CONCENTRATES.

President Charles M. MacNeill of the Utah Copper company, and a party of friends are expected to reach the city tomorrow.

The ore and bullion settlements reported late yesterday by McCornick & Company were: Crude ore and concen-trates, \$10,000; base bullion, \$40,600.

A. J. McMullen of the Utah-United Copper company, articles of incorpora-tion of which will be filed in a few days, left last night for Beaver county to give personal attention to the development now in progress.

Ingols & Taylor were making under-ground surveys at the Red Warrior the first part of the week. They report the Red Warrior one of the best mines in the county and turning out an ex-ceptionally good grade of ore. The mine is shipping daily and has five teams hauling ore.—Milford Times.

Daniel Guggenheim, president of the American Smalting & Refining com-pany, is scheduled to reach the city next Monday. He will leave Monday evening for Island Park, Idaho, where vice President Silas W. Eccles is spending his summer vacation. After a week or so at Island Park accomspending his summer vacation. After a week or so at Island Park, accom-panied by Mr. Eccles, the noted smel-ter magnate will visit Ely and points on the coast where the big smelting company has interestes.

The erasure of the names of several well known old time mining stocks from the blackboard of the Salt Lake Stock & Mining Exchange, stocks that have been called regularly for a good many years, makes quite a decided change in the arrangement of the list.

Until the listing fee of \$100 is paid, Boston Consolidated, Daly, Daly-West, Ontaria, Mammoth and Utah Mine, will be calssed as unlisted stocks and can be traded in only during open board escient essions.
