

## DEMOLITION! OF THE BASTILLE.

All France Celebrated the Anniversary Yesterday.

## IN PLACE DE LA CONCORDE

Police Remove Socialist Wreath on the Strasbourg Statue, Inscribed, "To the Fatherland's Victims."

Paris, July 14.—In all parts of France today, the national fête day, the anniversary of the fall of the Bastille, was celebrated with much enthusiasm and without disorder. There were reviews at all military and naval stations, followed by illuminations, fireworks and balls in the evening.

The Parisians participated with their customary zest. Wreaths were placed on the Strasbourg monument in the Place de la Concorde by various deputations, although the police removed those of the socialists which were inscribed "To the fatherland's victims."

The police also dispersed a delegation of the League of Patriots who were cheering for Paul de Roubert as they placed wreaths on his name on the pedestal. A pro-Boer demonstration by students was stopped by the police.

President Loubet, while driving in the Longchamp race course to witness the grand annual review, was cheered in the presidential tribune with him were the members of the cabinet and the ambassadors. Gen. Horace Fortier, the United States ambassador, sat just behind M. Loubet, and in his black frock coat, was the most conspicuous figure among the many brilliant uniforms on the stand.

President Loubet left the tribune and decorated six generals amid acclamations.

The company of military cyclists, who had ridden from Paris to Sedan, received special attention and applause. M. Loubet was cheered heartily when returning to the Elysée palace. Early in the day he had sent congratulations to the army in a letter to the minister of war, Gen. Andre.

Free performances were given in the subsidized theaters. M. Coquelin and Mme. Bernhardt came specially from London to give a free performance in the latter's theater of Rostrand's "L'Aiglon." It was the first time they had appeared in Paris in this play or had been seen on the stage here since he had left the Comedie Francaise.

An enormous crowd gathered early in the morning and many sold the places secured near the doors to the new costumes, some getting as much as forty francs. The performance was a great success. M. Coquelin and Mme. Bernhardt being tumultuously cheered. Before the doors were opened a crowd of 500 forced an entrance, but the police cleared the house.

As the evening wore on, the city presented an animated and brilliant spectacle, open-air dancing, pyrotechnic displays and a general illumination being the principal features. Long after midnight all the squares and open spaces were crowded with waiters and merry-makers. There was a general suspension of vehicle traffic and the fact that the weather was agreeably cool promoted the success of the celebration.

Count de Louveville, formerly attached to the diplomatic service, died suddenly of heart disease in the diplomatic stand during the review.

CHICAGO FRENCH OBSERVE THE DAY.

Chicago, July 14.—The national holiday of France was celebrated by 2,000 French residents in Chicago with a picnic during the day and a banquet to-night. At the picnic over 300 automobilists participated.

Prof. Fortier of the Tulane university, an honored guest and responded to a toast.

Hert Merou, French consul in Chicago, delivered the principal address.

PERUVIANS JUBILANT.

Because American and European Syndicates Are Buying Their Mines.

New York, July 15.—A dispatch to the Herald from Lima, Peru, says: Residents of Cerro de Pasco are jubilant because so many mines are getting into the possession of American and European syndicates. The latest news from Cerro de Pasco is that an American syndicate has purchased many silver and copper mines for \$1,500,000. The construction of the railroad between Oyaya and Cerro de Pasco is now assured.

Congress has commenced its sessions. There have been no disturbances.

CHINESE EMPEROR'S RETURN.

All Evidence of Siege of Peking Are Being Removed.

Peking, July 14.—The Chinese officials are making elaborate preparations to receive the emperor's return. The Chinese are removing all evidence of the destruction wrought by the war. Great pagodas will be erected. The Chen Men gate, which was nearly demolished by the bombardment, will be repaired with wood and plaster, painted to resemble stone, and the damage to the walls and outer buildings will be similarly masked.

Li Hung Chang has deferred the withdrawal of the foreign troops from the temples and palaces not later than August 15th. The ministers of the powers have acquiesced and have notified the various commanders of their decision. The Americans and British probably camp near the summer residences of the legations in the western hills until their barracks are completed.

Guards of honor of Americans, Germans, Italians and Japanese escorted Gen. Gascoigne, the British commander, to the railway station on his departure. The members of the United States delegation awaited him at the station, together with representatives of all the other legations, except the Russians.

VOLCANIC ERUPTION.

It Destroys Hundreds of Lives and Much Property in Northern Java.

Tacoma, Wash., July 15.—Oriental adepts give details of terrible destruction of human life which occurred in northern Java last month by a sudden and terrible outbreak of the volcano Klot. For fifty miles around all the coffee plantations and other estates were destroyed by showers of ashes and stones, and hot mud. Seven hundred natives and a number of Europeans perished. The lava also consumed the superstitious of the estate and about twenty-five coolies. Many coffee estates in the neighborhood were destroyed. The country around was strewn with corpses.

