**PRICE OF GOLD.** Corrected daily by Denver National Bank. SALT LAKE CITY, June 7, 1876. Buying at \$1.10 1/2; selling at \$1.12 1/2.

### Local and Other Matters.

Thermometer 74 degrees F. in the shade at 1 p.m. to-day. Cloudy.

**Going Out.**—We understand that five drinking saloons closed last week for want of business. Our feelings wouldn't be hurt at all if the balance should close this week, and not open any more.

**Book of Mormon.**—We are pleased to be able to state that we are now in a position to meet the demand for the Book of Mormon, which is again on sale at this office.

**Patents.**—Patents for the undermentioned townships have been received at the Land Office in this city:

Goshen—Certificate 1,008—Geo. W. Bean, probate judge.  
Peoa—Certificate 907—Arza Hinkley, probate judge.  
Fruitland—Certificate 632—Wm. Hyde, probate judge.  
Scipio—Certificate 1,176—Edw'd Partridge, probate judge.

**Not Now.**—In an article in yesterday's News, relating to Mr. Ira Proust calling at the City Hall, on Monday, to re-examine the corporation accounts, we stated that that gentleman was "known as the agent for the West Sewing Machine Company." We learn that he has not been connected with that Company since the 1st of May last.

**Industrial Association.**—The Fifteenth Ward Industrial Association, tailoring, dressmaking, &c., is erecting a new building, north of the Ward store, which will be ready for occupancy in about a week. The structure is thirty feet by sixteen feet, and the cause of its erection is that the increasing business of the enterprise requires more room. So much for local industry in the Fifteenth Ward.

**Arrival of Immigrants.**—The company of immigrating Saints, numbering one hundred and thirty souls, who left Liverpool on the 24th ult., arrived in New York on Monday, and resumed their westward journey yesterday. Elders J. Woodhouse, John Hopkins, Edward Hanham, William Nelson and Robert Hogg, who have been laboring in the European Mission, are traveling with this company. The company may be expected in this city on or about June 14, possibly June 13.

**That Norwich Party.**—Notwithstanding the cold and heavy windstorm yesterday, we are informed that a large number of old associates from the Norwich Conference and their friends assembled at Fuller's Hill Gardens, and spent a very agreeable time. When the wind abated in the afternoon the tables were spread and an old fashioned turkey dinner was served in the pretty bowery. After refreshments a social dance was indulged in.

**The late members of the Scottish** conferences are talking of a similar reunion there in a few days.

**Mr. Graham's Benefit.**—The numerous friends of Mr. John C. Graham, the excellent comedian, and the many admirers of his histrionic ability, will be pleased to learn that he takes a benefit at the Theatre on Saturday evening, June 10th, on which occasion will be presented "Sin and Its Shadow," in which the benefactor will be aided by Mr. John S. Lindsay and Miss Belle Clayton, the latter's first appearance. Mr. B. Levy is announced for a couple of comic songs, the entertainment concluding with the drama of "Dick Turpin and Tom King."

**Brighton.**—The people of Brighton settlement, over Jordan, are rejoicing over the completion of four and a half miles of excellent canal, which is sixteen feet wide at the bottom, and in which there will be a body of water four feet deep, the present week. This canal has been constructed principally by the County, and has a splendid headgate, capable of regulating a body of water much larger than the capacity of the present canal.

**Under these propitious circumstances** not a few people are looking toward Brighton for places where to locate, and others, non-residents, who own land thereabout, are thinking of moving out there. With plenty of water, and no prospect of the Jordan overflowing upon the land in that locality, Brighton will now have a fair opportunity of showing what she can produce.

