

particulars of which are yet familiar. The trial of the case is expected at an early day. Messrs. Sheeks and Rawlins are attorneys for the defendant, and Andrew Burt and Samuel Russell are his bondsmen.

Going and Coming.—The missionaries called to go to Great Britain at the late Conference expect to leave this city on Tuesday morning next.

The last company of this season's immigration leaves Liverpool tomorrow. Among other returning friends we notice the names of Mr. S. W. Sears, who has been absent some five months on business, and Elder Joseph Bull, who has spent two years and a half in the printing department of the mission.

"Dispatch" Items.—A railroad employe fell off the C.P. train, near the Promontory, a day or two since, and received a slight gash on the head.

On Wednesday a man was caught between two cars, in the Union Depot, and had his collar bone dislocated. He is progressing favorably.

A dastardly attempt on the person of a 16 year old girl occurred up on the square in front of the First Ward schoolhouse, Tuesday evening, by a scoundrelly tramp. Grasping her by the arm, he said that if she did not comply with his proposals he would choke her until she died. The girl immediately gave a scream, and fearing that she would arouse some persons in the vicinity, the villain partly loosened his hold, when the girl ran away as fast as she could. The rascal escaped in the darkness.

WM. W. TAYLOR, Clerk.

"Dispatch" Notes.—Judge Strickland, late associate justice of Utah, is in Ogden, on his way to Oregon. He intends to practice law in Portland.

The Dispatch advises the Red Stocking base ball club of Ogden to come down to Salt Lake and teach the sleepy Deserets a trick or two about base ball matters.

Deseret Museum.—The Curator respectfully acknowledges the receipt of the Tourists' Guide Book to Salt Lake City, 1879, by H. L. Culmer, from the author. Also a fine specimen of the shale from which the Utahcerite, or mineral wax of Utah is obtained, presented by Mr. Rose, who is manufacturing articles of utility from the natural paraffine, as exhibited at the late Territorial Fair, for which a prize was awarded.

Logan Locals.—The Brigham Young College opened its winter semester last Monday morning, Miss Ida I. Cook, principal. Since then the attendance has rapidly increased, and an instructive and satisfactory season's work is expected.

There were only ten criminal cases before the Logan police court during the quarter ending Sept. 10th.

Prest. W. B. Preston, Counselor

C. O. Card and Elder John B. Thatcher left Logan on the 16th on a preaching trip to Mound Valley.

Wants Help.—Rufus Patrick, whose house in Tooele was burned down on the 17th ult., is in the city soliciting aid from his friends. His family was left entirely destitute by the disaster, all their clothing and furniture being consumed. In referring to the occurrence at the time it was stated in these columns that a firebrand flew into a can of coal oil. He says the impression prevails with many that carelessness was the cause, and desires the fact published that the coal oil was on the opposite side of the room from the stove, and that therefore the fire must have burned some time before the oil exploded. Any assistance will be gratefully received.

Accidents.—On the 15th inst., Mr. V. L. Thomas, one of the proprietors of a saw mill in Salt Creek Cañon, Juab County, while cleaning away some sawdust, accidentally slipped in such a manner that his hand came in contact with the swiftly revolving saw. His fingers were badly cut and serious consequences were feared, but later accounts say he is doing very well.

On the 16th inst., Wm. Read, of Nephi, was undoing the windlass of an ox-shoeing rack when the iron handle slipped from his hand, striking him on the forehead over the left eye, and cutting a gash to the bone nearly three inches long. The blow knocked him down, and in falling, he struck a rock, cutting another deep gash on the left eyebrow.

A son of Reuben J. Downs injured his leg some time ago while playing at school. On the 16th the wounded member was discovered to be ailing from an abscess between the bones, extending from the knee to the ankle. An incision 10 inches long was made, from which a large amount of offensive matter came forth, and at last accounts the sufferer was improving, with every prospect of a speedy recovery.

In all the foregoing cases, Dr. J. M. Crockwell, lately of this city, rendered the medical aid necessary for the comfort of the patients.