Forty-four arrests have been made at

General Officers of the Amalgamated Assh in Conference.

## SCENES CONNECTED WITH THE ATTEMPT TO SETTLE THE GREAT STEEL STRIKE.

Thursday's conference in Pittsburgh between officials of the steel trust and officers of the Amalgamated association has drawn to that center of the steel and iron industry many of the most prominent representatives of capital and labor.

## CHINA MAKES COMPLIANCE.

Suspends Official Examinations for Five Years.

POWERS DEMANDED THIS.

But It Is Done In Such a Manner as to Rob the Suspension of Its Punitive Character.

San Francisco, July 15.—President McKinley has sent word through Secy. Cortelyou, that he will be pleased to extend his greetings to members of the Epworth league on the opening of their national convention in this city. He is also expected to touch a button which will sound the first note of "America" on the grand organ in the pavilion Tuesday evening. The tune of the national anthem will then be taken up by a chorus of 1,500 voices, and at its conclusion the message from the President will be read.

At 10 o'clock Tuesday morning the convention will be called to order, and for three days every hour of available time will be occupied with meetings in which all branches of Christian work will be discussed.

The general cabinet of the Epworth league has decided to make mission work the main point of emphasis for the coming year, and consequently much attention will be paid to this feature during the convention. Charles Vernon Vickrey of Chicago, has been placed in charge of the missionary conference. He will be aided by many men prominent in the mission field.

Nearly 19,000 Leaguers have already arrived in this city and the railroad companies announce that over 30,000 more will reach here before Tuesday morning.

Fires in San Francisco.

San Francisco, July 14.—A series of fires early this morning indicate that incendiaries were at work. Stables were made the especial mark of their torches. Thirty horses were burned to death. The fires occurred in the same neighborhood, near Larkin street. At midnight the stable of the San Mateo Dairy company on Turk and Van Ness avenue was discovered to be burning. The frame building, with its contents, was destroyed. Twelve horses perished.

While the firemen were at work an alarm was turned in from a stable on Ellis street, three blocks away.

The six horses in the stable were rescued with difficulty. Shortly after 2 o'clock the stable of the Signal Transfer company on Larkin street, between Bush and Sutter, caught fire. There were fifty head of horses in the stable. Eighteen of them were burned to death.

THROUGH WHIRLPOOL RAPIDS.

Carlisle Graham Makes the Trip in His Famous Barrel.

Niagara Falls, N. Y., July 14.—Carlisle Graham this afternoon made his fifth successful voyage through the whirlpool rapids in a barrel. The start was made from the Maid of the Mist landing below the falls. The barrel was caught in an eddy and circled about a little above the cantilever bridge for a quarter of an hour. The stronger current in the middle of the stream finally jerked it out of the eddy into the foaming waters of the rapids. Passing under the second bridge, the barrel had a narrow escape from being dashed to pieces against the stone abutments of the bridge. The passage through the rapids was swift.

It took the barrel five minutes to reach the eddy from the starting point, and twenty minutes to get out of it, but it took only three and a half minutes to pass through the rapids and the whirlpool, a distance of about a mile. Graham was slightly bruised about the elbows and knees, but he was otherwise unharmed.

BRYAN'S OHIO SUPPORTERS.

Will Hold Convention and Nominate a State Ticket.

Cleveland, O., July 14.—On July 31st Ohio Democrats who believe in Bryan and the issues which he represents, which the recent convention ignored, will assemble in Columbus and make up a state ticket.

Ten men met today in an office building in this city and decided that a bolt should be made and a new party should enter the field of Ohio politics. The attendance at the conference was large and represented a greater group in the state than was expected by those who called the meeting.

A formal statement of principles was submitted to the conference and was adopted. This will be printed and sent throughout the state to those who are

determined to be faithful to the Nebraska.

A convention was decided on, to be held on the 31st day of July. To this convention may come all those who may sign their names to the declaration of principles.

SEARCHING FOR PEARY.

Steamer Erik Leaves North Sydney for the Arctic Regions.

Halifax, July 14.—The steamer Erik left North Sydney this evening on her voyage to the north. She is to call at Labrador and then at the various Esquimaux stations in Greenland west, reaching Etah, under favorable conditions, in about three weeks. At the various stations she will make inquiries as to news of Lieut. Peary and the Windward.

The Erik took 350 tons of coal and is fully provisioned for at least a year. The members of the Peary Arctic club who went on the ship are Dr. E. A. Cook, surgeon of the expedition; L. C. Stein and Herbert Berri, both of Brooklyn; C. F. Wickoff and L. C. Bennett, of Ithaca, N. Y., and Alfred W. Church, of Elgin, Ill.

