ORGANIZE COMPANY.

ON WALKER LEASE.

The old Daisy and South Daisy mines in the West Dip section of Mercur have been taken over by the Daisy Combina-tion Mining company in which E. S Leaver and Arthur Murphy are the chief interests. Mr. Leaver is an ex-pert utill man from Goldfield. The com-pany has purchased the old plant of the Utah-Nevada Leasing company which was built to treat the Sacramento tail-ings. The company will install the sume silmes process as made the Bos-ton Sunshine and Consolidated Mercur successful.

According to D. C. Jackling, general manager of the Ray Consolidated Cop-per company, who returned from Ari-

the humary ones had of sitting down to a meal. The enterprise of C. H. Mayer of the Philadelphia club, set off a simall space from his lodging-house for a restau-rant, but the demand was so great for sleeping quarters as well, that only space enough for a single natrow table about 15 foet for serving could be pro-vided and one had to stand up to ear three meals a day. The new restaurant is in a substantial building, 20x70, and the firm is now building an addition, io x25, for a barber shop and bath room, O. P. Blose, the contractor, is finishing a carpenter shop and a bakery, and about a dozen tents have been added the paist three days. The company is completing a residence for Assays Judgon and the six-room office and sleeping quarters for the office force is under way. TOOCK MARKET IS DEFIRE

STOCK MARKET IS BETTER.

Volume of Business on Local Exchange

Is Heavier.

Is Meaver. Business on the local stock exchange was fairly lively although prices were low. Colorado developed some strength, but net enough to put the price up with any degree of rapidity. The slock opened at \$1.30 and at the close was seiing at \$1.35 on both buyer and seller. Several thousands of shares changed hands but the range of price was small.

changed hands but the range of price was small. East Tintle Development dropped to 7 cents and iron Eleasum sold as low as 59 cents. The stock appears to be un-changed and the margin buyers and selfers are again getting into the mar-ket. It is asserted that there has been no stock on the board in many years that has caused as much margin buy-ing and selling as fron Hossom. Sloux Consolidated was also in the same class this morning. It sold as low as 71 cents and did get as high as 72 cents. Columbus Consolidated showed but little change although it was some-what stronger. On the carb market there was con-siderable activity. Federal Ely sold at 10 cents for a 500 share lot and 500 shares of McDonaid Ely word at 20 central the only other sale was Ely consolidated at 62 cents. Bingham Contral and a bit of 35 cents was make. Apex was offered at a higher price to be of a 500 at a bight or price

Apex was offered at a higher price today the price being 22 cents. Eb

STATE DEAF-MUTE SCHOOL IMPROVEMENTS

OGDEN, Oct. 25 .- It is expected that by the end of the week the many imby the cud of the week the many im-provements which were started dur-ing the summer at the Utah School for the Deaf and Bilnd will be completed. All that remains to be done is a little painting. Improvements at the insti-lution consist of the installation of a contral beating plant for the various balldings, with necessary connections, the additions to the nain building, the installation of new plumbing through-out the entire institution and the building of two new staltways in the main building, which necessitated the tearing away of the old staltcases. The cost of all improvements aggre-sates about \$20,609.

Superintendent Driggs states that there are now 100 pupils matriculated at the school, and others are expected after the Christmas holidays.
