

BOARD SUPPORTS TRIP OF CADETS

Boys in Blue From High School
Get Credit While
Away.

TRAVEL IN MILITARY STYLE.

They Will Carry Tents and Stores and
Live Like Soldiers While
Absent from Home.

The Salt Lake High school cadets will not only go to the coast, but there will be no unpleasant aftermath in the shape of examinations to be made up and delinquencies in study to figure in.

This was made certain by the board of education today, when at a special meeting in the office of Supt. D. H. Christensen a motion was made and carried that the boys of the cadet corps be not only given the moral support of the board in their proposed trip, but that they be given full credit for the time spent on the trip, just as though it had been put in on the Latin and algebra books.

The ruling of the school board lifts the last obstacle from the preliminary arrangements, and the men of the corps are now under orders to prepare to go. They will carry with them camp equipment sufficient to care for the entire number who make the trip in Golden Gate park, even to the cooking of their own camp rations.

B. F. Redman of the finance committee is listing up citizens who wish to send a boy on the trip, he having himself agreed to send his own boy and two more.

REGULAR ARMY STYLE.

There will be no trained nurse on the trip, or hospital other than the field equipment of an ordinary military encampment. The battalion last spring marched from Salt Lake to American Fork, went into camp during a week of rain, and returned to Salt Lake after a week's hard work scarcely the worse for wear. For this reason it is held that the ordinary camping regulations will be ample to care for any emergency in sickness. Principal Eaton and Supt. Christensen have each been given a leave of absence to accompany the youngsters, but they will not be in charge in any way, and this matter has been left exclusively to Capt. W. C. Webb.

The resolutions passed by the board of education authorizing the trip are as follows:

Resolved: That the board of education gives its cordial approval and sanction to the proposed excursion of High School cadets to San Francisco in May, for the purpose of witnessing the naval review, provided:

(a) That during their entire absence they are under the direct charge of Captain Webb, representing the board of education.

(b) That requirements are such as to debar no member of the corps who is in good standing from the trip.

(c) That transportation and expense charges shall be absolutely uniform to all cadets.

(d) That provision be made for transportation charges and other necessary expense of every member of the cadet corps.

HOT CROSS BUNS TOMORROW.

Bakers Work Overtime Tonight in Anticipation of Good Friday.

While the majority of residents of this city sleep tonight a small army of bakers will be hard at work on their annual task of turning out the hot cross buns for tomorrow's breakfast table in anticipation of Good Friday. The hot cross bun is an institution that has been brought to America before the days of the Revolution as it prevailed in England before Henry VIII began to stir up things ecclesiastical.

While the hot cross bun is a twentieth century commerce yearly gets closer to a resemblance to a disc of inflated felt, no well regulated household apparently can do without it and to spend Good Friday without flinging with indignation and running the risk of incurring a call from a doctor would be like holding Thanksgiving without the national bird or Christmas sans pudding, mince pies and holly.

Hence the bakers are all wearing an air of hustle today.

LOOKING FOR WIFE.

President of Seventh Day Adventist Conference Seeking Woman Here.

W. M. Adams, president of the British Columbia Conference of Seventh Day Adventists, arrived in this city today in search of his wife who mysteriously disappeared at Boulder, Colo., about six weeks ago. Mr. Adams for the past month has been in Colorado trying to find traces of the missing woman but she has apparently dropped out of sight completely. This morning he visited police headquarters and had an interview with Chief Pitt and left with him photographs and a description of the missing Mrs. Adams also offering a liberal reward for her capture.

You surely ought to be ready for Easter Sunday by this time. Possibly you've bought your new suit and hat but you may have overlooked some of the smaller items of dress—
Ties, Shirts, Hosiery, Handkerchiefs or Collars

In anything you need you will find buying here safe. Our stock is always complete and the variety in style and price insures your satisfaction.

Richardson & Adams
878 MAIN STREET.

Some Day You'll Bring Us a Trial Prescription

Then you'll always come. The continual growth of our prescription business is surprising—pure drugs, careful compounding, reasonable charges are the factors.