District Court.—Proceedings yesterday afternoon:

People, etc., vs. Lyman E. Shortliff. Indicted for assault with deadly weapon. Defendant appears in Court by Tilford & Hagan, his attorneys, and files a demurrer to the indictment.

People, etc., vs. Thomas Oakey and George Allgood. Indicted for grand larceny. T. Oakey, duly arraigned, allowed one day to plead. Bond fixed at \$500. The following is the indictment against defendants, which explains the cause of their arrest:

"Thomas Oakey and Geo. Allgood are accused by the Grand Jury of this indictment of the crime of grand larceny, committed as follows: The said Thomas Oakey and George Allgood, on the 12th day of April, A. D. 1879, at the County of Salt Lake, in said Territory, certain parts and portions of a certain planing machine, and certain parts of a steam engine (such parts and portions not being more fully known to the Grand Jury) of the value of \$300 of the goods and chattels of Nicholas Groesbeck, then and thus being, feloniously did steal, take and carry away, contrary to the form of the statutes of said Territory in such case made and provided and against the peace and dignity of the people aforesaid.

JAS. F. BRADLEY, Foreman.

JAS. H. BEATTY, Asst. U. S. Atty."

Elizabeth M. Townsend, vs. Wm. H. Hooper et al.; trial before the Court resumed; argued by J. G. Rosborough for defendants.

The last mentioned suit is still in progress to-day.

FROM MONDAY'S DAILY, OCT. 20.

Priesthood Meeting.—A meeting of the priesthood of this Stake will be held in the 14th Ward Assembly Rooms, on Saturday morning, November 1st, at 11 o'clock.

Found.—A slate and a number of school books have been found and left at this Office, where the owner may get them on application.

Wanted.—A few loads of good hay or lucern will be received at this office on subscription. Bring it along.

Thriving.—A friend who visited Fort Herriman, Salt Lake County, yesterday, informs us that there are 215 souls in the settlement, and of this number 100 were children under eight years old.

No place outside of Utah can show such a record.

Postal.—The postoffice at Winsor, Kane County, has been discontinued.

Frederick Hirst and Charles M. Slaughter have been appointed respective postmasters of Peterson, Morgan County, and Rockville, Kane County.

Crushed.—A man named Willard Cragun, of North Ogden, was seriously injured on Friday by the falling on him of a large mass of dirt, weighing about three tons. Nearly an hour elapsed before the unfortunate man was rescued from this uncomfortable position, but his injuries when examined prove to be nothing serious.

The Ogden Walk.—The match closed on Saturday evening at 8 o'clock, Smith having made 120 miles and 2 laps and Riggs 117 miles and 2½ laps. In the young men's match no one made 50 miles, but the cup was awarded Mr. C. S. King, of the Dispatch, he having covered the greatest distance. The score was as follows: King, 38 miles and 7 laps; Horrocks, 14 miles and 10 laps, when he left the track; "Dan O'Leary, Jr.," 31 miles and 7 laps.—*Junction.*

Two Day's Meetings.—President Joseph E. Taylor, a number of Home Missionaries and others, met with the Saints of the Draperville Ward, on Saturday and Sunday, October 18th and 19th, two meetings being held on each day.

There was a good attendance on both days, and an excellent spirit prevailed. The instructions given were of a practical nature, especial prominence being given to the importance of training the young for positions of usefulness in the kingdom of God, the necessity for union in temporal matters and the importance of observing the true order of the priesthood.

Badly Burned.—About half past two o'clock to-day, Mr. James Anderson, of the 6th Ward, an employe of the U. C. R. R. machine shops, was the victim of a frightful accident, which may terminate in his total blindness. He was engaged in pouring a mass of molten brass into the mould, on which an assistant had accidentally laid down a piece of wet iron; and the contact of the hot metal with the cold caused the former to spurt up with great force, and in a large quantity. Mr. Anderson's face is badly burned, and, as we write, pieces of brass are being removed from his eyeballs by Dr. Richards. The full extent of his injuries cannot now be stated, though serious fears are expressed as to the result.