**Fast Meetings.**—Some of the city Bishops are endeavoring to impress upon the members of the church in their wards the necessity of a more general attendance at fast meetings, on the first Thursday of each month, and the more punctual payment of fast offerings, for the support of the poor. There are some of the people who could not without difficulty attend fast meetings, which are held in the day time, because, for instance, of being in the employ of persons who are not willing that those working for an hour or two for that purpose, but there appears to be no reason for those unable to attend not remembering the poor in due season. The work on the Temple Block closes in order to allow the workmen to attend fast meetings. In one Ward an evening prayer meeting on the first Thursday of each month, has been instituted, for the benefit of those unable to attend in the day time. Some of the proprietors of stores, members of the church, we understand, are willing to close their places of business for an hour or two, at the required

## Assessment Roll.

All parties interested should read the notice of Mr. D. Bookholt, County Clerk, relative to a meeting of the County Court, to be held at the County Court House, June 17th, for the examination of the assessment roll for the current year and the hearing of complaints from tax-payers considering themselves erroneously assessed.

**The Old Folks Excursion.**—We are requested by the committee, to remind all persons intending to go with the "Old Folks" Excursion, that the train will leave the depot at half-past seven, to-morrow morning, and that they should be on board and seated by that time. We are also desired to intimate that the Bishops should see that the aged under their care are there in time.

The street cars for the depot will leave the following eastern terminus at 7 o'clock, sharp—Ninth Ward, Eleventh Ward, and Twentieth Ward. Holders of complimentary tickets will be entitled to a free ride to the depot.

The committee also wish it understood that none need go to the train expecting to accompany the excursion who do not hold tickets, as no more will be sold, all the available space being already disposed of.

**City Council.**—The Council met last evening, Mayor Little presiding.

The following petition was read, and, after considerable discussion, referred to the Marshal:

SALT LAKE CITY, May 29th, 1876.

To the Honorable, the Mayor and Members of the City Council:

Gentlemen,—Your petitioners would respectfully represent that, whereas the gathering of numbers of men on East Temple Street, especially at the corners and under awnings—many of them indulging in indecent language, obstructing the sidewalks so that ladies find it difficult to pass, and causing them to avoid the street as much as possible, cutting to pieces coats, steps, signs, awnings, &c., causing the late serious accident to Mr. Michaels; lounging around the store doors, preventing the ingress and egress of customers; or sitting for hours on the steps and curbs of buildings—has become an intolerable nuisance, resulting, in at least the instance referred to, in serious personal injury, and on another occasion setting fire to one of the principal buildings from a lighted cigar or cigarette, and as it is greatly detrimental to business interests generally, and is fast converting East Temple Street into one of the least respectable of the city.

We therefore ask your honorable body to enact such ordinance as in your wisdom will most effectually correct these evils, and, as it is bound, your petitioners will ever pray.

George Dunford, Godbe, Pitts & Co., Wm. Jennings, Sons, Saddler, Watters and Bro., J. C. Little, Day & Co., S. P. Teasdel, Taylor & Cutler, Louis Cohn, Geo. M. Scott & Co., John & Park, W. R. Raybould, Hugh Anderson, Walker Brothers, Calder & Caroles, G. W. Davis, H. B. Clawson, Supt. Z. C. M. I., Kimball & Lawrence, L. S. Hills, W. H. Hooper.

Petition of the Hook and Ladder Fire Company asking the City to refund to them \$25, which they had expended in the purchase of firemen's accoutrements, &c.; referred to committee on claims.

The bill of Jesse W. Fox, \$17, was reported correct by the committee to whom it was referred, who recommended that the amount be appropriated; report adopted.

The committee on fire department recommended the organizing of another hose company, the purchasing of an additional 500 feet of hose and another hose cart, and that a tower for drying the hose be erected; also that a proposition from Taylor & Cutler, who had offered a suitable place, at the rear of their business premises, wherein to locate a hose cart, be accepted. It was also recommended that the hose companies be strengthened and made more efficient, by the enrollment of members residing on or near East Temple Street. The recommendations were adopted.

In the same connection it was stated that the employees of Z. C. M. I. were about to be organized into a hose company, with suitable apparatus.