DRUG STORE

her body, as he is firm in the belief that she has been murdered.

Mr. Adams stated this morning that he left the Manitoba conference for British Columbia, January 1, where he parted from his wife, she going to Colorado to visit friends and relatives. During the first week in February, he received three letters from her dated from Boulder, and in each she appeared to be in good spirits and discussed future plans and misadventures. A number of post cards bearing pictures and descriptions of the missing woman state that a liberal reward will be given for her body and information as to her date he has not heard of the missing woman.

The description of the missing woman is: Weight, about 175 pounds; height, about 5 feet 8 inches; age, 39, April 24, 1868; hair, light, wavy; eyes, blue; hands, small, each little finger crooked; occupation, boarding house or bookkeeper.

A number of post cards bearing pictures and descriptions of the missing woman state that a liberal reward will be given for her body and information as to her date he has not heard of the missing woman.

forwarded to A. D. Long, Grand Junction, Colo., Route No. 1.

Should this meet the eye of anyone who can throw light on the mystery Mr. Adams asks that he communicate with either of Police Pitt or Dr. W. L. Gardner, 122 1/2 Main street, city.

THOMAS PIERPONT DEAD.

Well Known Machinist Dies Suddenly At Daughter's Home.

Thomas Pierpont, 717 1/2, south First West street, died suddenly at the home of his daughter, Mrs. Meyers, 1822 Fifth East, this morning, after having manifested no signs of an approaching illness. He was about as usual yesterday, in fact, was visiting relatives last night and seemed to be in a happy frame of mind and in good state of health. He walked from one house to another as he made his visits, and arrived at his home early in the evening. He retired about 10 o'clock and was again about an hour later. He spoke cheerfully to members of his family who had not retired, and then returned to his apartment. During the night he was again visited, and the discovery was still sleeping. The funeral will be held Sunday in the Fourteenth ward meetinghouse, the hour not yet being set.

Mr. Pierpont was the first railway machinist to enter the Salt Lake valley, having been master mechanic of the old Utah Central line in the sixties. He was also at one time proprietor of an iron foundry. He was a native of Rainhill, Lancashire, England, where he was born Nov. 6, 1836. He leaves a family of 17 children. The funeral will be held Sunday in the Fourteenth ward meetinghouse, the hour not yet being set.

UNIVERSITY NOTES.

The University of Utah baseball team leaves this afternoon for Logan to play the B. Y. C. Friday and A. C. U. Saturday.

Capt. Nielson of the track team has gone to Brigham City to give their high school athletes some pointers.

Rev. P. A. Simpkin will be the speaker at annual class day chapel exercises Friday.

The U. of U. Chronicle spring issue appeared today with a new cover design.

The track team and a large following of students will leave Salt Lake on special train for the track meet at Logan Saturday with the A. C.

ALLOWED FISH TO PERISH.

A complaint will today be issued from the office of the county attorney against the North Point Irrigation company, charging the wrongful damming of the water from what is known as the surplus canal in the lower part of the city. It is claimed that representatives of the company turned the water out of the canal without notifying the proper authorities, and that a great deal of damage was done and thousands of fish allowed to perish by reason of the action.

LAND BOARD TO MEET.

The state land board will meet in adjourned session at 10 o'clock tomorrow morning, at which time the matter of advancing loans on improved lands in different parts of the state will be considered. The board will also discuss the proposed construction of the Platte reservoir, which will cost in the neighborhood of \$55,000 to complete.

WEATHER TALK.

"Generally fair tonight and Friday," is the forecast for weather locally and for Utah and west Wyoming.

The trough of low barometric pressure has moved slightly eastward, and extends over the plateau and Rocky mountain slope this morning. A slight disturbance also overlies the south Atlantic states. Over the Pacific states and the lake region the barometric pressure is high. This distribution of air pressure has caused precipitation over portions of California, Oregon, Washington, Idaho, Montana, Wyoming, Colorado, North Dakota, Kansas, Oklahoma, Ohio valley, lake region, Atlantic and Gulf states. Moderate temperature prevails in all districts being lowest over New England. Generally fair weather is indicated for this locality tonight and Friday owing to the high barometric pressure over the Pacific states.