Flourishing.—Professor Karl G. Maeser, the efficient principal of Brigham Young Academy, informs us that that worthy institution is at present in a very good condition, with a prospect for a future still more encouraging. The number of students enrolled is now 157; 30 more than have been in attendance at any first term since the Academy had an existence. This speaks favorably for the estimation in which it is held by the people of Utah Stake, who are justly proud of their school, and its increasing popularity among the people of other counties as well; for there are students in attendance from all parts of the Territory from Bear Lake to St. George. We are pleased to note its progress and success, and earnestly hope it may be continuous and lasting.

Thirty Hours a Bride.—A gentleman named Mr. J. S. Hoke was engaged to a young lady named Miss Lucie L. Harris, both of Kansas, Mo., but the former being taken sick with hemorrhage of the lungs, the wedding was postponed. He came west, but grew constantly worse. The young lady, realizing that the hand of woman is all effective in the hour of sickness, started to follow her intended husband, and they were married in Ogden on Friday last. They decided to remain there, and everything possible was done by kind friends for the sufferer. But the disease had such power that he fell a victim to it and died on Saturday afternoon about 5 o'clock. He was 34 years of age, and had recently lost his mother. His remains are being embalmed and will be returned to Kansas City.

We learn the above particulars from the Junction.

District Court.—Proceedings in the Third District Court on Saturday, October 18th, Chief Justice Hunter presiding:

Court adjourned until 10 o'clock on Monday morning.

Proceedings to-day: Joseph Silver vs. Emma Silver; judgment of referee confirmed and allowed.

Elizabeth M. Townsend vs. Wm. H. Hooper et al.; arguments concluded; case submitted and taken under advisement.

"Enquirer" Items.—Springville is supplied with Pleasant Valley coal at \$5.50 per ton.

Business in Provo is improving and the outlook is encouraging.

J. R. Murdock, who was injured in a threshing machine some time since, is getting well.

Sheriff Huntsman, of Fillmore, was in Provo, Thursday, with Melvin Ross, indicted by the grand jury for cattle stealing.

A number of English noblemen went bear hunting to American Fork Cañon on Friday.

The heavy fall of snow in the mountains has driven the large game down into the low lands.

Specimens of lava, and a fine collection of sea-shells have been added to the cabinet of the Academy. They were presented by Brother Benjamin Cluff, a traveling Elder on the Sandwich Islands.

The first installment of rails for the extension of the Utah and Pleasant Valley Railroad was deposited at Provo on Friday.

Tracklaying on the Utah Southern is progressing at the rate of three-fourths of a mile per day. The road was to be finished to Deseret last week, and the grading is all done for some distance beyond that point.

A poor man on his way to Panquitch, had his horses stolen at Mona, Juab County, where he stopped for the night. He started north in search of the animals, and reached Provo in a footsore and destitute condition. Sheriff Turner rendered him temporary assistance, and is now on the lookout for the horses and the thieves.

A CARD.

SALT LAKE CITY,
October 17th, 1879.

To the Public:

We, the undersigned, heirs of the late President Brigham Young, being desirous that justice may be done us and our true position understood by our friends and the people generally, wish to state that in the late suit of Emeline A. Young and others vs. George Q. Cannon, John Taylor and others, we have had no sympathy in any way with the plaintiffs in said suit, and a document was signed by us to this effect, last June, immediately after the inauguration of the suit, repudiating any connection therewith. This document was placed in the hands of the proper parties, we expecting it to be published, but, for what were deemed prudential reasons, its publication was delayed, and the document never appeared in print.

Meanwhile we, in the minds of many, have rested under the unjust imputation of being virtual sympathizers with, and abettors of, the plaintiffs referred to.

To publicly refute any such ideas we publish this card, and further state, that in any efforts to effect a final settlement of this suit, with the seven plaintiffs and others, we have aided the Executors in the furtherance of this object to the best of our ability in every way required, and have observed in every particular the terms of our original settlement as made with them:
