What Sporting Writer W. W. Naughton Thinks of Big Fight.

DIFFERENCE OF OPINION

Prevails Among the Wise Sportsmen On the Coast on the Coming Contest Between Nelson and Britz.

The following article on the coming fight between W. W. Naughton and Jimmy Britz, written by W. W. Naughton, the well known sporting authority of San Francisco, will no doubt prove interesting to all sportsmen.

Who will be the victor? The answers to this question will be received by the sporting department up to midnight the evening before the contest, and the first 20 persons giving the correct solution to the question will be rewarded with seats at the ringside.

For some years France was considered the leader of the motor car industry, but this period has gone by and America has gone to the front as might have been expected.

It is well for Naughton and Jimmy Britz that it is so for arguments as to which of them is the better driver.

IS FRANCE AFRID

To Continue Auto Race—Sportsmen Severely Condemn Recent Acts.

By its actions in trying to promote another race in opposition to the Gordon cup event, in its decision not to compete in another race of the sort, and the statement that it would decline to send the team which it entered for the Vanderbilt cup race, makes plain the fact that France is in opposition to America and the other countries that have entered the race.

For some years France was considered the leader of the motor car industry, but this period has gone by and America has gone to the front as might have been expected.
