## ROUMON DOCTRINE.

A paint of the analysis of the second second

The version of the set of the generation of the set of alme

ng the address

There was little involved in the second seco Ho says:

their, He says: There missioners are young more, for inter pass the erims of His ennies are the her hardship seculting from the is that compais Marzona evangelities justneys or fors. The young Marzona to enter the ministry is shinged also as all all he provery small these related, while believe your and the set and the provery small these related.

Invertige fouriand his wirds and chuldren. There is ous point in the show qui-tations to which we which to call spectral ation the set of the set of the set of the "Messe was tulke mension of Mormann doptrize" in the addresses delivered. An impression secons to be prevaient that "Mormann dostrines" is constituing distinct, some teaching different from has principles taugust in the marned books of the Milles. It should be understood that "Mottrom the principle tuning dimension samed books of the Hible. It should be understood that "Mor-neum duoitine" comprises every-ticing that is invo. both that which has been revealed or dis-covered in past and present disponse-presents of every demonitation, so far as he teaches the sternal truth, prescher of every demonitation, so far as he teaches the sternal truth, prescher of every demonitation, so far as he teaches the sternal truth, prescher of every demonitation, so far as he teaches the sternal truth, prescher of every demonitation, so far as he teaches the sternal truth prescher of every demonitation, so far as he teaches the sternal truth energy between the sternal truth and be speaks an shith, repeat-ance, bugitens, or any other of he first principles of the Gorpel, or can any principles perfaming to life and ed?"titon, exponents "Mormen disc It hand demind that the Latter, but al" trip

stine." It is notified that the Latter-day balats believe in some principles, the mark of which other denominations as yet fail to recognize. This class is, however, becoming more limited gradually, because the Christian world is all the time being influenced by this "Morrow dentities," and it produces contriction to the animals of more who buildings for anomacous produces conviction to the minds of many who perhaps are acconcions of the source, or unwilling to schwowl, edge R. "Morranot dostrings" is not per at the function but the train, and he who preaches the finih presches that determe.
