

## HOME ITEMS

## FROM FRIDAY'S DAILY

**THE NEW NORTH-WEST** is the title of a paper, the first issue of which was published on the 9th inst., at Deer Lodge City, Montana. Captain James H. Mills, formerly editor of the *Montana Post*, is the editor and publisher of the *New North-West*. The materials used in the publication of this paper are new, and it presents a very handsome appearance, and promises to be a credit to the city of its publication.

**MURDER NEAR CARSON.**—A Mrs. Wilford was found murdered in her house, on Clear Creek, near Carson City, a few mornings since. The deceased was a widow, her husband died of the small-pox last winter, and she leaves five children, the oldest only fourteen years of age. Her life had been insured in favor of her children for \$5,000. There was no clue to the murderers.

**GOOD POTATOES.**—Some of the finest in the world are raised here. The other day Brother James Bunting, of the 20th Ward, of this city, brought us a specimen sample of the Ash Leaf Kidney variety, of which he has raised about half an acre this season. They are an early potato, and are a beautiful, smooth skinned potato and of excellent flavor; and if generally cultivated, will prove a valuable addition to the varieties now produced here.

**RIPE CORN.**—The St. George Cactus, of the 3d instant, talks about having perfectly ripe corn there by the 26th of July, raised by Bishop Gardiner.

**SUPREME COURT.**—The case of Brannigan versus the People in appeal from the 3rd Judicial District Court is continued. Mr. Snow concluded his argument this morning on the part of the People. Mr. Hempstead follows on the same side this afternoon.

**REDUCTION IN FREIGHT.**—We are informed that since the 7th inst., and until further notice, freight is and will be shipped from Omaha to Utah at \$4.85 for first class; \$4.25 second class, and \$3.60 third class.

**CROPS IN SANPETE.**—Bro. Charles D. Evans, of Springville, writing on the 14th instant, says that he and Bro. Wm. Mendenhall had just returned from a visit to Sanpete. The crops look unusually well throughout the county generally. At Gunnison they had had the grasshoppers for four days in such numbers that their weight on the growing grain laid it on the ground. The result of their four days' visit was a loss of about half the crop. On Sunday last they had left Gunnison and were in Sanpete Valley in countless hosts.

Bro. Evans speaks very highly of the improvements going on at Ephraim. The people there have an excellent furniture shop, doing a good business, some specimens of work, especially several centre tables, being elegant in design and finish. They have a planing and shingle mill connected with the establishment. One of the brethren at Ephraim has cast and bored a brass cannon, which is a superior piece of ordnance.

Enclosed in Bro. Evans's letter is a specimen of cocoons, produced by Sister Whiting of Springville. The worms commenced spinning in five weeks after hatching, and out of 2,000 eggs not one failed to produce and not a worm died. The worms were fed for the first two weeks on Osage orange, and the remainder of the time on mulberry leaves.

**WE BELIEVE HIM.**—A writer in the *Gold Hill News* says "there are three things necessary in all matters in life,—enterprise, enthusiasm and consecration to the Almighty." We believe him. The two first are abundant the world over; but the three combined are to be found only in Utah. Enterprise and enthusiasm, under Divine guidance, led the Latter-day Saints to found an empire in the Rocky Mountains, and by "consecration to the Almighty," their subsequent success has been ensured and perpetuated.

## FROM SATURDAY'S DAILY.

**APPOINTMENTS.**—From a late number of the *Millennial Star* we learn that Elder John Toone had been appointed President of the Warwickshire Conference, and Elder George Romney, President of the Liverpool Conference. The following brethren were appointed Traveling Elders in the Conferences named: John Tuddenham, London; H. G. Park, Glasgow; Andrew P. Shumway and Charles Shumway, Jun., Birmingham; Samuel M. Price, Kent; Wm. M. Taylor, Manchester; George O. Noble, Durham and Newcastle; and George H. Dunford Cheltenham.

**SUPREME COURT.**—Chief Justice Wilson and Associate Justices Strickland and Hawley on the Bench. Mr. Hempstead continued the argument on the part of the people in the appeal case of Brannigan until last evening. Mr. J. W. Towner, of Cleveland, Ohio, commenced his argument in favor of the appellants, and will probably conclude this afternoon.

**LEFT FOR EUROPE.**—Elder John Jaques left this city this morning for the terminus, en route to the East, and thence to Great

Britain to fulfil the mission to which he was appointed last April Conference. His departure has been delayed until this late date by sickness in his family. Prosperity attend him!

