

UP EMIGRATION FOR MORE WATER.

Mayor and Council Members View Possibilities in a Nearby Canyon.

JUST ANOTHER PAVING PLAN.

That Fighting Offer from the Logan Firm—it is to be Considered Next Wednesday Evening.

As a result of the trip of the mayor, city engineer, land and water commissioner and the waterworks committee to Emigration canyon yesterday afternoon, it is probable that steps will be taken by the city council to increase the city's water supply from that source. It is believed that, instead of repairing the old sump, a shaft could be sunk and tap an underground flow of water which would increase the flow of the creek from five to ten million gallons per day.

ANOTHER PAVING PLAN.

Another plan for the paving of East South Temple street was submitted to the streets committee last evening by City Engineer Snow. The new plan embodies some of the best features of the plans proposed by Col. Wain and engineer Clawson and also remedies some of the faults of those plans.

ABOUT STATE STREET.

The matter of paving State street as proposed by City Engineer Snow was laid over by the committee on streets until after the report is received from the financial committee and the city treasurer as to the exact condition of the city's finances.

THAT LIGHTING OFFER.

The special committee appointed by President Hewlett to join with the mayor in considering the proposition of Hart & Sons of Logan to install a lighting plant to be owned by the city will meet next Wednesday evening, when a representative of the Logan firm will present the proposition in detail.

TELEPHONE COURTESIES.

The committee on municipal laws decided to recommend that a new three-year contract be entered into with the Rocky Mountain Bell Telephone company whereby the company will furnish the city free of charge 40 telephone phones instead of 30 as heretofore.

Napoleon's brilliant military victories, which enabled him to dictate to kings and change the map of Europe at his pleasure, left no permanent results. After the Napoleonic earthquakes, France settled down in her ancient borders with no new territory in Europe worth mentioning.

In America her possessions were 1,224,885 square miles less than before. Napoleon needed money to prosecute his wars and sold the United States for \$15,000,000 the vast territory stretching from the Gulf of Mexico west of the Mississippi to British Columbia.

HUNDREDS OF UTAH AND IDAHO PEOPLE

Will visit the World's Fair at St. Louis. THOUSANDS WILL NOT. Both classes wish to see the wonders of the Fair in Portfolio form.

DEMOLISH WHEREABOUTS.

He is known to have left Pueblo for Petersburg, Kansas. Pueblo, Colo., April 28.—Charles Demolish, Italian editor, who is under indictment for sending obscene matter through the mails, is now known to have left for Petersburg, Kas. A rumor has been widely circulated that he had been kidnapped and murdered.

New Hampshire for Parker.

Concord, N. H., April 27.—Aside from the unexpected introduction of personalities in debate by one or two delegates, the Democratic state convention held here today to choose four delegates at large to the national convention passed without interruption. Delegates to cure any disease.

There is no Substitute for

Absolutely Pure It is a Matter of Health

TWENTY YEARS AGO TODAY.

(DO YOU REMEMBER?)

Berlin was horrified to find that 24 pounds of dynamite had been placed under the statue of Germany shortly before its unveiling, and all that prevented a horrible slaughter was a rain-storm, which rendered the explosive useless for a while.

The International Exposition, Italy's great world's fair, was opened by King Humbert and Queen Margaret.

TEN YEARS AGO TODAY.

The Industrial Fair ended in this city, having been a great success. Gen. Carter and 500 Coxeyites left the city. This was the last visit of any of the army in Salt Lake.

FIVE YEARS AGO TODAY.

England was celebrating the tercentenary of the birth of Oliver Cromwell. Peace negotiations between Gen. Otis and Aguinaldo's representatives fell through, and fighting was resumed. Aguinaldo wanted three weeks' cessation to call his congress together and determine whether it should be war or peace.

PARADISE LOST.

J. Pierpont Morgan bought the Famous Manuscript. New York, April 28.—It has just been learned that the scrivener manuscript book "Paradise Lost," bought at a recent sale in London by an American collector has been turned over to J. P. Morgan. The collector who procured the manuscript is now known to have been a Fifth avenue book dealer.

