the entire Ogden-Lucin cut-off line, and is given to the Guarantee Trust company of New York for the sum of \$10,000,000. The instrument is dated Oct. 1, 1904. and is based on a bond issue styled "Through Short Line first mortgage 4 per cent gold bonds," payable Oct. 1,

The entire Ogden-Lucin line of 102.9 miles, including stations, is mortgaged for the stated purpose of "paying for the construction of and for improving and equipping said line of railroad and for other corporate purposes." The line under mortgage begins at the main line north of Ogden river in Weber county and runs westerly across Promontory point and Great Salt lake to a connection with the original line of the Cen-tral Pacfic railway near and immediately west of Grouse Creek, between Lucin and Gartney stations."

Interest 18 payable semi-annually from Oct. 1. 1904, at 4 per cent per an-num, and the bonds are redeemable at the option of the railway company or its successors at a premium of 7½ per

IN THE TOILS FOR FORGERY.

United States Marshal Deputy Smythe and Postoffice Inspector Per-kins of Montana were in Ogden yesterday with William Herold of Willard, who was arrested at that place by the deputy on a warrant sworn out by the Inspector charging forgery. The feature of the alleged crime which brings it within the scope of the federal authorities, is that several money orders were forged and cashed at postoffices in Montana. For nearly two years the offi-cers have been looking for Herold. The young man's parents live at Willard, and in some way the inspector learned that he was to visit them. He had been at home but a short time when he was arrested. The officers stopped over in Ogden to take the prisoner before United States Commissioner Maloney for arraigument, but as Maloney was out of the city they went on down to Salt Lake by the afternoon train to bring the prisoner before Judge Two-mey. Herold will be taken back to Montana for trial.

Dr. Charles D. Gilbert, formerly president of the National Educational association, and the editor and compiler of many textbooks in use in the schools throughout the United States, delivered a lecture last night in the Congregausual church under the auspices of the City Teachers' association. The audi-torium of the church was well filled, and Dr. Gilbert had the closest atten-tion of his audience from the beginning of his address to its close. The subject of the lecture was "Democracy in the Schools," the word democracy being used in its broadest sense and as stand-ing for the ideal condition in education. Dr. Gilbert was formerly princi-pal of the public schools of St. Paut, Minn, later of Newark, N. J., and Rochester, N. Y., and his theories were Bustrated by incidents and anecdotes coming under his personal observation. After the close of the lecture an impromptu reception was tendered the speaker

Squire Coop gave a piano selection, playing one of his own compositions, and Mrs. William Allison rendered a ouple of vocal selections. Dr. Glibert will leave this morning for

Salt Lake, and will lecture to the prin-cipals of that city at 4 o'clock this afternoon. He will proceed Thursday to California, where he will deliver a series of lectures at a number of the prin-dpal educational institutions.

# RAILROAD FOR TETON VALLEY

Opportunities for Homeseekers - Coal Mine Leased-Creamiry Output. Special Correspondence.

Driggs, Fremont Co., Idaho, Dec. 11. -The O. S. L. surveyors passed through Driggs and on to Victor, where they made their terminus. The survey goes through the middle of the valley just a quarter of a mile west of the county We hope to have a railroad in road. the near future, and are assured from good authority that it will come next season. There is some talk of an elec-tric road from St. Anthony through Marysvale and the Teton valley. This is a good country for sugar beets as well as for other farm products, and it is only a question of the railroad to bring us to the front.

#### COAL MINE LEASED.

Mr. Leroy Hillman has leased the Horse Shoe coal mine, and also has the contract for tunneling in after the main lead. The company had a large force of men working all summer, and sold an immense lot of coal.

President Driggs of the Teton stake says that rock hauling will be resumed soon as snow comes for the new stake house, and that they will try if possible to have the building finished the coming season.

The Teton Valley Creamery Co. sent out 5,000 pounds of excellent cheese to the Rexburg and St. Anthony markets last week, which brought a very fair price

Patented land can be bought at reasonable prices, and some government land is to be taken up. This would be a good country for people with moderate means to invest. There is no ques-tion about its coming to the front. There is room for 300 more families, and each could own 40 or 80 acres, Fuel is cheap, coal is \$2 a ton and there is plenty of wood near. partis will settle their dues and avoid a sale. The open, pleasant weather is re-

markable this late in the year, and quite boom in the building line prevails. New houses are being constructed by L. I. Spencer, F. H. Eldredge, Arthur Howard and G. A. Condie. Others are making improvements, and the Blaine Cc-op. has nearing completion a substantial lumber granary.

No snow has fallen in this valley yet, a condition not known here for a number of years past.

Two new bridges of 28 to 59-foot span are now being put in over the washes of Little Wood river, running through the settlement.
