LOCAL BRIEFS.

Joseph Bazon, the 3-year-old son of James Bazon, of Helper, was drowned at that place yesterday in an irrigation ditch.

The Knights of Pythias held forth at Murray last night, and organized a new lodge with sixteen members, and there are others who will enter soon.

The State auditor has drawn to the order of the University receipts for the land fund for \$25,000, which will be made to apply upon the University building account.

The Business Women's club will meet Tuesday eve at 8 o'clock at the rooms of the president, Miss Root, in the Jennings block. This will be the last meeting of the season.

The Rev. Joel A. Smith, of the Iff Methodist church, will deliver his lecture on the Japanese and the Chinese at the Liberty park church next Friday evening. The Japanese wedding ceremony will be exhibited.

The funeral of Rudolph F. Peters, brother of Manager Max A. Peters, of the Salt Palace, was held yesterday afternoon from the home of the father of the deceased on East First South street.

Captain Bywater, who is in charge of fire station No. 2, has tendered his resignation to Chief Devine. The captain has been a long and valued member of the department and his retiring from the service will be a material loss.

The bicycle races at the Salt Palace, it is believed, played havoc with last evening's council committee meetings. President Buckle and Councilmen Gemmell and C. R. Howe were the only three that put in an appearance at the council chamber.

At the meeting of the Christian Endeavor society of the First Presbyterian church on Thursday evening the following officers were elected for the ensuing quarter: President, Miss Mary Van Houten; secretary, Miss May Davis; treasurer, Mr. Frank Davis; and permanent secretary, Miss L. Bence.

The report of the local board of health for the week ending today shows as follows: Births, 12; equally divided between the sexes; deaths, 13; males, 9; females, 4; one body brought here for interment and one shipped away for interment elsewhere; contagious diseases flags outstanding, 4, covering 8 cases of scarlet fever; infectious disease, 2, typhoid, 1; whooping cough, 1. There are 7 cases of "smallpox" in the city covered by 2 flags.

CITY CENSUS IS NOW COMPLETED

The Work of Enumeration Has Been Rapid and Very Satisfactory.

COMPLETE STATE BY JULY 1.

Supervisor Pratt is Not Permitted to Give Out Any Information in Regard to the Census Returns.

The census returns of Salt Lake and Ogden are practically all in, but under the law, Census Supervisor Pratt is not permitted to give out any information as to the population of the cities. Mr. Pratt states that the work has been conducted in a very satisfactory manner, and under the perfect system that is employed in the prosecution of the work, he can keep a check on every enumerator in the field, of which there are 217. All the cities of over 5,000 inhabitants are completed, and the enumerators now have until July 1st to complete the State.

No information can be given out regarding the census, only by the direct route of the census at Washington after the schedules have all been turned in, and then only on the application of the Governor of the State or the mayor who desires to know the population of his city. There are fifty-five census districts in Salt Lake City, which correspond with the voting districts, except in 22, 31 and 32, which have been divided, making in all fifty-five census districts as against fifty-two voting districts. The work in the city was greatly facilitated by the department at Washington granting to Mr. Pratt the privilege of laying off the districts himself. In some of the eastern cities the work has been retarded by the districts being laid off by individuals who were not familiar with the city.

The enumerators are receiving from \$4 to \$6 per day, the workers in the sparsely settled districts receiving the latter wage.

Mr. Pratt stated that some have estimated the population of Salt Lake City at 84,000, this he thinks is rather overdrawn, as the population of the city in 1890 was something over 42,000, and in 1895 it was 48,076, a growth of about 4,000 in five years, and it is not probable that in the next five years the population of the city will increase over 30,000. His own estimate at the beginning of the year was 57,000, but he is not able to state how close he came to the fact.

Mr. Pratt would like to make the request of people in the state, who have relatives on missions, or at Cape Nome or any other district outside of the state, but whose names have not been given to the enumerators, to kindly send their names to him, that they may be numbered in this census. Those who fail to be numbered at this time will not get another opportunity until 1910.