A ROBBER'S CONFESSION.

Rode on Elevated Trains and Picked Out His Victims. Chicago, April 28.—Edwin Tate, who has been arrested for holding up and robbing Theodore Schmidt, has made a remarkable confession. "I rode on the elevated trains between 11 p. m. and 1 a. m.," he said. "When I saw a man who looked easy to rob, I got off the train ahead of him and lay in wait. That's what I did with Schmidt."

A NARROW ESCAPE.

Eight Members of a Minstrel Troupe Near Suffocated. Portland, Or., April 27.—A special to the Telegram from Victoria says that eight members of a minstrel company who were booked for a performance at the Victoria theater last night almost sacrificed their lives owing to the ignorance of a Chinese employe of the theater, who opened the wrong draught in a coke-burning heater which permitted the poisonous gases to fill the dressing rooms and corridors of the theater.

Crum Was Not Confirmed.

Washington, April 27.—The nomination of William D. Crum to be collector of the port of Charleston, S. C., was considered today in an executive session of the senate lasting from 4:35 p. m. to 9:15. A failure to confirm the appointment resulted. At the conclusion of arguments by Senators Gallinger, Spooner, Hale and Aldrich for confirmation and Senators Daniel, Gorman and Clay against confirmation, Senator Cookrell suggested the senate proceed to legislative business and the suggestion was adopted.

Brooks Will Fight Extradition.

Los Angeles, Cal., April 27.—Charles H. Brooks, proprietor of a hotel in this city, who was arrested recently on an indictment returned in St. Louis on the charge of having been connected with a firm that had used the mails for advertising an alleged "get rich quick" scheme was arraigned by United States Commissioner Van Dyke today. His hearing was set for May 16. Brooks declares he will resist the attempt to take him to St. Louis.

Bank Money Orders.

New York, April 28.—Plans for issuing money orders by banks have been adopted by the executive council of the American Bankers' association, in session here. The council authorized Chairman Branch to appoint a committee of five to make a contract with some agency to guarantee the orders.

IN SAN DOMINGO.

Matters Are in a Bad State and Getting Worse. Cape Haytien, Hayti, April 27.—The Dominican government cruiser President has arrived here. She reports that while on her way from Puerto Plata to this port she stopped at Monte Cristi, on the north coast of Santo Domingo, and fired several shells at the forts, which are held by revolutionists. The latter replied and obliged the cruiser to cease firing. The President further reported that a lively engagement took place recently at Guayacan, with the result that the government forces lost many men. Gen. Jimenez is expected to return to Santo Domingo soon with war munitions. "This prospect is causing the Dominican government anxiety and may lead to its declaring Monte Cristi to be blockaded." Under the auspices of Gen. Jimenez, it is asserted, Gen. Salnave was pre-

paring an expedition, the object of which is said to have been the overthrow of the Haytien government. He has been ordered to leave Haytien territory. It is reported that an agreement has been entered into by Haytien exiles now in Santo Domingo and at the island of St. Thomas to make a joint effort to re-enter Hayti. Trouble is imminent. People are talking of the return to this country of Gens. Salnave and Le Comte, former candidates for the presidency of the Haytien republic. Business is at a standstill as a result of the exorbitant premium on gold, which is 360 per cent. The Haytien government is anxious and is adopting precautionary measures.

LOUISIANA FOR ROOSEVELT.

New Orleans, April 27.—The regular Republicans met here today, strongly endorsed Roosevelt and his administration and sent a mixed delegation to the national convention. Three-fourths of the delegates were negroes, but there were many old line white Republican leaders present. Four delegates at large were elected, as follows: Walter Cohen, H. N. Brown, Emil Kuntz and Girault Parfitt. The two former are representative negroes. The resolutions adopted denounced the suffrage laws of Louisiana and the separate car laws of all southern states.

A DIAMOND SWINDLE.