**LETTER ON SERICULTURE.**—We have received a letter from Bro. John Devey, of the 20th Ward, containing an account of his observations and experiments in sericulture; and on the first favorable opportunity shall submit it to some one who has had experience in such matters, when, if the circumstances narrated are considered at all singular or extraordinary, we shall probably give his letter a place in the *News*.

**CONFERENCE IN MALAD CITY.**—On Saturday and Sunday, the 10th and 11th inst., the Saints residing in Malad City and vicinity held a Conference, Elder Lorenzo Snow presiding. Among the speakers were Elders Snow, J. C. Wright, S. Smith, Bishop Nichols and J. D. Rees. They had a good time together. One of the results of "hints" thrown out, already visible, is that the citizens have commenced taking the necessary steps for the erection of a new meeting house. Bro. D. B. Dille having subscribed \$200 towards it. Others are following his example as far as they have the means.

The crops in that district are looking well; water is abundant, grass plentiful, stock doing well, and the health of the people good. In fact, in the language of Bishop Daniels, the people there have everything around them to make them happy, and they are full of thankfulness to their Heavenly Father for His many mercies towards them.

**PROVO.**—Bro. A. F. MacDonald, writes from Provo on the 12th instant, that the hay and grain harvest had commenced. Preparations were being made by Bishop A. O. Smoot, to lay the foundation of a large woollen factory; and the prospects for many other improvements in Provo during the present season are very good.

## FROM MONDAY'S DAILY.

**SABBATH MEETINGS.**—In the morning Elder A. O. Smoot addressed the congregation, delivering many useful hints upon the duties and labors devolving upon the Saints in building up the Kingdom of God on the earth. He was followed by President D. H. Wells, who spoke at some length upon the gospel of Jesus Christ, and the necessity of those who have embraced it, living according to its precepts.

In the afternoon the congregation was addressed by the Rev. Dr. Tiffany, of the Methodist Episcopal Church, his remarks being based upon the 21st and following verses of the 45th chapter of Isaiah. The reverend gentleman delivered a very able and eloquent discourse, showing that while God is just and cannot look with the least allowance upon the infraction of righteous laws, yet in Christ an atonement is provided so boundless in its extent that all the ends of the earth, if they will, may look to Him and be saved. He was listened to with the most respectful attention by a congregation of between 3000 and 4000 people.

The afternoon's services were closed by President Brigham Young, who, in his happiest vein, addressed the congregation for about half an hour. His remarks were reported and will probably appear in the *News* sometime during the present week.

**IN TOWN.**—We had a very interesting visit this morning from Crosby S. Noyes, Esq., and S. H. Kauffman, Esq., editors and part proprietors of the *Washington Evening Star* and S. I. Ramsdell, Esq., Washington correspondent of the *New York Tribune*, who are en route for San Francisco. They feel themselves amply repaid for their visit and regret that the want of time prevents them from making a longer stay and seeing more of the city and surrounding country.

**ARGUMENT CLOSED.**—The argument before the Supreme Court, Chief Justice Wilson presiding, in the appeal case of Brannigan, now under sentence of death in this city, was closed on Saturday; the ruling of the Court will be delivered on Thursday next.

**TO WHOM IT MAY CONCERN.**—This certifies that Joseph Chamberlain, of the 15th Ward, Salt Lake City, was cut off from the Church of Jesus Christ of Latter-day Saints, on the 19th day of March, 1869, by the High Council for unchristian like conduct.

JOHN W. YOUNG,

Prest. of Stake.

WM. DUNFORD, Clerk.

**MARRIED.**—On the 1st instant, in this city, by His Honor Judge Elias Smith, Lorenzo Stenhouse, Esq., to Miss Flora J. Young, both of Salt Lake City. Mr. Stenhouse is a practical printer, and is the son of T. B. H. Stenhouse, Esq., of the Salt Lake Telegraph. We understand that the young couple left this city, yesterday, on a wedding tour to San Francisco. May prosperity and happiness attend them!

Also on the 13th inst., at Richville, Tooele Co., by Elder Lorenzo D. Young, Mr. George B. Symes, formerly of Somerset, Somersetshire, England, to Miss Sarah McMichael, daughter of Robert and Elizabeth McMichael.