Dr. Cook said that fourteen American gentlemen have agreed to contribute \$1,000 a year for four years to aid Peary in his work of Arctic exploration. The Erik carries a crew of sixteen, all hardy Newfoundlanders.

MONUMENT TO COM. PERRY.

One Erected on Spot Where He Landed in Japan.

Yokohama, July 14.—The ceremony of unveiling, at Kurihama, the monument to commemorate the landing there of Commodore Perry, July 14, 1853, was performed today by Rear Admiral Rogers, commanding the United States visiting squadron.

Viscount Katsura, the Japanese premier, delivered the memorial address, and a number of other Japanese officials of high rank were present.

Three Americans and five Japanese warships saluted. Various speeches were made by Americans and Japanese, all dwelling on the close relations between the two powers.

A BOY SHOTS A GIRL.

He Was Infatuated with Her but She Was Cold.

Newton, Kan., July 14.—Last night Miss Oma Beers, the 16-year-old daughter of Mr. and Mrs. Frank Beers, was shot and killed by Herbert Hacklett, a stable boy formerly in the family's employ, who afterward shot himself through the head. Hacklett became fascinated with the young lady, who did not in any way return the infatuation. The girl had been shot four times, and the surroundings indicated that she had made a terrible struggle for her life.

Six Persons Drowned.

Savannah, Ga., July 14.—Six persons were drowned while surf-bathing at a picnic of the Hebrew Gamaliel Hasad at Daufuskie beach this afternoon.

DEAD.

Mrs. Abe Dickstein, aged 30, Annie Kronstadt, 10, Ida Kronstadt, 17, Leah Silverstein, 17, Annie Horowitz, 13, and Isaac Sucht, 15.

A strong southeast wind was blowing and the tide was at flood. Fifty yards off shore is a shoal and between this and the shore is a sluice. The party was bathing on the shoal, but finding the tide getting rather high the bathers concluded to go nearer shore. Almost at once they found a sluice, over their heads, with big waves pounding and a sweeping current running. Of twelve who started across the sluice only six reached the shore.

Mrs. Dickstein's body was recovered, but the others were swept out to sea.

Population of Hawaii.

Washington, July 14.—The census bureau, in a bulletin on the population by sex, several nativity and color in 1900, in certain states, gives the following summary:

Hawaii—Males, 105,269; females, 47,623; native born, 62,221; foreign born, 90,750; total white, 68,890; native white, 14,141; foreign parents, 16,223; foreign white, 12,749; total colored, 87,111. The foreign born element constituted very nearly three-fifths of the population of Hawaii, and comprises mainly Chinese and Japanese.

The next largest proportion of foreign born is in Illinois, one-fifth, and Idaho, a little over one-seventh. The colored element in Hawaii is 35.5 per cent of the whole population.

In Hawaii the foreign white persons and the native white persons of foreign parentage represent 18 to 29 per cent of the entire population.

## GEN. BROADWOOD SURPRISES REITZ

Orange River Government Was Captured.

STEIN BARELY ESCAPED.

British Officers Do Not Speak Hopelessly of the South African Situation—May Withdraw Troops.

London, July 14.—The war office has received the following dispatch from Lord Kitchener, dated at Pretoria:

"Broadwood's brigade surprised Reitz, capturing Stein's brother and others. Stein himself escaped in his shirt sleeves with one other man only. The so-called 'Orange River government' and papers were captured."

Lord Kitchener also reports that Schrepper's commando (as announced in the Associated Press dispatches early last week) burned the public buildings in Murraysburg, Cape Colony, and some farmhouses in the vicinity.

According to further advice from Lord Kitchener the columns under Featherstone and Col. Dixon have reached Zeerust, western Transvaal. They met with opposition and made some captures. The British casualties were one officer killed and three officers and twenty-four men wounded.

"Gen. Broadwood," says a dispatch to the Daily News from Bloemfontein, "surprised Reitz due east of Lindley at dawn last Thursday, July 13th. He took twenty-nine prisoners, including Gen. A. P. Clowne and Gen. Wessel, Commandant Dwall, First Cornet Pelt Stein (President Stein's brother), Thomas Brain, secretary of government, and Hooche de Villiers, secretary of the council. Stein himself fled without coat or boots. Gen. Dewet is believed to have been present."

MAY WITHDRAW SOLDIERS.

Lord Kitchener has advised the government—so the Daily News understands—that it is possible to withdraw a large number of infantry regiments from South Africa, amounting actually to the part of the mounted army. At the same time he requests that he be supplied with more mounted men. The government is considering this, according to the Daily News, and will probably be guided by Lord Kitchener's advice.