Chicago, April 28.—A diamond swindle of startling boldness, in which one of the finest residences in Chicago was used by the swindler as a clearing house, is being investigated by a score of operatives from a private detective agency. Jewels to the value of \$1,100 were obtained by the swindler. The head of a jewelry firm received a call over the telephone, from a person who gave the name and address of a citizen requesting that an assortment of diamond crescents be sent to his residence for his wife to select from.

The jeweler complied immediately, sending by special messenger a tray containing three crescents. Opening the package, the wife of the man whose name had been used by the swindler beheld the jewels and was so wrought from joy that they came when she also was summoned to the telephone. The person at the other end of the wire explained that he was the jeweler and had just sent the diamond crescents to her by mistake. One of his clerks, he said, would call for the gems at once. Half an hour later a young man called at the house, presented the firm's card, and the diamonds were turned over to him.

The movement came when, not having heard from the citizen who was supposed to have sent for the gems, the jeweler concluded the crescents had not pleased his wife, and sent a clerk with more jewels from which a choice might be made. The diamonds were returned at once with a curt explanation and the swindle was out.

STANFORD FACULTY.

To Be Reorganized and Jordan's Powers Curtailed. Stanford University, Cal., April 28.—Announcement was made today of a thorough reorganization of the faculty of Stanford University by the board of trustees. The most notable change in the stringent limitations that have been put on the hitherto unrestricted powers of President Starbuck Jordan. The new regulations provide for an advisory board, composed of nine professors to be elected by the faculty council. Practically every act of the president in regard to the faculty appointments and dismissals is subject to the approval of the advisory board before being transmitted to the board of trustees. The board is also given the power to appeal any difference between it and the president to the board of trustees.

Other changes in the regulations provide for certain faculty committees and the duties of the president, the registrar and the university librarian. Great Spread of Measles. New York, April 28.—Officials of the health department report an alarming spread of measles. Many cases have proved fatal, being followed by pneumonia. The department reports shows in the boroughs of Greater New York, 1,520 cases of measles, with 37 deaths due directly thereto and 135 deaths from pneumonia. Physicians attribute the existing conditions to the severe winter, which caused living rooms to be kept tightly closed at the expense of ventilation.

GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver—of the liver. It must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in the condition by taking Dr. Cassell's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 50c. At all druggists. G. G. GREEN, Woodbury, N. J.

NAPOLEON!

Napoleon is a modern. The centennial of his beginnings is just at hand. He was elected emperor of France May 15, 1804, proclaimed before the people in July, 1804, and crowned Dec. 2, 1804. But he reigned for ten years in prison, and his spirit dominated France half a century longer. A son born to him died only a generation ago, in 1881; a daughter of his, the "Princess" came died in January of this year, and the grandson of his first sweetheart and of his stepdaughter, Hortense de Beauharnais, now reigns on the throne of Sweden by popular consent. See announcement on page 8.

PROVO & RETURN \$1.25

Via Rio Grande April 30th. Leave Salt Lake 9:00 a. m. Returning leave Provo 10:30 a. m. All national Athletic sports and grand track meet of the L. D. S. and B. Y. universities.

SAID WM. MCKINLEY.

"Expositions are the time-keepers of progress." See the Deseret News special notice of the World's Fair Exposition portfolio, on page 8.

A Warning.

To feel tired after exertion is one thing; to feel tired before is another. Don't say the latter is laziness—it isn't; it's a sign that the system lacks vitality, is running down, and that the warning foot of Hood's Sarsaparilla is a warning, too—and sufferers should begin taking Hood's at once. Buy a bottle today.

"As a Spring Tonic Pe-ru-na Gets the System in Good Shape."

John W. Glenister, the Champion Swimmer of America, After Using Pe-ru-na for a Spring Tonic Recommends It to Athletes

Pe-ru-na for Spring Catarrh.

It Renovates, Regulates and Restores a System Depleted By Catarrh.

ITS CURES ARE PERMANENT.

Advise All Athletes Who Are About to Go In Training to Try a Bottle of Pe-ru-na.