COMMITTED TO ASYLUM.

Two persons were committed to the insane asylum this afternoon in the third district court. They were Jens Nielson, who tried to shoot Police Officer Golding and Burt a few days ago, and Eva Jespersen, the young girl who lived away from her home in the eastern suburbs of the city several weeks ago. Nielson has been in the asylum before. His last attack of mental trouble was brought about, it is said, by his having received threatening letters.

The monthly meeting of the high priests of Granite stake will be held on Sunday, April 19, at 10 o'clock a. m., at the Granite stake tabernacle.

TEN DAYS' FEEL FOR THE FLEET

Festivities at San Francisco Last From May 6 to May 15.

REMEMBER ENLISTED MEN

Club Rooms to be Opened for Jack Tars and Everybody Will Have Chance to Get Happy.

Festivities in San Francisco to celebrate the coming of the United States fleet will last from May 6 to May 15, according to information received here by the Oregon Short Line railroad officials. They will receive the reception to officers of the fleet on the evening of the 6th at the Fairmont hotel, a magnificent building, which was only slightly damaged by the earthquake, and by the opening of a clubhouse for the enlisted men on the same evening at Beale street.

The program of events, which includes a children's day, a review of the fleet, a big military parade, an automobile race, and other sports, will be for various out of town cities, is as follows:

Wednesday, May 6, 1 p. m.—Arrival of fleet. Reception at the Fairmont hotel. Opening of clubhouse for enlisted men on Beale street and pavilion at Eighth and Market.

Thursday, May 7—Parade at 9 o'clock. First of the band concerts in the afternoon at Union Square. In the evening at various unassigned squares and parks.

Friday, May 8—Review of the fleet by the admiral. Games in Stadium. Race at Alameda. Banquet to commanding officers at St. Francis.

Saturday, May 9—Oakland day. Sunday, May 10—Breakfast to the fleet. Reception at the Fairmont hotel. Religious services at the Eighth and Market street pavilion.

Monday, May 11—Auto ride for 400 miles. Observation of the fleet. Enlisted men. Reception and ball at the Fairmont. Boat races of the city front for the Battureburg cup—big navy event.

Tuesday, May 12—Children's day. Special arrangements to take 35,000 schoolchildren to see the battleships. G. A. R. reception at Dreamland rink in the evening.

Wednesday, May 13—Day of athletics at Stadium—baseball, rug-of-war and field events. First Tamapala trip.

Thursday, May 14—Berkeley day.

Friday, May 15—Santa Rosa day.

Unassigned events—Reception by Native Sons and Native Daughters; Eastern Star and Knights Templars.

GRAND JURY IS AT WORK

Investigating the Case of Jack Tracy Participant in Sensational Murray Running Fight.

Evidently the grand jury is today investigating the case of Jack Tracy, charged with being a participant in the attempted robbery of the Murray post-office early St. Patrick's day morning. Witnesses called to the Federal building this morning included Marshal Mauss of Murray, Deputy Sheriff Joe Burbridge, Detectives Burt and Chase; Deputy Marshals Sam Whittle and William Caldwell of Murray; Postmaster D. F. Cahoon and wife, and James Cahoon, a brother of the postmaster. All these persons took a hand in the fighting of the would-be robbers or the hunt and subsequent arrest of Tracy.

Tracy was caught after a pitched battle, and was at first recognized by Mike Gallagher, made good his escape, formerly in Bingham and Butte, Mont., living under the name of Frank Perry. Since the 17th of March, Tracy has been held in the county jail pending an investigation of the attempted robbery by the grand jury.

There were three men in the attempted robbery, but two got away, and so far as known, made good their escape. The attempted robbery followed the blowing open and robbing of the Marriotti company safe and the Rowe-Kelly safe, and was believed to be the work of the one which had done the two safe-breaking jobs in this city.

