PRESIDENT COULDN'T ATTEND

Was Completely Tired Out and Asked
to Be Excused From Banquet
Prepared for Him.

Cop. President, Mo., Oct. 24.—
Ten minutes before sunrise this
morning President Taft stopped from
his trip to the city, as it doctored
at 4 o'clock. This city, the first
stop on his trip from St. Louis by boat
to New Orleans, greeted the president
with a cheering throng. Thousands
of country people arrived during the
day by rail and wagon.
With the levee was thronged, the
great crowd was at the state normal
school, where the president, who
was driven in an automobile
to the normal school, where he
was introduced to the chief executive
of the state, Governor McMillan, by
the mayor of St. Louis, Mayor M.
C. Crowley. Mayor M. Crowley
presided at the meeting.
The president, who was the
center of the features of which was the
opening of a tree.
The fully October morning air
refreshed with cheer when a gold
badge was pinned on the lapel of the
president's overcoat. The badge was
a gift of the citizens.
The president called for only
a few minutes here, the president
address was brief. At 7 o'clock the
presidential suite departed for Cairo.

WYOMING GRAND JURY WAS TAMPERED WITH

Such Is Charge Made by Attorneys for
Seven Cattlemen Accused of
Murder and Arson.

(Special Correspondence.)
Basin, Wyo., Oct. 25.—It is now
thought that the attempt of attorneys
for the defense in the case of the state
against seven Ten Sleep cattlemen,
charged with the murder and incen-
dium of Joseph Klinge, sheepman who was
slain by a party of cattlemen on Spring
creek, in this county on April 2 last,
will fail. What at first looked like a
long delay in the trial of these cases,
owing to the charge of the defense
that the grand jury that returned the
indictments was not properly
drawn, is now nearing the end, and the
indications are that the trial of the
defense will be commenced this
week, and possibly as early as Tues-
day or Wednesday.

The defense has submitted all of its
evidence in support of its contention,
that the probabilities of their motion
will be overruled and the defendants
will be required to plead to the indict-
ments. On cross examination County
Treasurer Shaw admitted that the jury
list contained all names when made,
and both County Clerk Enders and
Commissioner Linton admit the list
contained the names of all qualified
jurors in the county. Clerk of Court
Hobbs testified that the list when re-
ceived by him, was not mutilated, and
no names were stricken off; that he
checked each name as he placed it in
the jury box. All parties testified that
the sheriff had nothing to do with the
jury selections except to write the
names of the jurors down when they
were called.

The evidence thus far submitted
shows conclusively that 31 names of
jurors placed in the box were unlaw-
fully and criminally abstracted and
three names penciled off the list after
the sitting of the grand jury that in-
dicted the seven defendants. While
the prosecution made no charges in
court, the check marks in ink exposed
the unlawful methods employed by
persons who secured possession of the
jury box and list of jurors, the attorneys
for the state will attempt to reach
the guilty ones.

ORIGIN OF THE REORGANIZED CHURCH AND SUCCESSION.

A book of 140 pages showing the lat-
ter-day apostasy.
This book is invaluable and indis-
pensable to missionaries and all other
students of Church history. It deals
thoroughly with the origin of the
reorganized church and conclusively
proves it to be of apostate source, al-
though that church has departed from
the doctrine of the Prophet Joseph
Smith and now attacks them vindictively,
denying many of the principles
of the gospel. The book also treats
the Succession in the Presidency and
shows that PRESIDENT BRIGHAM
YOUNG WAS PROPERLY ORDAINED
TO LEAD THE CHURCH.

SOCIAL AND PERSONAL.

The studio of Mr. Will Clawson was
the scene of a delightful social af-
fection, where a large number of Salt
Lake's society people gathered to view
the beautiful pictures painted by the
artist. These include both recent and
past efforts. Mr. Clawson's studio
notable successes which emphasized
Mr. Clawson's career abroad and in
California. The more recent ones are
of Mrs. H. M. Wells, one of this after-
noon's hostesses at the studio. Miss
Alma Crismon, Hon. H. B. Clawson, the
artist's father, and ex-Gov. Wells and
Cutler, the two last not being quite
finished. All are excellent likenesses
and done in the artist's individual style
expressive of sentiment as well as
placement. Other canvases in the
studio are the beautiful portrait
of Mrs. Clawson made during
the artist's summer in Paris, also a
portrait of his daughter Louise, and
other attractive studies. Many scenic
pictures are on view, a charming gray
blue scene with a half moon as a
central object, but with the gray and
blue of the ocean, toned into the
silver with exquisite effect. A striking
portrait is that of President
Halloran of the Commercial
club, and another of the famous
California physician, and his
charming wife. These are only the
larger subjects, besides which are hung

SENSATIONAL CHARGES IN WYOMING MURDER CASES.

(Special Correspondence.)
BARTON, Wyo., Oct. 21.—Sensational
development of this case was the
charge of the prosecution's charge that
the juror ballot box had been tampered
with, and it is now openly charged
that persons in the employ of the at-
torneys for the defense in the case of

the state against seven Ten Sleep cat-
tlemen, on trial for the murder of Joe
Attenand, Joe Range and Joe Lester,
extracted over 100 names of eligible
jurors from the box and also erased
their names from the jury list. Clerk
of the Court Hunsell swears that all
names sent into the jury box, but the
prosecution is positive the box and its
contents have been tampered with, and
should the court so find, then the de-
fense in this now celebrated case will
be given a heavy blow at the very out-
set. It has been pointed out that the
prosecution would have everything to
lose and absolutely nothing to gain by
tampering with the jury box, whereas
such work would mean a whole lot to
the defense, in that it could claim
the indictments returned by the grand
jury, drawn from this box, were il-
legal, and after another grand jury
must be called or the prosecution
must file direct information against
each of the defendants. In either
event the result would be that the
witnesses who testified before the first
grand jury could, without having them-
selves liable to perjury, change their
testimony before the second grand
jury. The decision of Judge Parme-
se in the case is anxiously awaited.
The attorneys for the prosecution
have closely guarded their case, and
the defense has little idea of what lines
will be followed by the state, or which
of the seven defendants will be the
first to be tried. It is stated that the
state has one of the strongest cases
possible, and that when its evidence is
fully submitted there will be no doubt
left in the minds of the public as to
who committed the dastardly murders
on Spring Creek last spring.

RECENT DEATHS

GIBBONS, RUTH.—At St. Johns,
Arizona. Miss Ruth Gibbons, the
youngest daughter of Hon. W. H.
Gibbons and Mrs. Augusta Lamb
Gibbons, departed this life on

was 14 years of age and the pet of
the whole family; all that fond and
loving hearts were able to devise was
done to save the precious life, but to
no avail. The sadness of her death
is added to by the absence of her
sister, Mrs. Rhodah Davis, who resides
in Snowflake, and her two brothers, R.
L. and J. O. Gibbons, who are on mis-
sions in California and Virginia.