John W. Glenister, of Providence, R. I., is champion long distance swimmer of America. Mr. Glenister is a well known long distance swimmer, having performed some notable feats in this country and England. Mr. Glenister has used Peru-na as a tonic and gives his opinion of it in the following letter:

New York. The Peru-na Medicine Company, Columbus, Ohio. Gentlemen:—"This spring for the first time I have taken two bottles of Peru-na, and, as it has done me a great deal of good, I feel as if I ought to say a good word for its worth. During the springtime for the last few years, I have taken several kinds of spring tonics, and have never received any benefit whatever. This year through the advice of a friend I tried Peru-na and it has given satisfaction. I advise all athletes who are about to go in training to try a bottle, for it certainly gets the system in good shape." Yours truly, JOHN W. GLENISTER.

A tonic is a medicine that gives tone to some part of the system. There are different kinds of tonics, but the tonic most needed in this country, where catarrh is so prevalent, is a tonic that operates on the mucous membrane. Peru-na has no rivals, no substitutes. There is but one scientific, systemic catarrh remedy, and that is Peru-na.

PRESIDENT ATHLETIC CLUB SAYS:

"I Thank Pe-ru-na for the Magnificent Health I Enjoy."

Herbert Lundberg, 235 East 126th street, New York City, President Harlem Athletic Club, writes: "It will probably interest you to know that I thank Peru-na for the magnificent health I enjoy. If I am ever under the weather, get over-worked or suffer from a cold, the use of Peru-na for a day or two quickly restores me. Several members of our athletic club have had the most gratifying results through its use, especially so during the late epidemic of the grippe. Several of them were completely cured and restored to perfect health."—Herbert Lundberg. The muscles depend upon the nerve centers for their strength. The nerve centers become exhausted and weak.

TO ACCOMMODATE those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions but changes them to a natural and healthy character. Ely Brothers, 66 Warren St., N. Y.

Napoleon was a master in politics, a master in statecraft, a master in government, and that in an age rich in great men. Prince Metternich in Austria, Talleyrand and Chateaubriand in France, and Pitt and Fox in England were his contemporaries, yet he overtopped them all. See announcement on page 8 of the new Napoleon series to be commenced Saturday next.

SALT LAKE TURF EXCHANGE.