The robbers were at work in the postoffice when Deputy Marshal Whittle and Caldwell were passing. One of the three men inside rushed to the backdoor and the deputies separated; Whittle running around to the front. Just as he reached the street two men rushed out. Whittle opened fire and the robbers returned shots. Caldwell immediately joined Whittle and a battle of shots followed with the robbers running westward and the deputies close upon their heels. One of the men was captured.

In his pockets were found six pieces of fuse each a foot long and with cap attached. Each was wrapped in cotton. No bottles nor nitro-glycerine were found in the man's possession, nor about the postoffice.

The evidences point to the conclusion that at least three sets of men have been laid before the grand jury; the cases of saloonkeepers and others, charged with buying soldiers' clothes and running a gambling place at the corner of the two Greeks, charged with robbing the Bamberger company's mail boxes, and the attempted robbery of the Murray postoffice, examination of which may consume today.

NEILSON VIOLENTLY INSANE.

Man in County Jail Haves Night and Day Without Cessation.

One of the most violently insane persons seen in a long time at the county jail now occupies the padded cell at that institution. His name is J. L. Nielson, and his home is at Pleasant Grove, Utah county. Nielson is the man who was arrested Tuesday morning in the office of Judge C. M. Nielson by Officers Burt and Golding. He had driven the occupants of the room away, and was waiting pistol in hand for attorney Adam A. Duncan to appear that he might kill him. Detective Burt went right after his man when summoned to the place, and seeing that his life, as the madman thrust a pistol towards the officer's stomach and tried hard to pull the trigger, but was soon disarmed.

Nielson, 35 hours, at least, Nielson has scarcely ceased for a moment to rave, screaming incessantly at the top of his voice, and running about all the time in his cage like a wild animal. He would seem that his physical strength could not stand many hours of such carrying on, but at noon today he was apparently as vigorous and active as yesterday morning.

Nielson imagines that some one is going to shoot him, and every few minutes he shouts: "I am ready, come on, the two, come!" He then grabs a force howl in his palm, frantically trying to effect of the bullet. The man seems to be patriotic, as he frequently shouts "Hurrah for America."

The robbers were at work in the postoffice when Deputy Marshal Whittle and Caldwell were passing. One of the three men inside rushed to the backdoor and the deputies separated; Whittle running around to the front. Just as he reached the street two men rushed out. Whittle opened fire and the robbers returned shots. Caldwell immediately joined Whittle and a battle of shots followed with the robbers running westward and the deputies close upon their heels. One of the men was captured.

In his pockets were found six pieces of fuse each a foot long and with cap attached. Each was wrapped in cotton. No bottles nor nitro-glycerine were found in the man's possession, nor about the postoffice.

The evidences point to the conclusion that at least three sets of men have been laid before the grand jury; the cases of saloonkeepers and others, charged with buying soldiers' clothes and running a gambling place at the corner of the two Greeks, charged with robbing the Bamberger company's mail boxes, and the attempted robbery of the Murray postoffice, examination of which may consume today.

NEILSON VIOLENTLY INSANE.

Man in County Jail Haves Night and Day Without Cessation.

One of the most violently insane persons seen in a long time at the county jail now occupies the padded cell at that institution. His name is J. L. Nielson, and his home is at Pleasant Grove, Utah county. Nielson is the man who was arrested Tuesday morning in the office of Judge C. M. Nielson by Officers Burt and Golding. He had driven the occupants of the room away, and was waiting pistol in hand for attorney Adam A. Duncan to appear that he might kill him. Detective Burt went right after his man when summoned to the place, and seeing that his life, as the madman thrust a pistol towards the officer's stomach and tried hard to pull the trigger, but was soon disarmed.

Nielson, 35 hours, at least, Nielson has scarcely ceased for a moment to rave, screaming incessantly at the top of his voice, and running about all the time in his cage like a wild animal. He would seem that his physical strength could not stand many hours of such carrying on, but at noon today he was apparently as vigorous and active as yesterday morning.</