The committee to whom was referred the petition of Luke and Treccott for the privilege of being allowed to sell a certain fire kindler, reported that the ingredients of which the combustible is composed are of a dangerous character, and it would therefore be an infringement of a city ordinance to accord to the prayer, and they recommended that it be not granted; report adopted.

The Mayor presented his report of expenditures, for April and May, from the contingent fund appropriated to enable him to meet current or contingent expenses. It showed \$244.65 had been expended in the former month and \$470.39 in the latter; report approved.

**Company.** \$1,122.20; Davis, Howe and Company, for materials supplied the waterworks, \$233.59; nails for Bath-house pasture fence and grass seed for Union Square, \$26.15; W. R. Adkins, for one year's salary for labor done on Union Square, \$625, less \$126 previously appropriated; for assistant to W. R. Adkins, \$30; to cover the redemption of City currency for the last three months, \$247.50.

The committee on finance were authorized to destroy the redeemed currency.

A bill of Dr. S. B. Young, for care and burial expenses of Minnie Plum, an insane patient of the asylum, from \$70, was referred to the committee on insane asylum.

The sum of \$1,500 was appropriated as a contingent fund to be drawn against by the Mayor, and \$1,000 to be drawn against by the supervisor of streets.

**After the Loafers.**—It will be seen by a petition from leading business men, presented to the City Council, last evening, and referred by that body to the Marshal, that there is a growing determination to rid East Temple Street of that most intolerable nuisance, the "loafers," brigade, a subject to which the News has lately devoted several paragraphs. As the objectionable character of the evil complained of is pretty generally understood, and is clearly described in the petition already referred to, published in the City Council minutes to-day, we will merely state that it is the intention of the Marshal to enforce the ordinance relating to loafers or vagrants strictly, and, to enable him to do so thoroughly the merchants in the locality designated, and others interested should co-operate with him in that direction, that the disgraceful nuisance may be abated.

We here quote from section 35, page 66, of the "Salt Lake City Ordinances," bearing upon the subject:

"Persons within the limits of said city, not having visible means of support, living idly, or who are found loitering about the streets or public places, &c.; and further on the ordinance states that such persons as the foregoing quotation describes 'shall, for each offence, be liable to a fine not exceeding fifty dollars, or to imprisonment not exceeding thirty days, or to both fine and imprisonment.'"

In the same ordinance there is a clause relating to "malicious mischief," and another relating to profanity, with penalties attached, which can be brought to bear in some instances.

Save Your Newspapers.

St. GEORGE, May 27, 1876.

Editor Deseret News:

A few years since while traveling in Georgia, a woman by the name of Morris and one by the name of Wansley, received my testimony in relation to the gospel, and not long after, these sisters, with their families, removed to France County, Arkansas, near Deer Arc, and began to talk their religion to their neighbors. They wrote to me for books and papers, and continued to ask me to come and send one more to preach to them. After reading my DESERET NEWS, I put a stamped wrapper, one cent, around each paper as containing sermons, and sent them away. This continued for several years, all the time trying to get some passing Elders to call on them, and finally succeeded in getting Bros. Boyle and McAllister to go, and when they reached the place they found many people thirsting for a knowledge of God. These silent preachers, the News and other publications, had done a good work, and these Elders, with the aid of the two sisters, have lately brought into the church by baptism a goodly number and organized a large branch of the church there. I write this principally to induce the Saints to send the News the Juvenile and other such publications to their friends abroad, instead of sending them up for wrapping paper, &c. The government has done all we can in the way of cheap postage, and it does seem to me that cool saints should not waste these heralds of truth when so much good might be done with them at so small an outlay.

I propose that we make a new effort to save the million of dollars we pay out for worthless articles annually, that only help us to violate the word of wisdom, and thereby violate the laws of life. Let us turn these means to higher and holier purposes, and thereby gain to our treasures that shall not be taken from us.

Most respectfully your fellow-laborer.

J. W. CROSBY.
