## LITTLE CHILD ON RAILROAD TRACK.

Thrilling Scene Saturday Afternoon as Passenger Train Ran Into Little One.

## 12-YEAR-OLD BOY TO RESCUE.

Changes in Teaching Force - Took Shot at Intruders - Miss Toot Expected Home.

The little two-year-old daughter of Mr. and Mrs. John Shepherd was quite seriously injured Saturday afternoon by being struck by the Union Pacific passenger No. 101. The child was attempting to follow her six-year-old brother and was crawling along the track when the train came thundering down the line. A 12-year-old lad by the name of Joseph Harris saw the child down the track and ran out and flagged the train. The train was too close to the little girl to stop but the engineer managed to stop it before it struck the child. The child was thrown from the track by being struck on the back of the head by the cowcatcher. She was picked up in an unconscious condition and taken to her home, where she was attended by a physician. Her injuries are thought not to be fatal.

**CHANGES IN TEACHING FORCE.**  
There is to be quite a change in the teaching force this year in the Ogden city public schools. The High school possibly will be affected more than the grades, due to the large number of resignations in the faculty. Supt. Allison reports, however, that the vacancies have been filled by first class instructors, selected from the best colleges in the United States. O. M. Blakeslee of Wisconsin will take the place of Mr. Randall. Miss Jessie Spann of Indiana will take the place of Miss Walker. Miss Busch will take the place of Miss Kason in the English department. Miss Busch is a college graduate from California and is well fitted to handle the English work. She taught in the eighth grade of the central school last year, and did excellent work. The vacancy caused by the resignation of Mr. Jacobs has not as yet been filled.

**MIXUP IN RAILROAD YARDS.**  
There was quite a mixup in the railroad yards Saturday evening. An out-of-control train ran into a caboose and knocked it and a loaded coal car off the track. No one was injured.

**TOOK A SHOT AT INTRUDERS.**  
Late Saturday evening two men, apparently burglars, visited the home of H. Cook, 72 Twenty-fifth street. Mr. Cook took a shot at them and they immediately fled. The police were notified and officers Wilson and Egleston made a hurried trip to the scene, but no trace of the intruders could be found.

**MISS TOUT COMING HOME.**  
Miss Nannie Tout, Ogden's famous young singer, is expected home next Tuesday. She will be given a reception when she arrives. During her visit here she will give several concerts, one possibly in each of the leading cities of the state, and Utah people will have a chance to hear the voice that has charmed the ears of England. Miss Tout will return to London in about a month to continue her study of music.

**BRIEFS AND PERSONALS.**  
Hattie and Eliza Hinchcliffe have gone to California for a few weeks' visit.

Miss Zoe Padden, our much appreciated librarian, left for her home in Chicago last Tuesday. Miss Grace Harris will be here about Aug. 15 and will take the place of Miss Padden.

James Broden of Salt Lake has been here for a few days visiting friends. Two young men were arrested last night in the canyon for fast driving. Their names could not be learned.

Two men were arrested last night by the police for being drunk and disturbing the peace. They were taken to the jail.

Judge H. H. Rolapp arrived from California this morning and held a session of the district court this afternoon at 2 o'clock. The principal business to be attended to was the granting of naturalization papers to those who wished to become citizens. Today was the last day that persons could be

No woman's happiness can be complete without children; it is her nature to love and want them as much as as it is to love the beautiful and pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of Mother's Friend so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering. Need for the book containing information of priceless value to all expectant mothers. The Bradford Regulator Co., Atlanta, Ga.

A number of the electric light committee stated today that the office of manager would be abolished; that the electrician would be given charge of the plant with a clerk in the office to keep accounts and make collections. ## FOURTH DISTRICT COURT.

Lorenzo Hopla of Spanish Fork has commenced suit against Lucile E. Johnson for \$200 damages, asking that she be removed from her land for maintaining a row of thorny locust trees on her land, near the division line of plaintiff and defendant, which was within about a foot of the line. The trees were of the variety of locusts and were of a distance of from 15 to 20 feet along the line of said trees, the ground was covered with locusts. The land and the roots entering the soil for that distance. The \$200 damages are for injuries already sustained. The trees are planted on defendant's land within about a foot of the division line, and the case is of considerable interest, as there are a number of similar conditions existing in different parts of the state.

Henry D. Boley of American Fork has petitioned for a reissuance of letters of administration in the estate of Henry H. Boley, deceased, which was probated in 1898, when letters of administration were issued to the petitioners and Elizabeth Boley. Aug. 15 has been set for hearing the petition.

and it is hoped by New Year to have same accomplished. The Third ward people will meet for the first time in the basement of their new meetinghouse on Sunday, Aug. 7, and are proud of the work already accomplished.

The Relief societies of the First, Second and Fourth wards have each presented their respective wards with nice new organs, and now the Third ward Relief society is following suit, and will also present a very fine set of Church works for pulpit purposes.

The Alpine state Sunday school union, which has met the second Sunday of each month since the birth of our new stake in the Forbes school, is now under the necessity of moving into larger quarters on account of increased attendance, and very probably in the near future the meetings will be held in Science hall, which, with the adjoining school adjoining, will afford greater facilities.

The Sunday schools in our city are in a flourishing condition, and great credit is due the officers and teachers of the same.

Business in this locality is quiet, but fully up to last year's standard. The outlook for crops of all kinds is very flattering in this section.