BEAUTIFUL BUILDING STONE

The Rock of the Nebo Brown Stone Co. chosen for the "News" Building.

The handsome blocks of stone which are now being put in place in the new Desert News building are the objects of much admiring comment from hundreds of people who daily watch the building operations. The stone comes from the quarry of the Nebo Brown Stone company, located about 12 miles from Nephi, on the line of the Sanpete Valley railroad, a spur running direct to the quarry. It was chosen for the "News" building after a careful investigation, not only of its hardness and durability, but for its beauty after it has been placed in the walls. Other buildings where it has been used are the Co-op, Wagon and Machine structure, the residence of Banker Whitmore of Nephi, and the basement of the public schools there. Mr. A. W. McCune has also decided on using Nebo stone for his residence at the head of Main street.

A considerable quantity of the stone has been shipped outside of the State, over 10,000 tons having been sold to the Oregon Short Line alone. Large quantities have also been used in Butte. The quarry, the stone comes out in enormous blocks, and one piece recently quarried for the "News" building is the largest rock ever shipped to Salt Lake City. It weighs 22 tons and measures 15 feet by 5 feet. At the present time the company is working to its full capacity, sending out from 200 to 250 tons per day, and its stone is so much sought after that the output cannot keep pace with the demand.

The Nebo Brown Stone company was incorporated one year ago. Theodore Bruback being its president, and S. T. Pearson its secretary. Their office is in the McCormick block.

LESSONS IN DANCING.

Instructions in Dancing—During the coming six weeks Miss Majorie Lake of the team of Lewis & Lake, will give instructions in dancing, at the Salt Palace Vaudeville theater, between the hours of 2 and 4, every afternoon. HOME FIRE OF UTAH.

Among the prominent and solid home institutions which have made a proud record for themselves in the past ten or twelve years of Utah's history, is the one insurance company of the interior mountain region, the Home Fire of Utah. When the Home began business in 1888, there were no fewer than thirty different companies organized between Denver and San Francisco. Today but three of the number remain, and the Home is one of the three. The other twenty-seven have succumbed to hard times and poor business management, while the Home is stronger today than ever before at any period of its history. It has a paid up capital of \$250,000, all of which is invested in the best going class of Utah securities and Main street realty.

The public confidence reposed in the Home company is well illustrated by the following record of premiums received since its organization:

Premiums.	
1887.....	\$5,501.64
1888.....	11,457.45
1889.....	14,240.72
1890.....	12,746.11
1891.....	22,135.78
1892.....	39,424.91
1893.....	50,475.61
1894.....	44,170.90
1895.....	71,382.72
1896.....	47,258.48
1897.....	65,807.58
1898.....	95,537.80

The names of the officers and Board of Directors of the Home are: President, J. H. Grant; vice president, Geo. Romney; secretary, J. H. Whitney; directors, L. S. Hays, treasurer, Directors, Thomas G. Webber, Joseph F. Smith, Henry Dinwiddie, John Henry Smith, P. M. Lyman, C. S. Burton, E. A. Smith, David Eccles, John R. Barnes, John C. Cutler and P. T. Farnsworth.

DAVIS COUNTY NURSERIES.

We take pleasure in calling our readers' attention to the Davis County Nurseries, Van Meter, Harness & Co., proprietors. This is a local concern of which all Utahns are justly proud. Prior to the establishment of this enterprise many thousands of dollars were sent abroad for nursery stock. The planting of foreign stock is always attended with more or less loss; in addition to this, the original cost of the stock is a loss to our State, because the money goes out.

A full line of Fruit, Ornamental Trees, Roses, Shrubs, etc., is grown by this reliable firm. They have grown in their nursery this season about four hundred thousand trees of the very best stock and variety that can be had. These gentlemen have made a study of the varieties that are best adapted to our soils and climate, and know what is best for the people to plant.

Their nursery, probably, has the best location in the State for growing stock, as the Centerville site seems to contain just the elements necessary to grow a healthy tree.

Another very commendable feature about these people is, they keep their stock absolutely free from all pests and fruit destroying insects.