"It is also contemplated," says the same journal, "if the infantry is largely withdrawn, to concentrate the British troops along the Natal railway between Durban and Pietermaritzburg, and between Johannesburg and Pretoria, thus carrying gold and provisions for the troops by a shorter route than the Cape route. A portion of the line from Capetown to Pretoria may be abandoned."

SITUATION UNSATISFACTORY.

New York, July 15.—Returning British officers do not speak hopefully of the situation in South Africa, says the Tribune's London correspondent. They assert that the railways are securely held, and that there are small zones around Bloemfontein, Pretoria and Johannesburg where it is possible for the inhabitants to settle down and to resume their usual occupations without fear of disturbance; but apart from the pacification of these small spheres of British influence there are few signs of progress. The railway line from Johannesburg to Laing's Nek is still menaced, and the Dutch section along the South Orange river is ravaged by guerrillas, and broad districts of the Transvaal and the Orange River colony are only kept quiet by being emptied of their population through repeated marches of strong columns.

In Cape Colony Schrepper is giving to Gen. French considerable trouble. The feeling in England is far more bitter against Mr. Stein, who has just narrowly escaped capture, than against Mr. Kruger, the former being regarded as interfering in a quarrel not concerning him, and, apart from the impression which his being made prisoner would undoubtedly have made in the Orange River colony, his escape will cause great disappointment. Lord Kitchener's dispatches, by referring to Mr. Stein's brother as among those captured, rather indicate that the other prisoners are of small importance.

Of the generals in South Africa, Lord Methuen is the most highly commended by the officers serving under him. He is described as one of the most energetic and resourceful generals at the front. Instead of complaining of the harsh criticism to which he was subjected, he has remained in the service and displayed untiring industry and gallantry.

DEAD IN THE HIGHWAY.

Husband Supposed to Have Killed Himself and Wife.

St. Joseph, Mo., July 14.—The dead bodies of Mr. and Mrs. Robert Prange of Omaha were found beside the public highway near here tonight. It is supposed Prange killed his wife and then himself. He grasped a revolver in his hand. During the Omaha exposition Prange was manager for a caterer.

MRS. BOTKIN'S CASE.

Her Attorneys Preparing an Appeal to U. S. Supreme Court.

San Francisco, July 14.—The attorneys of Mrs. Cordelia Botkin, who has been granted a new trial by the state supreme court on the charge of murdering Mrs. John P. Dunning of Delaware, are preparing to carry her case to the United States Supreme Court. They will file tomorrow a petition in the state court for a writ of habeas corpus. It is expected that the application will be denied. In that event the case will be carried to the United States Supreme Court on a writ of error.

In the petition for a writ of habeas corpus two new points on the question of jurisdiction will be raised. First, that the sending of a box of poisoned candy through the mails, which caused the death of Mrs. Dunning and her sister, Mrs. Deane, was not a crime in this state; second, that the constitution of the United States prohibits the trial of an accused person except in the state where the crime was actually committed.

PARIS EXPOSITION MEDALS.

Those Awarded Americans Nearly Ready for Delivery.

Paris July 3.—(Correspondence of the Associated Press.)—Mr. Benjamin D. Woodward, assistant commissioner-general of the Paris exposition of 1900, in presence of the commission's architect and contractors, handed over to the officials of the French exposition administration on July 3rd, the different building sites of the Champ de Mars on which the United States commission had erected annex buildings for the de-

## DIRT CLEARANCE.

IT is a good plan for every bather to know something of the soap he uses. There is a well-founded objection to using a floor-cleaning soap upon the human body. Ivory Soap is the bather's soap. It costs more than common soaps, but the difference is in the ingredients and making. Why not treat yourself with a little respect. Is not the human skin with its marvellous delicacy entitled to pure soap? Ivory Soap—it floats.

COPYRIGHT 1901 BY THE PROCTER & GAMBLE CO., CINCINNATI.

partment of agriculture, merchant marine and forestry and fisheries. There remains now to effect the final settlement of amounts due to contractors, as well as to a score of other creditors. A few matters are still pending with various French ministries. Some errors are yet open to correction in the final proof sheets of the awards made to American exhibitors. About fifty orders for special gold and silver medals won by American firms, are on file with the Paris mint and ready to be filled. As for the regular engrossed diplomas and the accompanying bronze medals which are distributed to exhibitors receiving awards above an honorable mention, it will be a matter of several months before they can all be issued. It is probable, however, that by the end of July the medals for the first group under the French classification, will be handed to the assistant commissioner-general. The remainder will be transmitted in time to the recipients through the care of the United States embassy in Paris and the department of state in Washington.

Mr. Woodward is planning to sail for home early in August. Before his departure he will be received in farewell audience by President Loubet.