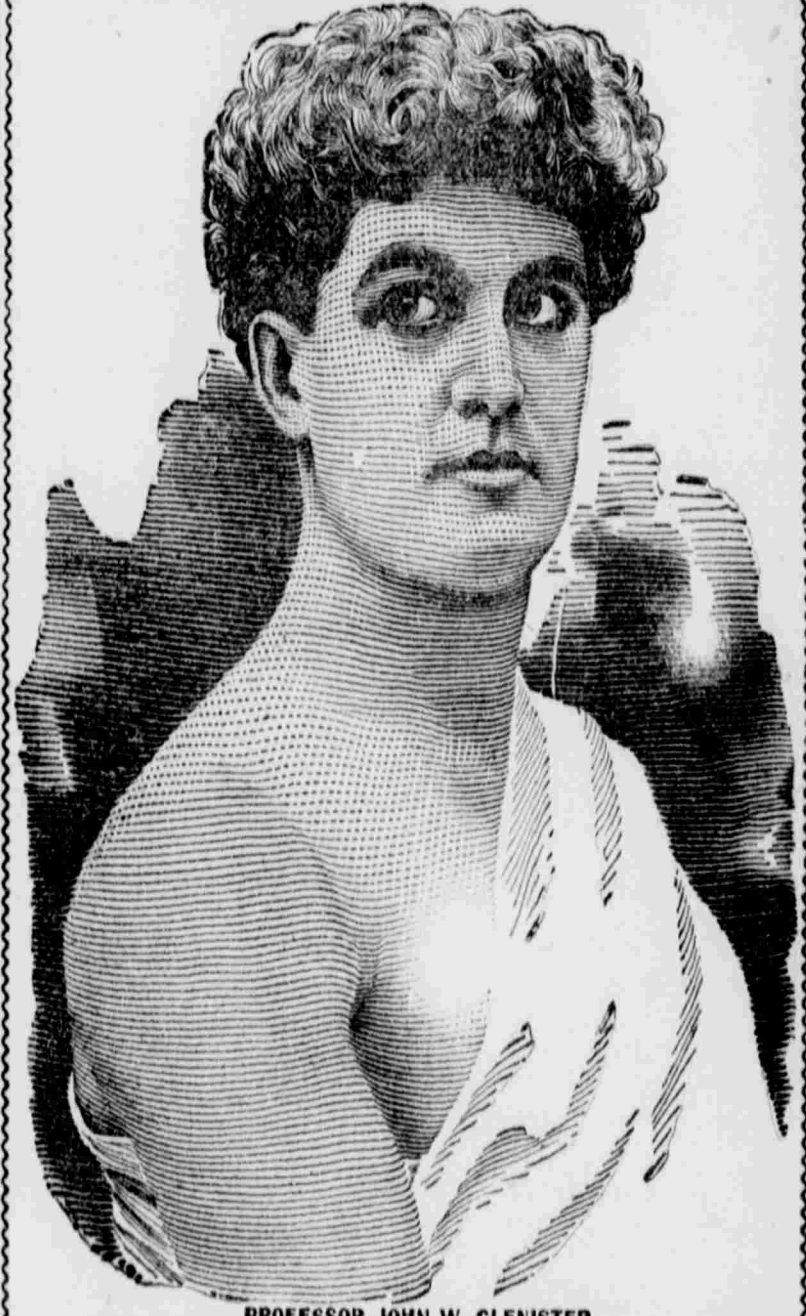

Ken - Hotel. California and Eastern Races.

The fun you can have for a Doan's

The department store is with us and always will be. It will annually grow in importance. Each succeeding year will find its hold on the buying public firmer and firmer. In large cities the department store has assumed great proportions. In cities of ordinary size it is full of immense possibilities, striking terror to the old line store of high prices. The department store's diversified lines may be likened unto the arm-reaching propensities of an octopus—most difficult to grasp being almost most loving in its beneficial influence, affording as it does an opportunity for economical buying. The department store touches the home. It makes competition with and if stores deservingly to a modern store's advancement are afraid it moves steadily onward, and the housewife, made happy, smiles and proceeds to the department store, where a good time is had all afternoon for a dollar—more or less. And the department store goes on growing. A city is not a city until it has a big department store. Salt Lake has one. The people of this inter-mountain metropolis point with pride to Keith-O'Brien's. Being far in advance of the times the store is more fully appreciated by the guardians of the income of the home. The fun you can have in the basement among the little house furnishings—for a dollar—a whole afternoon's fun!

A PROMINENT ATHLETE GIVES A GLOWING TRIBUTE TO PE-RU-NA.

PROFESSOR JOHN W. GLENISTER. Many Well Known Athletes Use Pe-ru-na as a Tonic, among which are College Men and Professional Athletes.

With weak nerve centers, the muscles become flabby and no amount of training can develop them. This is that strong muscles depend upon healthy nerve centers. Healthy nerve centers depend upon good digestion. Good digestion depends upon clean mucous membranes, free from catarrh. No man troubled with internal catarrh can ever become an athlete. Peru-na is not a flashy, quick-acting stimulant. It is a slow, sure, natural invigorator. A course of Peru-na is as sure to bring a renewal of vital powers as the spring time is to bring buds and blossoms. Catarrh destroys the appetite, weakens the digestive powers, depletes the nerve centers and the whole human system sympathizes. Complete physical demoralization follows. Life becomes a burden and a bore. Athletes use Peru-na, not as a temporary stimulus to tide them over some ordeal or sudden emergency, but as a lasting invigorator. It is a tonic that reaches the cause of all weakness, the organs of nutrition.

If you do not derive prompt and satisfactory results from the use of Peru-na, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
