Requisition papers have been issued by Acting Governor C. S. Tingey for the return to this state of Louis Lombropolis, who was arrested at Reno, Nev. and is wanted in Ogden for stealing \$74 in cash and a money order for \$52 from Harry Garvos on Nov. 15, 1904. The state board of health was notifiel last evening, that smallpox was epidemic at Lewiston, Utah, where 30 cases have developed within the past three weeks. The spread of the disthree weeks. The spread of the dis-case is attributed to the exposure of many people at a party given during last month. The state board will take immediate means to effectually quarantine the sick.

C. F. Spillman writes Manager Harris of the Commercial club from Goldfield that Utah merchants have the opportunity of their lives, and that they ought to take advantage of the chance they to do business in the great camp. He urges shipments of flour there immediately, as they can be disposed of at good prices. The freight blockade continues by the Tonopah route.

Senator W. K. Walton of the Portland exposition says that it was intended to give the drawing of the plans of the state building to Salt Lake architects; but on account of the shortness of the time in which the building is to be erected, it was found impossible to wait until the commission returned and could make arrangements with home talent. As for the Virginian style of the building, Senator Walton says it is old Colonial, a style obtaining a good deal in this city.

At the afternoon session of the Bee-keepers' association yesterday, a com-mittee consisting of President E. S. Lovesy, John B. It was also decided by the association to ig-nore future world's fairs and devote more time to preparing exhibits for the Utah state fairs.

The board of education has given to two policemen employed as truant offi-cers the task of getting the names of sil boys and girls between the ages of eight and sixteen years who are not in regular attendance at the city schools. In cases where it can be proven that are to blame for the failure to take advantage of the educational op-portunities offered by the city, they will be summoned into court and given chance to receive fines or imprisonment.

Rev. and Mrs. J. A. Eakin, Presby-terian misaionaries in Siam, are visiting in this city over Sunday, as the guests of Mr. and Mrs. G. B. Blakely of Third East street. They say one of the greatest evils in Siam is the habit of Anglo-Saxon men marrying native women, and abandoning them after having reared large families, to return home and marry again women of their own race.
