DIVORCE PROCEEDINGS FILED.

A complaint was filed today in the Second district court by Louisa F. Rice against Marshall W. Rice praying for a decree of divorce on the ground of desertion. There are two children.

PRISONERS STRIKE.

Yesterday when the prisoners in the city jail who are sentenced to hard labor were told by Guard Brown to come to work they positively refused to do so, when asked their reasons for refusing-to work, they said that they were not receiving a sufficient amount of food to work on. This report was of food to work on. This report was given to the police judge and Chief Conlisk, who investigated the matter finding that the prisoners were justified to a certain degree in their complaint and the difficulty was settled by the jailor being informed that the men when working must receive more substantial catables and in a greater quan-

VERNAL.

EDUCATIONAL AFFAIRS. Magnificent School Buildings-Stake Academy in the Lead.

Special Correspondence. Vernal, Uintah Co., Nov. 12.—Election affairs have been quieting down nicely since the sixth until the official count is given out announcing that instead of two Republicans being elected as county commissioners, it is two Demo. crats. Now it seems certain a test case will be made of it. The returns, as given out by the judges, gave Wm. Siddoway, Republican, a majority of 18 votes. This has been counted away, giving John G. Davis, one of the present incumbents, a majority of one vote How it will terminate is left to be seen Our schools are forging to the front very rapidly. The Vernal school district is just completing a model central school house of some 10 rooms, at a cost of about \$12,000. The Naples district is just completing a new \$4.000 five-roomed house, after modern pattern, with modern desks, appartus, etc. In scholastic attainments the Uintah Stake Academy heads the list. At present it is under the able manage-ment of Prof. A. B. Anderson, assisted by R. L. Woodward. The seventh and eighth grades of the common school

m..... of high school work are thught. The school has an enrollment of nearly a hundred, and is increasing very rapidly. A new feature of the school this year is the musical department under the direction of Mr. Woodward. The entollment in that department exceeds all exceeds

all expectation numbering 40 members in the choir, eight voices in the glee club, and twenty-four voices studying the rudiments of music, making a total of seventy-two members. An instru-ment has just been secured, and rapid dvancement is looked for in all the

Of late the choir has been visiting the various wards and giving the people a musical treat.

The County Teachers' association is
in a thoroughly organized condition.

The teachers are now taking a course

in drawing and pedagogy.

The enrollment in the district schools exceeds all preceding years, and the teachers are much above the average.

SPRING CITY.

INTERESTING REMINISCENSES Of the Long Ago-Great Changes in the Third of a Century. Special Correspondence.

Spring City, Sanpete County, Nov. 15.

It is recorded that the Indians in January, 1864, completely destroyed the fort and buildings of the settlers at this place, and in the early burial ground situate right in the residence porstudie right in the residence por-tion of the city, lies the body of James Micek, the head stone at his grave, bears the record that he was killed by In-dians at Spring City on August 13, 1866. What a change in thirty-four years! There are many old settlers here who remember those days, when the roll of the drum would call them together to

repel Indian attacks, A cemetery within the residence portion of Utah towns is quite unusual. It is met with here, and at Draper, Sait Lake county. In old England the vil-lage church is found in the center of the village burial ground, but here in Utah the silent cities of the dead are usually found at some distance from the homes I the living.

In this place near where James Meek's body lies, reposes the body of Isaac All-red, born January 27, 1788, died Novem-ber 15, 1870. Over in the corner is a marble monument, upon which is sculp-tured the figure of a child in a flowing robe, reclining as though asleep, the figure is well executed, and below the slab of marble tells the grief of two young parents, who kept their babe but seven short months, in the following lines:

"Alas! how changed that lovely flower Which bloomed and cheered my heart, Fair fleeting comfort of an hour, Soon we are called to part."

Another slab tells that Druzella E.

SPANISH FORK.

Grand Ratification Banquet and Ball Given by Republicans.

Special Correspondence, Spanish Fork, Utah Co., Nov. 14,-As far as Spanish Fork and the election is concerned Spanish Fork is through. It was finished last night, and every Re-publican from President down ought to rest easy, for everything was ratified. It was ratified with joilification, and numberless turkeys, so many indeed that it is predicted that the turkey supply for Thanksgiving will run short. The fatted calf suffered. Roast pig went into oblivion. Cakes, pies—well it would not do to go into detail, because it might involve an extra edition of the "News." Lars Lawrence, the city hairman for the party, presided, and then speeches, songs, recitations took part. And then more turkey, etc., un-til four or five hundred were fed. Everything went off in best style, and in adjournment was taken to Tuttle's hall where the "light fantistic" was in-dulged in until near the "peep of day."

This afternoon the funeral of the in-fant son of Brother and Sister Oran Lewis was held at the residence of Brother Lewis. Elder Benjamin Argyle presided. Remarks were made by Elders James A. Reese, A. Saxey and W. R. Booth. The little one was then taken to the cometery and placed in its resting place, to await the resurrection morn.