**NED BUNTLINE.**—Col. Judson, alias "Ned Buntline," whose lecturing experiment in this city proved such a signal failure some two or three weeks since, has

been lecturing in Cheyenne, his subject being "A year in California and Nevada and the Curse of Chinese Immigration, as it affects the labor and position of the white man." A lecture on the "Mormons" is announced. If this gentleman, when lecturing on the "Mormons" talks as nicely of them as he did to them while here, his lecture will not be very likely to draw above once, for he will tell so many good things about the industry, temperance and other virtues of the people of Utah that he will be almost suspected of being a "Mormon" partisan. We shall look with some degree of interest for the report of his lecture on this subject, and hope to find in one public writer and lecturer honesty enough to tell of the good traits of character he saw exhibited by the people of Utah during his very short stay amongst them.

**READ MR. THURSTON'S LETTER.**—The attention of every man into whose hands this number of the *News* may fall, and especially of the gentlemen connected with the Press of the Rocky Mountains and the West, is called to the letter of Mr. G. W. Thurston, which appears in another column.

**CELEBRATION AT PAROWAN.**—"Sine Die" sends us at this late date, an account of the celebration of the Fourth, at Parowan. The usual programme was observed, beginning at sunrise, with the discharge of guns and the hoisting of the national flags. An 9 o'clock a procession formed composed of the military and citizens, and 200 Sunday school children with brass and martial bands. After parading the town they proceeded to the meeting house, where the Declaration of Independence was read, orations delivered, interspersed with music, songs and toasts. The festivities concluded with a dance in which all who felt like it, whether young or old, participated.

**MURDER OF AN INDIAN.**—The following telegram, from President Maughan, of Logan, Cache Valley, has been handed to us for publication:

"Logan, 17.

President Young:—At Richmond last night, the Indians, in a gambling spree killed an Indian who had been teaming for a Gentle, stripped him of his money, \$80, and clothes, dragged the body into the brush, then returned a borrowed a coffee-pot to Bro. Bair and put into the mountains.

PETER MAUGHAN."

## Correspondence.

SALT LAKE CITY, July 13, '69.

**Ed. News:**—Dear Sir, The smaller settlements of Oxford, Weston, Clarks-ton and Mendon, Cache county, at present, have good prospects for grain, vegetables, etc., Franklin, Hyde Park and all the other places will raise small patches of wheat. In most of the settlements the gardens look fine and small fruits are abundant. As you no doubt have learned myriads of grasshoppers have died from some unknown cause. The dead were so numerous in places that the air was made offensive by their stench.

The enterprising men of Logan are working a road through to Bear Lake Valley. They expected to reach the forks of the cañon by Saturday next. With President Benson I visited the workmen a few days ago, and found the cañon, as far as we went, the roughest, I think, of any in the Territory through which attempts have been made to build a public road.

The people do not seem dispirited on account of the last four seasons' ravages by insects. Crops in Box Elder (save at Portage and Bear River City) Weber and Davis counties never looked better.

Two cases, a woman and man, of small pox are reported at Corinne. They were shifted to quarantine quarters east of Bear river. One case is reported at Brigham City; but disputed by some.

At Paradise the mortality among children was great, some thirteen have died within a few weeks; the cause, malignant measles.

Respectfully etc.,

CALCUTTA.

S. L. CITY, July 17th 1869.

**Editor Evening News:**—Dear Sir, Since last writing to you concerning my lost child, I have learned that Pokatello has acknowledged to President Maughan, of Cache Valley, that one of his band stole her, and that they sold her to a white man on Salmon River.

I first heard the news through a young man named Wm. George, of Cache Valley, and subsequently through David Savage, of the same place. He told my brother Smith that he, himself, had inquired of President Maughan and that the latter told him it was a fact that Pokatello had confessed the theft and that they sold her to a white man on Salmon River.

The little girl is now nearly 4 years old

and I herein renew and republish the reward of five thousand dollars to any person who will restore her to us. I also beg you will request all your exchanges—north, south, east and west—to copy and publish the same everywhere, especially *North and West*

Yours in haste,

G. W. THURSTON.

We respectfully solicit our Rocky Mountain and Western exchanges to publish the above, for by so doing they may be the means of restoring to her sorrowing and almost despairing parents, the child to which it refers, which it is believed was stolen by Indians several months ago.

ED. D. E. N.

A schoolmistress in Porter county, Indiana, construing physical punishment literally, gave a tremendous cathartic to a refractory pupil a few days since.

## NOTICE!

THE undersigned having taken out letters of Administration for the Estate of Levi Huntsman, late of Millard County, deceased. All persons having claims against said estate, are hereby requested to present them for adjustment, and all persons knowing themselves indebted to said estate, are requested to settle their accounts without delay.

JAMES HUNTSMAN, Administrator  
J. S. GILES,  
w241

## ESTRAYS!
